

Brechfa Forest West Wind Farm

Find out how to register and make a representation

Drop in Sessions

The Infrastructure Planning Commission (IPC) is the independent body that examines applications for consent to develop major infrastructure projects.

An application has been received from RWE Npower Renewables for a wind farm within the Brechfa Forest area in Carmarthenshire.

The IPC is holding a series of events to help people with an interest in this proposal to understand the planning process, when to register and how to make a representation to the IPC.
