Subject: Re: Notification in relation to the Convention on Environmental Impact Assessment in a Transboundary Context (the "Espoo Convention")

Dear Giulia,

After consulting our regional authorities, we decided that Poland will not participate in the procedure under paragraphs 5 to 8 of Article 3 and Articles 4 to 7 of the Espoo Convention and Article 7 of the EIA Directive in relation to a new nuclear power station at Sizewell C, Leiston, Suffolk, England.

Nonetheless, Poland wishes to be kept informed about this application.

An official letter on this matter will be forwarded shortly.

Kind regards,

Zuzanna Majewska

Dear Ingrid,

I acknowledge the recipient of the notification regarding a new nuclear power station at Sizewell C, Leiston, Suffolk, England, dated on 31 October 2019.

First of all, I would like to thank you for provided information.

I need to forward all information and materials on planned project to our regional authority, which is in charge of public participation to asses properly if Polish territory might be affected and thus we need to be involved in the EIA process. If yes- we will submit comments on the project and possible cross border environmental impacts to be examined in the environmental assessment report from the public and authorities in Poland.

To properly inform the public, we need to translate fragments of documentation into Polish.

Nevertheless, we will give you our statement no later than 12th December 2019.

Kind regards,

Zuzanna
