16th October 2012

Coming into force - -

6th November 2012

2012 No. 2635

INFRASTRUCTURE PLANNING

The Network Rail (North Doncaster Chord) Order 2012

Made - - - - - *16th October 2012*

Coming into force - - - - - *6th November 2012*

CONTENTS

PART 1

PRELIMINARY

1. Citation and commencement
2. Interpretation
3. Incorporation of Railways Clauses Acts

PART 2

PRINCIPAL POWERS

4. Development consent etc. granted by the Order
5. Maintenance of authorised development
6. Procedure in relation to certain approvals, etc. other than under Schedule 2
7. Further provision as to approvals, etc, under Schedule 2
8. Limits of deviation
9. Benefit of Order

PART 3

STREETS

10. Power to alter layout, etc., of streets
11. Street works
12. Construction and maintenance of new or altered streets
13. Stopping up of streets
14. Application of the 1991 Act
15. Temporary stopping up of streets
16. Access to works
17. Agreements with street authorities
18. Construction of bridges and tunnels
19. Level crossings

PART 4
SUPPLEMENTAL POWERS

- 20. Discharge of water
- 21. Authority to survey and investigate land

PART 5
POWERS OF ACQUISITION

- 22. Compulsory acquisition of land
- 23. Time limit for exercise of authority to acquire land compulsorily
- 24. Compulsory acquisition of rights
- 25. Private rights
- 26. Application of Compulsory Purchase (Vesting Declarations) Act 1981
- 27. Acquisition of subsoil or airspace only
- 28. Acquisition of part of certain properties
- 29. Rights under or over streets
- 30. Temporary use of land for carrying out the authorised development
- 31. Temporary use of land for maintaining authorised development
- 32. Statutory undertakers
- 33. Apparatus and rights of statutory undertakers in stopped up streets
- 34. Recovery of costs of new connections

PART 6
OPERATIONS

- 35. Operation and use of railways
- 36. Felling or lopping trees

PART 7
MISCELLANEOUS AND GENERAL

- 37. Operational land for purposes of the 1990 Act
- 38. Defence to proceedings in respect of statutory nuisance
- 39. Traffic regulation
- 40. Protection of interests
- 41. Application of the Land Compensation Act 1973
- 42. Certification of plans, etc.
- 43. Service of notices
- 44. Arbitration

SCHEDULES

- Schedule 1 — Authorised development
- Schedule 2 — Requirements
- Schedule 3 — Streets subject to temporary alteration of layout
- Schedule 4 — Streets subject to street works

- Schedule 5 — Streets to be stopped up
- Schedule 6 — Streets to be temporarily stopped up
- Schedule 7 — Replacement and closure of level crossings
- Schedule 8 — Land in which only new rights etc. may be acquired
- Schedule 9 — Modification of compensation and compulsory purchase enactments for creation of new rights
- Schedule 10 — Land of which temporary possession may be taken
- Schedule 11 — Traffic regulation
- Schedule 12 — Protective provisions
 - Part 1 — For the protection of electricity, gas, water and sewerage undertakers
 - Part 2 — For the protection of operators of electronic communications code networks
 - Part 3 — For the protection of the Environment Agency

An application has been made to the Infrastructure Planning Commission, in accordance with the Infrastructure Planning (Applications and Prescribed Forms and Procedure) Regulations 2009^(a), for an order under sections 37, 114, 115, 120, and 122 of the Planning Act 2008^(b) (“the 2008 Act”).

The application was examined by a single Commissioner (appointed by the Chair of the Infrastructure Planning Commission) in accordance with Chapter 4 of Part 6 of the 2008 Act, and the Infrastructure Planning (Examination Procedure) Rules 2010^(c).

The Commissioner, having considered the representations made and not withdrawn and the application together with accompanying documents, in accordance with section 83 of the 2008 Act, has submitted a report to the Secretary of State.

The Secretary of State, having considered the representations made and not withdrawn, and the report of the Commissioner, has decided to make an Order granting development consent for the development described in the application and consent for ancillary works with modifications which, in the opinion of the Secretary of State, do not make any substantial change to the proposals comprised in the application.

The Secretary of State, in exercise of the powers conferred by sections 114, 115, 120 and 122 of, and paragraphs 1 to 3, 10 to 17, 24, 26, 36 and 37 of Part 1 of Schedule 5 to, the 2008 Act, makes the following Order—

PART 1

PRELIMINARY

Citation and commencement

1. This Order may be cited as the Network Rail (North Doncaster Chord) Order 2012 and comes into force on 6th November 2012.

(a) S.I. 2009/2264.
 (b) 2008 c. 29.
 (c) S.I. 2010/103.

Interpretation

2.—(1) In this Order—

- “the 1961 Act” means the Land Compensation Act 1961(a);
- “the 1965 Act” means the Compulsory Purchase Act 1965(b);
- “the 1980 Act” means the Highways Act 1980(c);
- “the 1981 Act” means the Compulsory Purchase (Vesting Declarations) Act 1981(d)
- “the 1984 Act” means the Road Traffic Regulation Act 1984(e);
- “the 1990 Act” means the Town and Country Planning Act 1990(f);
- “the 1991 Act” means the New Roads and Street Works Act 1991(g);
- “the 2008 Act” means the Planning Act 2008(h);
- “the 2009 Regulations” means the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009(i);
- “address” includes any number or address used for the purposes of electronic transmission;
- “authorised development” means the development and associated development described in Schedule 1 (authorised development) and any other development authorised by this Order, which is development within the meaning of section 32 of the 2008 Act;

-
- (a) 1961 c. 33. Section 2(2) was amended by section 193 of, and paragraph 5 of Schedule 33 to, the Local Government, Planning and Land Act 1980 (c. 65). There are other amendments to the 1961 Act which are not relevant to this Order.
- (b) 1965 c. 56. Section 3 was amended by section 70 of, and paragraph 3 of Schedule 15 to, the Planning and Compensation Act 1991 (c. 34). Section 4 was amended by section 3 of, and Part 1 of Schedule 1 to, the Housing (Consequential Provisions) Act 1985 (c. 71). Section 5 was amended by sections 67 and 80 of, and Part 2 of Schedule 18 to, the Planning and Compensation Act 1991 (c. 34). Subsection (1) of section 11 and sections 3, 31 and 32 were amended by section 34(1) of, and Schedule 4 to, the Acquisition of Land Act 1981 (c. 67) and by section 14 of, and paragraph 12(1) of Schedule 5 to, the Church of England (Miscellaneous Provisions) Measure 2006 (2006 No.1). Section 12 was amended by section 56(2) of, and Part 1 to Schedule 9 to, the Courts Act 1971 (c. 23). Section 13 was amended by section 139 of the Tribunals, Courts and Enforcement Act 2007 (c. 15). Section 20 was amended by section 70 of, and paragraph 14 of Schedule 15 to, the Planning and Compensation Act 1991 (c. 34). Sections 9, 25 and 29 were amended by the Statute Law (Repeals) Act 1973 (c. 39). Section 31 was also amended by section 70 of, and paragraph 19 of Schedule 15 to, the Planning and Compensation Act 1991 (c. 34) and by section 14 of, and paragraph 12(2) of Schedule 5 to, the Church of England (Miscellaneous Provisions) Measure 2006 (2006 No.1). There are other amendments to the 1965 Act which are not relevant to this Order.
- (c) 1980 c. 66. Section 1(1) was amended by section 21(2) of the New Roads and Street Works Act 1991 (c. 22); sections 1(2), (3) and (4) were amended by section 8 of, and paragraph (1) of Schedule 4 to, the Local Government Act 1985 (c. 51); section 1(2A) was inserted, and section 1(3) was amended, by section 259 (1), (2) and (3) of the Greater London Authority Act 1999 (c. 29); sections 1(3A) and 1(5) were inserted by section 22(1) of, and paragraph 1 of Schedule 7 to, the Local Government (Wales) Act 1994 (c. 19). Section 36(2) was amended by section 4(1) of, and paragraphs 47(a) and (b) of Schedule 2 to, the Housing (Consequential Provisions) Act 1985 (c. 71), by S.I. 2006/1177, by section 4 of, and paragraph 45(3) of Schedule 2 to, the Planning (Consequential Provisions) Act 1990 (c. 11), by section 64(1) (2) and (3) of the Transport and Works Act 1992 (c. 42) and by section 57 of, and paragraph 5 of Part 1 of Schedule 6 to, the Countryside and Rights of Way Act 2000 (c. 37); section 36(3A) was inserted by section 64(4) of the Transport and Works Act 1992 and was amended by S.I. 2006/1177; section 36(6) was amended by section 8 of, and paragraph 7 of Schedule 4 to, the Local Government Act 1985 (c. 51); and section 36(7) was inserted by section 22(1) of, and paragraph 4 of Schedule 7 to, the Local Government (Wales) Act 1994 (c. 19). Section 329 was amended by section 112(4) of, and Schedule 18 to, the Electricity Act 1989 (c. 29) and by section 190(3) of, and Part 1 of Schedule 27 to, the Water Act 1989 (c. 15). There are other amendments to the 1980 Act which are not relevant to this Order.
- (d) 1981 c. 66. Sections 2(3), 6(2) and 11(6) were amended by section 4 of, and paragraph 52 of Schedule 2 to, the Planning (Consequential Provisions) Act 1990 (c. 11). Section 15 was amended by sections 56 and 321(1) of, and Schedules 8 and 16 to, the Housing and Regeneration Act 2008 (c. 17). Paragraph 1 of Schedule 2 was amended by section 76 of, and Part 2 of Schedule 9 to, the Housing Act 1988 (c. 50); section 161(4) of, and Schedule 19 to, the Leasehold Reform, Housing and Urban Development Act 1993 (c. 28); and sections 56 and 321(1) of, and Schedule 8 to, the Housing and Regeneration Act 2008. Paragraph 3 of Schedule 2 was amended by section 76 of, and Schedule 9 to, the Housing Act 1988 and section 56 of, and Schedule 8 to, the Housing and Regeneration Act 2008. Paragraph 2 of Schedule 3 was repealed by section 277 of, and Schedule 9 to, the Inheritance Tax Act 1984 (c. 51). There are amendments to the 1981 Act which are not relevant to this Order.
- (e) 1984 c. 27.
- (f) 1990 c. 8. Section 206(1) was amended by section 192(8) of, and paragraphs 7 and 11 of Schedule 8 to, the Planning Act 2008 (c. 29) (date in force to be appointed see section 241(3), (4)(a), (c) of the 2008 Act). There are other amendments to the 1990 Act which are not relevant to this Order.
- (g) 1991. c. 22. Section 48(3A) was inserted by section 124 of the Local Transport Act 2008 (c. 26). Sections 79(4), 80(4), and 83(4) were amended by section 40 of, and Schedule 1 to, the Traffic Management Act 2004 (c. 18).
- (h) 2008 c. 29.
- (i) S.I. 2009/2264

“the book of reference” means the book of reference certified by the Secretary of State as the book of reference for the purposes of this Order;

“building” includes any structure or erection or any part of a building, structure or erection;

“carriageway” has the same meaning as in the 1980 Act;

“compulsory acquisition notice” means a notice served in accordance with section 134 of the 2008 Act;

“cycle track” has the same meaning as in the 1980 Act;

“the design drawings” means the design drawings submitted under regulation 5(2)(o) of the 2009 Regulations and certified as the design drawings by the Secretary of State for the purposes of the Order;

“electronic transmission” means a communication transmitted—

(a) by means of an electronic communications network; or

(b) by other means but while in electronic form;

“environmental impact assessment” means the assessment of the environmental impact of the authorised development, the findings of which are recorded in the environmental statement;

“the environmental statement” means the environmental statement submitted under regulation 5(2)(a) of the 2009 Regulations and certified as such by the Secretary of State for the purposes of this Order;

“footpath” and “footway” have the same meaning as in the 1980 Act;

“highway” and “highway authority” have the same meaning as in the 1980 Act;

“the land plans” means the plans certified as the land plans by the Secretary of State for the purposes of this Order;

“limits of deviation” means the limits of deviation shown on the works plans;

“maintain” includes inspect, repair, adjust, alter, remove, reconstruct or replace and any derivative of “maintain” is to be construed accordingly;

“Network Rail” means Network Rail Infrastructure Limited (Company registration number 02904587) whose registered office is at Kings Place, 90 York Way, London, N1 9AG;

“Order land” means the land shown on the land plans which is within the limits of land to be acquired or used and described in the book of reference but does not include plots 115 to 119;

“the Order limits” means the limits of deviation shown on the works plans and the limits of land to be acquired or used shown on the works plans and the land plans;

“owner”, in relation to land, has the same meaning as in section 7 of the Acquisition of Land Act 1981(a);

“relevant planning authority” means Doncaster Metropolitan Borough Council;

“the sections” means the sections included with the works plans and certified as the sections by the Secretary of State for the purposes of this Order;

“statutory undertaker” means any statutory undertaker for the purposes of section 127(8), 128(5) or 129(2) of the 2008 Act;

“street” means a street within the meaning of section 48 of the 1991 Act, together with land on the verge of a street or between two carriageways, and includes part of a street;

“street authority”, in relation to a street, has the same meaning as in Part 3 of the 1991 Act;

“the street plans” mean the plans certified as the street plans by the Secretary of State for the purposes of the Order;

“the tribunal” means the Lands Chamber of the Upper Tribunal;

(a) 1981 c. 67. Section 7 was amended by section 70 of, and paragraph 9 of Schedule 15 to, the Planning and Compensation Act 1991 (c. 34). There are other amendments to the 1981 Act which are not relevant to this Order.

“watercourse” includes all rivers, streams, ditches, drains, canals, cuts, culverts, dykes, sluices, sewers and passages through which water flows except a public sewer or drain; and
“the works plans” means the plans certified as the works plans by the Secretary of State for the purposes of this Order.

(2) References in this Order to rights over land include references to rights to do, or to place and maintain, anything in, on or under land or in the airspace above its surface.

(3) All distances, directions and lengths referred to in this Order are approximate and distances between points on a work comprised in the authorised development are to be taken to be measured along that work.

(4) All areas described in square metres in the book of reference are approximate.

(5) References in this Order to points identified by letters, with or without numbers, are construed as references to points so lettered on the street plans.

(6) References in this Order to numbered works are references to the works as numbered in Schedule 1.

Incorporation of Railways Clauses Acts

3.—(1) The following provisions of the Railways Clauses Consolidation Act 1845(a) are incorporated in this Order—

section 46 (crossing of roads – level crossings), subject to paragraph (4) and article 19 (level crossings);

section 58 (company to repair roads used by them), except for the words from “and if any question” to the end;

section 61 (company to make sufficient approaches and fences to highways crossing on the level);

section 68 (accommodation works by company);

section 71 (additional accommodation works by owners), except for the words “or directed by such justices to be made by the company” and “or, in case of difference, as shall be authorised by two justices”;

sections 72 and 73 (supplementary provisions relating to accommodation works);

section 77 (presumption that minerals excepted from acquisition of land);

sections 78 to 83, 85 to 85E and Schedules 1 to 3 (minerals under railways), as respectively substituted and inserted by section 15 of the Mines (Working Facilities and Support) Act 1923(b); and

section 105 (carriage of dangerous goods on railway), except for the words from “and if any power” to “for every such offence”.

(2) The following provisions of the Railways Clauses Act 1863(c) are incorporated in this Order—

sections 5 and 7 (level crossings); and

section 12 (signals, watchmen etc.).

(3) In those provisions, as incorporated in this Order—

“the company” means Network Rail;

“goods” includes any thing conveyed on the railway authorised to be constructed by this Order;

“lease” includes an agreement for a lease;

(a) 1845 c. 20.

(b) 1923 c. 20.

(c) 1863 c. 92.

“prescribed”, in relation to any such provision, means prescribed by this Order for the purposes of that provision;

“the railway” means any railway authorised to be constructed by this Order and any other authorised development; and

“the special Act” means this Order.

(4) In section 46 of the Railways Clauses Consolidation Act 1845, as incorporated in this Order, for the proviso there is substituted “provided always that, with the consent of the highway authority and subject to such conditions as the authority may reasonably impose, the railway may be carried across a highway on the level”.

PART 2

PRINCIPAL POWERS

Development consent etc. granted by the Order

4.—(1) Subject to the provisions of this Order and to the requirements in Schedule 2 (requirements) Network Rail is granted development consent for the authorised development to be carried out within the Order limits.

(2) Subject to article 8 (limits of deviation) the authorised development may only be constructed in the lines and situations shown on the works plans and in accordance with the levels shown on the sections.

Maintenance of authorised development

5. Network Rail may at any time maintain the authorised development, except to the extent that this Order or an agreement made under this Order, provides otherwise.

Procedure in relation to certain approvals, etc. other than under Schedule 2

6.—(1) In this article—

“plans” includes sections, drawings, specifications and particulars (including descriptions of methods of construction).

(2) Where an application is made to the relevant planning authority, a highway authority, a street authority, a traffic authority or the owner of a sewer for any consent, agreement or approval required under any of the provisions of this Order other than under Schedule 2 (requirements), such application must, where appropriate, be accompanied by proper and sufficient plans of the proposal and such consent, agreement or approval must, if given, be in writing and may be given subject to such reasonable terms and conditions as the authority or owner may require and is not to be unreasonably withheld.

(3) If, within 28 days after the application has been submitted to the authority or owner, it has not intimated its disapproval and the grounds of disapproval, it is deemed to have approved the application.

(4) In the event of any refusal or disapproval by the authority or owner, Network Rail may re-submit a revised application, or revised plans in support of the original application, and, in that event, if the authority or owner has not intimated its refusal or disapproval and the grounds of refusal or disapproval within 28 days of the revised application or of revised plans being submitted, it is deemed to have given its consent or agreement to, or its approval of, them.

(5) Network Rail must not carry out the proposal until such plans have been approved or are deemed to have been approved or have been settled by arbitration.

Further provision as to approvals, etc, under Schedule 2

7.—(1) Where the application is for a consent, agreement or approval of a relevant planning authority required by a requirement under Schedule 2 (requirements), the following provisions apply, so far as they relate to a consent, agreement or approval of a local planning authority required by a condition imposed on a grant of planning permission, as if the requirement was a condition imposed on the grant of a planning permission—

- (a) sections 78 (other than paragraph (a) of subsection (2)) and 79 of the 1990 Act (right of appeal in relation to planning decisions); and
- (b) any orders, rules or regulations which make provision in relation to a consent, agreement or approval of a local planning authority required by a condition imposed on the grant of planning permission.

(2) For the purposes of paragraph (1), a provision relates to a consent, agreement or approval of a local planning authority required by a condition imposed on a grant of planning permission in so far as it makes provision in relation to an application for such a consent, agreement or approval, or the grant or refusal of such an application, or a failure to give notice of a decision on such an application.

Limits of deviation

8. In carrying out the authorised development Network Rail may—

- (a) deviate laterally from the lines or situations of the authorised development shown on the works plans to the extent of the limits of deviation shown on those plans; and
- (b) deviate vertically from the levels of the authorised development shown on the sections—
 - (i) to any extent not exceeding 2 metres upwards; or
 - (ii) to any extent downwards as may be found to be necessary or convenient.

Benefit of Order

9.—(1) The provisions of this Order conferring powers on Network Rail have effect solely for the benefit of Network Rail.

(2) Paragraph (1) is—

- (a) subject to paragraph (5) of article 24 (compulsory acquisition of rights); and
- (b) does not apply to the benefit of the consent granted by this Order for works for the benefit of owners and occupiers of land, statutory undertakers and other persons affected by the authorised development.

PART 3

STREETS

Power to alter layout, etc., of streets

10.—(1) Network Rail may for the purposes of the authorised development alter the layout of or carry out any works in the streets specified in column (2) of Schedule 3 (streets subject to temporary alteration of layout) in the manner specified in relation to that street in column (3).

(2) Regardless of the specific powers conferred by paragraph (1) but subject to paragraph (3), Network Rail may, for the purposes of constructing and maintaining the authorised development, alter the layout of any street within the Order limits and the layout of any street having a junction with such a street; and, without limitation on the scope of this paragraph, Network Rail may—

- (a) increase the width of the carriageway of the street by reducing the width of any kerb, footpath, footway, cycle track or verge within the street;

- (b) alter the level or increase the width of any such kerb, footway, cycle track or verge;
- (c) reduce the width of the carriageway of the street;
- (d) make and maintain passing places.

(3) Network Rail must restore to the reasonable satisfaction of the street authority any street that has been temporarily altered under this article.

(4) The powers conferred by paragraph (2) are not to be exercised without the consent of the street authority but such consent must not be unreasonably withheld.

Street works

11.—(1) Network Rail may, for the purposes of the authorised development, enter upon so much of any of the streets specified in Schedule 4 (streets subject to street works) as is within the Order limits and may—

- (a) break up or open the street, or any sewer, drain or tunnel under it;
- (b) tunnel or bore under the street;
- (c) place apparatus in the street;
- (d) maintain apparatus in the street or change its position; and
- (e) execute any works required for or incidental to any works referred to in sub-paragraphs (a), (b) (c) and (d).

(2) In this article, “apparatus” has the same meaning as in Part 3 of the 1991 Act.

Construction and maintenance of new or altered streets

12.—(1) Any street to be constructed under this Order must be completed to the reasonable satisfaction of the highway authority and, unless otherwise agreed with the highway authority, must be maintained by and at the expense of Network Rail for a period of 12 months from its completion and at the expiry of that period by and at the expense of the highway authority.

(2) Where a street is altered or diverted under this Order, the altered or diverted part of the street must, when completed to the reasonable satisfaction of the street authority, unless otherwise agreed with the street authority, be maintained by and at the expense of Network Rail for a period of 12 months from its completion and from the expiry of that period by and at the expense of the street authority.

(3) Paragraphs (1) and (2) do not apply in relation to the structure of any bridge or tunnel carrying a street over or under any railway of Network Rail and except as provided in those paragraphs Network Rail is not liable to maintain the surface of any highway under or over which the authorised development is constructed, or the immediate approaches to any such highway.

(4) Unless otherwise agreed in writing by Network Rail and the highway authority, the term “structure” in paragraph (3) includes, in relation to Work No. 8, all of the features referred to in the description of that work in Schedule 1 (authorised development).

(5) In any action against Network Rail in respect of loss or damage resulting from any failure by it to maintain a street under this article, it is a defence (without affecting any other defence or the application of the law relating to contributory negligence) to prove that Network Rail had taken such care as in all the circumstances was reasonably required to secure that the part of the street to which the action relates was not dangerous to traffic.

(6) For the purposes of a defence under paragraph (4), the court must in particular have regard to the following matters—

- (a) the character of the street and the traffic which was reasonably to be expected to use it;
- (b) the standard of maintenance appropriate for a street of that character and used by such traffic;
- (c) the state of repair in which a reasonable person would have expected to find the street;

- (d) whether Network Rail knew, or could reasonably have been expected to know, that the condition of the part of the street to which the action relates was likely to cause danger to users of the street; and
- (e) where Network Rail could not reasonably have been expected to repair that part of the street before the cause of action arose, what warning notices of its condition had been displayed,

but for the purposes of such a defence it is not relevant to prove that Network Rail had arranged for a competent person to carry out or supervise the maintenance of the part of the street to which the action relates unless it is also proved that Network Rail had given the competent person proper instructions with regard to the maintenance of the street and that the competent person had carried out those instructions.

(7) Nothing in this article—

- (a) prejudices the operation of section 87 of the 1991 Act (prospectively maintainable highways); and Network Rail is not by reason of any duty under this article to maintain a street taken to be a street authority in relation to that street for the purposes of Part 3 of that Act; or
- (b) has effect in relation to the street works with regard to which the provisions of Part 3 of the 1991 Act apply.

Stopping up of streets

13.—(1) Subject to the provisions of this article, Network Rail may, in connection with the carrying out of the authorised development, stop up each of the streets specified in columns (1) and (2) of Schedule 5 (streets to be stopped up) to the extent specified, by reference to the letters and numbers shown on the street plans, in column (3) of that Schedule.

(2) No street specified in columns (1) and (2) of Schedule 5 is to be wholly or partly stopped up under this article unless—

- (a) the new street to be constructed and substituted for it, which is specified in column (4) of that Schedule, has been constructed and completed to the reasonable satisfaction of the street authority and is open for use; or
- (b) a temporary alternative route for the passage of such traffic as could have used the street to be stopped up is first provided and subsequently maintained by Network Rail, to the reasonable satisfaction of the street authority, between the commencement and termination points for the stopping up of the street until the completion and opening of the new street in accordance with sub-paragraph (a).

(3) Where a street has been stopped up under this article—

- (a) all rights of way over or along the street so stopped up are extinguished; and
- (b) Network Rail may appropriate and use for the purposes of the authorised development so much of the site of the street as is bounded on both sides by land owned by Network Rail.

(4) Any person who suffers loss by the suspension or extinguishment of any private right of way under this article is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(5) This article is subject to article 33 (apparatus and rights of statutory undertakers in stopped up streets).

Application of the 1991 Act

14.—(1) Works carried out under this Order in relation to a highway which consists of or includes a carriageway are to be treated for the purposes of Part 3 of the 1991 Act (street works in England and Wales) as major transport works if—

- (a) they are of a description mentioned in any of paragraphs (a), (c) to (e), (g) and (h) of section 86(3) of that Act (which defines what highway authority works are major highway works); or

- (b) they are works which, had they been executed by the highway authority, might have been carried out in exercise of the powers conferred by section 64 of the 1980 Act (dual carriageways and roundabouts).

(2) The provisions of the 1991 Act mentioned in paragraph (3) (which, together with other provisions of that Act, apply in relation to the carrying out of street works) and any regulations made, or code of practice issued or approved, under those provisions apply (with the necessary modifications) in relation to any stopping up, alteration or diversion of a street of a temporary nature by Network Rail under the powers conferred by article 15 (temporary stopping up of streets) and the carrying out of street works under article 11 (street works) whether or not the stopping up, alteration or diversion constitutes street works within the meaning of that Act.

(3) The provisions of the 1991 Act referred to in paragraph (2) are—

- section 54 (advance notice of certain works), subject to paragraph (4);
- section 55 (notice of starting date of works), subject to paragraph (4);
- section 57 (notice of emergency works);
- section 59 (general duty of street authority to co-ordinate works);
- section 60 (general duty of undertakers to co-operate);
- section 68 (facilities to be afforded to street authority);
- section 69 (works likely to affect other apparatus in the street);
- section 76 (liability for cost of temporary traffic regulation);
- section 77 (liability for cost of use of alternative route); and

all such other provisions as apply for the purposes of the provisions mentioned above.

(4) Sections 54 and 55 of the 1991 Act, as applied by paragraph (3), have effect as if references in section 57 of that Act to emergency works were a reference to a stopping up, alteration or diversion (as the case may be) required in a case of emergency.

Temporary stopping up of streets

15.—(1) Network Rail may, during and for the purposes of carrying out the authorised development, temporarily stop up, alter or divert any existing street and may for any reasonable time—

- (a) divert the traffic from the street; and
- (b) subject to paragraph (3), prevent all persons from passing along the street.

(2) Without limitation on the scope of paragraph (1), Network Rail may use any street stopped up under the powers conferred by this article within the Order limits as a temporary working site.

(3) Network Rail must provide reasonable access for pedestrians going to or from premises abutting a street affected by the exercise of the powers conferred by this article if there would otherwise be no such access.

(4) Without limitation on the scope of paragraph (1), Network Rail may temporarily stop up, alter or divert the streets specified in columns (1) and (2) of Schedule 6 (streets to be temporarily stopped up) to the extent specified, by reference to the letters shown on the street plans, in column (3) of that Schedule.

(5) Network Rail must not temporarily stop up, alter, divert or use as a temporary working site—

- (a) any street specified as mentioned in paragraph (4), without first consulting the street authority; and
- (b) any other street, without the consent of the street authority.

(6) Any person who suffers loss by the suspension of any private right of way under this article is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

Access to works

16. Network Rail may, for the purposes of the construction or maintenance of the authorised development with the approval of the relevant planning authority, after consultation with the highway authority, form and lay out such other means of access or improve existing means of access, at such locations within the Order limits as Network Rail reasonably requires for the purposes of the authorised development.

Agreements with street authorities

17.—(1) A street authority and Network Rail may enter into agreements with respect to—

- (a) the construction of any new street, including any structure carrying the street over or under a railway authorised by this Order;
- (b) the strengthening, improvement, repair or reconstruction of any street under the powers conferred by this Order;
- (c) the maintenance of the structure of any bridge or tunnel carrying a street over or under any railway authorised by this Order;
- (d) any stopping up, alteration or diversion of a street under the powers conferred by this Order; or
- (e) the carrying out in the street of any of the works referred to in article 11(1) (street works).

(2) Such an agreement may, without limitation on the scope of paragraph (1)—

- (a) make provision for the street authority to carry out any function under this Order which relates to the street in question;
- (b) include an agreement between Network Rail and the street authority specifying a reasonable time for the completion of the works; and
- (c) contain such terms as to payment and otherwise as the parties consider appropriate.

Construction of bridges and tunnels

18. Any bridge or tunnel to be constructed under this Order for carrying a highway over or under a railway must be constructed in accordance with the plans and specifications approved by the highway authority.

Level crossings

19.—(1) Subject to paragraph (3), the level crossings specified in columns (1) and (2) of Schedule 7 (replacement and closure of level crossings) are stopped up and discontinued.

(2) Subject to paragraph (3), upon the stopping up and discontinuance of each of the level crossings referred to in paragraph (1), any right of way over the part of the street specified in relation to it in column (3) of Schedule 7 is extinguished to the extent specified, by reference to the letters shown on the street plans, in column (3) of that Schedule.

(3) Paragraphs (1) and (2) do not take effect with respect to each of the level crossings specified in Schedule 7 until the new street to be substituted for it, which is specified in column (4) of that Schedule, has been constructed and completed to the reasonable satisfaction of the highway authority and is open for use.

(4) Any person who suffers loss by the suspension or extinguishment of any private right of way under this article is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(5) This article is subject to article 33 (apparatus and rights of statutory undertakers in stopped up streets).

PART 4

SUPPLEMENTAL POWERS

Discharge of water

20.—(1) Network Rail may use any watercourse or any public sewer or drain for the drainage of water in connection with the carrying out or maintenance of the authorised development and for that purpose may lay down, take up and alter pipes and may, on any land within the Order limits, make openings into, and connections with, the watercourse, public sewer or drain.

(2) Any dispute arising from the making of connections to or the use of a public sewer or drain by Network Rail under paragraph (1) is to be determined as if it were a dispute under section 106 of the Water Industry Act 1991(a) (right to communicate with public sewers).

(3) Network Rail must not discharge any water into any watercourse, public sewer or drain except with the consent of the person to whom it belongs.

(4) Network Rail must not make any opening into any public sewer or drain except—

- (a) in accordance with plans approved by the person to whom the sewer or drain belongs; and
- (b) where that person has been given the opportunity to supervise the making of the opening.

(5) Network Rail must not, in carrying out or maintaining works further to this article, damage or interfere with the bed or banks of any watercourse forming part of a main river.

(6) Network Rail must take such steps as are reasonably practicable to secure that any water discharged into a watercourse or public sewer or drain under the powers conferred by this article is as free as may be practicable from gravel, soil or other solid substance, oil or matter in suspension.

(7) Nothing in this article overrides the requirement for an environmental permit under regulation 12(1)(b) of the Environmental Permitting (England and Wales) Regulations 2010(b).

(8) In this article—

- (a) “public sewer or drain” means a sewer or drain which belongs to a sewerage undertaker, the Environment Agency, an internal drainage board or a local authority; and
- (b) other expressions, excluding watercourses, used both in this article and in the Water Resources Act 1991(c) have the same meaning as in that Act.

Authority to survey and investigate land

21.—(1) Network Rail may for the purposes of this Order enter on any land shown within the Order limits or which may be affected by the authorised development and—

- (a) survey or investigate the land;
- (b) without limitation on the scope of sub-paragraph (a), make trial holes in such positions as Network Rail thinks fit on the land to investigate the nature of the surface layer and subsoil and remove soil samples;
- (c) without limitation on the scope of sub-paragraph (a), carry out ecological or archaeological investigations on such land;
- (d) place on, leave on and remove from the land apparatus for use in connection with the survey and investigation of land and making of trial holes.

(2) No land may be entered or equipment placed or left on or removed from the land under paragraph (1), unless at least 14 days’ notice has been served on every owner and occupier of the land.

(3) Any person entering land under this article on behalf of Network Rail—

(a) 1991 c. 56.
(b) S.I. 2010/675.
(c) 1991 c. 57

- (a) must, if so required, before or after entering the land produce written evidence of authority to do so; and
 - (b) may take onto the land such vehicles and equipment as are necessary to carry out the survey or investigation or to make the trial holes.
- (4) No trial holes are to be made under this article—
- (a) on land located within the highway boundary without the consent of the highway authority; or
 - (b) in a private street without the consent of the street authority.
- (5) Network Rail must compensate the owners and occupiers of the land for any loss or damage arising by reason of the exercise of the powers conferred by this article, such compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

PART 5

POWERS OF ACQUISITION

Compulsory acquisition of land

22.—(1) Network Rail may acquire compulsorily so much of the Order land as is required for the authorised development or to facilitate, or is incidental to, it.

(2) This article is subject to paragraph (2) of article 24 (compulsory acquisition of rights) and paragraph (8) of article 30 (temporary use of land for carrying out the authorised development).

Time limit for exercise of authority to acquire land compulsorily

23.—(1) After the end of the period of 5 years beginning on the day on which the Order is made—

- (a) no notice to treat is to be served under Part 1 of the 1965 Act; and
- (b) no declaration is to be executed under section 4 of the 1981 Act as applied by article 26 (application of Compulsory Purchase (Vesting Declarations) Act 1981).

(2) The authority conferred by article 30 (temporary use of land for carrying out the authorised development) ceases at the end of the period referred to in paragraph (1), except that nothing in this paragraph prevents Network Rail remaining in possession of land after the end of that period, if the land was entered and possession was taken before the end of that period.

Compulsory acquisition of rights

24.—(1) Subject to paragraph (2), Network Rail may acquire compulsorily such rights over the Order land as may be required for any purpose for which that land may be acquired under article 22 (compulsory acquisition of land) by creating them as well as by acquiring rights already in existence.

(2) In the case of the Order land specified in column (1) of Schedule 8 (land in which only new rights etc. may be acquired), Network Rail's powers of compulsory acquisition are limited to the acquisition of such wayleaves, easements or new rights in the land as may be required for the purpose specified in relation to that land in column (2) of that Schedule.

(3) Subject to section 8 of the 1965 Act as substituted by paragraph 5 of Schedule 9 (modification of compensation and compulsory purchase enactments for creation of new rights), where Network Rail acquires a right over land under paragraph (1) or (2) Network Rail is not required to acquire a greater interest in that land.

(4) Schedule 9 has effect for the purpose of modifying the enactments relating to compensation and the provisions of the 1965 Act in their application in relation to the compulsory acquisition under this article of a right over land by the creation of a new right.

(5) In any case where the acquisition of new rights under paragraph (1) is required for the purpose of diverting, replacing or protecting apparatus of a statutory undertaker, Network Rail may, with the consent of the Secretary of State, transfer the power to acquire such rights to the statutory undertaker in question.

(6) The exercise by a statutory undertaker of any power in accordance with a transfer under paragraph (5) is subject to the same restrictions, liabilities and obligations as would apply under this Order if that power were exercised by Network Rail.

Private rights

25.—(1) Subject to the provisions of this article, all private rights over land subject to compulsory acquisition under this Order are extinguished—

- (a) as from the date of acquisition of the land by Network Rail, whether compulsorily or by agreement; or
- (b) on the date of entry on the land by Network Rail under section 11(1) of the 1965 Act (power of entry),

whichever is the earliest.

(2) Subject to the provisions of this article, all private rights over land subject to the compulsory acquisition of rights under this Order are extinguished in so far as their continuance would be inconsistent with the exercise of the right—

- (a) as from the date of the acquisition of the right by Network Rail, whether compulsorily or by agreement; or
- (b) on the date of entry on the land by Network Rail under section 11(1) of the 1965 Act in pursuance of the right

whichever is the earliest.

(3) Subject to the provisions of this article, all private rights over land owned by Network Rail which, being within the limits of land which may be acquired or used shown on the land plans, are required for the purposes of this Order are extinguished on the appropriation of the land by Network Rail for any of those purposes.

(4) Subject to the provisions of this article, all private rights over land of which Network Rail takes temporary possession under this Order are suspended and unenforceable for as long as Network Rail remains in lawful possession of the land.

(5) Any person who suffers loss by the extinguishment or suspension of any private right under this article is entitled to compensation in accordance with the terms of section 152 of the 2008 Act to be determined, in case of dispute, under Part 1 of the 1961 Act.

(6) This article does not apply in relation to any right to which section 138 of the 2008 Act (extinguishment of rights, and removal of apparatus, of statutory undertakers etc.) or article 32 (statutory undertakers) applies.

(7) Paragraphs (1) to (3) have effect subject to—

- (a) any notice given by Network Rail before—
 - (i) the completion of the acquisition of the land or the acquisition of rights over or affecting the land;
 - (ii) Network Rail's appropriation of it;
 - (iii) Network Rail's entry onto it; or
 - (iv) Network Rail's taking temporary possession of it,
- that any or all of those paragraphs do not apply to any right specified in the notice; and

(b) any agreement made at any time between Network Rail and the person in or to whom the right in question is vested or belongs.

(8) If any such agreement as is referred to in paragraph (6)(b)—

(a) is made with a person in or to whom the right is vested or belongs; and

(b) is expressed to have effect also for the benefit of those deriving title from or under that person,

it is effective in respect of the persons so deriving title, whether the title was derived before or after the making of the agreement.

(9) Reference in this article to private rights over land includes reference to any trusts or incidents to which the land is subject.

Application of Compulsory Purchase (Vesting Declarations) Act 1981

26.—(1) The 1981 Act applies as if this Order were a compulsory purchase order.

(2) The 1981 Act, as applied by paragraph (1), has effect with the following modifications.

(3) In section 3 (preliminary notices), for subsection (1) there is substituted—

“(1) Before making a declaration under section 4 with respect to any land which is subject to a compulsory purchase order the acquiring authority must include the particulars specified in subsection (3) in a notice which is—

(a) given to every person with a relevant interest in the land with respect to which the declaration is to be made (other than a mortgagee who is not in possession); and

(b) published in a local newspaper circulating in the area in which the land is situated.”.

(4) In that section, in subsection (2), for “(1)(b)” there is substituted “(1)” and after “given” there is inserted “and published”.

(5) In that section, for subsections (5) and (6) there is substituted—

“(5) For the purposes of this section, a person has a relevant interest in land if—

(a) that person is for the time being entitled to dispose of the fee simple of the land, whether in possession or in reversion; or

(b) that person holds, or is entitled to the rents and profits of, the land under a lease or agreement, the unexpired term of which exceeds one month.”.

(6) In section 5 (earliest date for execution of declaration)—

(a) in subsection (1), after “publication” there is inserted “in a local newspaper circulating in the area in which the land is situated”; and

(b) subsection (2) is omitted.

(7) In section 7 (constructive notice to treat), in subsection (1)(a), the words “(as modified by section 4 of the Acquisition of Land Act 1981)” are omitted.

(8) References to the 1965 Act in the 1981 Act are construed as references to the 1965 Act as applied by section 125 (application of compulsory acquisition provisions) of the 2008 Act to the compulsory acquisition of land under this Order.

Acquisition of subsoil or airspace only

27.—(1) Network Rail may acquire compulsorily so much of, or such rights in, the subsoil of or the airspace over the land referred to in article 22 (compulsory acquisition of land) as may be required for any purpose for which that land may be acquired under that provision instead of acquiring the whole of the land.

(2) Where Network Rail acquires any part of or rights in the subsoil of or the airspace over land under paragraph (1), Network Rail is not required to acquire an interest in any other part of the land.

(3) Paragraph (2) does not prevent article 28 (acquisition of part of certain properties) from applying where Network Rail acquires a cellar, vault, arch or other construction forming part of a house, building or manufactory.

Acquisition of part of certain properties

28.—(1) This article applies instead of section 8(1) of the 1965 Act (other provisions or divided land) (as applied by section 125 (application of compulsory acquisition provisions) of the 2008 Act) where—

- (a) a notice to treat is served on a person (“the owner”) under the 1965 Act (as applied) in respect of land forming only part of a house, building or manufactory or of land consisting of a house with a park or garden (“the land subject to the notice to treat”); and
- (b) a copy of this article is served on the owner with the notice to treat.

(2) In such a case, the owner may, within the period of 21 days beginning with the day on which the notice was served, serve on Network Rail a counter-notice objecting to the sale of the land subject to the notice to treat and stating that the owner is willing and able to sell the whole (“the land subject to the counter-notice”).

(3) If no such counter-notice is served within that period, the owner must sell the land subject to the notice to treat.

(4) If such a counter-notice is served within that period, the question whether the owner must sell only the land subject to the notice to treat is, unless Network Rail agrees to take the land subject to the counter-notice, to be referred to the tribunal.

(5) If on such a reference the tribunal determine that the land subject to the notice to treat can be taken—

- (a) without material detriment to the remainder of the land subject to the counter-notice; or
- (b) in the case of part of land consisting of a house with a park or garden, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house,

the owner must sell the land subject to the notice to treat.

(6) If on such a reference the tribunal determine that only part of the land subject to the notice to treat can be taken—

- (a) without material detriment to the remainder of the land subject to the counter-notice; or
- (b) in the case of part of land consisting of a house with a park or garden, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house,

the notice to treat is deemed to be a notice to treat for that part.

(7) If on such a reference the tribunal determine that—

- (a) the land subject to the notice to treat cannot be taken without material detriment to the remainder of the land subject to the counter-notice; but
- (b) the material detriment is confined to a part of the land subject to the counter-notice,

the notice to treat is deemed to be a notice to treat for the land to which the material detriment is confined in addition to the land already subject to the notice, whether or not the additional land is land which Network Rail is authorised to acquire compulsorily under this Order.

(8) If Network Rail agrees to take the land subject to the counter-notice, or if the tribunal determine that—

- (a) none of the land subject to the notice to treat can be taken without material detriment to the remainder of the land subject to the counter-notice or, as the case may be, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house; and
- (b) the material detriment is not confined to a part of the land subject to the counter-notice,

the notice to treat is deemed to be a notice to treat for the land subject to the counter-notice whether or not the whole of that land is land which Network Rail is authorised to acquire compulsorily under this Order.

(9) In any case where by virtue of a determination by the tribunal under this article a notice to treat is deemed to be a notice to treat for less land or more land than that specified in the notice, Network Rail may, within the period of 6 weeks beginning with the day on which the determination is made, withdraw the notice to treat; and if it does so must pay the owner compensation for any loss or expense occasioned to the owner by the giving and withdrawal of the notice, to be determined in case of dispute by the tribunal.

(10) Where the owner is required under this article to sell only part of a house, building or manufactory or of land consisting of a house with a park or garden, Network Rail must pay the owner compensation for any loss sustained by the owner due to the severance of that part in addition to the value of the interest acquired.

Rights under or over streets

29.—(1) Network Rail may enter upon and appropriate so much of the subsoil of, or airspace over, any street within the Order limits as may be required for the purposes of the authorised development and may use the subsoil or airspace for those purposes or any other purpose ancillary to the authorised development.

(2) Subject to paragraph (3), Network Rail may exercise any power conferred by paragraph (1) in relation to a street without Network Rail being required to acquire any part of the street or any easement or right in the street.

(3) Paragraph (2) does not apply in relation to—

- (a) any subway or underground building; or
- (b) any cellar, vault, arch or other construction in, on or under a street which forms part of a building fronting onto the street.

(4) Subject to paragraph (5), any person who is an owner or occupier of land in respect of which the power of appropriation conferred by paragraph (1) is exercised without Network Rail acquiring any part of that person's interest in the land, and who suffers loss by the exercise of that power, is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(5) Compensation is not payable under paragraph (4) to any person who is an undertaker to whom section 85 of the 1991 Act applies in respect of measures of which the allowable costs are to be borne in accordance with that section.

Temporary use of land for carrying out the authorised development

30.—(1) Network Rail may, in connection with the carrying out of the authorised development—

- (a) enter on and take temporary possession of—
 - (i) the land specified in columns (1) and (2) of Schedule 10 (land of which temporary possession may be taken) for the purpose specified in relation to that land in column (3) of that Schedule relating to the part of the authorised development specified in column (4) of that Schedule; and
 - (ii) any other Order land in respect of which no notice of entry has been served under section 11 of the 1965 Act (other than in connection with the acquisition of rights only) and no declaration has been made under section 4 of the 1981 Act;
- (b) remove any buildings and vegetation from that land;
- (c) construct temporary works (including the provision of means of access) and buildings on that land; and
- (d) construct any works specified in relation to that land in column (3) of Schedule 10, or any other mitigation works.

(2) Not less than 28 days before entering on and taking temporary possession of land under this article Network Rail must serve notice of the intended entry on the owners and occupiers of the land.

(3) Network Rail may not, without the agreement of the owners of the land, remain in possession of any land under this article—

- (a) in the case of land specified in paragraph (1)(a)(i), after the end of the period of one year beginning with the date of completion of the part of the authorised development specified in relation to that land in column (4) of Schedule 10; or
- (b) in the case of any land referred to in paragraph (1)(a)(ii), after the end of the period of one year beginning with the date of completion of the work for which temporary possession of the land was taken unless Network Rail has, by the end of that period, served a notice of entry under section 11 of the 1965 Act or made a declaration under section 4 of the 1981 Act in relation to that land.

(4) Before giving up possession of land of which temporary possession has been taken under this article, Network Rail must remove all temporary works and restore the land to the reasonable satisfaction of the owners of the land; but Network Rail is not required to—

- (a) replace a building removed under this article; or
- (b) remove any ground strengthening works which have been placed on the land to facilitate construction of the authorised development.

(5) Network Rail must pay compensation to the owners and occupiers of land of which temporary possession is taken under this article for any loss or damage arising from the exercise in relation to the land of the provisions of this article.

(6) Any dispute as to a person's entitlement to compensation under paragraph (5), or as to the amount of the compensation, is to be determined under Part 1 of the 1961 Act.

(7) Nothing in this article affects any liability to pay compensation under section 152 of the 2008 Act (compensation in case where no right to claim in nuisance) or under any other enactment in respect of loss or damage arising from the carrying out of the authorised development, other than loss or damage for which compensation is payable under paragraph (5).

(8) Network Rail may not compulsorily acquire under this Order the land referred to in paragraph (1)(a)(i) except that Network Rail is not precluded from—

- (a) acquiring new rights over any part of that land under article 24 (compulsory acquisition of rights); or
- (b) acquiring any part of the subsoil of or airspace over (or rights in the subsoil of or airspace over) that land under article 27 (acquisition of subsoil or airspace only).

(9) Where Network Rail takes possession of land under this article, it is not required to acquire the land or any interest in it.

(10) Section 13 of the 1965 Act (refusal to give possession to acquiring authority) applies to the temporary use of land pursuant to this article to the same extent as it applies to the compulsory acquisition of land under this Order by virtue of section 125 of the 2008 Act (application of compulsory acquisition provisions).

(11) Paragraph (1)(a)(ii) does not authorise Network Rail to take temporary possession of any land which it is not authorised to acquire under article 22 (compulsory acquisition of land) or any land specified in Schedule 8 (land in which only new rights etc. may be acquired).

Temporary use of land for maintaining authorised development

31.—(1) Subject to paragraph (2), at any time during the maintenance period relating to any of the authorised development, Network Rail may—

- (a) enter upon and take temporary possession of any Order land if such possession is reasonably required for the purpose of maintaining the authorised development; and
- (b) construct such temporary works (including the provision of means of access) and buildings on the land as may be reasonably necessary for that purpose.

(2) Paragraph (1) does not authorise Network Rail to take temporary possession of—

- (a) any house or garden belonging to a house; or
- (b) any building (other than a house) if it is for the time being occupied.

(3) Not less than 28 days before entering upon and taking temporary possession of land under this article Network Rail must serve notice of the intended entry on the owners and occupiers of the land.

(4) Network Rail may only remain in possession of land under this article for so long as may be reasonably necessary to carry out the maintenance of the part of the authorised development for which possession of the land was taken.

(5) Before giving up possession of land of which temporary possession has been taken under this article, Network Rail must remove all temporary works and restore the land to the reasonable satisfaction of the owners of the land.

(6) Network Rail must pay compensation to the owners and occupiers of land of which temporary possession is taken under this article for any loss or damage arising from the exercise in relation to the land of the powers conferred by this article.

(7) Any dispute as to a person's entitlement to compensation under paragraph (6), or as to the amount of the compensation, is to be determined under Part 1 of the 1961 Act.

(8) Nothing in this article affects any liability to pay compensation under section 152 of the 2008 Act (compensation in case where no right to claim is overcome) or under any other enactment in respect of loss or damage arising from the execution of any works, other than loss or damage for which compensation is payable under paragraph (6).

(9) Where Network Rail takes possession of land under this article, Network Rail is not required to acquire the land or any interest in it.

(10) Section 13 of the 1965 Act (refusal to give possession to the acquiring authority) applies to the temporary use of land under this article to the same extent as it applies to the compulsory acquisition of land under this Order by virtue of section 125 of the 2008 Act (application of compulsory acquisition provisions).

(11) In this article, "the maintenance period", in relation to any part of the authorised development, means the period of 5 years beginning with the date on which that part of the authorised development is first opened for use.

Statutory undertakers

32. Subject to the provisions of Schedule 12 (protective provisions), Network Rail may—

- (a) acquire compulsorily, or acquire new rights over, the land belonging to statutory undertakers shown on the land plans within the limits of the land to be acquired or used and described in the book of reference;
- (b) extinguish the rights of, remove or reposition the apparatus belonging to statutory undertakers over or within the Order land.

Apparatus and rights of statutory undertakers in stopped up streets

33.—(1) Where a street is stopped up under article 13 (stopping up of streets) or article 19 (level crossings) any statutory utility whose apparatus is under, in, on, along or across the street has the same powers and rights in respect of that apparatus, subject to the provisions of this article, as if this Order had not been made.

(2) Where a street is stopped up under article 13 or 19 any statutory utility whose apparatus is under, in, on, over, along or across the street may, and if reasonably requested to do so by Network Rail must—

- (a) remove the apparatus and place it or other apparatus provided in substitution for it in such other position as the utility may reasonably determine and have power to place it; or

(b) provide other apparatus in substitution for the existing apparatus and place it in such position as described in sub-paragraph (a).

(3) Subject to the following provisions of this article, Network Rail must pay to any statutory utility an amount equal to the cost reasonably incurred by the utility in or in connection with—

(a) the execution of the relocation works required in consequence of the stopping up of the street; and

(b) the doing of any other work or thing rendered necessary by the execution of the relocation works.

(4) If in the course of the execution of relocation works under paragraph (2)—

(a) apparatus of a better type, of greater capacity or of greater dimensions is placed in substitution for existing apparatus; or

(b) apparatus (whether existing apparatus or apparatus substituted for existing apparatus) is placed at a depth greater than the depth at which the existing apparatus was,

and the placing of apparatus of that type or capacity or of those dimensions or the placing of apparatus at that depth, as the case may be, is not agreed by Network Rail, or, in default of agreement, is not determined by arbitration to be necessary, then, if it involves cost in the execution of the relocation works exceeding that which would have been involved if the apparatus placed had been of the existing type, capacity or dimensions, or at the existing depth, as the case may be, the amount which, apart from this paragraph, would be payable to the statutory utility by virtue of paragraph (3) is to be reduced by the amount of that excess.

(5) For the purposes of paragraph (4)—

(a) an extension of apparatus to a length greater than the length of existing apparatus is not to be treated as a placing of apparatus of greater dimensions than those of the existing apparatus; and

(b) where the provision of a joint in a cable is agreed, or is determined to be necessary, the consequential provision of a jointing chamber or of a manhole is to be treated as if it also had been agreed or had been so determined.

(6) An amount which, apart from this paragraph, would be payable to a statutory utility in respect of works by virtue of paragraph (3) (and having regard, where relevant, to paragraph (4)) must, if the works include the placing of apparatus provided in substitution for apparatus placed more than 7 years and 6 months earlier so as to confer on the utility any financial benefit by deferment of the time for renewal of the apparatus in the ordinary course, be reduced by the amount which represents that benefit.

(7) Paragraphs (3) to (6) do not apply where the authorised development constitutes major highway works, major bridge works or major transport works for the purposes of Part 3 of the 1991 Act, but instead—

(a) the allowable costs of the relocation works are to be determined in accordance with section 85 of that Act (sharing of cost of necessary measures) and any regulations for the time being having effect under that section; and

(b) the allowable costs are to be borne by Network Rail and the statutory utility in such proportions as may be prescribed by any such regulations.

(8) In this article—

“apparatus” has the same meaning as in Part 3 of the 1991 Act;

“relocation works” means work executed, or apparatus provided, under paragraph (2); and

“statutory utility” means a statutory undertaker for the purposes of the 1980 Act or a public communications provider as defined in section 151(1) of the Communications Act 2003(a).

(a) 2003 c. 21. There are amendments to this Act which are not relevant to this Order.

Recovery of costs of new connections

34.—(1) Where any apparatus of a public utility undertaker or of a public communications provider is removed under article 32 (statutory undertakers) any person who is the owner or occupier of premises to which a supply was given from that apparatus is entitled to recover from Network Rail compensation in respect of expenditure reasonably incurred by that person, in consequence of the removal, for the purpose of effecting a connection between the premises and any other apparatus from which a supply is given.

(2) Paragraph (1) does not apply in the case of the removal of a public sewer but where such a sewer is removed under article 32, any person who is—

- (a) the owner or occupier of premises the drains of which communicated with that sewer; or
- (b) the owner of a private sewer which communicated with that sewer,

is entitled to recover from Network Rail compensation in respect of expenditure reasonably incurred by that person, in consequence of the removal, for the purpose of making the drain or sewer belonging to that person communicate with any other public sewer or with a private sewerage disposal plant.

(3) This article does not have effect in relation to apparatus to which article 33 (apparatus and rights of statutory undertakers in stopped up streets) or Part 3 of the 1991 Act applies.

(4) In this paragraph—

“public communications provider” has the same meaning as in section 151(1) of the Communications Act 2003; and

“public utility undertaker” has the same meaning as in the 1980 Act.

PART 6 OPERATIONS

Operation and use of railways

35.—(1) Network Rail may operate and use the railway and any other elements of the authorised development as a system, or part of a system, of transport for the carriage of passengers and goods.

(2) Nothing in this Order, or in any enactment incorporated with or applied by this Order, prejudices or affects the operation of Part 1 of the Railways Act 1993(a) (the provision of railway services).

Felling or lopping trees

36.—(1) Network Rail may fell or lop any tree or shrub within or overhanging land within the Order limits or cut back its roots, if it reasonably believes it to be necessary to do so to prevent the tree or shrub—

- (a) from obstructing or interfering with the construction, maintenance or operation of the authorised development or any apparatus used in connection with the authorised development; or
- (b) from constituting a danger to passengers or other persons using the authorised development.

(2) In carrying out any activity authorised by paragraph (1), Network Rail must

(a) 1993 c. 43. This Act has been amended by the Transport Act 2000 (c. 38), the Railways and Transport Safety Act 2003 (c. 20) and the Railways Act 2005 (c. 14). There are other amendments to this Act which are not relevant to this Order.

- (a) not cause unnecessary damage to any tree or shrub and must pay compensation to any person for any loss or damage arising from such activity; and
 - (b) for any trees or shrubs felled or removed during the construction, or during the first 12 months of the operation, of the authorised development, plant the same number of suitable alternative trees or shrubs in the same location or in a suitable alternative location as agreed in writing with the relevant planning authority.
- (3) Any dispute as to a person's entitlement to compensation under paragraph (2), or as to the amount of compensation, is to be determined under Part 1 of the 1961 Act.

PART 7

MISCELLANEOUS AND GENERAL

Operational land for purposes of the 1990 Act

37. Development consent granted by this Order is to be treated as specific planning permission for the purposes of section 264(3)(a) of the 1990 Act (cases in which land is to be treated as not being operational land for the purposes of that Act).

Defence to proceedings in respect of statutory nuisance

38.—(1) Where proceedings are brought under section 82(1) of the Environmental Protection Act 1990(a) (summary proceedings by person aggrieved by statutory nuisance) in relation to a nuisance falling within paragraph (g) of section 79(1) of that Act (noise emitted from premises so as to be prejudicial to health or a nuisance) no order is to be made, and no fine may be imposed, under section 82(2) of that Act if—

- (a) the defendant shows that the nuisance—
 - (i) relates to premises used by Network Rail for the purposes of or in connection with the construction or maintenance of the authorised development and that the nuisance is attributable to the carrying out of the authorised development in accordance with a notice served under section 60 (control of noise on construction site), or a consent given under section 61 (prior consent for work on construction site) or 65 (noise exceeding registered level), of the Control of Pollution Act 1974(b); or
 - (ii) is a consequence of the construction or maintenance of the authorised development and that it cannot reasonably be avoided; or
- (b) the defendant shows that the nuisance is a consequence of the use of the authorised development and that it cannot be reasonably avoided.

(2) Section 61(9) (consent for work on construction site to include statement that it does not of itself constitute a defence to proceedings under section 82 of the Environmental Protection Act 1990) of the Control of Pollution Act 1974 and section 65(8) of that Act (corresponding provision in relation to consent for registered noise level to be exceeded), does not apply where the consent relates to the use of premises by Network Rail for the purposes of, or in connection with, the construction or maintenance of the authorised development.

Traffic regulation

39.—(1) Subject to the provisions of this article, and the consent of the traffic authority in whose area the road concerned is situated, Network Rail may at any time for the purposes of the

(a) 1990 c. 43. There are amendments to this Act which are not relevant to this Order.

(b) 1974 c. 40. Sections 61(9) and 65(8) were amended by section 162 of, and paragraph 15 of Schedule 3 to, the Environmental Protection Act 1990, c. 25. There are other amendments to the 1974 Act which are not relevant to this Order.

construction of the authorised development prohibit vehicular access in the manner specified in Schedule 11 (traffic regulation) on those roads specified in column (1) between the points specified in column (2) of that Schedule.

(2) Without limitation on the scope of the specific powers conferred by paragraph (1) but subject to the provisions of this article and the consent of the traffic authority in whose area the road concerned is situated, Network Rail may, in so far as may be expedient or necessary for the purposes of or in connection with construction of the authorised development, at any time prior to the opening of the authorised development for use—

- (a) revoke, amend or suspend in whole or in part any order made, or having effect as if made, under the 1984 Act;
- (b) permit, prohibit or restrict the stopping, parking, waiting, loading or unloading of vehicles on any road;
- (c) authorise the use as a parking place of any road;
- (d) make provision as to the direction or priority of vehicular traffic on any road; and
- (e) permit or prohibit vehicular access to any road,

either at all times or at times, on days or during such periods as may be specified by Network Rail.

(3) Network Rail must not exercise the powers of paragraphs (1) and (2) unless it has—

- (a) given not less than 4 weeks' notice in writing of its intention so to do to the chief officer of police and to the traffic authority in whose area the road is situated; and
- (b) advertised its intention in such manner as the traffic authority may specify in writing within 7 days of its receipt of notice of Network Rail's intention in the case of subparagraph (a).

(4) Any prohibition, restriction or other provision made by Network Rail under paragraph (1) or (2)—

- (a) has effect as if duly made by, as the case may be—
 - (i) the traffic authority in whose area the road is situated as a traffic regulation order under the 1984 Act; or
 - (ii) the local authority in whose area the road is situated as an order under section 32 of the 1984 Act,and the instrument by which it is effected may specify savings and exemptions (in addition to those mentioned in Schedule 11 (traffic regulation)) to which the prohibition, restriction or other provision is subject; and
- (b) is deemed to be a traffic order for the purposes of Schedule 7 to the Traffic Management Act 2004^(a) (road traffic contraventions subject to civil enforcement).

(5) Any prohibition, restriction or other provision made under this article may be suspended, varied or revoked by Network Rail from time to time by subsequent exercise of the powers conferred by paragraph (2) at any time prior to the opening of the authorised development for use.

(6) Before complying with the provisions of paragraph (3), Network Rail must consult the chief officer of police and the traffic authority in whose area the road is situated.

(7) Expressions used in this article and in the 1984 Act have the same meaning in this article as in that Act.

Protection of interests

40. Schedule 12 (protective provisions) has effect.

(a) 2004 c. 18.

Application of the Land Compensation Act 1973

41.—(1) Any regulations made by the Secretary of State under section 20 (sound proofing of buildings affected by public works) and 20A (power to make payments in respect of caravans and other structures affected by noise of public works) of the Land Compensation Act 1973(a) which apply to a railway provided or used in the exercise of statutory powers apply to the railway comprised in the authorised development as if that railway was provided or used in the exercise of statutory powers.

(2) Section 28 (power to pay expenses) of the Land Compensation Act 1973 has effect as if any works comprised in the authorised development were public works for the purposes of that section.

Certification of plans, etc.

42.—(1) Network Rail must, as soon as practicable after the making of this Order, submit to the Secretary of State copies of—

- (a) the book of reference;
- (b) the land plans;
- (c) the works plans;
- (d) the street plans;
- (e) the sections;
- (f) the design drawings; and
- (g) the environmental statement,

for certification that they are true copies of the documents referred to in this Order.

(2) A plan or document so certified is admissible in any proceedings as evidence of the contents of the document of which it is a copy.

Service of notices

43.—(1) A notice or other document required or authorised to be served for the purposes of this Order may be served—

- (a) by post;
- (b) by delivering it to the person on whom it is to be served or to whom it is to be given or supplied; or
- (c) with the consent of the recipient and subject to paragraphs (6) to (8) by electronic transmission.

(2) Where the person on whom a notice or other document to be served for the purposes of this Order is a body corporate, the notice or document is duly served if it is served on the secretary or clerk of that body.

(3) For the purposes of section 7 (references to service by post) of the Interpretation Act 1978(b) as it applies for the purposes of this article, the proper address of any person in relation to the service on that person of a notice or document under paragraph (1) is, if that person has given an address for service, that address, and otherwise—

- (a) in the case of the secretary or clerk of a body corporate, the registered or principal office of that body; and
- (b) in any other case, the last known address of that person at the time of service.

(a) 1973 c. 26. Section 20 was amended by subsection (6) and (12) of section 146 of, and Schedule 13 to, the Road Traffic Regulation Act 1984 (c.27). Subsection (10) of section 20 was repealed by section 343(3) of, and Schedule 25 to, the Highway Act 1980 (c.66) and subsection (11) was repealed by section 155 of, and Schedule 25 to, the Rent Act 1977 (c.42). There are other amendments to the 1973 Act which are not relevant to this Order.

(b) 1978 c. 30.

(4) Where for the purposes of this Order a notice or other document is required or authorised to be served on a person as having any interest in, or as the occupier of, land and the name or address of that person cannot be ascertained after reasonable enquiry, the notice may be served by—

- (a) addressing it to that person by name or by the description of “owner”, or as the case may be “occupier”, of the land (describing it); and
- (b) either leaving it in the hands of a person who is or appears to be resident or employed on the land or leaving it conspicuously affixed to some building or object on or near the land.

(5) Where a notice or other document required to be served or sent for the purposes of this Order is served or sent by electronic transmission the requirement is taken to be fulfilled only where—

- (a) the recipient of the notice or other document to be transmitted has given consent to the use of electronic transmission in writing or by electronic transmission;
- (b) the notice or document is capable of being accessed by the recipient;
- (c) the notice or document is legible in all material respects; and
- (d) in a form sufficiently permanent to be used for subsequent reference.

(6) Where the recipient of a notice or other document served or sent by electronic transmission notifies the sender within 7 days of receipt that the recipient requires a paper copy of all or part of that notice or other document the sender must provide such a copy as soon as reasonably practicable.

(7) Any consent to the use of electronic communication given by a person may be revoked by that person in accordance with paragraph (8).

(8) Where a person is no longer willing to accept the use of electronic transmission for any of the purposes of this Order—

- (a) that person must give notice in writing or by electronic transmission revoking any consent given by that person for that purpose; and
- (b) such revocation is final and takes effect on a date specified by the person in the notice but that date must not be less than 7 days after the date on which the notice is given.

(9) This article does not exclude the employment of any method of service not expressly provided for by it.

(10) In this article “legible in all material respects” means that the information contained in the notice or document is available to that person to no lesser extent than it would be if served, given or supplied by means of a notice or document in printed form.

Arbitration

44. Except where otherwise expressly provided for in this Order and unless otherwise agreed between the parties, any difference under any provision of this Order (other than a difference which falls to be determined by the tribunal) must be referred to and settled by a single arbitrator to be agreed between the parties or, failing agreement, to be appointed on the application of either party (after notice in writing to the other) by the President of the Institution of Civil Engineers.

Signed by authority of the Secretary of State for Transport

16th October 2012

Martin Woods
Head of the Transport and Works Act Order Unit
Department for Transport

SCHEDULES

SCHEDULE 1

Articles 2 and 5

AUTHORISED DEVELOPMENT

A nationally significant infrastructure project as defined in sections 14 and 25 of the 2008 Act comprising—

In Doncaster Metropolitan Borough

Work No.1 — The construction of a new permanent railway chord (centred on grid reference SE 58166 10443) (3,200 metres in length) commencing at a point on the existing Askern railway line at Owston Grange Farm No. 1 level crossing, running southwards along the eastern side of the said section of the Askern line on embankment, then a multi-span railway viaduct (246 metres in length) spanning Joan Croft Lane, the East Coast Main Line and Applehurst Chord railways, continuing on embankment curving south-eastwards along the eastern side of the Applehurst Chord railway before terminating at a point on the Skellow railway line 520 metres east of Applehurst Lane level crossing; including permanent way (rail tracks), railway switch and crossing track and the construction of temporary haul roads located adjacent to the embankment.

Associated development within the meaning of section 115(2) of the 2008 Act comprising—

Work No.2 — Construction of permanent A19 junction widening (52 metres in length) on Rockley Lane (north side of junction), including the construction of a new kerb line and a new road surface within the amended road limits.

Work No.3A — Construction of permanent A19 junction widening (35 metres in length) on Holme Lane (north side of junction), including the construction of a new kerb line and a new road surface within the amended road limits.

Work No.3B — Construction of permanent A19 junction widening (60 metres in length) on Holme Lane (south side of junction) including the construction of a new kerb line and a new road surface within the amended road limits.

Work No.4 — Construction of permanent road widening works commencing at a point 110 metres east of the junction of Storr's Lane with Holme Lane and terminating at a point 160 metres from its commencement point.

Work No.5 — Temporary widening works (56 metres in length and 5.5 metres wide) to Owston Grange Farm No. 1 level crossing across Work No. 1 in order to accommodate construction traffic from both directions and permanent improvement to the approach gradients to the level crossing.

Work No.6 — Construction of a new permanent land drain (375 metres in length) between the existing Askern railway line and the proposed new line, commencing at a point 357 metres south of Honey Lands Lane level crossing and terminating at a point 23 metres north of Joan Croft Lane, including a headwall at the Joan Croft Lane end.

Work No.7 — Construction of new permanent drainage works (155 metres in length) on the north side of Joan Croft lane commencing at a point 29 metres north east of Middle Lane level crossing and terminating at a point 155 metres north east of its commencement, including placing the existing ditch in a culvert under the new viaduct, tying it into the proposed ditch and also connections into the proposed overbridge drainage and the provision of new manholes.

Work No.8 — Construction of permanent highway and overbridge (440 metres in length) over the East Coast Main Line railway commencing at the junction of Joan Croft Lane and

Honey Lands Lane at a point 90 metres north west of Joan Croft level crossing, running first in a north-easterly direction, then in an easterly direction before running in a southerly direction and terminating at a point 176 metres from its commencement, including abutment and wing wall piling, road and toe drainage, the bridge superstructure (deck, abutments and wing walls), the earthworks associated with the embankment approaches and boundary fencing.

Work No.9 — Construction of a new permanent underpass on Bell Croft Lane commencing at a point 120 metres north of the Applehurst Chord railway and terminating at a point 53 metres south of its commencement.

Work No.10 — Construction of new permanent drainage works at Bell Croft Lane commencing at a point 53 metres north west of Bell Croft Lane and terminating at a point 103 metres south east of its commencement, including placing in culvert a drain (50 metres in length) under the embankment with two headwalls and placing in culvert an existing drain to tie into the proposed new ditch and culvert under the embankment (115 metres in length).

Work No.11 — Construction of new permanent drainage (326 metres in length) to the south of the new railway and north of the existing Skellow railway commencing 173 metres to the east of Bell Croft Lane and terminating by the disused railway embankment.

Work No.12 — Installation of a new permanent buried power cable in the existing verge commencing from a point 28 metres north of Applehurst level crossing, continuing along Applehurst Lane before turning eastwards into Sickle Croft Farm (located north east of Applehurst level crossing) and terminating at a point 355 metres from its commencement.

Work No.13 — Widening works to Applehurst level crossing (50 metres in length and 6.5 metres wide) across Work No. 1 to accommodate haul road traffic from both directions,

and in connection with such works further associated development within the Order limits consisting of—

- (a) electrical equipment and signalling works;
- (b) ramps, means of access, footpaths and bridleways;
- (c) embankment, viaducts, aprons, abutments, shafts, foundations, retaining walls, drainage, wing walls, fencing and culverts;
- (d) works to alter the position of apparatus, including mains, sewers, drains and cables;
- (e) works to alter the course of, or otherwise interfere with a watercourse other than a navigable watercourse;
- (f) landscaping and other works to mitigate any adverse effects of the construction, maintenance or operation of the authorised development;
- (g) works for the benefit or protection of land affected by the authorised development;
- (h) works required for the strengthening, improvement, maintenance, or reconstruction of any streets; and
- (i) such other works, including working sites and works of demolition, as may be necessary or expedient for the purposes of or in connection with the construction of the authorised development and which fall within the scope of the environmental impact assessment.

SCHEDULE 2 REQUIREMENTS

Article 4

Interpretation

1. In this Schedule—

“the CR-E” means Network Rail’s Contract Requirements – Environment, Issue 5, April 2004, as set out in Volume I, Appendix E, of the environment statement; and

“stage” means a defined section or part of the authorised development, the extent of which is shown in a scheme submitted to and approved by the relevant planning authority under requirement 2 (stages of authorised development).

Stages of authorised development

2. No authorised development is to commence until a written scheme setting out all the stages of the authorised development has, after consultation with the highway authority, been submitted to, and approved in writing by, the relevant planning authority.

In accordance with approved details

3. The authorised development must be carried out in accordance with the design drawings unless otherwise agreed in writing by the relevant planning authority.

Landscaping

4.—(1) No stage of the authorised development is to commence until a written landscaping scheme for that stage has, after consultation with the relevant planning authority, been submitted to, and approved in writing by, the relevant planning authority.

(2) The submitted scheme must reflect the mitigation measures described in section 5.2 (Construction Phase Incorporated Mitigation) of Technical Appendix F (Landscape and Visual Amenity) to Volume II of the environmental statement.

(3) The landscape scheme must include details of—

- (a) location, number, species, size and planting density of any proposed planting;
- (b) cultivation, importing of materials and other operations to ensure plant establishment;
- (c) implementation timetables for all landscaping; and
- (d) temporary fencing that complies with current best practice to protect trees and hedgerows adjacent to the works.

Implementation and maintenance of landscaping

5.—(1) All landscaping work must be carried out in accordance with the scheme and implementation timetable approved under requirement 4 (landscaping).

(2) Any tree or shrub planted as part of an approved landscaping scheme that, within a period of 5 years after planting, is removed, dies or becomes, in the opinion of the relevant planning authority, seriously damaged or diseased, must be replaced in the first available planting season with a specimen of the same species and size as that originally planted, unless otherwise approved in writing by the relevant planning authority.

Highway accesses

6. No part of the authorised development, other than Works numbered 2, 3A, 3B, 4, 5 and 13, which requires road access for construction traffic from the west side of the East Coast Main Line, is to commence until—

- (a) for that part details of the siting, design and layout of any new or altered, permanent or temporary, access, and any temporary or permanent road improvements on Rockley Lane, Holme Lane and Storr Lane, and any temporary haul roads, have, after consultation with the relevant planning authority and local highway authority, been submitted to and approved in writing by the relevant planning authority; and
- (b) the approved highway alterations and improvements, including any altered or new accesses and any temporary haul roads, for that part have been implemented.

Archaeology

7.—(1) No stage of the authorised development is to commence until for that stage a written scheme for the investigation of areas of archaeological interest identified at paragraph 5.2.1 (Incorporated Mitigation) of Technical Appendix E, (Historic Environment) to Volume II of the environmental statement has, after consultation with the relevant planning authority, been submitted to, and approved in writing by, the relevant planning authority.

(2) The scheme must identify areas where field work or a watching brief is required and the measures to be taken to protect, record or preserve any significant archaeological remains that may be found.

(3) Any archaeological works or watching brief carried out under the approved scheme must be by a suitably qualified person or body approved in writing by the relevant planning authority.

(4) Any archaeological works or watching brief must be carried out in accordance with the approved scheme.

Contract Requirements – Environment

8.—(1) The authorised development must be carried out in accordance with the CR-E or as otherwise amended with the written agreement of the relevant planning authority. The mitigation measures set out in the environmental statement must be reflected in preparing any plan required by the CR-E.

(2) The Mandatory Environmental Requirements set out in section 5 of the CR-E in respect of—

- (a) 5.10 External Communications;
- (b) 5.13 Pollution Incident Control Plan (which must include a Construction Phase Surface Water Management Plan, as referred to in paragraph 5.2.1 (Incorporated Plan) of Technical Appendix J (Water Resources) to Volume II of the environmental statement); and
- (c) 5.17 Waste Management Plan (which must be prepared in accordance with The Site Waste Management Plans Regulations 2008(a)),

must not be agreed by Network Rail until they have been submitted to, and approved in writing by, the relevant planning authority.

(3) The following matters set out in section 6 (Particular Environmental Requirements) of the CR-E are mandatory—

- (a) 6.2 Environmental Design Management;
- (b) 6.3 Traffic Management Plan;
- (c) 6.4 Noise & Vibration Management Plan;
- (d) 6.6 Dust;

(a) S.I. 2008/314.

- (e) 6.7 Air Pollution;
- (f) 6.14 Boundaries; and
- (g) 6.15 Lighting.

(4) The dust, air pollution and lighting mitigation measures required by the CR-E must be incorporated into a Nuisance Management Plan. The Nuisance Management Plan and other plans required under section 6 of the CR-E must, after consultation with the relevant planning authority, be submitted to, and approved in writing by, the relevant planning authority.

(5) No stage of the authorised development is to be commenced until such of the plans or programmes required under sections 5.10, 5.13, 5.17, 6.2, 6.3, 6.4 of the CR-E and the Nuisance Management Plan as relate to that stage have been approved in writing by the relevant planning authority and those plans or programmes must be implemented as approved.

Ecological Management Plan

9.—(1) No stage of the authorised development is to commence until for that stage a written ecological management plan reflecting the survey results and ecological mitigation and enhancement measures included in the environmental statement, in particular to accord with paragraph 5.2.1 of section 5 (Mitigation & Prediction of Effects) of Technical Appendix C (Ecology) to Volume II of the environmental statement, has been submitted to, and approved in writing by, the relevant planning authority.

(2) The ecological management plan must include an implementation timetable and must be carried out as approved.

Alteration, reconstruction or replacement of buildings

10. No alteration, reconstruction or replacement of a building is to be carried out under article 5 (maintenance of authorised development) except in accordance with plans and specifications approved (after consultation) in writing by the relevant planning authority.

Alteration, reconstruction or replacement of level crossings

11.—(1) Within 12 months of the commencement of the operation of the authorised development a report on the optimisation of the operation and risk assessments of the level crossings on the Askern Line between the authorised development and the Norton level crossing must be submitted to, and agreed in writing by, the Office of Rail Regulation and made available to the relevant local highway authority.

(2) Before commencement of the removal of the level crossing at Honey Lands Lane a report on the amendments to and risk assessment of the Owston Grange Farm No. 1 crossing both during construction and in final operational form must be submitted to, and agreed in writing by, the Office of Rail Regulation and made available to the relevant highway authority.

Amendments to approved details

12. With respect to any requirement which requires the authorised development to be carried out in accordance with the details approved by the relevant planning authority, the approved details are taken to include any amendments that may subsequently be approved in writing by the relevant planning authority.

Flood Risk Assessment and Piling Method Statement

13.—(1) The authorised development must be carried out in accordance with the approved Flood Risk Assessment document reference 3.2 version 3 dated May 2011 (Mott MacDonald) and the mitigation measures detailed in that document.

(2) No piling works for any part of the authorised development are to commence until a method statement for the piling works has been submitted to, and approved in writing by, the Environment

Agency. Any piling works carried out in relation to the authorised development must be carried out in accordance with the approved method statement.

SCHEDULE 3

Article 10

STREETS SUBJECT TO TEMPORARY ALTERATION OF LAYOUT

<i>(1)</i> <i>Area</i>	<i>(2)</i> <i>Street subject to alteration of layout</i>	<i>(3)</i> <i>Description of alteration</i>
Doncaster Metropolitan Borough	Rockley Lane	<p>Create new passing bays between points PB1-PB2, PB3-PB4, PB5-PB6, PB7-PB8 and PB9-PB10 shown on the design drawings (Temporary Works).</p> <p>Widen street between point WS1 and WS2 (Holme Lane and Storrs Lane) to accommodate traffic shown on the design drawings (Temporary Works).</p>
	Holme Lane	<p>Create new passing bays between point PB11-PB12, PB13-PB14 and PB15-PB16 shown on the design drawings (Temporary Works).</p>

STREETS TO BE TEMPORARILY STOPPED UP

<i>(1)</i> <i>Area</i>	<i>(2)</i> <i>Street to be temporarily stopped up</i>	<i>(3)</i> <i>Extent of temporary stopping up</i>
Doncaster Metropolitan Borough	Rockley Lane	Between points A and B
	Southbound lane of A19 at junction of Rockley Lane	Between points C and D
	Holme Lane	Between points E and F
	Southbound lane of A19 at junction of Holme Lane	Between points G and H
	Private (unnamed) access track	Between points J and K
	Storrs Lane	Between points L and M
	Rockley Lane	Rockley Lane between Storrs Lane and Holme Lane between points N and P
	Joan Croft Lane	Between points Q and R
	Applehurst Lane	Between points X and Y
Applehurst Lane	Between points Y and Z	

SCHEDULE 7

Article 19

REPLACEMENT AND CLOSURE OF LEVEL CROSSINGS

<i>(1)</i> Area	<i>(2)</i> Level crossing to be discontinued	<i>(3)</i> Street to be stopped up	<i>(4)</i> New street to be substituted
Doncaster Metropolitan Borough	Joan Croft Level Crossing	Joan Croft Lane over the level crossing and the south eastern section of Joan Croft Lane between points V and W	New access to be provided over new highway bridge over railway line (Work No.8) between points S and U via point T
	Owston Grange No. 1 Level Crossing	Stopping up of the farm access between points 1, 2 and 3	New boundary and farm access to be provided between point 1 and point 4, point 4 and point 5, and point 5 and point 3

SCHEDULE 8

Article 24(2)

LAND IN WHICH ONLY NEW RIGHTS ETC. MAY BE ACQUIRED

<i>(1)</i> <i>Number of land shown on Land Plan</i>	<i>(2)</i> <i>Purpose for which rights over the land may be acquired</i>
37a	Right to construct, keep, maintain, protect, use and renew the authorised development
47a	Right to construct, keep, maintain, protect, use and renew the authorised development
68	Right to construct, keep, maintain, protect, use and renew the authorised development
73a	Right to construct, keep, maintain, protect, use and renew the authorised development
87, 87a, 88, 90, 91 and 92	Right to construct, keep, maintain, protect, use and renew the authorised development

MODIFICATION OF COMPENSATION AND COMPULSORY PURCHASE ENACTMENTS FOR CREATION OF NEW RIGHTS

Compensation enactments

1. The enactments for the time being in force with respect to compensation for the compulsory purchase of land apply, with the necessary modifications as respects compensation, in the case of a compulsory acquisition under this Order of a right by the creation of a new right as they apply as respects compensation on the compulsory purchase of land and interests in land.

2.—(1) Without limitation on the scope of paragraph 1, the Land Compensation Act 1973(a) has effect subject to the modifications set out in sub-paragraphs (2) and (3).

(2) In section 44(1) (compensation for injurious affection), as it applies to compensation for injurious affection under section 7 of the 1965 Act as substituted by paragraph 4—

- (a) for the words “land is acquired or taken” there are substituted the words “a right over land is purchased”; and
- (b) for the words “acquired or taken from him” there are substituted the words “over which the right is exercisable”.

(3) In section 58(1) (determination of material detriment where part of house etc. proposed for compulsory acquisition), as it applies to determinations under section 8 of the 1965 Act as substituted by paragraph 5—

- (a) for the word “part” in paragraphs (a) and (b) there are substituted the words “a right over land consisting”;
- (b) for the word “severance” there are substituted the words “right over the whole of the house, building or manufactory or of the house and the park or garden”;
- (c) for the words “part proposed” there are substituted the words “right proposed”; and
- (d) for the words “part is” there are substituted the words “right is”.

Application of the 1965 Act

3.—(1) The 1965 Act has effect with the modifications necessary to make it apply to the compulsory acquisition under this Order of a right by the creation of a new right as it applies to the compulsory acquisition under this Order of land, so that, in appropriate contexts, references in that Act to land are read (according to the requirements of the particular context) as referring to, or as including references to—

- (a) the right acquired or to be acquired; or
- (b) the land over which the right is or is to be exercisable.

(2) Without limitation on the scope of sub-paragraph (1), Part 1 of the 1965 Act applies in relation to the compulsory acquisition under this Order of a right by the creation of a new right with the modifications specified in the following provisions of this Schedule.

4. For section 7 of the 1965 Act (measure of compensation in case of severance) there is substituted the following section—

“7. In assessing the compensation to be paid by the acquiring authority under this Act, regard must be had not only to the extent (if any) to which the value of the land over which the right is to be acquired is depreciated by the acquisition of the right but also to the

(a) 1973 c. 26.

damage (if any) to be sustained by the owner of the land by reason of its severance from other land of the owner, or injuriously affecting that other land by the exercise of the powers conferred by this or the special Act.”

5. For section 8 of the 1965 Act (other provisions as to divided land) there is substituted the following section—

“8.—(1) Where in consequence of the service on a person under section 5 of this Act of a notice to treat in respect of a right over land consisting of a house, building or manufactory or of a park or garden belonging to a house (“the relevant land”)—

- (a) a question of disputed compensation in respect of the purchase of the right would apart from this section fall to be determined by the Upper Tribunal (“the tribunal”); and
- (b) before the tribunal has determined that question the tribunal is satisfied that the person has an interest in the whole of the relevant land and is able and willing to sell that interest, and—
 - (i) where that land consists of a house, building or manufactory, that the right cannot be purchased without material detriment to that land; or
 - (ii) where that land consists of such a park or garden, that the right cannot be purchased without seriously affecting the amenity or convenience of the house to which that land belongs,

the Network Rail (North Doncaster Chord) Order 2012^(a) (“the Order”), in relation to that person, ceases to authorise the purchase of the right and is deemed to authorise the purchase of that person’s interest in the whole of the relevant land including, where the land consists of such a park or garden, the house to which it belongs, and the notice is deemed to have been served in respect of that interest on such date as the tribunal directs.

(2) Any question as to the extent of the land in which the Order is deemed to authorise the purchase of an interest by virtue of subsection (1) of this section is to be determined by the tribunal.

(3) Where in consequence of a determination of the tribunal that it is satisfied as mentioned in subsection (1) of this section the Order is deemed by virtue of that subsection to authorise the purchase of an interest in land, the acquiring authority may, at any time within the period of 6 weeks beginning with the date of the determination, withdraw the notice to treat in consequence of which the determination was made; but nothing in this subsection prejudices any other power of the authority to withdraw the notice.”

6. The following provisions of the 1965 Act (which state the effect of a deed poll executed in various circumstances where there is no conveyance by persons with interests in the land), that is to say—

- (a) section 9(4) (failure by owners to convey);
- (b) paragraph 10(3) of Schedule 1 (owners under incapacity);
- (c) paragraph 2(3) of Schedule 2 (absent and untraced owners); and
- (d) paragraphs 2(3) and 7(2) of Schedule 4 (common land),

are modified so as to secure that, as against persons with interests in the land which are expressed to be overridden by the deed, the right which is to be compulsorily acquired is vested absolutely in the acquiring authority.

7. Section 11 of the 1965 Act (powers of entry) is modified so as to secure that, as from the date on which the acquiring authority has served notice to treat in respect of any right it has power, exercisable in equivalent circumstances and subject to equivalent conditions, to enter for the purpose of exercising that right (which is deemed for this purpose to have been created on the date

(a) S.I. 2012/2635

of service of the notice); and sections 12 (penalty for unauthorised entry) and 13 (entry on warrant in the event of obstruction) of the 1965 Act are modified correspondingly.

8. Section 20 of the 1965 Act (protection for interests of tenants at will, etc.) applies with the modifications necessary to secure that persons with such interests in land as are mentioned in that section are compensated in a manner corresponding to that in which they would be compensated on a compulsory acquisition under this Order of that land, but taking into account only the extent (if any) of such interference with such an interest as is actually caused, or likely to be caused, by the exercise of the right in question.

9. Section 22 of the 1965 Act (interests omitted from purchase) is modified so as to enable the acquiring authority, in circumstances corresponding to those referred to in that section, to continue to be entitled to exercise the right acquired, subject to compliance with that section as respects compensation.

SCHEDULE 10

Article 30

LAND OF WHICH TEMPORARY POSSESSION MAY BE TAKEN

<i>(1)</i> <i>Location</i>	<i>(2)</i> <i>Number of land shown on the land plans</i>	<i>(3)</i> <i>Purposes for which temporary possession may be taken</i>	<i>(4)</i> <i>Relevant part of the authorised development</i>
Doncaster Metropolitan Borough	1, 5	Worksite and access for construction	Work No 2
	5a, 5b, 5c, 5d, 5e	Temporary passing bay for construction route	Work Nos 1, 4, 5, 6
	6, 12	Worksite and access for construction	Work Nos 3A, 3B
	12a, 12b, 12c	Temporary passing bay for construction route	Work Nos 1, 4, 5, 6
	13, 14, 15,16	Worksite and access for construction	Work Nos 1, 4, 5, 6
	19, 21 ,23	Worksite and access for construction	Work Nos 1, 4, 5, 6
	24	Worksite and access for construction	Work Nos 1, 4, 5, 6
	28, 29, 32, 35	Worksite and access for construction	Work Nos 1, 4, 5, 6

TRAFFIC REGULATION

Prohibition of driving

<i>(1)</i> <i>Road</i>	<i>(2)</i> <i>Extent</i>	<i>(3)</i> <i>Notes</i>
A19 at junction with Rockley Lane	The southbound lane of the A19 between points C and D shown on the street plans	To maintain traffic flow during construction of junction widening works
A19 at junction with Holme Lane	The southbound lane of the A19 between points G and H shown on the street plans	To maintain traffic flow during construction of junction widening works

PROTECTIVE PROVISIONS

PART 1

FOR THE PROTECTION OF ELECTRICITY, GAS, WATER AND SEWERAGE UNDERTAKERS

1. For the protection of the undertakers referred to in this Part of this Schedule, the following provisions, unless otherwise agreed in writing between Network Rail and the undertaker concerned, have effect.

2. In this Part of this Schedule—

“alternative apparatus” means alternative apparatus adequate to enable the undertaker in question to fulfil its statutory functions in a manner not less efficient than previously;

“apparatus” means—

- (a) in the case of an electricity undertaker, electric lines or electrical plant (as defined in the Electricity Act 1989(a)), belonging to or maintained by that undertaker;
- (b) in the case of a gas undertaker, any mains, pipes or other apparatus belonging to or maintained by a gas transporter for the purposes of gas supply;
- (c) in the case of a water undertaker, mains, pipes or other apparatus belonging to or maintained by that undertaker for the purposes of water supply; and
- (d) in the case of a sewerage undertaker—
 - (i) any drain or works vested in the undertaker under the Water Industry Act 1991(b); and
 - (ii) any sewer which is so vested or is the subject of a notice of intention to adopt given under section 102(4) of that Act or an agreement to adopt made under section 104 of that Act,

and includes a sludge main, disposal main (within the meaning of section 219 of that Act) or sewer outfall and any manholes, ventilating shafts, pumps or other accessories forming part of any such sewer, drain or works,

and includes any structure in which apparatus is or is to be lodged or which gives or will give access to apparatus;

“functions” includes powers and duties;

“in”, in a context referring to apparatus or alternative apparatus in land, includes a reference to apparatus or alternative apparatus under, over or upon land; and

“undertaker” means—

- (e) any licence holder within the meaning of Part 1 of the Electricity Act 1989;
- (f) a gas transporter within the meaning of Part 1 of the Gas Act 1986(c);
- (g) a water undertaker within the meaning of the Water Industry Act 1991; and
- (h) a sewerage undertaker within the meaning of Part 1 of the Water Industry Act 1991,

(a) 1989 c. 29.

(b) 1991 c. 56.

(c) 1986 c. 44. A new section 7 was substituted by section 5 of the Gas Act 1995 (c.45), and was further amended by section 76 of the Utilities Act 2000 (c. 27).

for the area of the authorised development, and in relation to any apparatus, means the undertaker to whom it belongs or by whom it is maintained.

3. This Part of this Schedule does not apply to apparatus in respect of which the relations between Network Rail and the undertaker are regulated by the provisions of Part 3 of the 1991 Act.

4. Regardless of any provision in this Order or anything shown on the land plans, Network Rail must not acquire any apparatus otherwise than by agreement.

5.—(1) If, in the exercise of the powers conferred by this Order, Network Rail acquires any interest in any land in which any apparatus is placed, that apparatus must not be removed under this Part of this Schedule and any right of an undertaker to maintain that apparatus in that land must not be extinguished until alternative apparatus has been constructed and is in operation to the reasonable satisfaction of the undertaker in question.

(2) If, for the purpose of executing any works in, on or under any land purchased, held, appropriated or used under this Order, Network Rail requires the removal of any apparatus placed in that land, it must give to the undertaker in question written notice of that requirement, together with a plan and section of the work proposed, and of the proposed position of the alternative apparatus to be provided or constructed and in that case (or if in consequence of the exercise of any of the powers conferred by this Order an undertaker reasonably needs to remove any of its apparatus) Network Rail must, subject to sub-paragraph (3), afford to the undertaker the necessary facilities and rights for the construction of alternative apparatus in other land of Network Rail and subsequently for the maintenance of that apparatus.

(3) If alternative apparatus or any part of such apparatus is to be constructed elsewhere than in other land of Network Rail, or Network Rail is unable to afford such facilities and rights as are mentioned in sub-paragraph (2), in the land in which the alternative apparatus or part of such apparatus is to be constructed, the undertaker in question must, on receipt of a written notice to that effect from Network Rail, as soon as reasonably possible use its best endeavours to obtain the necessary facilities and rights in the land in which the alternative apparatus is to be constructed.

(4) Any alternative apparatus to be constructed in land of Network Rail under this Part of this Schedule is to be constructed in such manner and in such line or situation as may be agreed between the undertaker in question and Network Rail or in default of agreement settled by arbitration in accordance with article 44 (arbitration).

(5) The undertaker in question must, after the alternative apparatus to be provided or constructed has been agreed or settled by arbitration in accordance with article 44, and after the grant to the undertaker of any such facilities and rights as are referred to in sub-paragraph (2) or (3), proceed without unnecessary delay to construct and bring into operation the alternative apparatus and subsequently to remove any apparatus required by Network Rail to be removed under the provisions of this Part of this Schedule.

(6) Regardless of anything in sub-paragraph (5), if Network Rail gives notice in writing to the undertaker in question that it desires itself to execute any work, or part of any work in connection with the construction or removal of apparatus in any land of Network Rail, that work, instead of being executed by the undertaker, must be executed by Network Rail without unnecessary delay under the superintendence, if given, and to the reasonable satisfaction of, the undertaker.

(7) Nothing in sub-paragraph (6) authorises Network Rail to execute the placing, installation, bedding, packing, removal, connection or disconnection of any apparatus, or execute any filling around the apparatus (where the apparatus is laid in a trench) within 300 millimetres of the apparatus.

6.—(1) Where, in accordance with the provisions of this Part of this Schedule, Network Rail affords to an undertaker facilities and rights for the construction and maintenance in land of Network Rail of alternative apparatus in substitution for apparatus to be removed, those facilities and rights are to be granted upon such terms and conditions as may be agreed between Network Rail and the undertaker in question or in default of agreement settled by arbitration in accordance with article 44 (arbitration).

(2) In settling those terms and conditions in respect of alternative apparatus to be constructed in or along any railway of Network Rail, the arbitrator must—

- (a) give effect to all reasonable requirements of Network Rail for ensuring the safety and efficient operation of the railway and for securing any subsequent alterations or adaptations of the alternative apparatus which may be required to prevent interference with any proposed works of Network Rail or the traffic on the railway; and
- (b) so far as it may be reasonable and practicable to do so in the circumstances of the particular case, give effect to the terms and conditions, if any, applicable to the apparatus constructed in or along the railway for which the alternative apparatus is to be substituted.

(3) If the facilities and rights to be afforded by Network Rail in respect of any alternative apparatus, and the terms and conditions subject to which those facilities and rights are to be granted, are in the opinion of the arbitrator less favourable on the whole to the undertaker in question than the facilities and rights enjoyed by it in respect of the apparatus to be removed and the terms and conditions to which those facilities and rights are subject, the arbitrator must make such provision for the payment of compensation by Network Rail to that undertaker as appears to the arbitrator to be reasonable having regard to all the circumstances of the particular case.

7.—(1) Not less than 28 days before starting the execution of any works of the type referred to in paragraph 5(2) that are near to, or will or may affect, any apparatus the removal of which has not been required by Network Rail under paragraph 5(2), Network Rail must submit to the undertaker in question a plan, section and description of the works to be executed.

(2) Those works are to be executed only in accordance with the plan, section and description submitted under sub-paragraph (1) and in accordance with such reasonable requirements as may be made in accordance with sub-paragraph (3) by the undertaker for the alteration or otherwise for the protection of the apparatus, or for securing access to it, and the undertaker is entitled to watch and inspect the execution of those works.

(3) Any requirements made by an undertaker under sub-paragraph (2) must be made within a period of 21 days beginning with the date on which a plan, section and description under sub-paragraph (1) are submitted to it.

(4) If an undertaker in accordance with sub-paragraph (3) and in consequence of the works proposed by Network Rail, reasonably requires the removal of any apparatus and gives written notice to Network Rail of that requirement, paragraphs 1 to 6 apply as if the removal of the apparatus had been required by Network Rail under paragraph 5(2).

(5) Nothing in this paragraph precludes Network Rail from submitting at any time or from time to time, but in no case less than 28 days before commencing the execution of any works, a new plan, section and description instead of the plan, section and description previously submitted, and having done so the provisions of this paragraph apply to and in respect of the new plan, section and description.

(6) Network Rail is not required to comply with sub-paragraph (1) in a case of emergency but in that case it must give to the undertaker in question notice as soon as is reasonably practicable and a plan, section and description of those works as soon as reasonably practicable subsequently and must comply with sub-paragraph (2) in so far as is reasonably practicable in the circumstances.

8.—(1) Subject to the following provisions of this paragraph, Network Rail must repay to an undertaker the reasonable expenses incurred by that undertaker in, or in connection with, the inspection, removal, alteration or protection of any apparatus or the construction of any new apparatus which may be required in consequence of the execution of any such works as are referred to in paragraph 5(2).

(2) The value of any apparatus removed under the provisions of this Part of this Schedule is to be deducted from any sum payable under sub-paragraph (1), that value being calculated after removal.

(3) If in accordance with the provisions of this Part of this Schedule—

- (a) apparatus of better type, of greater capacity or of greater dimensions is placed in substitution for existing apparatus of worse type, of smaller capacity or of smaller dimensions; or
- (b) apparatus (whether existing apparatus or apparatus substituted for existing apparatus) is placed at a depth greater than the depth at which the existing apparatus was,

and the placing of apparatus of that type or capacity or of those dimensions or the placing of apparatus at that depth, as the case may be, is not agreed by Network Rail or, in default of agreement, is not determined by arbitration in accordance with article 44 (arbitration) to be necessary, then, if such placing involves cost in the construction of works under this Part of this Schedule exceeding that which would have been involved if the apparatus placed had been of the existing type, capacity or dimensions, or at the existing depth, as the case may be, the amount which apart from this sub-paragraph would be payable to the undertaker in question by virtue of sub-paragraph (1) is to be reduced by the amount of that excess.

(4) For the purposes of sub-paragraph (3)—

- (a) an extension of apparatus to a length greater than the length of existing apparatus must not be treated as a placing of apparatus of greater dimensions than those of the existing apparatus; and
- (b) where the provision of a joint in a cable is agreed, or is determined to be necessary, the consequential provision of a jointing chamber or of a manhole must be treated as if it also had been agreed or had been so determined.

(5) An amount which apart from this sub-paragraph would be payable to an undertaker in respect of works by virtue of sub-paragraph (1) must, if the works include the placing of apparatus provided in substitution for apparatus placed more than 7 years and 6 months earlier so as to confer on the undertaker any financial benefit by deferment of the time for renewal of the apparatus in the ordinary course, be reduced by the amount which represents that benefit.

9.—(1) Subject to sub-paragraphs (2) and (3), if by reason or in consequence of the construction of any such works referred to in paragraph 5(2), any damage is caused to any apparatus (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of those works) or property of an undertaker, or there is any interruption in any service provided, or in the supply of any goods, by any undertaker, Network Rail must—

- (a) bear and pay the cost reasonably incurred by that undertaker in making good such damage or restoring the supply; and
- (b) make reasonable compensation to that undertaker for any other expenses, loss, damages, penalty or costs incurred by the undertaker,

by reason or in consequence of any such damage or interruption.

(2) Nothing in sub-paragraph (1) imposes any liability on Network Rail with respect to any damage or interruption to the extent that it is attributable to the act, neglect or default of an undertaker, its officers, servants, contractors or agents.

(3) An undertaker must give Network Rail reasonable notice of any such claim or demand and no settlement or compromise is to be made without the consent of Network Rail which, if it withholds such consent, has the sole conduct of any settlement or compromise or of any proceedings necessary to resist the claim or demand.

10. Nothing in this Part of this Schedule affects the provisions of any enactment or agreement regulating the relations between Network Rail and an undertaker in respect of any apparatus laid or erected in land belonging to Network Rail on the date on which this Order is made.

PART 2
FOR THE PROTECTION OF OPERATORS OF ELECTRONIC
COMMUNICATIONS CODE NETWORKS

11. For the protection of any operator, the following provisions, unless otherwise agreed in writing between Network Rail and the operator, have effect.

12. In this Part of this Schedule—

“the 2003 Act” means the Communications Act 2003**(a)**;

“conduit system” has the same meaning as in the electronic communications code and references to providing a conduit system are to be construed in accordance with paragraph 1(3A) of that code;

“electronic communications apparatus” has the same meaning as in the electronic communications code;

“the electronic communications code” has the same meaning as in Chapter 1 of Part 2 of the 2003 Act**(b)**;

“electronic communications code network” means—

(a) so much of an electronic communications network or conduit system provided by an electronic communications code operator as is not excluded from the application of the electronic communications code by a direction under section 106 of the 2003 Act; and

(b) an electronic communications network which the Secretary of State is providing or proposing to provide;

“electronic communications code operator” means a person in whose case the electronic communications code is applied by a direction under section 106 of the 2003 Act; and

“operator” means the operator of an electronic communications code network.

13. The exercise of the powers of article 32 (statutory undertakers) are subject to paragraph 23 of Schedule 2 to the Telecommunication Act 1984**(c)** (undertaker’s works).

14.—(1) Subject to sub-paragraphs (2) to (4), if as the result of the authorised development or their construction, or of any subsidence resulting from any of those works—

(a) any damage is caused to any electronic communications apparatus belonging to an operator (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of those works, or other property of an operator); or

(b) there is any interruption in the supply of the service provided by an operator, Network Rail must bear and pay the cost reasonably incurred by the operator in making good such damage or restoring the supply and must—

(i) make reasonable compensation to an operator for loss sustained by it; and

(ii) indemnify an operator against claims, demands, proceedings, costs, damages and expenses which may be made or taken against, or recovered from, or incurred by, an operator by reason, or in consequence of, any such damage or interruption.

(2) Nothing in sub-paragraph (1) imposes any liability on Network Rail with respect to any damage or interruption to the extent that it is attributable to the act, neglect or default of an operator, its officers, servants, contractors or agents.

(3) The operator must give Network Rail reasonable notice of any such claim or demand and no settlement or compromise of the claim or demand may be made without the consent of Network Rail which, if it withholds such consent, has the sole conduct of any settlement or compromise or of any proceedings necessary to resist the claim or demand.

(a) 2003 c. 21
(b) See section 106.
(c) 1984 c. 12.

(4) Any difference arising between Network Rail and the operator under this Part of this Schedule is to be referred to and settled by arbitration under article 44 (arbitration).

(5) This Part of this Schedule does not apply to—

- (a) any apparatus in respect of which the relations between Network Rail and an operator are regulated by the provisions of Part 3 of the 1991 Act; or
- (b) any damages, or any interruptions, caused by electro-magnetic interference arising from the construction or use of the authorised development.

(6) Nothing in this Part of this Schedule affects the provisions of any enactment or agreement regulating the relations between Network Rail and an undertaker in respect of any apparatus laid or erected in land belonging to Network Rail on the date on which this Order is made.

PART 3

FOR THE PROTECTION OF THE ENVIRONMENT AGENCY

15.—(1) For the protection of the Agency, the following provisions, unless otherwise agreed in writing between Network Rail and the Agency, have effect.

(2) In this Part of this Schedule—

“the Agency” means the Environment Agency;

“construction” includes execution, placing, altering, replacing, relaying and removal and “construct” and “constructed” are construed accordingly;

“drainage work” means any watercourse and includes any land which provides or is expected to provide flood storage capacity for any watercourse and any bank, wall, embankment or other structure, or any appliance, constructed or used for land drainage, flood defence or tidal monitoring and any ancillary works constructed as a consequence of works carried out for drainage purposes;

“the fishery” means any waters containing fish and fish in such waters and the spawn, habitat or food of such fish;

“plans” includes sections, drawings, specifications and method statements;

“specified work” means so much of any work or operation authorised by this Order as is in, on, under, over or within 16 metres of a drainage work or is otherwise likely to—

- (a) affect any drainage work or the volumetric rate of flow of water in or flowing to or from any drainage work;
- (b) affect the flow, purity or quality of water in any watercourse or other surface waters or ground water;
- (c) cause obstruction to the free passage of fish or damage to any fishery; or
- (d) affect the conservation, distribution or use of water resources; and

“watercourse” includes all rivers, streams, ditches, drains, cuts, culverts, dykes, sluices, sewers and passages through which water flows except a public sewer.

16.—(1) Before beginning to construct any specified work, Network Rail must submit to the Agency plans of the specified work and such further particulars available to it as the Agency may within 28 days of the receipt of the plans reasonably require.

(2) Any such specified work must not be constructed except in accordance with such plans as may be approved in writing by the Agency, or determined under paragraph 26.

(3) Any approval of the Agency required under this paragraph—

- (a) must not be unreasonably withheld or delayed;
- (b) is deemed to have been given if it is neither given nor refused within 2 months of the submission of the plans for approval or receipt of further particulars if such particulars

have been required by the Agency and, in the case of a refusal, accompanied by a statement of the grounds of refusal; and

- (c) may be given subject to such reasonable requirements as the Agency may make for the protection of any drainage work or the fishery or for the protection of water resources, or for the prevention of flooding or pollution or in the discharge of its environmental duties.

(4) The Agency must use its reasonable endeavours to respond to the submission of any plans before the expiration of the period mentioned in sub-paragraph (3)(b).

17. Without limitation on the scope of paragraph 16 but subject always to the provision of that paragraph as to reasonableness, the requirements which the Agency may make under that paragraph include conditions requiring Network Rail at its own expense to construct such protective works, whether temporary or permanent, before or during the construction of the specified works (including the provision of flood banks, walls or embankments or other new works and the strengthening, repair or renewal of existing banks, walls or embankments) as are reasonably necessary—

- (a) to safeguard any drainage work against damage; or
- (b) to secure that its efficiency for flood defence purposes is not impaired and that the risk of flooding is not otherwise increased,

by reason of the specified work.

18.—(1) Subject to sub-paragraph (2), the specified work, and all protective works required by the Agency under paragraph 17, must be constructed—

- (a) without unnecessary delay in accordance with the plans approved or deemed to have been approved or settled under this Part of this Schedule; and
- (b) to the reasonable satisfaction of the Agency,

and an officer of the Agency is entitled to watch and inspect the construction of such works.

(2) Network Rail must give to the Agency not less than 14 days' notice in writing of its intention to commence construction of any specified work and notice in writing of its completion not later than 7 days after the date on which it is completed.

(3) If the Agency reasonably requires, Network Rail must construct all or part of the protective works so that they are in place prior to the construction of any specified work.

(4) If any part of a specified work or any protective work required by the Agency is constructed otherwise than in accordance with the requirements of this Part of this Schedule, the Agency may by notice in writing require Network Rail at Network Rail's own expense to comply with the requirements of this Part of this Schedule or (if Network Rail so elects and the Agency in writing consents, such consent not to be unreasonably withheld or delayed) to remove, alter or pull down the work and, where removal is required, to restore the site to its former condition to such extent and within such limits as the Agency reasonably requires.

(5) Subject to sub-paragraph (6) and paragraph 22, if within a reasonable period, being not less than 28 days from the date when a notice under sub-paragraph (4) is served upon Network Rail, it has failed to begin taking steps to comply with the requirements of the notice and subsequently to make reasonably expeditious progress towards their implementation, the Agency may execute the works specified in the notice and any expenditure incurred by it in so doing is recoverable from Network Rail.

(6) In the event of any dispute as to whether sub-paragraph (4) is properly applicable to any work in respect of which notice has been served under that sub-paragraph, or as to the reasonableness of any requirement of such a notice, the Agency must not except in emergency exercise the powers conferred by sub-paragraph (5) until the dispute has been finally determined.

19.—(1) Subject to sub-paragraph (6), Network Rail must from the commencement of the construction of the specified works maintain in good repair and condition and free from obstruction any drainage work which is situated within the limits of deviation and on land held by Network Rail for the purposes of or in connection with the specified works, whether or not the drainage work is constructed under the powers conferred by this Order or is already in existence.

(2) If any such drainage work which Network Rail is liable to maintain is not maintained to the reasonable satisfaction of the Agency, the Agency may by notice in writing require Network Rail to repair and restore the work, or any part of such work, or (if Network Rail so elects and the Agency in writing consents, such consent not to be unreasonably withheld or delayed), to remove the work and restore the site to its former condition, to such extent and within such limits as the Agency reasonably requires.

(3) Subject to paragraph 22, if, within a reasonable period being not less than 28 days beginning with the date on which a notice in respect of any drainage work is served under sub-paragraph (2) on Network Rail, Network Rail has failed to begin taking steps to comply with the reasonable requirements of the notice and has not subsequently made reasonably expeditious progress towards their implementation, the Agency may do what is necessary for such compliance and may recover any expenditure reasonably incurred by it in so doing from Network Rail.

(4) If there is any failure by Network Rail to obtain consent or comply with conditions imposed by the Agency in accordance with the provisions of this Part of this Schedule the Agency may serve written notice requiring Network Rail to cease all or part of the specified works and Network Rail must cease the specified works or part of them until it has obtained the consent or complied with the condition unless the cessation of the specified works or part of them would cause greater damage than compliance with the written notice.

(5) In the event of any dispute as to the reasonableness of any requirement of a notice served under sub-paragraph (2), the Agency must not except in a case of emergency exercise the powers conferred by sub-paragraph (3) until the dispute has been finally determined.

(6) This paragraph does not apply to drainage works which are vested in the Agency, or which the Agency or another person is liable to maintain and is not prescribed by the powers of the Order from doing so.

20. Subject to paragraph 22, if by reason of the construction of any specified work or of the failure of any such work the efficiency of any drainage work for flood defence purposes is impaired, or that drainage work is otherwise damaged, such impairment or damage must be made good by Network Rail to the reasonable satisfaction of the Agency and if Network Rail fails to do so, the Agency may make good the same and recover from Network Rail the expense reasonably incurred by it in so doing.

21.—(1) Network Rail must take all such measures as may be reasonably practicable to prevent any interruption of the free passage of fish in the fishery during the construction of any specified work.

(2) If by reason of—

- (a) the construction of any specified work; or
- (b) the failure of any such work,

damage to the fishery is caused, or the Agency has reason to expect that such damage may be caused, the Agency may serve notice on Network Rail requiring it to take such steps as may be reasonably practicable to make good the damage, or, as the case may be, to protect the fishery against such damage.

(3) Subject to paragraph 22, if within such time as may be reasonably practicable for that purpose after the receipt of written notice from the Agency of any damage or expected damage to a fishery, Network Rail fails to take such steps as are described in sub-paragraph (2), the Agency may take those steps and may recover from Network Rail the expense reasonably incurred by it in doing so.

(4) Subject to paragraph 22, in any case where immediate action by the Agency is reasonably required in order to secure that the risk of damage to the fishery is avoided or reduced, the Agency may take such steps as are reasonable for the purpose, and may recover from Network Rail the reasonable cost of so doing provided that notice specifying those steps is served on Network Rail as soon as reasonably practicable after the Agency has taken, or commenced to take, the steps specified in the notice.

22.—(1) Nothing in paragraphs 18(4), 19(3), 20, 21(3) and (4) authorises the Agency to execute works on or affecting an operational railway forming part of Network Rail’s network without the prior consent in writing of Network Rail.

(2) Consent under paragraph 1 must not be unreasonably withheld or delayed and Network Rail is deemed to have given its consent if it has not refused consent within 2 calendar months of receiving a written request by the Agency.

23. Network Rail must indemnify the Agency in respect of all costs, charges and expenses which the Agency may reasonably incur or have to pay or which it may sustain—

- (a) in the examination or approval of plans under this Part of this Schedule; and
- (b) in the inspection of the construction of the specified works or any protective works required by the Agency under this Part of this Schedule; and
- (c) the carrying out of any surveys or tests by the Agency which are reasonably required in connection with the construction of the specified works.

24.—(1) Without affecting the other provisions of this Part of this Schedule, Network Rail must indemnify the Agency from all claims, demands, proceedings, costs, damages, expenses or loss, which may be made or taken against, recovered from, or incurred by, the Agency by reason of—

- (a) any damage to any drainage work so as to impair its efficiency for the purposes of flood defence;
- (b) any damage to the fishery;
- (c) any raising or lowering of the water table in land adjoining the authorised development or any sewers, drains and watercourses;
- (d) any flooding or increased flooding of any such lands; or
- (e) inadequate water quality in any watercourse or other surface waters or in any groundwater,

which is caused by the construction of any of the specified works or any act or omission of Network Rail, its contractors, agents or employees whilst engaged upon the work.

(2) The Agency must give to Network Rail reasonable notice of any such claim or demand and no settlement or compromise may be made without the agreement of Network Rail which agreement must not be unreasonably withheld or delayed.

25. The fact that any work or thing has been executed or done by Network Rail in accordance with a plan approved or deemed to be approved by the Agency, or to its satisfaction, or in accordance with any directions or award of an arbitrator, does not relieve Network Rail from any liability under the provisions of this Part of this Schedule.

26. Any dispute arising between Network Rail and the Agency under this Part of this Schedule, if the parties agree, is to be determined by arbitration under article 44 (arbitration), but otherwise is to be determined by the Secretary of State for Environment, Food and Rural Affairs and the Secretary of State for Transport acting jointly on a reference to them by Network Rail or the Agency, after notice in writing by one to the other.

EXPLANATORY NOTE

(This note is not part of the Order)

This Order authorises Network Rail Infrastructure Limited (referred to in this Order as Network Rail) to construct and operate a new section of railway, running partly on embankment and partly on viaduct, to the north of Doncaster.

The purpose of this Order is to construct a new 3.2 kilometre twin track railway chord to pass over the East Coast Main Line connecting directly the Skellow and Askern railway lines. The new chord would provide a direct cross-country route for freight trains and remove the need for those slow moving freight trains to have to travel along the East Coast Main Line railway. This will provide greater capacity and efficiency for high speed passenger trains using the East Coast Main Line.

The Order would permit Network Rail to acquire, compulsorily or by agreement, land and rights in land and to use land for this purpose.

The Order also makes provision in connection with the maintenance of the new section of railway.

A copy of the plans and sections and the book of reference mentioned in this Order and certified in accordance with article 42 of this Order (certification of plans, etc.) may be inspected free of charge during working hours at the offices of the Company Secretary and Solicitor to Network Rail Infrastructure Limited at Kings Place, 90 York Way, London N1 9AG.
