Subject: Comments on document EN010007-003088-18
Date: 13 March 2019 09:52:34

I am given to understand that the DCO submitted by Horizon includes a Statement of Common Ground between Horizon and National Grid, document reference EN010007-003088-18, which refers to a 400 kV overhead line. You will be aware that the North Wales Connection project has now been cancelled by National Grid. This was confirmed by the Planning Inspectorate on February 20th 2019. Consequently some elements of the above document are now no longer correct. Just one example being section 1.2.3 which reads "National Grid is promoting a second 400kV connection between the Wylfa and Pentir substations." There are many more.

It would be wholly inappropriate for any development consent order for [REDACTED] [REDACTED] to include reference to overhead lines specifically. There is no technical, energy or planning need for transmission to be via overhead lines. Revision of this document is needed to reflect National Grid's decision to cancel their connection project in its entirety.

I would ask you to ensure that National Grid and Horizon make appropriate revisions to this, and any other, documents, to remove all reference to overhead lines, before the examination of [REDACTED] DCO is complete.

Yours sincerely,
Councillor Dylan Rees
