Subject: Opinion against Aquind
Date: 05 October 2020 13:26:12

Good afternoon,

I am against the Aquind project because I think it will harm my mental health and negatively impact physical activity.
Particularly, I am concerned about air quality, danger for wildlife, disruptions during he building and after the project will be finished.

Also, I am deeply sad because this project will make our beloved area more industrialized.

Thank you for considering my opinion and please, keep me updated about the project.

Sincerely,
Maryna Kuzmenko
