PLANNING INSPECTORATE REFERENCE: EN010007

1. Notice is hereby given that, at the dates, times and location set out below, issue specific hearings will be held by the Examining Authority (appointed by the Secretary of State) for the examination of the application made by Horizon Nuclear Power Wylfa Ltd ('Applicant') for a Development Consent Order ('DCO') for the Wylfa Newydd Power Station ('Application').

The Application was made to the Secretary of State (via the Planning Inspectorate) under section 37 of the Planning Act 2008 and was accepted by the Planning Inspectorate (on behalf of the Secretary of State) for examination on 28 June 2018. The Application has been given the reference number EN010007.

Summary of the project

2. The Applicant seeks a DCO to authorise the construction and operation of Wylfa Newydd, a new nuclear power station on Anglesey with a capacity of up to 3100 megawatts, and associated development ('Wylfa Newydd DCO Project'). The principal components of the Wylfa Newydd DCO Project are:

a. The Power Station which includes two UK Advanced Boiling Water Reactors, the Cooling Water System, supporting facilities, buildings, plant and structures, radioactive waste and spent fuel storage buildings and a connection to the national grid.

b. Other on-site development including landscape works and planting, drainage, surface water management systems, public access works including temporary and permanent closures and diversions of public rights of way, new Power Station Access Road and internal site roads, car parking, construction

works and activities including construction compounds and temporary parking areas, laydown areas, working areas and temporary works and structures, temporary construction viewing area, diversion of utilities, perimeter and construction fencing, and electricity connections.

c. Marine Works comprising:

- Permanent Marine Works including the Cooling Water System, the Marine Off-loading Facility, breakwater structures, shore protection works, surface water drainage outfalls, waste water effluent outfall (and associated drainage of surface water and waste water effluent to the sea), fish recovery and return system, fish deterrent system, navigation aids and dredging.

- Temporary Marine Works including temporary cofferdams, a temporary access ramp, temporary navigation aids, temporary outfalls and a temporary barge berth.

d. Off-site Power Station Facilities: comprising the Alternative Emergency Control Centre, Environmental Survey Laboratory and a Mobile Emergency Equipment Garage.

e. Associated Development comprising:

- the Site Campus for worker accommodation within the Wylfa Newydd Development Area;

- temporary Park and Ride facility at Dalar Hir for construction workers;

- temporary Logistics Centre at Parc Cybi;

- the A5025 Off-line Highway Improvements;

- Wetland habitat creation and enhancement works at Tŷ Du, Cors Gwawr and Cae Canol-dydd.

3. The application also seeks various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and

other public rights of way including the permanent closure of Cemlyn Road.
