Dear Sir/Madam

**Application by Triton Knoll Offshore Windfarm Limited for a Non-Material Change Application to the Triton Knoll Offshore Wind Farm Order 2013**

In considering the non-material change application for The Triton Knoll Offshore Wind Farm Order 2013, the Secretary of State requested further information from the Applicant to allow him to undertake a Habitats Regulation Assessment of the likely significant effect of the Project both alone and in-combination with other plans and projects. This information can be viewed at:

<https://infrastructure.planninginspectorate.gov.uk/projects/east-midlands/triton-knoll-offshore-wind-farm/?ipcsection=docs>

The Secretary of State invites views from **Natural England, the Joint Nature Conservation Committee, The Wildlife Trusts, Whale and Dolphin Conservation, the World Wildlife Fund** and the **Royal Society for the Protection of Birds** on the Applicant's information submitted on 25 May and 21 June 2018.

**The deadline for a response is 12 July 2018.**

The response should be submitted by email to [beiseip@beis.gov.uk](mailto:beiseip@beis.gov.uk). Please send any hard copy response to BEIS, Energy Infrastructure Planning Team, Level 3 Orchard 2, 1 Victoria Street, London SW1H 0ET. If you will have difficulty in submitting a response by the consultation deadline, please inform the Project Team.

Your response will be published on the Triton Knoll Offshore Wind Farm project page of the Planning Inspectorate website as soon as possible after 12 July 2018.

This letter is without prejudice to the Secretary of State's decision whether or not to grant the request for non-material changes to The Triton Knoll Offshore Wind Farm Order 2013, and nothing in this letter is to be taken to imply what that decision might be.

Yours faithfully,

*Gareth Leigh*

Gareth Leigh,  
Head of Energy Infrastructure Planning
