Dear Sir/Madam,

Re Aquind Inter Connector Cable, recent information suggests that the previous promise from Aquind that the Milton Piece and Eastney Lake allotments would be untouched has now been broken.

There is a suggestion that the cable will no longer follow the path in the allotments but will now go through the allotment plots sheds, trees, wildlife and plant life will be demolished and destroyed to make way for this cable.

A number of the allotment plots have been tended and nurtured for decades by the same families and every single allotment holder has taken significant time to establish the plants that they have grown there.

These allotments are vital to people's mental health, even more so now we face limited contact with family and friends.

I object to the proposed development.

Yours faithfully,

Patrick O'Hara
