

SOUTHWOLD TOWN COUNCIL

Cllr. Ian R. Bradbury
TOWN MAYOR

7 APRIL 2021

Dear Sirs,

SIZEWELL 'C' DCO

This is a very last minute plea for the start of the SCZ DCO to be delayed.

With candidates for Suffolk CC elections engaged in electioneering, and current councillors bared from speaking about current strategic matters of Policy in public, the period of *Purdah*, there will be a delay until Cabinet appointments are made and it is unlikely that there will be a Suffolk CC lead in place before the end of May.

Further, it has just been announced that the SPR Examination of EA1N and EA2 has been extended until 6 July. This will have a significant impact on individuals taking part in both and place added burdens on Interested Parties - I would suggest to their disadvantage.

And with PINS not deciding whether to accept EDF's new proposals until after the Examination is due to have started, it would seem to make sense that this decision is brought in line with a time-table of realism.

Yours faithfully,

Ian R. Bradbury (Cllr.)
Town Mayor
