Subject: Please please don't allow the destruction to our beautiful wildlife

Dear Sir/Madam

I am not an intelligent man and I can't dazzle you with facts and figures but I do know that we need to protect our fast disappearing beautiful wildlife. It is beneficial of course to the animals that live there, and my personal view is that animals have just as much of a right to keep there home and habitat as we do, but it is also immensely beneficial to all us humans mental health and physical wellbeing. And as we are in a mental health crisis we need every help we can. Please please, I beg you, please don't allow the building of this theme park.

Thank you so much

Neil Victor
