Subject: The London Resort: advance notice of an EIA scoping request

Date: 28 May 2020 16:12:46

RESORT Order Limits 5 MB 27.5.20.pdf Attachments:

Dear

The London Resort

The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 Regulation 10: application for a scoping opinion

On behalf of London Resort Company Holdings Limited (LRCH), the promoter of the London Resort project, I give advance notice of the intention to apply for a new EIA scoping opinion for the project.

You will recall that the Secretary of State issued an EIA scoping opinion for the project in December 2014. Considerable time has passed since then and new EIA Regulations were published in 2017, amending the requirements for EIA. More recently, the Order Limits for the London Resort project have been extended to include two areas of land in Tilbury, on the northern side of the River Thames, that the 2014 scoping opinion obviously did not address. For these reasons LRCH has concluded that it would be appropriate to request a new EIA scoping opinion.

A GIS shapefile compliant with the guidelines in section 6 of the Planning Inspectorate's Advice Note Seven: Environmental Impact Assessment: Process, Preliminary Environmental Information and Environmental Statements is enclosed to identify the land for which the scoping request is made. For ease of reference I also enclose a pdf showing the draft DCO Order Limits.

I hope this is sufficient for current purposes. Please call me if clarification is required.

Yours sincerely,

Savills, Wessex House, Priors Walk, East Borough, Wimborne, BH21 1PB

Subject: The London Resort - intention to submit an environmental statement

Date: 01 June 2020 12:58:04

The London Resort

The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 Regulation 8(1)(b) - Notice of intention to provide an environmental statement with the DCO application

Thank you for your e-mail message of 29 May 2020.

On behalf of London Resort Company Holdings Limited (LRCH) I confirm the Applicant's intention to submit an environmental statement with the DCO application for the London Resort project. Because LRCH formally confirmed its intention to submit an ES in 2014, albeit under the previous EIA Regulations, I didn't restate this intention but am happy to provide formal confirmation in accordance with Reg 8(1)(b) of the 2017 Regulations.

In respect of the timing of LRCH's scoping report submission, this will be towards the end of the w/c 8 June 2020 or early in the week that follows – certainly beyond the ten day minimum notification period.

Please don't hesitate to contact me if you have any gueries in the meantime.

Yours sincerely

Savills, Wessex House, Priors Walk, East Borough, Wimborne, BH21 1PB
