Dear Sir/Madam

Thank you for consulting JNCC on the application for the Sizewell C Project, which we received on 24/011/2020.

JNCC has responsibility for nature conservation in the offshore marine environment, which begins at the edge of territorial waters and extends to the UK Continental Shelf (UKCS).

As this activity is onshore / inshore therefore, Natural England should provide a full response.

As such JNCC have not reviewed this application and will not be providing further comment.

Kind regards,

Jon Connon

JNCC have been monitoring the outbreak of COVID-19 closely and developed a response plan. As a result, the vast majority of our staff are working from home and adhering to the government's advice on social distancing and travel restrictions. Whilst we are taking these actions we are available for business as usual. We will respond to enquiries as promptly as possible. However, there may be some delays due to the current constraints and we ask for your understanding and patience.
