Contact By: email

Details of Land (if different from person's postal address)

Further Information

Essex County Council sit next to Suffolk and the implications of this development across County boundaries are significant,

defined as both Council's are on the \"energy coast\". Essex is also working on proposals for a similar NSIP at Bradwell and the two organisations are working in partnership over combined proposals. Essex and Suffolk have a long established relationship in working together over a number of initiatives over a wide range of topics in the eastern region.
