

Dear Mr Smith

In the '[Sections 89\(3\) and 89\(4\) - Response to Consultation, Advice and Procedural Decisions on Examination Procedure and Timing](#)' letter dated 1st February 2022, it is requested that, *"IPs and APs are also requested to submit their own list of list of engagements (consultation and meetings) with the applicant undertaken between 1 February and 10 March 2022, recording the attendance, purpose, scope and method of each engagement and summarising conclusions and agreements reached. If prepared, these lists should be submitted to the ExA by 15 March 2022."*

Buglife, CPRE Kent, Kent Wildlife Trust and the RSPB are working jointly in our engagement with the forthcoming examination where possible, as has been the case with previous submissions to PINS regarding the London Resort.

I can confirm that there has been no attempted consultation from London Resort Company Holdings (LRCH), or their representatives, with Buglife, CPRE Kent, Kent Wildlife Trust or the RSPB since the issue of the letter. The situation remains that we have not had any consultation with LRCH, their ecologists, or any other proxy since the very start of the NSIP process. This is despite Buglife, Kent Wildlife Trust and the RSPB being included in the initial '[Schedule of Consultation](#)' dated May 2021 and all subsequent updated versions. CPRE Kent has [previously requested](#) to be added as a consultee, but this amendment to the Schedule of Consultation has not been made.

Please do not hesitate to contact us should you have any questions or require further information

Yours sincerely
Jamie Robins (Buglife)
