Subject: Objection to Portsmouth interconnecter
Date: 06 October 2020 21:27:05

To whom it may concern,

I am writing to you to inform you of my objection to the current proposed route for the interconnecter that goes through Milton allotments. It is absolutely disgraceful to destroy these plots that our local community have worked on lovingly and tirelessly. They provide food for the people who have allotments and their families, provide much needed green space in our busy city and provide a form of physical activity and a sense of belonging to a community. These allotments also provide a home to local wildlife, many of which are protected species.

The chaos that will ensue from the closures of the roads on our island city is completely unacceptable and your project will not benefit local residents.

Once again, I heartily object to your works tearing through our coastline and disturbing our lives.

Regards,

Nina Shore
Resident of Milton
