Dear Sir/Madam ,
I have been requested by my land agent Clark and Simpson to provide information to the applicant (EDF) with regard to our water supply .

I can confirm we do have a private well which has a depth of 15.8m . Water is pumped via an electric pump and used for agricultural purposes at present . We have a mains supply connected which we use for domestic purposes . The well is accessed via a manhole cover situated behind our house to the left of the back door .
