Dear Michelle,

TASC request that the Planning Inspectorate would consider accepting this submission of a short video of test trains, using the Sizewell branch-line for EDF on August 5<sup>th</sup>, 2020. The footage was taken at Clay Hills Crossing, IP17 2PN and shows empty trucks and two engines at crossing.

Apologies for the late submission but feel it could be helpful.

Kind regards

Jenny Kirtley

TASC Deputy Chair
