**Date:** 12 May 2021 18:58:59

---

Good afternoon,

**Unique Reference: SIZE-AFP042**

[REDACTED]  
I shall not be able to attend the Open Floor Hearings.

I return to the UK [REDACTED] [REDACTED] [REDACTED]

Can I please request (in no particular order):

1. I should like to be involved in the Accompanied Site Visit of the SLR on 19<sup>th</sup> August since it dissects our farmland in two places.
2. I should like the opportunity to speak at (any) Issue Specific Hearing regarding the SLR – again as a directly affected party. Here, I should like to involve our ‘expert witness’ Paul Zanna of Create Consulting Engineers Ltd.
3. I am concerned about the efficacy of survey work carried out by Arcadis (on behalf of the Applicant) regarding Barbastelle bats on the SLR alignment – here I would involve our ‘expert witness’ Roger Buisson of BSG Ecology.
4. I should like it known by the PINS Inspectors that [REDACTED] has held awards from Suffolk Agricultural Association both for ‘**Best Small Farm**’ and ‘**Award for Best Conservation**’ for the last two years – upon which the SLR will inflict permanent damage and severance
5. Please note that Gregory Jones QC is no longer representing our interests – this will be done by me personally with the above mentioned Experts and Mike Horton of Savills as our Land Agent

I apologise if this is not exactly the correct method of notification, but thank you in advance for your assistance

I shall of course complete and submit detailed Representation updates prior to 2<sup>nd</sup> June upon my return to the UK.

Kind regards,  
David Grant

[REDACTED]
