Hi,

I would like to register my objection the the Aquind project on the basis that it will destroy much of our precious green space, going through Farlington marshes will cause too much disruption to willdlife, we have previous few green spaces in Portsmouth and can't afford to lose any.

It seems like a lot of disruption and destruction to supple a small percentage of .org electricity 5 per cent I believe. It seems more about making money than being in the interests of residents.

I waited 4 years for an Allotment and really don't think it would be fair to have it dug up.

Thank you.

Nicola (Potts)
