---

Good evening,

Please take this as my short email as a Walberswick resident for more than 20 years as a strong objection to this going ahead, affecting not only the critical wildlife in the area, Increasing traffic, and many, many more daily disruptions to local families for years that such a small rare area of natural British beauty cannot take without being severely scarred.

Thank you for taking our objections seriously.

Best,

Miranda Waller  
Founder of Jean & Temple
