

East of England Ambulance Service NHS Trust

Hammond Road

Bedford

MK41 0RG

Date 23rd July 2021

Our Ref: SZC/ZM

DEADLINE 5

Written Representation: Strategic Relationship Protocol between SZC Co. and East of England Ambulance Service Trust

In reference to the draft Strategic Relationship Protocol between SZC Co. and East of England Ambulance Service Trust

EEAST has the additions it wishes to be considered by the applicant:

- Community Safety Working Group

3.1.11 To add wording to ensure the governance and timing of Transport Review Group (TRG) and Community Safety Working Group (CSWG) enables contribution by CSWG/emergency services to engage on highway modifications in a timely manner ie ahead of decisions being made eg tie-ins of associated development

3.1.4 To add wording as agreed in the Statement of Common Ground in support of ambulance response times:

1) explore opportunities for highway improvements funded by the transport contingent funds to include operationally appropriate ambulance response post; and

2) explore opportunities to utilise SZC Co.'s associated development sites (eg park and rides) as appropriate locations for ambulance response post (including whether electrical charging could be provided, toilets and refreshment facilities shared).

3.1.6 Managing Health and Safety

To add bullet point wording

- Linking in with the ambulance service to agree a set of procedures and protocols for SZC Co. or contractor TMIC (trauma and medical immediate care training) or other first responder to incidents to ensure a seamless handover of patients.
