Dear Wendy McKay,

The Woodland Trust would like to take the opportunity to respond to the question posed by the Planning Inspectorate in relation to the Sizewell C Project consent order application. The Trust's response is as follows:

HE.1.24: Please confirm, on an annotated plan, the location of the veteran oak tree which may be lost due to the proposed SLR, as referred to in [RR-1213].

Unfortunately, due to technical difficulties that the Trust is currently experiencing, we are unable to provide detailed mapping at this time. However, please find attached a screenshot of the veteran oak tree's location on the Woodland Trust's Ancient Tree Inventory website:

The veteran tree in question is recorded as 48978, at grid reference: TM40376750.

We hope that the following is sufficient to answer the Examining Authority's question, however please do not hesitate to get in touch if further information is required.

Yours sincerely,

Nicole Hillier
