---

Dear Sir/Madam

As a registered interested party, **Unique Reference: 20025830**, I recently received an email including a link to the Rule 6 Letter from the Examining Authority for Sizewell C. This link invited me to attend/speak at the Preliminary Meeting along with a draft Examination Timetable and other important information.

Whilst I see no need to wish speak at the preliminary meeting I would like to raise the following :

Agenda Item 4 covers Initial Assessment of Principal Issues to be examined. However, it is not clear if this based on Relevant Representations by September 2020 or whether it will also include any additional or different issues arising from SZC's submission of revised proposals made after September 2020.

To enable informed representations on the Principal Issues during the examination, it would be helpful to have the above clarified . This would ensure that the list of Principal issues is as comprehensive as possible and give certainty as to which submissions/versions of the SZC proposals future representations are to be made.

Although I see no need to speak at the Preliminary Meeting, please could you advise whether it will be possible to attend just to listen.

I understand from the Rule 6 Letter that

**'you are not required to make oral or written submissions at the Preliminary Meeting in order to participate in the Examination'**

As an IP I understand I will be given further opportunity to make written submissions during the Examination. Further information on how to do this will be included in the Rule 8 letter sent by email after the Preliminary meeting. Please can you advise if this will be automatic and whether I will need to register to attend/listen to the virtual examination.

Many thanks  
Susan Stone
