To whom it may concern

I am writing to oppose plans to allow Aquind rights over land in Portsmouth including a huge area of allotments.

I do not believe that there is evidence to demonstrate that this is the best or only route for the cable.

Any plans must ensure that green space and the health and wellbeing of residents are put first. I do not believe this is at the heart of current plans.

Please keep me updated on every decision the government makes in respect of this project.

Rebecca Gee
