**SZC SUPPLY CHAIN WORK PLAN**

20210601-SZC Supply Chain Work Plan Jun-Dec 2021

1 June 2021

SZC Co Supply Chain Personnel

## **SUFFOLK CHAMBER OF COMMERCE – SIZEWELL C SUPPLY CHAIN ENGAGEMENT WORK PLAN JUN- DEC 2021**

### **Introduction**

1. Suffolk Chamber of Commerce (SCoC) is uniquely positioned between SZC Co and the Suffolk local and regional supply chain and has been commissioned by SZC Co to conduct Supply Chain Engagement. SCoC is required to communicate with supply chain providers and deliver events on behalf of SZC Co. The following document articulates the strategy that SCoC Supply Chain Engagement Team will apply in order to maintain and manage supply chain communication and the approach to event delivery.

### **Background**

2. SCoC developed and built the local/regional supplier data portal [www.sizewellcsupplychain.co.uk](http://www.sizewellcsupplychain.co.uk). Local supply chain engagement activity has identified local suppliers and their capability and encouraged enrolment on to the data portal to deliver a consolidated database of service providers to SZC Co. SCoC Supply Chain Co-ordinator maintains the portal to ensure accurate and timely information to Tier 1 and Tier 2 contractors regarding supply chain capability in order that, when searching the portal, they are able to map work packages to local and regional service providers.

### **KPI**

3. The necessity to include KPI is recognised as a way of measuring progress and supporting the team's accountability for meeting specific outputs. However, until such time as the Final Investment Decision (FID) is made by SZC Co, specific metrics will not be applied to the team. Once FID is made by SZC Co and the viability and authorisation for the project has been confirmed by HMG, the Head of SZC Supply Chain Engagement, in consultation with the SZC Senior Supply Chain Lead, specific metrics will be laid out.

### **Work Plan**

4. This Work Plan is designed to be used as a framework for the Suffolk Chamber of Commerce's Supply Chain Engagement Team to focus their outputs in support of the Sizewell C Project. This document is neither rigid nor comprehensive and may need to be flexible in response to changing circumstances in project progression. This document is

## The Voice of Business

agnostic of leadership changes but will be supportive as a handover document as required. The Work Plan is not linked to KPIs.

5. The activities within this plan or neither time-barred nor programmed but represent a reasonable snap-shot of Business as Usual (BAU) for the Sizewell C Supply Chain Engagement team.

6. In consultation with the Sizewell C Senior Supply Chain Lead, this document should be refreshed every 6 months to ensure that tactical delivery of the over-arching strategic aims of the Sizewell C Project are maintained by the Sizewell C Supply Chain Engagement Team.

7. The key outputs of this work plan are as follows:

a. **Supply Chain Engagement.** It is essential to the continuing viability of the local and regional supply chain that the breadth of capabilities and the number of registered companies on the supply chain database, continues to increase. Increasing breadth, capability and volume maximises the opportunities for local and regional businesses to win work at Sizewell C. To support this goal, SCoC will conduct gap analysis on all portal capabilities to assess areas of need and conduct targeted engagement to ensure that businesses with under-represented capabilities can be attracted to register.

b. **Stakeholder Management.** As an extension of the existing remit, there remains the requirement for SCoC to conduct continued relationship management with existing Supply Chain Portal registered businesses and positive engagement with the local business community maintain their interest in, and understanding of, the Sizewell C Project.

c. **Stakeholder Mapping.** In order to support the SCoC's engagement role it is important to have a profound understanding of the local and regional business landscape. Mapping this landscape will be a force multiplier to this understanding and highlight all organisations that will play a role as stakeholders as the project progresses. These include, but are not limited to, other county and regional Chambers and membership organisations who we can mutually support to help understand the opportunities. The stakeholder map will be a live document that will keep being added to.

d. **Work Package Supplier Matching.** To support the delivery of a local and regional supply chain, the SCoC will undertake work package supplier matching services on behalf of the project. Throughout the project, SCoC will be presented with work packages by Civil Works and MEH alliance companies. SCoC will interrogate the supply chain portal to match registered companies with the necessary capabilities to those work packages before present a return to the requester. This service maximises the exposure of local and regional companies to the civil works alliance and increases the opportunity for them to win contracts.

e. **Supply Chain Analysis.** In response to a supplier matching request, to present the civil works or MEH alliance with a comparative understanding of company capabilities, SCoC will conduct an analysis of the breadth of fields related to each company. This analysis will help present an understanding of each company in terms of size, scalability, turnover and breadth of capabilities. This analysis presents an indicative understanding of each company only and should not be used for suitability assessment purposes.

f. **Communications:** SCoC will conduct engagement of local companies via a range of marketing and communications mechanisms to sign up to the Sizewell C supply chain portal, participate in Sizewell C supply chain related events/training/education/adviser sessions.

i. In addition, SCoC agrees to actively publicise local business 'Good News Stories' arising from their participation in SZC and/or the Associated Developments<sup>50</sup>.

ii. In consultation with SZC Co, the SCoC Supply Chain Engagement team will support SZC Co in actively publicising local business 'good news' stories arising from their participation in SZC and/or associated developments. Existing communication channels will be used, such as Chamber Voice, joint media releases and social media, whilst other interactive platform use will be explored.

g. **Event Planning and Delivery**<sup>51</sup>: SCoC agrees to organise and deliver targeted events articulated in Annex A. This series of events will bring together the buyer and supplier communities, building their networks and creating opportunities for organisations to discuss research and collaboration for the nuclear new build contracts.

h. **Skills:** Whilst this area sits with Suffolk County Council, and the FE and HE institutions, the SCoC can support by way of running a series of skills events, including:

i. Apprenticeships and School fairs – meet SZC Co and T1s – careers of the future.

ii. Recruitment fairs, be that direct opportunities for people to hear from T1s regarding skills needs and job opportunities.

8. Concurrent to the above defined activity, and the fundamental role of SCoC, will be supporting and advising the local and regional business community with regards to preparedness to support the Sizewell C Project. SCoC will also use our pivotal position between the local and regional business community and Sizewell C, to draw together key stakeholder organisations for mutually beneficial engagement opportunities.

20210601- SZC Supply Chain Work Plan Jun-Dec 2021  
Dated 1 June 2021

## PROPOSED SZC SUPPLY CHAIN ENGAGEMENT EVENTS

1. To support the local and regional supply chain, SCoC will deliver events<sup>52</sup> that advise the local and regional business community how to align themselves to be in a more advantageous position to be able to win contracts in support of the Sizewell C Project . These events will be spread throughout the year<sup>53</sup> and will continue to increase awareness and understanding regarding the requirements to support the Sizewell C Supply Chain.

2. Some events such as Meet the Buyer events should be timed to coincide with strategic milestones or the programme of works as per the TORPS.
