

Submission ID: 2272

I attach 2 images from St peter's Church one looking west with an approximate route of the SLR through open cuntryside and the other looking East toward existing power stations showing the wooded landscape which will be destroyed by the construction site and borrow pits

View looking west from St Peter's Forest across open country side.
The red line depicts the approximate route of the proposed air-curtain through fields.

VIEW LOOKING EAST FROM ST PETERS TOWARD THE EXISTING POWER STATION
WHICH WILL BE DESTROYED BY CONSTRUCTION SITE AND BOMBAY TEE.
