Deadline 2 – 2 June 2021

East Suffolk Council response to comments on Relevant
Representations

East Suffolk Council 20026200

This is ESC's comments on the Applicant's Relevant Representations report [[REP1-013](#)] submitted by the Applicant at Deadline 1, as invited by the ExA.

However, these comments will be short as ESC, along with SCC, has submitted the joint Local Impact Report [[REP1-045](#)] at Deadline 1 which has sought to fully detail outstanding areas where further detail is required from the Applicant or where ESC is currently in disagreement with the Applicant. We therefore do not have anything specific we consider necessary to draw the ExA's attention to arising from the Applicant's Relevant Representations Report [[REP1-013](#)]

East Suffolk Council will not be submitting a Written Representation at Deadline 2 as we consider the LIR sufficiently represents our current position with regards to the project and we have nothing that needs amplifying further.
