Subject: Lime Down Solar Park - EIA Scoping Notification and Consultation
Date: 15 August 2024 11:30:08

Dear Sir

The Box Parish Council would like to support the resolution made by Wiltshire Council regarding the concentration of solar farms, battery storage and associated infrastructure in Wiltshire and the fact that some villages are now completely surrounded by solar farms and their continued concentration represents a significant cumulative impact and industrialisation of the countryside. It is vital that this factor is taken into account when considering this application.

Margaret Carey
Clerk to Box Parish Council
