3 January 2019

Dear Mr White,

New Nuclear Development at Sizewell

Notification of Proposed Application: section 46 Planning Act 2008

NNB Nuclear Generation (SZC) Limited (referred to in this letter as EDF Energy) intends to apply for a Development Consent Order (DCO) for a new nuclear power station development at Sizewell in Suffolk (known as Sizewell C) together with associated development located both on and off-site.

As part of the process leading to this application, EDF Energy is carrying out a multi-stage pre-application consultation exercise in accordance with the Planning Act 2008. Stage 1 of EDF Energy's consultation took place from November 2012 to February 2013 and Stage 2 took place from November 2016 to February 2017. We are now launching our Stage 3 consultation. EDF Energy has not yet decided on the date for the submission of the DCO application, which will be submitted by NNB Nuclear Generation (SZC) Limited.

Section 42 Consultation Documentation

Under section 46 of the Planning Act 2008, EDF Energy is required to supply the Planning Inspectorate with copies of the section 42 consultation material. I therefore enclose (in both hard copy and on USB) the full suite of Stage 3 consultation material sent to section 42 consultees, which consists of:

- Stage 3 Consultation Document – this explains our proposals, options and preliminary environmental information.
- Stage 3 Consultation Summary Document (including a Questionnaire).

These documents are being made available (through a combination of hard and electronic copies) to all section 42 consultees and Stage 3 consultation shall commence on 4 January 2019, ending on 29 March 2019.

Section 47 Statement of Community Consultation and Section 48 Publicity

EDF Energy has decided to carry out Stage 3 consultation with section 42 consultees, section 47 local community consultees and the section 48 publicity in parallel.

In addition to providing access to the above consultation material, EDF Energy has also made available a summary document for the local community, which is enclosed with this letter in hard copy and on the USB.

Also enclosed is EDF Energy's Updated Statement of Community Consultation, which was made available for inspection by the public in October 2012 pursuant to section 47(6) of the Planning Act 2008.

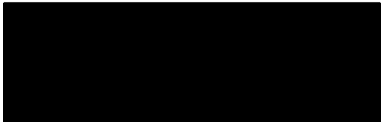

Notification of Proposed Provision of Environmental Statement

EDF Energy also hereby notifies the Planning Inspectorate that it intends to provide an environmental statement in respect of the Sizewell C proposals, which will be submitted with the DCO application.

If you have any immediate queries please contact Carly Vince, Chief Planning Officer (carly.vince@nnb-edfenergy.com).

Yours sincerely,

Jim Crawford
Sizewell C Project Development Director
