Dear Ursula

Thank you for your quick response.

Please note that letter ref EN010007-000819 was sent to you in error and the correct letter for you was EN010007-000823; therefore please disregard EN010007-000819. Again, apologies if this has caused confusion.

Kind regards
Hannah

Dear Ms Pratt,

thank you for your e-mails. We confirm the receipt of your letters with Ref. Nr. EN010007-000819 and EN010007-000823, both of 1 February 2017.

We are looking forward to receive the application.

In Austria the EIA procedures including transboundary matters are carried out by the federal provinces (Länder). The EIA authorities are responsible for providing the documents to the public. The comments received by the EIA authorities will be sent to the AT Espoo point of contact which will pass on the comments to the examining authority respectively the authority named by UK.

Please be aware that in addition to the consultation period additional time for organisational issues regarding the implementation of the public participation (sending the application to the EIA authorities in AT, organisation of public announcements in newspapers by the EIA authorities, collecting and sending comments) is required.

Thank you and kind regards

Ursula
