INFRASTRUCTURE PLANNING

The Sizewell C (Nuclear Generating Station) Order 202[]

Made - - - - *******

Coming into force *******

CONTENTS

PART 1

General provisions

Preliminary

1.	Citation and commencement	7
2.	Interpretation	7

PART 2

PRINCIPAL POWERS

3.	Development consent etc granted by Order	15
4.	Vertical limits of deviation	15
5.	Effect of the Order on the Sizewell B relocated facilities permissions	15
6.	Maintenance of authorised development	16
7.	Authorisation of use	16
8.	Benefit of Order	16
9.	Consent to transfer benefit of Order	16
9A.	Enforcement of the Deed of Obligation	18
9B.	Modification and discharge of Deed of Obligation	18
10.	Defence to proceedings in respect of statutory nuisance	19

PART 3

STREETS

11.	Power to alter layout, etc., of streets	20
12.	Street works	20
13.	Application of the 1991 Act	21
14.	Permanent stopping up of streets, change of status, and extinguishment of private means of access	21
15.	Status of footpaths created or improved	23
16.	Benefit of permanent private means of access and private rights of way created	23
17.	Temporary closure of streets and private means of access	23
18.	Use of private roads for construction	24

19.	Access to works	24
20.	Construction and maintenance of new and altered streets	25
21.	Agreements with street authorities	25
22.	Traffic regulation measures	26

PART 4 SUPPLEMENTAL POWERS

23.	Discharge of water	27
24.	Protective work to buildings	28
25.	Authority to survey and investigate the land	29

PART 5 POWERS OF ACQUISITION AND POSSESSION OF LAND

26.	Compulsory acquisition of land	30
27.	Compulsory acquisition of land – incorporation of the mineral code	30
28.	Statutory authority to override easements and other rights	31
29.	Time limit for exercise of authority to acquire land compulsorily	31
30.	Compulsory acquisition of rights and imposition of restrictive covenants	31
31.	Private rights of way	32
32.	Application of the 1981 Act	33
33.	Acquisition of subsoil and airspace only	33
34.	Acquisition of part of certain properties	34
35.	Modification of the 1965 Act	35
36.	Rights under or over streets	36
37.	Temporary use of land for carrying out authorised development	36
38.	Time limit for exercise of authority to temporarily use land for carrying out the authorised development	38
39.	Temporary use of land for maintaining authorised development	38
40.	Statutory undertakers	39
41.	Apparatus and rights of statutory undertakers in stopped-up streets	39
41A.	Acquisition of wayleaves, easements and other rights	41
42.	Recovery of costs of new connections	41
43.	No double recovery	41
44.	Protective provisions	41
45.	Use of airspace within the Order limits	41

PART 6 HARBOUR POWERS

46.	Incorporation of the Harbours, Docks and Piers Clauses Act 1847	42
47.	Further powers as to works and extinguishment of rights	42
48.	Harbour authority	43
49.	Agreements entered into by the undertaker	43
50.	Application of Pilotage Act 1987	43
51.	Limits of harbour	43
52.	Application of Marine and Coastal Access Act 2009	43
53.	Obstruction of work	44
54.	Obstruction of officers	44

55.	Power to dredge	44
56.	Abatement of works abandoned or decayed	44
57.	Survey of marine works	45
58.	Lights on marine works etc. during construction	45
59.	Provision against danger to navigation	45
60.	Permanent lights on marine works	45
61.	Safety of navigation	45
62.	Rights to lease etc.	45
63.	Byelaws	45
64.	Confirmation of byelaws	47
65.	Power to make general directions to vessels	47
66.	Publication of general directions	48
67.	Power to make special directions to vessels	48
68.	Master's responsibility in relation to directions	48
69.	Failure to comply with directions	49
70.	Enforcement of special directions	49
71.	Boarding of vessels	49
72.	Charges	49
73.	Use of beach landing facilities	49
74.	Saving for Trinity House	49

PART 6A
DEEMED MARINE LICENCE

75.	Deemed marine licence under the 2009 Act	50
75A.	Appeals procedure in relation to deemed marine licence	50

PART 7
MISCELLANEOUS AND GENERAL

76.	Removal of human remains	51
77.	Application of landlord and tenant law	52
78.	Operational land for purposes of the 1990 Act	53
79.	Felling or lopping of trees and removal of hedgerows	53
80.	Certification of plans, etc.	53
81.	Service of notices	54
82.	Arbitration	55
83.	Procedure in relation to certain approvals etc.	55
84.	Application, exclusion and modification of legislative provisions	55
85.	Crown rights	55
86.	Marine enforcement authority	56

SCHEDULE 1 — Authorised Development	57
PART 1 — NUMBERED WORKS	57
PART 2 — OTHER ASSOCIATED DEVELOPMENT	67
SCHEDULE 2 — Requirements	70
SCHEDULE 3 — Land Plans	81

SCHEDULE 4 — Works Plans	83
SCHEDULE 5 — Rights of Way Plans	85
SCHEDULE 6 — Parameter Plans	87
SCHEDULE 7 — Approved Plans	88
PART 1 — Main development site and offshore works – Work Nos. 1, 2 and 3	88
PART 2 — Rail Infrastructure – Work No. 4	93
PART 3 — Sports facilities – Work No. 5	94
PART 4 — Northern park and ride – Work No. 9	94
PART 5 — Southern park and ride – Work No. 10	94
PART 6 — Two village bypass – Work No. 11	95
PART 7 — Sizewell link road – Work No. 12	95
PART 8 — Freight management facility – Work No, 13	97
PART 9 — Yoxford roundabout and other highway improvement works – Work Nos. 14, 15, 16 and 17	97
SCHEDULE 8 — Deemed approval of requirements relating to Sizewell B relocated facilities permission 1 and 2	99
PART 1 — Sizewell B relocated facilities permission 1	99
PART 2 — Sizewell B relocated facilities permission 2	99
SCHEDULE 9 — Streets subject to street works	100
SCHEDULE 10 — Streets to be permanently stopped up, changed in status or private means of access extinguished	102
PART 1 — BEING A STREET TO BE STOPPED UP OR PRIVATE MEANS OF ACCESS TO BE EXTINGUISHED FOR WHICH A SUBSTITUTE IS TO BE PROVIDED	102
PART 2 — BEING A PRIVATE MEANS OF ACCESS TO BE EXTINGUISHED FOR WHICH NO SUBSTITUTE IS TO BE PROVIDED	106
PART 3 — BEING A STREET TO BE SUBJECT TO A PERMANENT CHANGE OF STATUS	106
SCHEDULE 11 — Status of footpaths created or improved	109
SCHEDULE 12 — Benefit of permanent private means of access and private rights of way created	112
SCHEDULE 13 — Streets and private means of access to be temporarily closed	113
PART 1 — BEING STREETS TO BE TEMPORARILY CLOSED FOR WHICH A SUBSTITUTE IS NOT SPECIFIED	113
PART 2 — BEING STREETS AND PRIVATE MEANS OF ACCESS TO BE TEMPORARILY CLOSED FOR WHICH A SUBSTITUTE IS SPECIFIED	113
SCHEDULE 14 — Traffic Regulation Measures	116
SCHEDULE 15 — Limitation on powers of compulsory acquisition	126
PART 1 — LAND WHICH MAY NOT BE COMPULSORILY ACQUIRED	126
PART 2 — LAND IN RESPECT OF WHICH ONLY RIGHTS ETC MAY BE ACQUIRED	126
SCHEDULE 16 — Modification of compensation and compulsory purchase enactments for creation of new rights and imposition of restrictive covenants	127
SCHEDULE 17 — Land of which only temporary possession may be taken	131
SCHEDULE 17A — Acquisition of wayleaves, easements and other rights	134
PART 1 — ON BEHALF OF LICENCE HOLDERS	134
PART 2 — ON BEHALF OF CODE OPERATORS	136

PART 3 — ON BEHALF OF WATER AND SEWERAGE UNDERTAKERS	137
PART 4 — ON BEHALF OF GAS TRANSPORTERS	138
SCHEDULE 18 — Protective Provisions	140
PART 1 — PROTECTION FOR ELECTRICITY, GAS, WATER AND SEWERAGE UNDERTAKERS	140
PART 2 — PROTECTION FOR OPERATORS OF ELECTRONIC COMMUNICATIONS NETWORKS	144
PART 3 — NETWORK RAIL	146
PART 4 — FOR THE PROTECTION OF ANGLIAN WATER	153
PART 5 — FOR THE PROTECTION OF NATIONAL GRID AS ELECTRICITY UNDERTAKERS	155
PART 6 — FOR THE PROTECTION OF CADENT	162
PART 7 — FOR THE PROTECTION OF ESSEX AND SUFFOLK WATER	169
SCHEDULE 19 — Limits of Harbour	172
SCHEDULE 20 — Deemed Marine Licence under Part 4 (Marine Licensing) of the Marine and Coastal Access Act 2009	173
PART 1 — INTRODUCTION	173
PART 2 — LICENSED ACTIVITIES - GENERAL	175
PART 3 — CONDITIONS	178
PART 4 — DURING CONSTRUCTION, OPERATION AND MAINTENANCE	181
PART 5 — CO-ORDINATES	187
SCHEDULE 20A — Appeals procedure in relation to deemed marine licence	190
SCHEDULE 21 — Removal of important hedgerows	191
SCHEDULE 22 — Certified Documents	193
SCHEDULE 23 — Procedure for approvals, consents and appeals	195
SCHEDULE 24 — Miscellaneous Controls	198

An application has been made to the Secretary of State under section 37 of the Planning Act 2008 (the “2008 Act”**(a)**) and in accordance with the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 **(b)** for an Order under sections 114, 115 and 120 of the 2008 Act.

The application was examined by a Panel of [] members (“the Panel”) in accordance with Chapter 4 of Part 6 of the 2008 Act and the Infrastructure Planning (Examination Procedure) Rules **(c)**.

The Panel, having considered the application together with the documents that accompanied it and the representations made and not withdrawn, has submitted a report to the Secretary of State setting out its findings, conclusions and recommendations in respect of the application.

The Secretary of State, having considered the report and recommendations of the Panel, has decided to make an Order granting development consent for the development described in the

(a) 2008 c.29. Section 37 was amended by section 173(5) of, and paragraph 5 of Schedule 13 to the Localism Act 2011 (c.20). Parts 1 to 7 were amended by Chapter 6 of, and Part 1 of Schedule 13 to the Localism Act 2011 (c.20).
(b) S.I. 2009/2264, amended by S.I. 2010/439, S.I. 2010/602, S.I. 2012/635, S.I. 2012/1659, S.I. 2012/2654, S.I. 2012/2732, S.I. 2013/522, S.I. 2013/755, S.I. 2014/469, S.I. 2015/377, S.I. 2014/2381, S.I. 2015/1682, S.I. 2017/524 and S.I. 2017/572.
(c) S.I. 2010/103, amended by S.I. 2012/635.

application [with modifications which in the opinion of the Secretary of State do not make any substantial change to the proposals comprised within the application].

The Secretary of State in exercise of the powers conferred by section 114, 115 and 120 of the 2008 Act, makes the following Order:

PART 1
General provisions
Preliminary

Citation and commencement

1. This Order may be cited as the Sizewell C (Nuclear Generating Station) Order 20[] and comes into force on [].

Interpretation

2.—(1) In this Order, unless the context requires otherwise—

“the 1847 Act” means the Harbours, Docks and Piers Clauses Act 1847(a);

“the 1961 Act” means the Land Compensation Act 1961(b);

“the 1965 Act” means the Compulsory Purchase Act 1965(c);

“the 1980 Act” means the Highways Act 1980(d);

“the 1981 Act” means the Compulsory Purchase (Vesting Declarations) Act 1981(e);

“the 1984 Act” means the Road Traffic Regulation Act 1984(f);

“the 1990 Act” means the Town and Country Planning Act 1990(a);

-
- (a) 1847 c. 27. Sections 35 and 39 were amended by section 46 of the Criminal and Justice Act 1982 (c.48). There are other amendments made to the 1847 Act which are not relevant to this Order.
- (b) 1961 c. 33. Part 1 was amended by S.I. 2009/1307. Section 4A was inserted by the Housing and Planning Act 2016 (c.22). There are other amendments to the 1961 Act which are not relevant to this Order.
- (c) 1965 c. 56. Section 3 was amended by section 70 of, and paragraph 3 of Schedule 15 to, the Planning and Compensation Act 1991 (c. 34). Section 4 was amended by section 3 of, and Part 1 of Schedule 1 to, the Housing (Consequential Provisions) Act 1985 (c. 71). Section 5 was amended by sections 67 and 80 of, and Part 2 of Schedule 18 to, the Planning and Compensation Act 1991 (c. 34), section 192(2) of the Housing and Planning Act 2016 (c.22) and S.I. 2009/1307. Section 11 was amended by sections 186, 187(2) and 188 of, paragraph 3 of Schedule 16 to and paragraph 6 of Schedule 14 to the Housing and Planning Act 2016 (c.22) and S.I. 2009/1307. Subsection (1) of section 11 and sections 3, 31 and 32 were amended by section 34(1) of, and Schedule 4 to, the Acquisition of Land Act 1981 (c. 67) and by section 14 of, and paragraph 12(1) of Schedule 5 to, the Church of England (Miscellaneous Provisions) Measure 2006 (2006 No.1). Section 12 was amended by section 56(2) of, and Part 1 to Schedule 9 to, the Courts Act 1971 (c. 23). Section 13 was amended by section 139 of, paragraph 28 of Schedule 13 and paragraph 1 of Schedule 23 of the Tribunals, Courts and Enforcement Act 2007 (c. 15). Section 20 was amended by section 70 of, and paragraph 14 of Schedule 15 to, the Planning and Compensation Act 1991 (c. 34). Sections 9, 25 and 29 were amended by the Statute Law (Repeals) Act 1973 (c. 39). Section 31 was also amended by section 70 of, and paragraph 19 of Schedule 15 to, the Planning and Compensation Act 1991 (c. 34) and by section 14 of, and paragraph 12(2) of Schedule 5 to, the Church of England (Miscellaneous Provisions) Measure 2006 (2006 No.1). There are other amendments to the 1965 Act which are not relevant to this Order.
- (d) 1980 c. 66. Section 1(1) was amended by section 21(2) of the New Roads and Street Works Act 1991 (c. 22); sections 1(2), 1(3) and 1(4) were amended by section 8 of, and paragraph (1) of Schedule 4 to, the Local Government Act 1985 (c. 51); section 1(2A) was inserted, and section 1(3) was amended, by section 259 (1), (2) and (3) of the Greater London Authority Act 1999 (c. 29); sections 1(3A) and 1(5) were inserted by section 22(1) of, and paragraph 1 of Schedule 7 to, the Local Government (Wales) Act 1994 (c. 19). Section 36(2) was amended by section 4(1) of, and paragraphs 47(a) and (b) of Schedule 2 to, the Housing (Consequential Provisions) Act 1985 (c. 71), by S.I. 2006/1177, by section 4 of, and paragraph 45(3) of Schedule 2 to, the Planning (Consequential Provisions) Act 1990 (c. 11), by section 64(1), (2) and (3) of the Transport and Works Act (c. 42) and by section 57 of, and paragraph 5 of Part 1 of Schedule 6 to, the Countryside and Rights of Way Act 2000 (c. 37); section 36(3A) was inserted by section 64(4) of the Transport and Works Act 1992 and was amended by S.I. 2006/1177; section 36(6) was amended by section 8 of, and paragraph 7 of Schedule 4 to, the Local Government Act 1985 (c. 51); and section 36(7) was inserted by section 22(1) of, and paragraph 4 of Schedule 7 to, the Local Government (Wales) Act 1994 (c. 19). Section 64 was amended by section 102 of and Schedule 17 to the Local Government Act 1985 (c.51) and paragraph 1 of Schedule 9 to the New Roads and Street Works Act 1991 (c.22). Section 329 was amended by section 112(4) of, and Schedule 18 to, the Electricity Act 1989 (c. 29) and by section 190(3) of, and Part 1 of Schedule 27 to, the Water Act 1989 (c. 15). There are other amendments to the 1980 Act which are not relevant to this Order.
- (e) 1981 c.66
- (f) 1984 c.27. Section 32 was amended by sections 1, 2 and 8(1) and paragraph 4(6)(d) of Schedule 5 to the Local Government Act 1985 (c.51) and section 168(1) of, and paragraph 39 of Schedule 8 to, the 1991 Act. There are other amendments to the 1984 Act which are not relevant to this Order.

“the 1991 Act” means the New Roads and Street Works Act 1991**(b)**;

“the 2008 Act” means the Planning Act 2008**(c)**;

“the 2009 Act” means the Marine and Coastal Access Act 2009**(d)**;

“the 2015 Order” means the Town and Country Planning (General Permitted Development) (England) Order 2015**(e)**;

“3G Pitch” means third generation artificial grass pitches that are specifically designed to meet the needs of football and rugby by more closely replicating the playing characteristics of natural turf than historic artificial grass pitches;

“address” includes any number or address used for the purposes of electronic transmission;

“apparatus” unless otherwise provided for, has the same meaning as in Part 3 of the 1991 Act;

“appeal parties” means the discharging authority, the requirement consultee and the undertaker;

“Approved Plans” means the drawings certified as such by the Secretary of State under article 80 and identified in Schedule 7 of this Order or approved pursuant to a requirement;

“area of seaward construction activity” means the area of the sea within the Order limits shown on the Works Plans;

“Associated Development Design Principles” means the document certified by the Secretary of State as such under article 80;

“authorised development” means the development and associated development described in Schedule 1 (Authorised development) and any other development authorised by this Order which is development within the meaning of section 32 of the 2008 Act;

“Book of Reference” means the document certified by the Secretary of State as such under article 80;

“building” includes any structure or erection or any part of a building, structure or erection;

“capital dredging works” mean works which comprise the excavation of the seabed, in an area or down to a level (relative to Ordnance Datum) not previously dredged during the preceding 10 years;

“carriageway” has the meaning given in section 329 of the 1980 Act (interpretation);

“Code of Construction Practice” means the document certified by the Secretary of State as such under article 80;

“commence” means beginning to carry out any material operation, as defined in section 155 of the 2008 Act (when development begins), forming part, or carried out for the purposes, of the authorised development other than operations consisting of—

- (a) site preparation and clearance works (except for the removal of any important hedgerows identified in Schedule 21 (Removal of important hedgerows) to the extent shown on the plans identified in Schedule 21);
- (b) pre-construction archaeological works;
- (c) environmental surveys and monitoring;

(a) 1990 c. 8. Section 56(4) was amended by section 32 of, and paragraph 10(2) of Schedule 7 to, the Planning and Compensation Act 1991 (c. 34). Section 106 was substituted, and section 106A inserted, by section 12(1) of the Planning and Compensation Act 1991. Section 206(1) was amended by section 192(8) of, and paragraphs 7 and 11 of Schedule 8 to, the 2008 Act. Sections 272 to 274 and section 279 were amended by section 406(1) of, and paragraph 103 of Schedule 17 to, the Communications Act (c. 21), and section 280 was amended by section 406(1) of, and paragraph 104 of Schedule 17 to, that Act. Sections 272 to 274 were also amended by S.I. 2011/741 and S.I. 2012/2590. Section 282 was amended by S.I. 2009/1307. There are other amendments to the 1990 Act which are not relevant to this Order.

(b) 1991 c. 22. Section 48(3A) and Section 50 was inserted by section 124 of the Local Transport Act 2008 (c. 26). Part 3 of the 1991 Act was amended by Part 4 of the Traffic Management Act 2004 (c. 18) S.I. 2007/1890, S.I. 2007/1951 and S.I. 2007/3174. Section 74 2000 (c. 38). There are other amendments to the 1991 Act but they are not relevant to this Order.

(c) 2008 c. 29

(d) 2009 c. 23

(e) S.I. 2015/596

- (d) removal of hedgerows, trees and shrubs;(except for the removal of any important hedgerows identified in Schedule 21 (Removal of important hedgerows) to the extent shown on the plans identified in Schedule 21);
- (e) investigations for the purpose of assessing ground conditions;
- (f) diversion or laying of services;
- (g) remedial work in respect of any contamination or adverse ground conditions (excluding works including and associated with dewatering activities carried out as part of Work No. 1A(l), Work No. 1A(t) and Work No.1A(u) in Schedule 1);
- (h) receipt and erection of construction plant and equipment;
- (i) the temporary display of site notices and advertisements; and
- (j) erection of temporary buildings and structures (which for the purpose of this definition does not include Work No. 9(a) (northern park and ride), Work No. 10(a) (southern park and ride) or Work No. 13(a) (freight management facility).

the words “commencement” and “commenced” are to be construed accordingly;

“compulsory acquisition notice” means a notice served in accordance with section 134 of the 2008 Act (Notice of authorisation of compulsory acquisition);

“Construction Method Statement” means section 3.4 of Chapter 3 of Volume 2 of the Environmental Statement (Book 6.2));

“deemed marine licence” means the marine licence granted by this Order as set out in Schedule 20 or any variation to it;

“development” means the carrying out of a material operation, as defined in section 155 of the Planning Act 2008 excluding any operation excluded from the definition of “commencement”;

“discharging authority” means the body responsible for giving any agreement or approval required by a requirement;

“deed of adherence” means a deed binding the transferee or grantee (as defined in article 9), from the date of transfer or grant, to the Deed of Obligation and any variations to it at that date;

“Deed of Obligation” means the document certified by the Secretary of State as the Deed of Obligation under article 80 and identified in Schedule 22 for the purposes of this Order and any variations to it made from time to time pursuant to article 9A or 9B;

“Drainage Strategy” means the document certified by the Secretary of State as such under article 80;

“EDF Energy Nuclear Generation Limited” means EDF Energy Nuclear Generation Limited (Company number 03076445), being the holder of a nuclear licence under section 3 of the Nuclear Installation Act 1965;

“electronic transmission” means a communication transmitted—

- (a) by means of an electronic communications network; or
- (b) by other means but while in electronic form;

“environmental information” means the Environmental Statement and any information constituting “environmental information” as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 relied upon by the Secretary of State in reaching a reasoned conclusion on the significant effects of the authorised development on the environment pursuant to regulation 21(1)(b) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017;

“Environmental Statement” means the document certified as such by the Secretary of State under article 80;

“Fen Meadow Strategy” means the document certified as such by the Secretary of State under article 80;

“footpath” means a public right of way on foot only, unless otherwise specified;

“footway” has the same meaning as in the 1980 Act;

“footpath implementation plan” means a written plan submitted to and approved by Suffolk County Council under Requirement 6A;

“general direction” means a direction given by the undertaker under article 65 (General directions to vessels);

“grid works” means Work No. 1A(p), (q) and (s) or any “other associated development” as set out in Schedule 1 which is necessary to facilitate the carrying out of these works;

“harbour” means the harbour as comprised within the harbour limits and to be constructed by the undertaker in pursuance of the powers conferred on it by this Order, and all other works, land, buildings, ancillary works, plant, property and conveniences connected with it, as from time to time existing within the harbour limits;

“harbour authority”, in relation to a harbour, means the harbour authority that has a statutory duty to manage, maintain or improve the harbour;

“harbour limits” means the limits of the harbour as specified in article 51 (Limits of harbour) and identified in Schedule 19 (Limits of harbour);

“harbour master” means the person appointed as such by the undertaker and includes that person’s deputies and assistants and any other person for the time being authorised by the undertaker to act, either generally or for a specific purpose, in the capacity of harbour master;

“the harbour undertaking” means the harbour undertaking of the undertaker as authorised from time to time;

“highway”, “highway authority” and “local highway authority” have the same meanings as in the 1980 Act;

“land” includes land covered by water, any interest in land or right in, to or over land;

“Land Plans” means the plans certified as such by the Secretary of State under article 80 and identified in Schedule 3 (Land Plans);

“landscape restoration area” means the main development site excluding the area of the permanent development site;

“Lead Local Flood Authority” means the body designated as such, for the area in which the authorised development is located, pursuant to section 6(7) (other definitions) of the Flood and Water Management Act 2010;

“level of high water” means the level of mean high water springs;

“level of low water” means the level of mean low water neaps;

“Lighting Management Plan” means the document certified by the Secretary of State as such under article 80;

“local planning authority” has the meaning given in the 1990 Act;

“main development site” means the land within which Work No. 1 may be constructed as shown on the Works Plans;

“Main Development Site Design and Access Statement” means the document certified by the Secretary of State as such under article 80 and identified in Schedule 22 for the purposes of this Order;

“Main Development Site Operational Siting and Height Parameters” means the maximum building heights and siting zones specified in Tables 2.1, 2.2, 2.3, 2.5 and 2.7 of Chapter 2 of Volume 2 of the Environmental Statement and the zones shown on Main Development Site Operational Parameter Plan - Operational Platform (SZC-SZ0100-XX-100-DRW-100043) as such under article 80 and identified in Schedule 22 for the purposes of this Order;

“Main Development Site Water Monitoring and Response Strategy” means the document certified as such by the Secretary of State under article 80;

“maintain” includes inspect, repair, adjust, alter, refurbish, clear, remove or reconstruct, replace and improve, provided such works do not give rise to any materially new or materially

different environmental effects to those identified in the environmental information, and any derivative of “maintain” is to be construed accordingly;

“marine works” means Work Nos. 1A(m), 1A(bb), 1A(n), 2A, 2B, 2C, 2D, 2E, 2F, 2G, 2H, 2I, 2J, 2K and 2L described in Schedule 1 and any other works below mean high water springs authorised by this Order or, as the case may require, any part of those works and “marine work” refers to any one of the marine works;

“Maritime and Coastguard Agency” means the executive agency of the Department for Transport;

“master” in relation to a vessel means any person for the time being having or taking the command, charge or management of the vessel;

“mean high water springs” or “MHWS” means the highest level which spring tides reach on average over a period of time;

“National Grid” means National Grid Electricity Transmission PLC (Company No. 2366977) whose registered office is at 1-3 Strand, London, WC2N 5EH, being a licence holder within the meaning of Part 1 of the Electricity Act 1989;

“Network Rail” means Network Rail Infrastructure Limited and any associated company of Network Rail Infrastructure Limited which holds property for railway purposes, and for the purpose of this definition “associated company” means any company which is (within the meaning of section 1159 of the Companies Act 2006) the holding company of Network Rail Infrastructure Limited, a subsidiary of Network Rail Infrastructure Limited or another subsidiary of the holding company of Network Rail Infrastructure Limited;

“new Sizewell B relocated facilities permission” means any planning permission granted under the 1990 Act in respect of the works comprised in Work No. 1D or Work No. 1E, or any part of them;

“operational period” means the period of time that the relevant part of the authorised development is in operation after construction and commissioning is complete pursuant to the relevant construction contract or contracts and “operation” and “operational” should be construed accordingly;

“Order land” means the land identified by plot numbers on the Land Plans and described in the Book of Reference;

“Order limits” means the limits shown on the Works Plans within which the authorised development may be carried out;

“Ordnance Datum” means Ordnance Datum (Newlyn);

“other associated development” means works authorised by Part 2 of Schedule 1 of this Order;

“Outline Landscape and Ecology Management Plan” means the document certified by the Secretary of State as such under article 80;

“Overarching Written Scheme of Investigation” means the document certified by the Secretary of State as such under article 80;

“owner”, in relation to land, has the same meaning as in section 7 of the Acquisition of Land Act 1981(a) (interpretation);

“Parameter Plans” means the plans certified as the parameter plans by the Secretary of State under article 80 and identified in Schedule 6 (Parameter Plans);

“Peat Strategy” means the document certified by the Secretary of State as such under article 80;

“permanent development site” means the land within the permanent development site boundary as shown on plan SZC-SZC0100-xx-100-DRW-100089 (Main Development Site, Main Platform, Proposed General Arrangement (Operational));

(a) 1981. c.67; The definition of “owner” in section 7 was amended by the Planning and Compensation Act 1991 (c.34), Schedule 15, paragraph 9. Part III of Schedule 2 was amended by S.I. 2009/1307. There are other amendments to the Acquisition of Land Act 1981 which are not relevant to this Order.

“permanent limits” means the limits of land for the purpose of article 26 (compulsory acquisition of land) as shown shaded pink, orange or blue on the Land Plans;

“Public Rights of Way Strategy” means the document certified as such by the Secretary of State under article 80;

“Rail Noise Mitigation Strategy” means the document certified as such by the Secretary of State under article 80;

“railway property” means any railway belonging to Network Rail Infrastructure Limited and-

(a) any station, land, works, apparatus and equipment belonging to Network Rail Infrastructure Limited or connected with any such railway; and

(b) any easement or other property interest held or used by Network Rail Infrastructure Limited for the purposes of such railway or works, apparatus or equipment;

“rail works” means Work No. 4A, 4B, 4C or 4D, or any “other associated development” as set out in Schedule 1 which is necessary to facilitate the carrying out of these works;

“requirement consultee” means any body named in a requirement which is the subject of an appeal as a body to be consulted by the discharging authority in discharging that requirement;

“requirement” means a requirement set out in Schedule 2 (Requirements), and a reference to a numbered requirement is a reference to the requirement set out in the paragraph of the same number in that Schedule;

“Rights of Way Plans” means the plans certified as such by the Secretary of State under article 80 and identified in Schedule 5 (Rights of Way Plans);

“Sizewell B relocated facilities permission 1” means the planning permission granted by East Suffolk Council on 13 November 2019, with reference number DC/19/1637/FUL and any variations granted thereto pursuant to s96A, s73 or s73A of the 1990 Act;

“Sizewell B relocated facilities permission 2” means the planning permission granted by East Suffolk Council on 18 February 2021, with reference number DC\20\4646\FUL and any variations granted thereto pursuant to s96A, s73 or s73A of the 1990 Act;

“Sizewell B relocation works 2” means Work No. 1E and any other associated development related to such work described in Schedule 1 of this Order or, as the case may require, any part of those works, and reference to “SZC relocation site 2” means the area within the boundary of Work No. 1E as shown on the Works Plans;

“Sizewell B relocation works 1” means Work No. 1D and any other associated development related to such work described in Schedule 1 of this Order or, as the case may require, any part of those works, and reference to “SZC relocation site 1” means the area within the boundary of Work No. 1D as shown on the Works Plans;

“SZC construction works” means the construction of Work Nos. 1A, 1B, 1C, and 1D or 1E (as the case may be) and any works authorised by Part 2 of Schedule 1 in connection with such works;

“special direction” means a direction given by the harbour master under article 67 (Special directions to vessels);

“specific associated development works” means Work No. 4B, 4D, 9, 10 and 13;

“Statutory Nature Conservation Body” means an organisation charged by government with advising on nature conservation matters;

“statutory undertaker” means any person falling within section 127(8) of the 2008 Act (Statutory undertakers’ land) and includes a public communications provider as defined in section 151(1) of the Communications Act 2003(a);

“street” means, irrespective of whether it is a thoroughfare, the whole or any part of any highway, road, lane, footway, alley, passage, square, court and any land laid out as a way

(a) 2003 c.21. The definition of “the electronic communications code” and section 106 were amended by sections 4(3) and (4) of the Digital Economy Act 2017 (c.30). There are amendments to this Act which are not relevant to this Order.

whether it is for the time being formed as a footpath or not, together with land on the verge of a street or between two carriageways, and includes part of a street and any bridge, viaduct, overpass or underpass which a street passes over;

“street authority”, in relation to a street, has the meaning given in Part 3 of the 1991 Act (The street authority and other relevant authorities);

“subsoil” means any stratum of land that is below the surface of the ground;

“terrestrial works” means all works located above MHWS described in Schedule 1. Works below MHWS are marine works

“traffic authority” has the meaning given to it in section 121A of the Road Traffic Regulation Act 1984

“traffic sign” has the meaning given to the term in section 64(1) of the Road Traffic Regulation Act 1984

“Trinity House” means the Corporation of Trinity House of Deptford Strond;

“tree preservation order” has the meaning given in section 198 of the 1990 Act (power to make tree preservation orders);

“undertaker” means NNB Generation Company (SZC) Limited (company number 09284825) or any person who has the benefit of this Order in accordance with articles 8 (Benefit of Order) and 9 (Consent to transfer benefit of Order);

“undertaking” mean the generation of electricity by the undertaker as authorised from time to time;

“vessel” means every description of vessel, however propelled or moved, and includes a non-displacement craft, a personal watercraft, a seaplane on the surface of the water, a hydrofoil vessel, a hovercraft or any other amphibious vehicle and any other thing constructed or adapted for movement through, in, on or over water and which is at the time in, on or over water;

“watercourse” includes all rivers, streams, ditches, drains, canals, cuts, culverts, dykes, sluices, sewers and passages through which water flows except a public sewer or drain;

“Wet Woodland Strategy” means the document certified as such by the Secretary of State under article 80;

“Work” means a numbered work identified as part of the authorised development in Schedule 1 and includes any other associated development related to that work;

“Works Plans” means the plans certified by the Secretary of State as such under article 80 and identified in Schedule 4 of this Order;

“working days” means Monday to Friday excluding bank holidays and other public holidays;

(2) References in this Order to rights over land include references to rights to do or to place and maintain, anything in, on or under land or in the air-space above its surface and references in this Order to the imposition of restrictions are references to restrictive covenants over land which interfere with the interests or rights of another and are for the benefit of land which is acquired, or rights over which are acquired, under this Order.

(3) All distances, directions and lengths referred to in this Order are approximate and distances between points on a Work comprised in the authorised development and shown on the Works Plans or Rights of Way Plans are to be taken to be measured along that Work.

(4) All areas described in square metres in the Book of Reference are approximate.

(5) References to any statutory body includes that body’s successor in respect of functions which are relevant to this Order.

5(A) Unless otherwise stated, references to East Suffolk Council refer to this body in its capacity as a local planning authority, and references to Suffolk County Council refer to this body in its capacity as a local highway authority.

(6) A reference in this Order to a Work designated by a number, or by a combination of letters and numbers (for example, “Work No. 4A”), is a reference to the Work so designated in Schedule 1 and reference to—

- (a) Work No.1 means Work Nos. 1A, 1B, 1C, 1D, and 1E;
- (b) Work No.2 means Work Nos. 2A, 2B, 2C, 2D, 2E, 2F, 2G, 2H, 2I, 2J, 2K and 2L;
- (c) Work No. 4 means Work Nos. 4A, 4B, 4C and 4D;
- (d) Work No. 11 means Work Nos. 11A, 11B and 11C;
- (e) Work No. 12 means Work Nos. 12A, 12B, 12C and 12D;
- (f) Work No. 14 means Work Nos. 14A and 14B;

(7) A reference in the Schedules to a “relevant site” is a reference to the site of that name shown in the Works Plans, Rights of Way Plans and Land Plans.

(8) References in the Schedules to points identified by letters or numbers are to be construed as references to points so lettered or numbered on the Rights of Way Plans or Land Plans.

(9) In this Order, the expression “includes” or “include” is to be construed without limitation.

(10) The definitions in paragraph (1) do not apply to Schedule 20 (deemed marine licence under Part 4 (Marine licensing) of the 2009 Act).

PART 2

PRINCIPAL POWERS

Development consent etc granted by Order

3. Subject to the provisions of this Order and Schedule 2 (Requirements), the undertaker is granted development consent for the authorised development, to be carried out within the lines or situations shown on the Works Plans.

Vertical limits of deviation

4.—(1) Subject to Schedule 2 (Requirements) articles 11 (Power to alter layout etc of streets) and 12 (Street works) the undertaker must construct and maintain the authorised development within the Order limits and –

- (a) in constructing or maintaining the authorised development (except for Work No. 4B, Work No. 11 and Work No. 12) the undertaker may deviate vertically to any extent found necessary or convenient; and
- (b) in constructing or maintaining Work No. 4B, Work No. 11 and Work No. 12, the undertaker may deviate vertically from the levels shown or noted on the Approved Plans to a maximum of 1 metre upwards or 1 metre downwards.

Effect of the Order on the Sizewell B relocated facilities permissions

5.—(1) If the undertaker serves a notice on East Suffolk Council that it intends to commence Work No. 1D or Work No. 1E —

- (a) the undertaker must cease to carry out development under the Sizewell B relocated facilities permission 1, Sizewell B relocated facilities permission 2 and any new Sizewell B relocated facilities permission; and
- (b) the conditions of the Sizewell B relocated facilities permission 1, Sizewell B relocated facilities permission 2 and any new Sizewell B relocated facilities permission will be unenforceable, except in respect of any breach that occurred prior to the undertaker serving notice under this paragraph.

(2) The undertaker may not carry out Work No. 1D or Work No. 1E under this Order until notice has been served under paragraph (1) but nothing in this Order shall prevent the undertaker from commencing Work No. 1E following commencement of Work No. 1D provided that notice is served on East Suffolk Council to that effect.

(3) Where the undertaker serves notice on East Suffolk Council that it is commencing Work No. 1E it shall not thereafter carry out Work No. 1D and, in the event that the undertaker has commenced Work No. 1D(d) or (e), the undertaker may not implement Work 1E(d).

(4) Notwithstanding paragraph (2), the undertaker may exercise any other powers under this Order in respect of any part of the authorised development prior to or following service of notice under paragraph (1).

(5) Without prejudice to the generality of paragraph (4), the undertaker may discharge any requirement in Schedule 2 of this Order at any time prior to or following the service of notice under paragraph (1).

(6) Where details, plans, works or any other matters have been approved or agreed by East Suffolk Council pursuant to a condition of the Sizewell B relocated facilities permission 1 in column (1) of Schedule 8 Part 1 (Deemed approval of requirements relating to Sizewell B relocated facilities permission 1) prior to the date on which the undertaker serves notice under paragraph (1) the corresponding requirement to that condition in column (2) of Schedule 8 Part 1

(Deemed approval of requirements relating to Sizewell B relocated facilities permission 1) will be deemed to have been approved insofar as it relates to Work No.1D.

(7) Where details, plans works or any other matters have been approved or agreed by East Suffolk Council pursuant to a condition of the Sizewell B relocated facilities permission 2 in column (1) of Schedule 8 Part 2 (Deemed approval of requirements relating to Sizewell B relocated facilities permission 2) prior to the date on which the undertaker serves notice under paragraph (1) the corresponding requirement to that condition in column (2) of Schedule 8 Part 2 (Deemed approval of requirements relating to Sizewell B relocated facilities permission 2) will be deemed to have been approved insofar as it relates to Work No.1E

(8) Where details, plans (except for those plans which are also Approved Plans relating to Work No. 1D or Work No. 1E) works or any other matters have been imposed as a condition, or approved or agreed pursuant to a condition, of any new Sizewell B relocated facilities permission prior to the date on which the undertaker serves notice under paragraph (1), East Suffolk Council and the undertaker will agree in writing which details, documents, plans, works or other matters under the new Sizewell B relocated facilities permission will be deemed to have been discharged, approved, agreed, obtained or undertaken for the purposes of the requirement relating to Work No. 1D or Work No. 1E (as the case may be).

Maintenance of authorised development

6. The undertaker may at any time maintain the authorised development, except to the extent that this Order or an agreement made under this Order provides otherwise.

Authorisation of use

7.—(1) The undertaker is authorised to operate and use the authorised development for which development consent is granted by this Order.

(2) Paragraph (1) does not relieve the undertaker of any duty to obtain any permit, licence or other obligation under any other legislation that may be required from time to time to authorise the operation of any part of the authorised development.

Benefit of Order

8. Subject to article 9 (Consent to transfer benefit of Order), the provisions of this Order have effect solely for the benefit of NNB Generation Company (SZC) Limited save for

- (a) the Sizewell B relocation works 1 and the Sizewell B relocation works 2, for which the provisions of this Order have effect for the benefit of NNB Generation Company (SZC) Limited and Energy Nuclear Generation Limited;
- (b) in respect of any rail works, for which the provisions of this Order have effect for the benefit of NNB Generation Company (SZC) Limited and Network Rail; and
- (c) in respect of any grid works, for which the provisions of this Order have effect for the benefit of NNB Generation Company (SZC) Limited and National Grid.

(2) Paragraph (1) does not apply to the works for which consent is granted by this Order for the express benefit of owners and occupiers of land, statutory undertakers and other persons affected by the authorised development.

Consent to transfer benefit of Order

9.—(1) The undertaker may, with the written consent of the Secretary of State—

- (a) transfer to another person (“the transferee”) any or all of the benefit of the provisions of this Order (including the deemed marine licence, in whole or in part) and such related statutory rights as may be agreed between the undertaker and the transferee; or

- (b) grant to another person (“the lessee”) for a period agreed between the undertaker and the lessee any or all of the benefit of the provisions of this Order (including the deemed marine licence, in whole or in part) and such related statutory rights as may be so agreed.
- (2) The undertaker may not authorise the operation or use of the power station by another person without transferring the benefit of the Order to that person.
- (3) The Secretary of State must consult the Marine Management Organisation before giving consent to the transfer or grant to another person of the whole of the benefit of the provisions of the deemed marine licence.
- (4) Where a transfer or grant has been made in accordance with this article, references in this Order to the undertaker, except in paragraph (5), (6) and (7) include references to the transferee or the lessee.
- (5) Where the undertaker has transferred any benefit (“transferor”), or for the duration of any period during which the transferor has granted any benefit, under paragraph (1) –
- (a) the exercise by a person of any benefits or rights conferred in accordance with any transfer or grant under paragraph (1) is subject to the same restrictions, liabilities and obligations under this Order as would apply if those benefits or rights were exercised by the transferor; and
 - (b) save to the extent agreed by the Secretary of State, a deed of adherence shall be entered into by a transferee or lessee with East Suffolk Council and Suffolk County Council prior to any transfer or grant being made in accordance with this Order.
- (6) The consent of the Secretary of State is required for the exercise of powers under paragraph (1) except where—
- (a) the transferee or lessee is the holder of a licence under section 3 Nuclear Installations Act 1965; or
 - (b) the time limits for claims for compensation in respect of the acquisition of land or effects upon land under this Order have elapsed and—
 - (i) no such claims have been made,
 - (ii) any such claim has been made and has been compromised or withdrawn,
 - (iii) compensation has been paid in final settlement of any such claim,
 - (iv) payment of compensation into court has taken place in lieu of settlement of any such claim, or
 - (v) it has been determined by a tribunal or court of competent jurisdiction in respect of any such claim that no compensation shall be payable.
- (7) Where the consent of the Secretary of State is not required under paragraph (6), the transferor must notify the Secretary of State in writing before transferring or granting all or any part of the benefit of the provisions of this Order and such related statutory rights referred to in paragraph (1).
- (8) The notification referred to in paragraph (7) must state—
- (a) the name and contact details of the person to whom the benefit of the powers will be transferred or granted;
 - (b) subject to paragraph (9), the date on which the transfer will take effect;
 - (c) the powers to be transferred or granted;
 - (d) pursuant to paragraph (4), the restrictions, liabilities and obligations that will apply to the person exercising the powers transferred or granted; and
 - (e) where relevant, a plan showing the works or areas to which the transfer or grant relates.
- (9) The date specified under paragraph (8)(b) must not be earlier than the expiry of five working days from the date of the receipt of the notice.
- (10) The notice given under paragraph (7) must be signed by the transferor and the person to whom the benefit of the powers will be transferred or granted as specified in that notice.

Enforcement of the Deed of Obligation

9A.—(1) Restrictions or requirements imposed under the Deed of Obligation and deeds of adherence are enforceable by injunction.

(2) Without prejudice to paragraph (1), if there is a breach of a requirement in the Deed of Obligation to carry out any operations in, on, under or over the land to which the requirement relates, East Suffolk Council or Suffolk County Council may:

- (a) enter the land and carry out the operations, and
- (b) recover from the undertaker any expenses reasonably incurred by them in so doing.

(3) For the purpose of exercising the power to carry out operations under subsection 2(a), East Suffolk Council and Suffolk County Council will be deemed to have the benefit of the Order under article 8 (Benefit of Order) to carry out those operations.

(4) Before exercising their power under subsection 2(a) East Suffolk Council or Suffolk County Council shall give not less than twenty-one days' notice of their intention to do so to any owner or occupier of the land.

(5) Following receipt of the notice given in accordance with subsection (4) in relation to land in its possession, the undertaker shall not refuse or hinder entry to such land by East Suffolk Council or Suffolk County Council provided that such entry is in accordance with any reasonable requirements of the undertaker.

(6) If entry to the land by East Suffolk Council or Suffolk County Council is refused or hindered by the undertaker, the owner or occupier, they may issue a warrant to—

- (a) the sheriff, or
- (b) the enforcement officer,

to allow entry to it by the person appointed in the warrant to receive it.

(7) On receipt of the warrant the person to whom it is issued shall allow entry to the land accordingly.

(8) If, by virtue of paragraph 3A of Schedule 7 to the Courts Act 2003, the warrant is issued to two or more persons collectively, the duty in subsection (5) of this section shall apply to the person to whom the warrant is allocated in accordance with the approved arrangements mentioned in that Schedule.

(9) The Deed of Obligation shall be a local land charge in respect of all land owned by the undertaker within the Order limits and for the purposes of the Local Land Charges Act 1975 the authority by whom the obligation is enforceable shall be treated as the originating authority as respects such a charge.

(10) In this section—

“the enforcement officer”, in relation to a warrant to under this article, means the officer or officers identified for that purpose in paragraph 3A of Schedule 7 to the Courts Act 2003, and
“sheriff” includes an under sheriff or other legally competent deputy, and means the sheriff for the area where the land is situated, or if land in one ownership is not situated wholly in one such area the sheriff for the area where any part of the land is situated.

Modification and discharge of Deed of Obligation

9B.—(1) An obligation in the Deed of Obligation may not be modified or discharged except—

- (a) by agreement between the undertaker against whom the obligation is enforceable and the beneficiary of the obligation, executed as a deed; or
- (b) further to a determination by the Secretary of State under this article

(2) The undertaker against whom an obligation in the Deed of Obligation is enforceable may apply to the Secretary of State for the obligation—

- (a) to have effect subject to such modifications as may be specified in the application; or
- (b) to be discharged.

(3) An application under subsection (2) for the modification of an obligation in the Deed of Obligation may not specify a modification imposing an obligation on any other person against whom the Deed of Obligation is enforceable.

(4) Where an application is made to the Secretary of State under subsection (2), the Secretary of State may determine—

(a) that the obligation shall continue to have effect without modification;

(b) if the obligation no longer serves a useful purpose, that it shall be discharged; or

(c) if the obligation continues to serve a useful purpose, but would serve that purpose equally well if it had effect subject to the modifications specified in the application, that it shall have effect subject to those modifications,

and shall give notice of his or her determination to the applicant within three months of the application.

(5) Where the Secretary of State determines under this article that an obligation shall have effect subject to modifications specified in the application, the obligation as modified shall be enforceable as if it had been entered into on the date on which notice of the determination was given to the applicant.

(6) Section 84 of the Law of Property Act 1925 (power to discharge or modify restrictive covenants affecting land) does not apply to an obligation in the Deed of Obligation.

Defence to proceedings in respect of statutory nuisance

10.—(1) Where proceedings are brought under section 82(1) of the Environmental Protection Act 1990(a) (Summary proceedings by person aggrieved by statutory nuisance) in relation to a nuisance falling within paragraphs (d), (fb), (g) or (ga) of section 79(1) of that Act (statutory nuisances and inspections thereof) no order may be made, and no fine may be imposed, under section 82(2) of that Act if the defendant shows that the nuisance—

(a) relates to premises used by the undertaker for the purposes of or in connection with the construction, maintenance or operation of the authorised development and that the nuisance is attributable to the carrying out or use of the authorised development in accordance with-

(i) a notice served under section 60 (control of noise on construction site);

(ii) a consent given under section 61 (prior consent for work on construction site); or

(iii) the controls and measures relating to noise, vibration, dust or lighting as described in the Construction Method Statement, Code of Construction Practice, Lighting Management Plan, Main Development Site Design and Access Statement, Associated Development Design Principles and Outline Landscape and Ecology Management Plan or in accordance with noise and lighting levels set out in an environmental permit relating to the construction maintenance or operation of the authorised development; or

(b) is a consequence of the construction, maintenance or operation of the authorised development and that it cannot, to the reasonable satisfaction of East Suffolk Council reasonably be avoided.

(2) Sections 61(9) of the Control of Pollution Act 1974(b) (consent for work on construction sites) as it relates to proceedings under section 82 of the Environmental Protection Act 1990 (Summary proceedings by persons aggrieved by statutory nuisance) does not apply where the

(a) 1990 c. 43. Section 79(1)(fb) was inserted by section 102 of the Clean Neighbourhoods and Environment Act 2005 (c.16). There are amendments to this Act which are not relevant to this Order.

(b) 1974 c.40. Sections 61(9) and 65(8) were amended by section 162 of, and paragraph 15 of Schedule 15 to, the Environmental Protection Act 1990 (c.43), and paragraph 1 of Schedule 24 to the Environment Act 1995 c.25. Section 61(2) was amended by section 133 of and Schedule 7 to the Building Act 1984 (c.55). There are other amendments to the 1974 Act which are not relevant to the Order.

consent relates to the use of premises by the undertaker for the purposes of or in connection with the construction or maintenance of the authorised development.

(3) In this article “premises” has the same meaning as in section 79 of the Environmental Protection Act 1990.

PART 3 STREETS

Power to alter layout, etc., of streets

11.—(1) The undertaker may, subject to paragraph (3), for the purposes of constructing, operating and maintaining the authorised development, enter onto and alter the layout of or carry out any works on any street whether or not within the Order limits and, without limiting the scope of this paragraph, the undertaker may—

- (a) alter the level or increase the width of any kerb, street, footpath, footway, cycle track or verge or central reservation;
- (b) make and maintain passing place(s);
- (c) increase the width of the carriageway of the street by reducing the width of any kerb, footpath, footway, cycle track, verge, or central reservation within the street;
- (d) reduce the width of the carriageway of the street;
- (e) execute any works to widen or alter the alignment of pavements;
- (f) execute any works of surfacing or re-surfacing of the street; and
- (g) execute any works necessary to alter existing facilities for the management and protection of pedestrians.

(2) The undertaker must restore any street that has been temporarily altered under this article to the reasonable satisfaction of the street authority.

(3) The powers conferred by paragraph (1) must not be exercised without the consent of the street authority which may not be unreasonably withheld or delayed.

(4) If a street authority that receives an application for consent under paragraph (3) fails to notify the undertaker of its decision within 56 days beginning with the date on which the application was made, that authority will be deemed to have granted consent.

Street works

12.—(1) The undertaker may, for the purposes of the authorised development, enter on so much of any of the streets specified in column (2) of Schedule 9 (Streets subject to works) as is within the Order limits for the relevant site specified in column (1) of Schedule 9 without the consent of the street authority and—

- (a) break up or open the street, or any sewer, drain or tunnel under it;
- (b) tunnel or bore under the street or carry out works to strengthen or repair the carriageway;
- (c) place or keep apparatus in the street;
- (d) maintain, renew or alter apparatus in or on the street or change its position;
- (e) demolish, remove, replace and relocate any bus shelter and associated bus stop infrastructure or other street furniture;
- (f) execute any works to provide or improve sight lines;
- (g) execute and maintain any works to provide hard and soft landscaping;
- (h) carry out re-lining and placement of road markings;
- (i) removal and installation of temporary and permanent signage; and

- (j) execute any works required for or incidental to any works referred to in sub-paragraphs (a) to (i).

(2) Without limiting the scope of the powers conferred by paragraph (1) but subject to the consent of the street authority, which consent must not be unreasonably withheld or delayed, the undertaker may, for the purposes of the authorised development, enter on so much of any other street whether or not within the Order limits, for the purposes of carrying out the works set out at paragraph (1) above.

(3) If a street authority that receives an application for consent under paragraph (2) fails to notify the undertaker of its decision within 56 days beginning with the date on which the application was made, that authority will be deemed to have granted consent.

Application of the 1991 Act

13.—(1) Where the undertaker carries out works under this Order in relation to a highway which consists of or includes a carriageway and the works carried out are—

- (a) of a description mentioned in any of paragraphs (a), (c) to (e), (g) and (h) of section 86(3) of the 1991 Act (which defines what highway authority works are major highway works); or
- (b) works which, had they been executed by the highway authority, could have been carried out in exercise of the powers conferred by section 64 of the 1980 Act (dual carriageway and roundabouts),

the works will be treated for the purposes of Part 3 of the 1991 Act (street works) as if they were major highway works carried out by the highway authority.

(2) The provisions of sections 54 to 106 of the 1991 Act (save insofar as dis-applied through the operation of article 84 (Application, exclusion and modification of legislative provisions) and Schedule 24 (Miscellaneous Controls) apply in relation to the carrying out of street works under that Act and any regulations made or code of practice issued or approved under those provisions apply (with all necessary modifications) in relation to—

- (a) carrying out of works under articles 11 (Power to alter layout, etc., of streets) and 12 (Street works);
- (b) the permanent stopping up of a street by the undertaker under article 14 (Permanent stopping up of streets and extinguishment of private means of access); and
- (c) the temporary stopping up, temporary alteration or temporary diversion of a street by the undertaker under article 17 (Temporary stopping up of streets), whether or not the carrying out of the works or the stopping up, alteration or diversion constitutes street works within the meaning of that Act.

(3) Sections 54 and 55 of the 1991 Act have effect as if references in section 57 of that Act to emergency works included a reference to a stopping up, alteration or diversion (as the case may be) required in a case of emergency.

(4) In Part 3 of the 1991 Act, provisions relating to major highway works which refer to the highway authority concerned will, in relation to works which are major highway works by virtue of paragraph (1), be construed as references to the undertaker.

Permanent stopping up of streets, change of status, and extinguishment of private means of access

14.—(1) Subject to the provisions of this article, the undertaker may, in connection with the carrying out of the authorised development:

- (a) stop up each of the streets and extinguish each private means of access specified in column (2) of Parts 1 and 2 of Schedule 10 (streets to be permanently stopped up or private means of access extinguished) to the extent specified, by reference to the letters and numbers shown on the Rights of Way Plans, in column (3) of those Parts of that Schedule, and

- (b) change the status of each of the streets specified in column (2) of Part 3 of Schedule 10 to the extent specified, by reference to the letters and numbers shown on the Rights of Way Plans, in column (3) of that Part of that Schedule, to the new status specified in column (4) of that Part of that Schedule.

(2) No street or private means of access specified in column (2) of Part 1 of Schedule 10 will be wholly or partly stopped up or extinguished under paragraph (1)(a) unless—

- (a) the new street or private means of access to be substituted for it, which is specified in column (4) of that Part of that Schedule is open for use and, in the case of a street, has been completed to the reasonable satisfaction of the street authority or, in the case of a footpath created pursuant to article 15 (status of footpaths created or improved), to the standard specified in a footpath implementation plan; or
- (b) a temporary alternative route for the passage of such traffic as could have used the street or private means of access to be stopped up between the commencement and termination points for the stopping up of the street or extinguishment of the private means of access is first provided and, in the case of a street, is subsequently maintained by the undertaker, to the reasonable satisfaction of the street authority, until the completion and opening of the new street in accordance with sub-paragraph (a).

(3) No street specified in column (2) of Part 3 of Schedule 10 may be changed in status unless—

- (a) it has been completed to the reasonable satisfaction of the street authority and is open for use with its new status specified in column (4) of Part 3 of that Schedule; or
- (b) a temporary alternative route for the passage of pedestrian users between the commencement and termination points specified in column (3) of Part 3 of that Schedule is first provided and is subsequently maintained by the undertaker, to the reasonable satisfaction of the street authority, until the completion and opening of the street with its new status in accordance with sub-paragraph (a).

(4) Where the undertaker provides a substitution under paragraph (2), or change in status under (3), the new or temporary alternative street or private means of access is not required to be of a higher standard than the stopped up street or extinguished private means of access in column (2) of Part 1 or the highway prior to its change of status provided for in Part 3 of Schedule 10.

(5) No street specified in column (2) of Part 2 of Schedule 10 will be wholly or partly stopped up under this article unless at least one of the conditions specified in paragraph (6) is satisfied in relation to all the land which abuts on either side of the street to be stopped up or private means of access to be extinguished.

(6) The conditions referred to in paragraph (5) are that—

- (a) the undertaker is in possession of the land; or
- (b) there is no right of access to the land from the street concerned; or
- (c) there is reasonably convenient access to the land otherwise than from the street concerned; or
- (d) the owners and occupiers of the land have agreed to the stopping up.

(7) Where a street has been stopped up under this article—

- (a) all rights of way over or along the street or private means of access are extinguished; and
- (b) the undertaker may appropriate and use for the purposes of the authorised development so much of the site of the street or private means of access as is bounded on both sides by land owned by the undertaker.

(8) Any person who suffers loss by the suspension or extinguishment of any private right of way under this article will be entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(9) This article is subject to article 41 (apparatus etc. of statutory undertakers).

(10) For the purposes of this article and Schedule 10, the definition of “street” under article 2 (Interpretation) is extended to also include any other public right of way.

Status of footpaths created or improved

15.—(1) (1) With effect from the date on which the highway authority has confirmed that the footpaths specified in column (2) of Schedule 11 (Status of footpaths created or improved) have been created or improved to the standard specified in a footpath implementation plan, the footpaths in question will be deemed to have the status specified in column (3) of that Schedule.

(2) For the purposes of this article and Schedule 11, the definition of “footpath” under article 2 (Interpretation) is extended to also include any other public right of way.

Benefit of permanent private means of access and private rights of way created

16.—(1) Where the undertaker extinguishes a private means of access or private rights of way by virtue of article 14 (permanent stopping up of streets, change of status and extinguishment of private means of access) or article 31 (private rights of way), or where the undertaker consider it necessary in order to facilitate access to land by land owners who would otherwise be prejudiced by the authorised development, the undertaker may create private means of access or private rights of way over land within the permanent limits without acquiring such land.

(2) A new private means of access or private right of way will be created by virtue of this article 28 days after service of notice by the undertaker on all occupiers of the affected land, specifying—

- (a) the location of the new private means of access or private right of way;
- (b) the benefitted land

and the undertaker will as soon as possible following the creation of such private means of access or private right of way inform all owners of the benefitted land.

(3) Unless otherwise specified by the undertaker in the notice served pursuant to paragraph (2), the new private means of access or private right of way created will include the right to pass and re-pass on foot, with livestock, with vehicles, and with plant and machinery.

(4) Without prejudice to the generality of paragraph (1), the private means of access or private right of way specified in column (3) of Schedule 12 (Benefit of permanent private means of access and private rights of way created) affecting the Land Registry title specified in column (2) of that Schedule may be created by service of notice under this article for the benefit of the benefitted land specified in column (1) of Schedule 12.

(5) Any person who suffers loss by the creation of a permanent private means of access or private right of way under this article will be entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(6) In this article—

- (a) “affected land” means the land over which the route of the new private means of access or new private right of way will be situated; and
- (b) “benefitted land” means the land for whose benefit the new private means of access or new private right of way is created.

Temporary closure of streets and private means of access

17.—(1) The undertaker, during and for the purposes of carrying out or operating the authorised development, may temporarily close, alter or divert any street or private means of access and may for any reasonable time—

- (a) divert the traffic from the street and prevent access via the private means of access; and
- (b) subject to paragraph (3), prevent all persons from passing along the street.

(2) Without limiting on the scope of paragraph (1), the undertaker may use as a temporary working site any street or private means of access which has been temporarily closed, altered or diverted under the powers conferred by this article.

(3) The undertaker must provide reasonable access for pedestrians going to or from premises abutting a street affected by the temporary closure, alteration or diversion of a street under this article if there would otherwise be no such access.

(4) Without prejudice to the generality of paragraph (1), the undertaker may temporarily close, alter or divert the streets specified in column (2) Part 1 of Schedule 13 (Streets and private means of access to be temporarily closed) to the extent specified, by reference to the letters and numbers shown on the Rights of Way Plans, in column (3) of that Schedule, and may provide a temporary diversion.

(5) The undertaker must not temporarily close, alter or divert—

- (a) any street specified as mentioned in paragraph (4) without first consulting the street authority; and
- (b) any other street without the consent of the street authority, which may attach reasonable conditions to any consent, but such consent must not be unreasonably withheld or delayed.

(6) No street or private means of access specified in column (2) of Part 2 of Schedule 13 (Streets and private means of access to be temporarily closed) may be wholly or partly closed under this article unless—

- (a) the new temporary street or temporary private means of access to be substituted for it, which is specified in column (4) of that Part of that Schedule, is open for use, and in the case of a street, has been completed to the reasonable satisfaction of the street authority; or
- (b) an alternative temporary route for the passage of such traffic as could have used the street or private means of access to be temporarily closed between the commencement and termination points for the temporary closure of the street or private means of access is first provided and, in the case of a street, is subsequently maintained by the undertaker to the reasonable satisfaction of the street authority until the opening of the new temporary street in accordance with paragraph (a) or the re-opening of the street temporarily closed.

(7) Where the undertaker provides a temporary diversion under paragraph (4), the new or temporary alternative route is not required to be of a higher standard than the temporarily closed street or private means of access in column (2) of Part 1 or Part 2 of Schedule 13.

(8) Prior to the reopening of any street or private means of access temporarily closed under paragraphs (4) or (6), the undertaker must remove all temporary works and restore the street or private means of access to its previous condition.

(9) Any person who suffers loss by the suspension of any private right of way under this article is entitled to compensation to be determined, in the case of dispute, under Part 1 of the 1961 Act.

(10) If a street authority that receives an application for consent under paragraph (5)(b) fails to notify the undertaker of its decision within 56 days of receiving the application, that street authority will be deemed to have granted consent.

(11) For the purposes of this article and Schedule 14, the definition of “street” under article 2 (Interpretation) is extended to also include any other public right of way.

Use of private roads for construction

18.—(1) The undertaker may use any private road within the Order limits for the passage of persons or vehicles (with or without materials, plant and machinery) for the purposes of, or in connection with, the construction of the authorised development.

(2) The undertaker must compensate the person liable for the repair of a road to which paragraph (1) applies for any loss or damage which that person may suffer by reason of the exercise of the power conferred by paragraph (1).

(3) Any dispute as to a person’s entitlement to compensation under paragraph (2), or as to the amount of such compensation, is to be determined under Part 1 of the 1961 Act.

Access to works

19.—(1) The undertaker may, for the purposes of the authorised development—

- (a) form and lay out means of access, or improve existing means of access identified on the Rights of Way Plans; and
- (b) with the agreement of the street authority after consultation with the highway authority (such agreement not to be unreasonably withheld), form and lay out means or access or improve existing means of access at such other locations within the Order limits as the undertaker reasonably requires.

(2) If a street authority that receives an application for approval under paragraph (1)(b) fails to notify the undertaker of its decision within 56 days of receiving the application, that authority will be deemed to have granted approval.

Construction and maintenance of new and altered streets

20.—(1) Any street to be constructed under this Order must be completed to the reasonable satisfaction of the highway authority and must, unless otherwise agreed between the undertaker and the highway authority, be maintained by and at the expense of the undertaker for a period of 12 months from its completion and at the expiry of that period by and at the expense of the highway authority.

(2) Where a street is altered or diverted under this Order, the altered part of the street must, when completed to the reasonable satisfaction of the highway authority, unless otherwise agreed, be maintained by and at the expense of the undertaker for a period of 12 months from its completion and at the expiry of that period by and at the expense of the highway authority.

(3) In any action against the undertaker in respect of loss or damage resulting from any failure by it to maintain a street under this article, it is a defence (without prejudice to any other defence or the application of the law relating to contributory negligence) to prove that the undertaker had taken such care as in all the circumstances was reasonably required to secure that the part of the street to which the action relates was not dangerous to traffic.

(4) For the purposes of a defence under paragraph (4), the court will in particular have regard to the following matters—

- (a) the character of the street including the traffic which was reasonably to be expected to use it;
- (b) the standard of maintenance appropriate for a street of that character and used by such traffic;
- (c) the state of repair in which a reasonable person would have expected to find the street;
- (d) whether the undertaker knew, or could reasonably have been expected to know, that the condition of the part of the street to which the action relates was likely to cause danger to users of the street; and
- (e) where the undertaker could not reasonably have been expected to repair that part of the street before the cause of action arose, what warning notices of its condition had been displayed;

but for the purposes of such a defence it is not relevant that the undertaker had arranged for a competent person to carry out or supervise the maintenance of that part of the street to which the action relates unless it is also proved that the undertaker had given that person proper instructions with regard to the maintenance of the street and that those instructions had been carried out.

Agreements with street authorities

21.—(1) A street authority may enter into agreements with the undertaker in respect to—

- (a) the construction of any new street authorised by this Order;
- (b) any stopping up, alteration or diversion of a street authorised by this Order;
- (c) the maintenance of the structure of any bridge carrying a street over or under any part of the authorised development;

- (d) the carrying out in the street of any of the works referred to in articles 11 (Power to alter layout, etc., of streets) or 12 (Street works); and
- (e) such works as the parties may agree.

(2) Such an agreement may, without prejudice to the generality of paragraph (1)—

- (a) make provision for the street authority to carry out any function under this Order which relates to the street in question;
- (b) specify a reasonable time for the completion of the works;
- (c) make provision for the maintenance of the structure of any viaduct, underpass, overpass or bridge carrying a street; and
- (d) contain such terms as to payment and other matters as the parties consider appropriate.

(3) The undertaker will not commence Work No.s 1A(1), 1B, 1C, 9(b), 10(b), 11, 12, 13(b), 14, 15, 16 or 17 prior to entering into an agreement pursuant to paragraph (1) which provides details of the specification of the works which will reasonably satisfy the highway authority for the purpose of article 20(1) or article 20(2), and related provisions in relation to the maintenance and adoption of such works pursuant to that article.

Traffic regulation measures

22.—(1) Subject to the provisions of this article, the undertaker may at any time, for the purposes of the authorised development make provision, in respect of those streets specified in column (2) and (3) of Schedule 14 (Traffic regulation measures), as to the speed limit of those streets as specified in column (4) of that Schedule.

(2) Without limiting the scope of the specific powers conferred by paragraph (1) but subject to the provisions of this article and the consent (such consent not to be unreasonably withheld) of the traffic authority in whose area the street is situated, which consent may be subject to reasonable conditions, the undertaker may, for the purposes or in connection with the authorised development—

- (a) revoke, amend or suspend in whole or in part any order made, or having effect as if made, under the 1984 Act in so far as it is inconsistent with any prohibition, restriction or other provision made by the undertaker under this article;
- (b) permit, prohibit or restrict the stopping, parking, waiting, loading or unloading of vehicles on any road;
- (c) authorise the use as a parking place of any road;
- (d) make provision as to the direction or priority of vehicular traffic on any road;
- (e) permit or prohibit vehicular access to any road; and
- (f) place traffic signs on or near a street (including on private land), subject to and in conformity with the directions issued by the Secretary of State pursuant to powers conferred by section 64, 65 and 85 of the 1984 Act, and in particular where such traffic signs are required for the safe design, management or operation of level crossings upgraded as part of Work Nos. 4B or 4C.

either at all times or at times, on days or during such periods as may be specified by the undertaker, in respect of streets within and outside the Order limits.

(3) Before complying with the provisions of paragraph (4) the undertaker must consult the chief officer of police and the traffic authority in whose area the street is situated.

(4) The undertaker must not exercise the powers in paragraphs (1) and (2) unless it has—

- (a) given not less than 28 days' notice in writing of its intention so to do to the chief officer of police and to the traffic authority in whose area the street is situated; and
- (b) advertised its intention in such manner as the traffic authority may specify in writing within 7 days of its receipt of notice of the undertaker's intention as provided for in sub-paragraph (a).

(5) Any prohibition, restriction or other provision made by the undertaker under paragraphs (1) and (2) has effect as if duly made by—

- (a) the traffic authority in whose area the street is situated as a traffic regulation order under the 1984 Act; or
- (b) Suffolk County Council as an order under section 32 of the 1984 Act (Power of local authorities to provide parking places) (a), and the instrument by which it is effected may specify savings and exemptions (in addition to those mentioned in Schedule 14) to which the prohibition, restriction or other provision is subject,

is deemed to be a traffic order for the purposes of Schedule 7 to the Traffic Management Act 2004 (Road traffic contraventions subject to civil enforcement)(b).

(6) Expressions used in this article and in the 1984 Act have the same meaning in this article as in that Act.

(7) If the traffic authority fails to notify the undertaker of its decision within 28 days of receiving an application for consent under paragraph (2), that authority is deemed to have granted consent.

PART 4

SUPPLEMENTAL POWERS

Discharge of water

23.—(1) Subject to paragraphs (2) and (3), the undertaker may use any watercourse or any public sewer or drain for the drainage of water in connection with the construction, operation or maintenance of the authorised development and for that purpose may lay down, take up and alter pipes and may, on any land within the Order limits, make openings into, and connections with, the watercourse, public sewer or drain.

(2) The undertaker must not discharge any water into any watercourse, public sewer or drain except with the consent of the person to whom it belongs; and such consent may be given subject to such terms and conditions as that person may reasonably impose, but must not be unreasonably withheld or delayed.

(3) The undertaker must not make any opening into any public sewer or drain except—

- (a) in accordance with plans approved by the person to whom the sewer or drain belongs, but such approval must not be unreasonably withheld or delayed; and
- (b) where that person has been given the opportunity to supervise the making of the opening.

(4) Where the person to whom the watercourse, sewer or drain belongs receives an application for consent under paragraph (2) or approval under sub-paragraph (3)(a) and fails to notify the undertaker of its decision within 28 days of receiving an application, that person will be deemed to have granted consent or given approval, as the case may be.

(5) The undertaker must not, in carrying out or maintaining works pursuant to this article, damage or interfere with the bed or banks of any watercourse forming part of a main river, save where such damage or interference is required for the purpose of carrying out Works authorised under this Order.

(6) The undertaker must take such steps as are reasonably practicable to secure that any water discharged into a watercourse or public sewer or drain pursuant to this article is as free as may be practicable from gravel, soil or other solid substance, oil or matter in suspension.

(a) 1984 c.27 . Section 32 was amended by sections 1, 2 and 8(1) and paragraph 4(6)(d) of Schedule 5 to the Local Government Act 1985 (c. 51) and section 168(1) of, and paragraph 39 of Schedule 8 to, the 1991 Act.

(b) 2004 c.18. Schedule 7 was amended by S.I. 2013/362 and S.I. 2018/488. There are other amendments made to the Traffic Management Act 2004 which are not relevant to this Order.

(7) Any dispute arising from the making of connections to or the use of a public sewer or drain by the undertaker pursuant to paragraph (1) will be determined as if it were a dispute under section the Water Industry Act 1991 (Right to communicate with public sewers) (a).

(8) In this article—

- (a) “public sewer or drain” means a sewer or drain which belongs to the Environment Agency, an internal drainage board, a local authority or a sewerage undertaker; and
- (b) except as provided in article 2 (Interpretation), other expressions used both in this article and in the Water Resources Act 1991(a) have the same meaning as in that Act.

(9) Nothing in this article overrides the requirement for an environmental permit under regulation 12(1)(b) of the Environmental Permitting (England and Wales) Regulations 2016(b).

Protective work to buildings

24.—(1) Subject to the following provisions of this article, the undertaker may at its own expense carry out such protective works to any building lying within the Order limits as the undertaker considers necessary or expedient.

(2) Protective works may be carried out—

- (a) at any time before or during the carrying out in the vicinity of the building of any part of the authorised development; or
- (b) after the completion of that part of the authorised development in the vicinity of the building at any time up to the end of the period of 5 years beginning with the day on which that part of the authorised development is first opened for use.

(3) For the purpose of determining how the functions under this article are to be exercised, the undertaker may enter and survey any building falling within paragraph (1) and any land within its curtilage, and place on, leave on, and remove from the building any apparatus and equipment for use in connection with the survey.

(4) For the purpose of carrying out protective works under this article to a building the undertaker may (subject to paragraphs (5) and (6))—

- (a) enter the building and any land within its curtilage; and
- (b) where the works cannot be carried out reasonably conveniently without entering land which is adjacent to the building but outside its curtilage, enter the adjacent land (but not any building erected on it).

(5) Before exercising—

- (a) a right under paragraph (1) to carry out protective works to a building;
- (b) a right under paragraph (3) to enter and survey any building and any land within its curtilage and place on, leave on or remove any apparatus or equipment;
- (c) a right under sub-paragraph (4)(a) to enter a building and land within its curtilage; or
- (d) a right under sub-paragraph (4)(b) to enter land,

the undertaker will, except in the case of emergency, serve on the owners and occupiers of the building or land not less than 14 days’ notice of its intention to exercise that right and, in a case falling within sub-paragraph (a) or (d), the notice must specify the protective works proposed to be carried out.

(6) Where a notice is served under paragraph (5), the owner or occupier of the building or land concerned may, by serving a counter-notice within the period of 10 days beginning with the day

(a) 1991 c.56. Section 106 was amended by section 35(8)(a) and 43(2) and paragraph 1 of Schedule 2 of the Compensation and Service (Utilities) Act 1992 (c.43) and sections 36(2) and 99 of the Water Act 2003 (c.37). Section 102(4) was amended by section 96(1)(c) of the Water Act 2003 (c.37) and paragraph 90 of Schedule 7 to the Water Act 2014 (c.21). Section 104 was amended by section 96(4) of and paragraph 1 of Part 3 of Schedule 9 to the Water Act 2003 (c.37) and section 42(3) of the Flood and Water Management Act 2010 (c.29). There are other amendments to this section which are not relevant to this Order.

(b) S.I. 2016/1154

on which the notice was served, require the question whether it is necessary or expedient to carry out the protective works or to enter the building or land to be referred to arbitration under article 82 (arbitration).

(7) The undertaker must compensate the owners and occupiers of any building or land in relation to which rights under this article have been exercised for any loss or damage arising to them by reason of the exercise of those rights.

(8) Where—

- (a) protective works are carried out under this article to a building; and
- (b) within the period of 5 years beginning with the day on which the part of the authorised development carried out in the vicinity of the building is first opened for use it appears that the protective works are inadequate to protect the building against damage caused by the carrying out or use of that part of the authorised development,

the undertaker will compensate the owners and occupiers of the building for any loss or damage sustained by them.

(9) Nothing in this article will relieve the undertaker from any liability to pay compensation under section 10(2) of the 1965 Act (Further provision as to compensation for injurious affection).

(10) Any compensation payable under paragraph (7) or (8) will be determined, in case of dispute, under Part 1 of the 1961 Act (Determination of questions of disputed compensation).

(11) Subject to paragraph (6), section 13(a) (refusal to give possession to acquiring authority) of the 1965 Act applies to the entry onto, or possession of land under this article to the same extent as it applies to the compulsory acquisition of land under this Order by virtue of section 125(b) (application of compulsory acquisition provisions) of the 2008 Act.

(12) In this article “protective works” in relation to a building means—

- (a) underpinning, strengthening and any other works the purpose of which is to prevent damage which may be caused to the building by the carrying out, maintenance or use of the authorised development; and
- (b) any works the purpose of which is to remedy any damage which has been caused to the building by the carrying out, maintenance or use of the authorised development.

Authority to survey and investigate the land

25.—(1) The undertaker may, for the purposes of this Order, enter on any land shown within the Order limits or which may be affected by the authorised development and—

- (a) survey or investigate the land;
- (b) without limiting sub-paragraph (a), make trial holes in such positions on the land as the undertaker thinks fit to investigate the nature of the surface layer and subsoil and remove soil samples;
- (c) without limiting sub-paragraph (a), carry out ecological or archaeological investigations on such land; and
- (d) place on, leave on and remove from the land apparatus for use in connection with the survey and investigation of land and making of trial holes.

(2) No land may be entered or equipment placed on, left on, or removed from the land under paragraph (1) unless at least 14 days’ notice has been served on every owner and occupier of the land.

(3) Any person entering land under this article on behalf of the undertaker—

- (a) must, if so required on entering the land, produce written evidence of their authority to do so; and

(a) As amended by sections 62(3) and 139(4)-(9) of, paragraphs 27 and 28 of Schedule 13 and Part 3 of Schedule 223 to, the Tribunals, Courts and Enforcement Act 2007 (c. 15).

(b) As amended by section 190 of, and paragraph 17 of Schedule 16 to, the Housing and Planning Act 2016 (c. 22).

- (b) may take with them such vehicles and equipment as are necessary to carry out the survey or investigation or to make the trial holes.

(4) No trial holes will be made under this article—

- (a) in land located within the highway boundary without the consent of the highway authority; or
- (b) in a private street without the consent of the street authority

but such consent must not be unreasonably withheld or delayed.

(5) The undertaker must compensate the owners and occupiers of the land for any loss or damage arising by reason of the exercise of the authority conferred by this article, such compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(6) If either a highway authority or street authority which has received an application for consent under paragraph (4) fails to notify the undertaker of its decision within 28 days of receiving the application, that authority is deemed to have granted the consent.

(7) Section 13 (refusal to give possession to acquiring authority) of the 1965 Act applies to the entry onto, or possession of land under this article to the same extent as it applies to the compulsory acquisition of land under this Order by virtue of section 125 (application of compulsory acquisition provisions) of the 2008 Act.

PART 5

POWERS OF ACQUISITION AND POSSESSION OF LAND

Compulsory acquisition of land

26.—(1) The undertaker may—

- (a) acquire compulsorily so much of the land within the permanent limits and described in the Book of Reference as is required for the construction, operation or maintenance of the authorised development or to facilitate it, or as is incidental to it; and
- (b) use any land so acquired for the purposes authorised by this Order or for any other purposes in connection with or ancillary to the undertaking.

(2) Nothing in paragraph (1) or article 30 (compulsory acquisition of rights) authorises the undertaker—

- (a) to acquire compulsorily any interests in land specified in column (2) of Part 1 of Schedule 15 (Land which may not be compulsorily acquired or in which only rights etc. may be acquired) which are held by the party mentioned in the column (3); or
- (b) to extinguish or over-ride any rights over the land specified in column (2) of Part 1 of Schedule 15 which relate to the operation of Sizewell B power station without first having provided or procured the provision of an alternative, equivalent right to ensure continued operation of Sizewell B power station.

but the undertaker may acquire by agreement any part of those lands, or rights over them, and use them for the purposes set out in paragraph (1).

(3) This article is subject to article 29 (time limit for exercise of authority to acquire land compulsorily), article 30 (compulsory acquisition of rights), article 33 (acquisition of subsoil only), article 36 (rights under or over streets), article 37 (temporary use of land for carrying out the authorised development), and article 85 (Crown rights).

Compulsory acquisition of land – incorporation of the mineral code

27.—(1) Parts 2 and 3 of Schedule 2 to the Acquisition of Land Act 1981 (minerals) are incorporated in this Order subject to the modifications that—

- (a) paragraph 8(3) is not incorporated; and

- (b) for “the acquiring authority” substitute “the undertaker”; and
- (c) for “undertaking” substitute “authorised development”.

Statutory authority to override easements and other rights

28.—(1) The carrying out or use of development authorised by this Order and the doing of anything else authorised by this Order is authorised for the purpose specified in section 158(2) of the 2008 Act (nuisance: statutory authority), notwithstanding that it involves—

- (a) an interference with an interest or right to which this article applies; or
- (b) a breach of a restriction as to user of land arising by virtue of contract.

(2) The undertaker will pay compensation to any person whose land is injuriously affected by—

- (a) an interference with an interest or right to which this article applies; or
- (b) a breach of a restriction as to user of land arising by virtue of contract,

authorised by virtue of this Order and the operation of section 158 of the 2008 Act.

(3) The interests and rights to which this article applies are any easement, liberty, privilege, right or advantage annexed to land and adversely affecting other land, including any natural right to support.

(4) Subsection (2) of section 10 of the 1965 Act applies to paragraph (2) by virtue of section 152(5) of the 2008 Act (compensation in case where no right to claim in nuisance).

(5) Any rule or principle applied to the construction of section 10 of the 1965 Act applies to the construction of paragraph (2) (with any necessary modifications).

Time limit for exercise of authority to acquire land compulsorily

29.—(1) After the end of the period of five years beginning on the day on which this Order is made—

- (a) no notice to treat may be served under Part 1 of the 1965 Act; and
- (b) no declaration may be executed under section 4 of the 1981 Act as applied by article 32 (Application of the 1981 Act)(a),

in relation to any part of the Order land.

Compulsory acquisition of rights and imposition of restrictive covenants

30.—(1) The undertaker may acquire compulsorily the existing rights, create and acquire the new rights and impose such restrictive covenants described in the Book of Reference and shown on the Land Plans.

(2) In the case of the Order land specified in column (2) of Part 2 of Schedule 15 (Land which may not be compulsorily acquired or in respect of which only rights etc may be acquired), the undertaker’s powers of compulsory acquisition are limited to the acquisition of such new rights and the imposition of such restrictive covenants as may be required for the purpose specified in relation to that land in column (3) of that Schedule.

(3) Subject to section 8 of the 1965 Act (Provisions as to divided land), as substituted by article 34 (Acquisition of part of certain properties), where the undertaker acquires an existing right over

(a) 1981 c.66. Sections 2(3), 6(2) and 11(6) were amended by section 4 of, and paragraph 52 of Schedule 2 to, the Planning (Consequential Provisions) Act 1990 (c. 11). Sections 10 and 11 and Schedule 1 were amended by S.I. 2009/137. Section 15 was amended by sections 56 and 321(1) of, and Schedules 8 and 16 to, the Housing and Regeneration Act 2008 (c. 17). Paragraph 1 of Schedule 2 was amended by section 76 of, and Part 2 of Schedule 9 to, the Housing Act 1988 (c. 50); section 161(4) of, and Schedule 19 to, the Leasehold Reform, Housing and Urban Development Act 1993 (c. 28); and sections 56 and 321(1) of, and Schedule 8 to, the Housing and Regeneration Act 2008. Paragraph 3 of Schedule 2 was amended by section 76 of, and Schedule 9 to, the Housing Act 1988 and section 56 of, and Schedule 8 to, the Housing and Regeneration Act 2008. Paragraph 2 of Schedule 3 was repealed by section 277 of, and Schedule 9 to, the Inheritance Tax Act 1984 (c. 51). There are other amendments to the 1981 Act which are not relevant to this Order.

land under paragraph (1), the undertaker will not be required to acquire a greater interest in that land.

(4) Schedule 16 (Modification of compensation and compulsory purchase enactments for creation of new rights and imposition of restrictive covenants) has effect for the purpose of modifying the enactments relating to compensation and the provisions of the 1965 Act in their application in relation to the compulsory acquisition under this article of a right over land by the creation of a new right or the imposition of a restrictive covenant.

(5) In any case where the acquisition of rights or imposition of a restrictive covenant under paragraph (1) is required for the purposes of diverting, replacing or protecting the apparatus of a statutory undertaker, the undertaker may, with the consent of the Secretary of State, transfer the power to acquire such rights or impose restrictive covenants to the statutory undertaker in question.

(6) The exercise by a statutory undertaker of any power in accordance with a transfer under paragraph (4) is subject to the same restrictions, liabilities and obligations as would apply under this Order if that power were exercised by the undertaker.

Private rights of way

31.—(1) Subject to the provisions of this article, and article 14 insofar as it relates to private means of access, all private rights of way over land subject to compulsory acquisition under this Order will be extinguished—

- (a) as from the date of acquisition of the land by the undertaker, whether compulsorily or by agreement; or
- (b) on the date of entry on the land by the undertaker under section 11(1) of the 1965 Act (power of entry),

whichever is the earlier.

(2) Subject to the provisions of this article, and article 14 insofar as it relates to private means of access, all private rights of way over land owned by the undertaker which, being within the Order limits, is required for the purposes of this Order are extinguished on the appropriation of the land by the undertaker for any of those purposes.

(3) Subject to the provisions of this article, all private rights of way over land of which the undertaker takes temporary possession under this Order will be suspended and unenforceable for as long as the undertaker remains in lawful possession of the land.

(4) Any person who suffers loss by the extinguishment or suspension of any private right of way under this article will be entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(5) This article does not apply in relation to any right of way to which section 138 of the 2008 Act (Extinguishment of rights, and removal of apparatus, of statutory undertakers etc.) or where article 40 (statutory undertakers) applies.

(6) Paragraphs (1) to (3) have effect subject to—

- (a) any notice given by the undertaker before—
 - (i) the completion of the acquisition of the land,
 - (ii) the undertaker's appropriation of it,
 - (iii) the undertaker's entry onto it, or
 - (iv) the undertaker's taking temporary possession of it,that any or all of those paragraphs do not apply to any right of way specified in the notice; and
- (b) any agreement made at any time between the undertaker and the person in or to whom the right of way in question is vested or belongs.

(7) Where an agreement referred to in sub-paragraph (6)(b)—

- (a) is made with a person in or to whom the right of way is vested or belongs; and

- (b) is expressed to have effect also for the benefit of those deriving title from or under that person,

the agreement is effective in respect of the persons so deriving title, whether the title was derived before or after the making of the agreement.

(8) This article does not apply to any loss suffered under article 14 (Permanent stopping up of streets and extinguishment of private means of access).

Application of the 1981 Act

32.—(1) The 1981 Act applies as if this Order were a compulsory purchase order.

(2) The 1981 Act, as applied, has effect with the following modifications.

(3) In section 1 (Application of act) for subsection (2) there is substituted—

“(2) This section applies to any Minister, any local or other public authority or any other body or person authorised to acquire land by means of a compulsory purchase order.”

(4) In section 5 (earliest date for execution of declaration), in subsection (2), omit the words from “; and this subsection” to the end.

(5) Omit section 5A(a) (Time limit for general vesting declaration).

(6) In section 5B(b) (Extension of time limit during challenge)—

(a) For “section 23 of the Acquisition of Land Act 1981 (Application to High Court in respect of compulsory purchase order)” substitute “section 118 of the Planning Act (Legal challenges relating to applications for orders granting development consent)”; and

(b) For “the three year period mentioned in section 4” substitute “the five year period mentioned in article 29 (Time limit for exercise of authority to acquire land compulsorily) of the Sizewell C (Nuclear Generating Station) Order 202[*]”.

(7) In section 6(c) (Notices after execution of declaration) for subsection (1)(b) there is substituted—

“(1) (a) on every other person who has given information to the acquiring authority with respect to any of that land further to the invitation published and served under section 134 of the Planning Act 2008.”

(8) In section 7(d) (Constructive notice to treat), in subsection (1)(a), omit “(as modified by section 4 of the Acquisition of Land Act 1981)”.

(9) In Schedule A1(e) (Counter-notice requiring purchase of land not in general vesting declaration), omit paragraph 1(2).

(10) References to the 1965 Act in the 1981 Act are to be construed as references to the 1965 Act as applied by section 125 of the 2008 Act (Application of compulsory acquisition provisions) to the compulsory acquisition of land under this Order.

Acquisition of subsoil and airspace only

33.—(1) The undertaker may acquire compulsorily so much of, or such rights in, the subsoil of and the airspace over the land referred to in paragraph (1) of article 26 (Compulsory acquisition of land) or article 30 (Compulsory acquisition of rights) as may be required for any purpose for which that land may be acquired under that provision instead of acquiring the whole of the land.

(a) 1981 c.66. Section 5A was inserted by section 182(2) of the Housing and Planning Act 2016 (c. 22).

(b) 1981 c.66. Section 5B was as inserted by section 202(2) of the Housing and Planning Act 2016 (c. 22)

(c) 1981 c.66. Section 6 was amended by paragraph 52(2) of Schedule 2 to the Planning (Consequential Provisions) Act 1990 (c. 11) and paragraph 7 of Schedule 15 to the Housing and Planning Act 2016 (c. 22).

(d) 1981 c.66. Section 7 was amended by paragraph 3 of Schedule 18 to the Housing and Planning Act 2016 (c. 22).

(e) As inserted by paragraph 6 of Schedule 18 to the Housing and Planning Act 2016 (c. 22).

(2) Where the undertaker acquires any part of, or rights in, the subsoil of, or the airspace over, any land under paragraph (1), the undertaker is not required to acquire an interest in any other part of the land.

(3) The following do not apply in connection with the exercise of the power under paragraph (1) in relation to subsoil or airspace only—

- (a) Schedule 2A (counter-notice requiring purchase of land not in notice to treat) to the 1965 Act;
- (b) Schedule A1 (counter-notice requiring purchase of land not in general vesting declaration) to the 1981 Act; and
- (c) Section 153(4A) (blighted land: proposed acquisition of part interest; material detriment test) of the Town and Country Planning Act 1990.

(4) Paragraph (2) and (3) are to be disregarded where the undertaker acquires a cellar, vault, arch or other construction forming part of a house, building or manufactory or airspace above a house, building or manufactory.

Acquisition of part of certain properties

34.—(1) This article applies instead of section 8(1) of the 1965 Act (other provisions as divided land) (as applied by section 125 of the 2008 Act) where—

- (a) a notice to treat is served on a person (“the owner”) under the 1965 Act (as so applied) in respect of land forming only part of a house, building or manufactory or of land consisting of a house with a park or garden (“the land subject to the notice to treat”); and
- (b) a copy of this article is served on the owner with the notice to treat.

(2) In such a case, the owner may, within the period of 21 days beginning with the day on which the notice was served, serve on the undertaker a counter-notice objecting to the sale of the land subject to the notice to treat which states that the owner is willing and able to sell the whole (“the land subject to the counter-notice”).

(3) If no such counter-notice is served within that period, the owner is required to sell the land subject to the notice to treat.

(4) If such a counter-notice is served within that period, the question whether the owner is required to sell only the land subject to the notice to treat shall, unless the undertaker agrees to take the land subject to the counter-notice, be referred to the Lands Chamber of the Upper Tribunal (“the tribunal”).

(5) If on such a reference the tribunal determines that the land subject to the notice to treat can be taken—

- (a) without material detriment to the remainder of the land subject to the counter-notice; or
- (b) where the land subject to the notice to treat consists of a house with a park or garden, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house,

the owner must sell the land subject to the notice to treat.

(6) If on such a reference the tribunal determines that only part of the land subject to the notice to treat can be taken—

- (a) without material detriment to the remainder of the land subject to the counter-notice; or
- (b) where the land subject to the notice to treat consists of a house with a park or garden, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house,

the notice to treat is deemed to be a notice to treat for that part.

(7) If on such a reference the tribunal determines that—

- (a) the land subject to the notice to treat cannot be taken without material detriment to the remainder of the land subject to the counter-notice; but

(b) the material detriment is confined to a part of the land subject to the counter-notice, the notice to treat is deemed to be a notice to treat for the land to which the material detriment is confined in addition to the land already subject to the notice, whether or not the additional land is land which the undertaker is authorised to acquire compulsorily under this Order.

(8) If the undertaker agrees to take the land subject to the counter-notice, or if the tribunal determines that—

(a) none of the land subject to the notice to treat can be taken without material detriment to the remainder of the land subject to the counter-notice or, as the case may be, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity and convenience of the house; and

(b) the material detriment is not confined to a part of the land subject to the counter-notice, the notice to treat is deemed to be a notice to treat for the land subject to the counter-notice whether or not the whole of that land is land which the undertaker is authorised to acquire compulsorily under this Order.

(9) Where, by reason of a determination by the tribunal under this article, a notice to treat is deemed to be a notice to treat for less land or more land than that specified in the notice, the undertaker may, within the period of 6 weeks beginning with the day on which the determination is made, withdraw the notice to treat; and, in that event, must pay the owner compensation for any loss or expense occasioned to the owner by the giving and withdrawal of the notice, to be determined in case of dispute by the tribunal.

(10) Where the owner is required under this article to sell only part of a house, building or manufactory or of land consisting of a house with a park or garden, the undertaker must pay the owner compensation for any loss sustained by the owner due to the severance of that part in addition to the value of the interest acquired.

Modification of the 1965 Act

35.—(1) Part 1 of the 1965 Act, as applied to this Order by section 125 (Application of compulsory acquisition provisions) of the 2008 Act, is modified as follows—

(2) In section 4 (time limit for giving notice to treat) for “after the end of the period of 3 years beginning the day on which the compulsory purchase order becomes operative” substitute “after the end of the period stated in article 29 (Time limit for exercise of authority to acquire compulsorily) of the Sizewell C (Nuclear Generating Station) Order 2020”.

(3) In section 4A(1)(a) (Extension of time limit during challenge) for “section 23 of the Acquisition of Land Act 1981 (Application to High Court in respect of compulsory purchase order), the three year period mentioned in section 4” substitute “section 118 of the Planning Act 2008 (Legal challenges relating to applications for orders granting development consent), the five year period mentioned in article 29 (Time limit for exercise of powers to acquire land compulsorily) of the Sizewell C (Nuclear Generating Station) Order 2020”

(4) In section 11A(b) (Powers of entry: further notice of entry)—

(a) in subsection (1)(a), after “land” insert “under that provision”;

(b) in subsection (2), after “land” insert “under that provision”.

(5) In section 22(2) (Expiry of time limit for exercise of compulsory purchase power not to affect acquisition of interests omitted from purchase), for “section 4 of this Act” substitute “article 29 (Time limit for exercise of powers to acquire land compulsorily) of the Sizewell C (Nuclear Generating Station) Order 2020[*]”.

(6) In Schedule 2A (counter-notice requiring purchase of land not in notice to treat) after paragraph 29, end insert—

(a) 1965 c. 56. Section 4A(1) was inserted by section 202(1) of the Housing and Planning Act 2016 (c. 22).

(b) 1965 c. 56. Section 11A was inserted by section 186(3) of the Housing and Planning Act 2016 (c. 22).

“PART 4

INTERPRETATION

30. In this Schedule, references to entering on and taking possession of land do not include doing so under articles 24 (Protective works to buildings), 25 (Authority to survey and investigate land), 37 (Temporary use of land for carrying out the authorised development), 39 (Temporary use of land for maintaining the authorised development), or 45 (Use of airspace within the Order limits) of the Sizewell C (Nuclear Generating Station) Order 2020.”

Rights under or over streets

36.—(1) The undertaker may enter on and appropriate and use so much of the subsoil of, or air-space over, any street within the Order limits as may be required for the purposes of the authorised development and may use the subsoil or air-space for those purposes or any other purpose ancillary to the authorised development.

(2) Subject to paragraph (3), the undertaker may exercise any power conferred by paragraph (1) in relation to a street without being required to acquire any part of the street or any easement or right in the street.

(3) Paragraph (2) does not apply in relation to—

- (a) any subway or underground building; or
- (b) any cellar, vault, arch or other construction in, on or under a street which forms part of a building fronting onto the street.

(4) Subject to paragraph (5), any person who is an owner or occupier of land appropriated under paragraph (1) without the undertaker acquiring any part of that person’s interest in the land, and who suffers loss as a result, is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(5) Compensation is not payable under paragraph (4) to any person who is an undertaker to whom section 85 of the 1991 Act (Sharing cost of necessary measures) applies in respect of measures of which the allowable costs are to be borne in accordance with that section.

Temporary use of land for carrying out authorised development

37.—(1) The undertaker may, in connection with the carrying out of the authorised development—

- (a) enter on and take temporary possession of—
 - (i) the land specified in column (2) of Schedule 17 (Land of which only temporary possession may be taken) for the purpose specified in relation to that land in column (3) of that Schedule; and
 - (ii) any land within the permanent limits in respect of which no notice of entry has been served under section 11 of the 1965 Act (Powers of entry) and no declaration has been made under section 4(a) of the 1981 Act (Execution of declaration);
- (b) remove any electric line, electrical plant, structures, apparatus, buildings and vegetation from that land;
- (c) construct temporary or permanent works comprised within the authorised development (including the provision of means of access and buildings or structures on that land);
- (d) construct any works specified in relation to that land in column (2) of Schedule 17, or any other mitigation works; and

(a) 1981 c.66. Section 4 was amended by section 184 and 185 of, and paragraphs 1 and 2 of Schedule 18 to, the Housing and Planning Act 2016 (c. 22)

- (e) temporarily possess any land (including land specified in Schedule 17) for the temporary diversion of vehicular traffic or the temporary diversion of public and private rights of way or private means of access where required in the exercise of powers under article 14 (Permanent stopping up of streets and extinguishment of private means of access) or article 17 (Temporary stopping up of streets and extinguishment of private means of access), or where otherwise required to avoid prejudice to the use of land within the Order limits by land owners during construction of the authorised development.

(2) Not less than 14 days before entering on and taking temporary possession of land under this article the undertaker must serve notice of the intended entry on the owners and occupiers of the land.

(3) The undertaker may not, without the agreement of the owners of the land, remain in possession under this article—

- (a) in the case of land specified in sub-paragraph (1)(a)(i) above, after the end of the period of 1 year beginning with the date of completion of the part of the authorised development specified in relation to that land in column (2) of Schedule 17 unless and to the extent that it is authorised to do so by the acquisition of rights over land or the creation of new rights over land pursuant to article 30 (Compulsory acquisition of rights); or
- (b) in the case of land referred to in sub-paragraph (1)(a)(ii), after the end of the period of 1 year beginning with the date of completion of the work for which temporary possession of the land was taken unless the undertaker has, by the end of that period, served a notice of entry under section 11 of the 1965 Act or made a declaration under section 4 of the 1981 Act in relation to that land.

(4) Before giving up possession of land of which temporary possession has been taken under this article, the undertaker must either acquire the land under sub-paragraph (1)(a) or, unless otherwise agreed with the owners of the land, remove all temporary works and restore the land to the reasonable satisfaction of the owners of the land, except that the undertaker is not required to—

- (a) replace a building removed under this article;
- (b) restore the land on which any permanent works have been constructed under sub-paragraph (1)(d);
- (c) restore the land to a condition better than the relevant land was in before temporary possession;
- (d) remove any ground strengthening works which have been placed on the land to facilitate construction, maintenance and operation of the authorised development;
- (e) remove any measures installed over or around statutory undertakers' apparatus to protect that apparatus from the authorised development; or
- (f) remove or reposition any apparatus belonging to statutory undertakers or necessary mitigation works.

(5) The undertaker must pay compensation to the owners and occupiers of land of which temporary possession is taken under this article for any loss or damage arising from the exercise in relation to the land of the provisions of any power conferred by this article and, for the avoidance of doubt, this will include compensation in respect of any loss or damage further to any ground strengthening works within sub-paragraph (4)(d) carried out by the undertaker in or on that land.

(6) Any dispute as to a person's entitlement to compensation under paragraph (5), or as to the amount of the compensation, will be determined under Part 1 of the 1961 Act.

(7) Nothing in this article affects any liability to pay compensation under section 152 of the 2008 Act^(a) (Compensation in case where no right to claim in nuisance) or under any other enactment in respect of loss or damage arising from the carrying out of the authorised development, other than loss or damage for which compensation is payable under sub-paragraph (5).

(a) 2008 c.29. Section 152 was amended by S.I. 2009/1307.

(8) The undertaker may not compulsorily acquire under this Order the land referred to in subparagraph (1)(a)(i) except that the undertaker is not precluded from—

- (a) acquiring existing and new rights or imposing any restrictive covenants over any part of that land under article 30 (Compulsory acquisition of rights);
- (b) acquiring any part of the subsoil (or rights in the subsoil) of that land under article 31 (Acquisition of subsoil only); or
- (c) carrying out a survey of that land under article 25 (Authority to survey and investigate the land).

(9) Where the undertaker takes possession of land under this article, the undertaker is not required to acquire the land or any interest in it.

(10) Section 13 of the 1965 Act (Refusal to give possession to acquiring authority) applies to the temporary use of land pursuant to this article to the same extent as it applies to the compulsory acquisition of land under this Order by virtue of section 125 of the 2008 Act (Application of compulsory acquisition provisions).

(11) Nothing in this article prevents the taking of temporary possession more than once in relation to any land specified in paragraph (1).

Time limit for exercise of authority to temporarily use land for carrying out the authorised development

38.—(1) Subject to paragraph (2), the authority to enter onto land pursuant to article 37 (Temporary use of land for carrying out the authorised development) ceases to apply to any land after the period of five years beginning on the day on which the Order is made.

(2) Paragraph (1) will not prevent the undertaker remaining in possession of land after the end of that period, if the land was entered and possession was taken before the end of that period.

Temporary use of land for maintaining authorised development

39.—(1) Subject to paragraph (2), at any time during the operational period relating to any part of the authorised development, the undertaker may—

- (a) enter on and take temporary possession of any land within the Order limits if such possession is reasonably required for the purpose of maintaining the authorised development;
- (b) construct such temporary works (including the provision of means of access) and structures and buildings on the land as may be reasonably necessary for that purpose; and
- (c) enter onto any land within the Order limits for the purpose of gaining access as is reasonably required for the purpose of maintain the authorised development.

(2) Paragraph (1) does not authorise the undertaker to take temporary possession of—

- (a) any house or garden belonging to a house; or
- (b) any building (other than a house) if it is for the time being occupied.

(3) Not less than 3 months before entering on and taking temporary possession of land under this article the undertaker must serve notice of the intended entry on the owners and occupiers of the land.

(4) The undertaker is not required to serve notice under paragraph (3) where the undertaker has identified a potential risk to the safety of—

- (a) the authorised development or any of its parts;
- (b) the public; and/or
- (c) the surrounding environment,

and in such circumstances, the undertaker may enter the land under paragraph (1) subject to giving such period of notice as is reasonably practicable in the circumstances.

(5) The undertaker may only remain in possession of land under this article for so long as may be reasonably necessary to carry out the maintenance of the part of the authorised development for which possession of the land was taken.

(6) Before giving up possession of land of which temporary possession has been taken under this article, the undertaker must remove all temporary works and restore the land to the reasonable satisfaction of the owners of the land.

(7) The undertaker must pay compensation to the owners and occupiers of land of which temporary possession is taken under this article for any loss or damage arising from the exercise in relation to the land of the provisions of this article.

(8) Any dispute as to a person's entitlement to compensation under paragraph (7), or as to the amount of the compensation, will be determined under Part 1 of the 1961 Act.

(9) Nothing in this article affects any liability to pay compensation under section 10(2) of the 1965 Act (Further provisions as to compensation for injurious affection) or under any other enactment in respect of loss or damage arising from the maintenance of the authorised development, other than loss or damage for which compensation is payable under paragraph (6).

(10) Where the undertaker takes possession of land under this article, the undertaker is not required to acquire the land or any interest in it.

(11) Section 13 of the 1965 Act (Refusal to give possession to acquiring authority) applies to the temporary use of land pursuant to this article to the same extent as it applies to the compulsory acquisition of land under this Order by virtue of section 125 of the 2008 Act (Application of compulsory acquisition provisions).

Statutory undertakers

40.—(1) Subject to the provisions of Schedule 18 (Protective provisions), the undertaker may—

- (a) acquire compulsorily the land belonging to statutory undertakers within the Order limits and described in the Book of Reference;
- (b) acquire existing rights, create and acquire new rights and impose restrictive covenants over the land belonging to statutory undertakers within the Order limits and described in the Book of Reference;
- (c) extinguish or suspend the rights of, remove, alter, renew, relocate or reposition the apparatus belonging to statutory undertakers over or within the Order limits; and
- (d) construct the authorised development in such a way as to interfere with any highway or cross underneath or over apparatus belonging to statutory undertakers and other like bodies within the Order limits.

(2) Subject to the provisions of Schedule 18 (Protective provisions), the undertaker may for the purposes of article 12 (Street works) remove or reposition apparatus belonging to statutory undertakers which is laid beneath any of the streets specified in Schedule 9 (Streets subject to street works).

Apparatus and rights of statutory undertakers in stopped-up streets

41.—(1) Where a street is stopped up under article 14 (Permanent stopping up of streets and public rights of way and extinguishment of rights), any statutory undertaker whose apparatus is under, in, on, along or across the street has the same powers and rights in respect of that apparatus, subject to the provisions of this article, as if this Order had not been made.

(2) Where a street is stopped up under article 14 (Permanent stopping up of streets and extinguishment of rights), any statutory undertaker whose apparatus is under, in, on, over, along or across the street or public right of way may, and if reasonably requested to do so by the undertaker must—

- (a) remove the apparatus and place it or other apparatus provided in substitution for it in such other position as the statutory undertaker may reasonably determine and have power to place it; or

- (b) provide other apparatus in substitution for the existing apparatus and place it in such position as described in sub-paragraph (a).

(3) Subject to the following provisions of this article, the undertaker must pay to any statutory undertaker an amount equal to the cost reasonably incurred by the utility in or in connection with—

- (a) the execution of the relocation works required in consequence of the stopping up of the street or public right of way; and
- (b) the doing of any other work or thing rendered necessary by the execution of the relocation works.

(4) If in the course of the execution of relocation works under paragraph (2)—

- (a) apparatus of a better type, of greater capacity or of greater dimensions is placed in substitution for existing apparatus; or
- (b) apparatus (whether existing apparatus or apparatus substituted for existing apparatus) is placed at a depth greater than the depth at which the existing apparatus was,

and the placing of apparatus of that type or capacity or of those dimensions or the placing of apparatus at that depth, as the case may be, is not agreed by the undertaker or, in default of agreement, is not determined by arbitration to be necessary, then, if it involves cost in the execution of the relocation works exceeding that which would have been involved if the apparatus placed had been of the existing type, capacity or dimensions, or at the existing depth, as the case may be, the amount which, apart from this paragraph, would be payable to the statutory undertaker by virtue of paragraph (3) will be reduced by the amount of that excess.

(5) For the purposes of paragraph (4)—

- (a) an extension of apparatus to a length greater than the length of existing apparatus will not be treated as a placing of apparatus of greater dimensions than those of the existing apparatus; and
- (b) where the provision of a joint in a cable is agreed, or is determined to be necessary, the consequential provision of a jointing chamber or of a manhole will be treated as if it also had been agreed or had been so determined.

(6) An amount which, apart from this paragraph, would be payable to a statutory undertaker in respect of works by virtue of paragraph (3) (and having regard, where relevant, to paragraph (4)) must, if the works include the placing of apparatus provided in substitution for apparatus placed more than 7 years and 6 months earlier so as to confer on the utility any financial benefit by deferment of the time for renewal of the apparatus in the ordinary course, be reduced by the amount which represents that benefit.

(7) Paragraphs (3) to (6) do not apply where the authorised development constitutes major highway works, major bridge works or major transport works for the purposes of Part 3 of the 1991 Act, but instead—

- (a) the allowable costs of the relocation works are to be determined in accordance with section 85 of that Act (Sharing of cost of necessary measures) and any regulations for the time being having effect under that section; and
- (b) the allowable costs must be borne by the undertaker and the statutory undertaker in such proportions as may be prescribed by any such regulations.

(8) In this article—

“relocation works” means work executed, or apparatus provided, under paragraph (2); and

“statutory undertaker” means a statutory undertaker for the purposes of the 1980 Act or a public communications provider as defined in section 151(1) of the Communications Act 2003^(a) (Interpretation).

(a) 2003 c. 21. There are amendments to this Act which are not relevant to this Order.

Acquisition of wayleaves, easements and other rights

41A. Schedule 17A (Acquisition of wayleaves, easements and other rights) shall have effect.

Recovery of costs of new connections

42.—(1) Where any apparatus of a public utility undertaker or of a public communications provider is removed under article 40 (Statutory undertakers) any person who is the owner or occupier of premises to which a supply was given from that apparatus is entitled to recover from the undertaker compensation in respect of expenditure reasonably incurred by that person, in consequence of the removal, for the purpose of effecting a connection between the premises and any other apparatus from which a supply is given.

(2) Paragraph (1) does not apply in the case of the removal of a public sewer but where such a sewer is removed under article 40, any person who is—

- (a) the owner or occupier of premises the drains of which communicated with that sewer; or
- (b) the owner of a private sewer which communicated with that sewer,

is entitled to recover from the undertaker compensation in respect of expenditure reasonably incurred by that person, in consequence of the removal, for the purpose of making the drain or sewer belonging to that person communicate with any other public sewer or with a private sewage disposal plant.

(3) This article does not have effect in relation to apparatus to which article 38 (apparatus and rights of statutory undertakers in stopped-up streets) or Part 3 of the 1991 Act applies.

(4) In this article—

“public communications provider” has the meaning given in section 151(1) of the Communications Act 2003; and

“public utility undertaker” has the meaning given in section 329 of the 1980 Act.

No double recovery

43. Compensation will not be payable in respect of the same matter both under this Order and under any other enactment, any contract or any rule of law.

Protective provisions

44. Schedule 18 (Protective provisions) to this Order has effect.

Use of airspace within the Order limits

45.—(1) The undertaker may enter into and use so much of the air-space over any land within the Order limits as may be required for the construction, operation and maintenance of the authorised development and may use the air-space for those purposes or any other purposes ancillary to the authorised development.

(2) The undertaker may exercise any power conferred by paragraph (1) in relation to land without being required to acquire any part of the land or any easement or right in the land.

(3) Subject to paragraph (4), any person who is an owner or occupier of land used under paragraph (1) without the undertaker acquiring any part of that person’s interest in the land, and who suffers loss as a result, is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(4) Compensation is not payable under paragraph (3) to any person who is an undertaker to whom section 85 of the 1991 Act (Sharing cost of necessary measures) applies in respect of measures of which the allowable costs are to be borne in accordance with that section.

PART 6

HARBOUR POWERS

Incorporation of the Harbours, Docks and Piers Clauses Act 1847

46.—(1) With the exception of sections 4 to 27, 29 to 34, 36, 40 to 50, 52, 53, 59, 60, 66 to 68, 70 to 72, 77, 79 to 82, 85 to 89, 91 to 102 and 104, the 1847 Act is incorporated in this Order subject to the modifications stated in paragraphs (2) and (10).

(2) Section 28 of the 1847 Act (Exemption of vessels in her Majesty’s service, &c. from rates) has effect as if the words “to charge with rates or duties, or” and the words “without any charge or rate being made for using the same” were removed

(3) Section 35 of the 1847 Act (Masters to report arrival of vessel. Penalty for neglect) has effect as if the words “liable to rates” were removed.

(4) Section 37 of the 1847 Act (Masters of vessels to give accounts of goods intended to be unshipped within the limits, &c) has effect as if for the words “collector of rates” were substituted the words “harbour master”.

(5) Section 39 of the 1847 Act (Shippers to give an account of goods intended to be shipped) has effect as if for the words “collector of rates” were substituted the words “harbour master”.

(6) Section 62 of the 1847 Act (Penalty for wilfully cutting moorings) has effect as if for the words “level 1” were substituted the words “level 3”.

(7) Section 63 of the 1847 Act (Penalty on vessels lying near the entrance of harbour or dock without permission) has effect as if the section was amended to read: “As soon as the Order comes into force, no vessel, except with the permission of the harbour master, shall lie or be moored within the harbour limits; and if the master of any vessel either places it or suffers it to remain within the harbour limits; without such permission, and does not, on being required to do so by the harbour master, forthwith proceed to remove such vessel, he must be liable on summary conviction to a fine not exceeding level 3 on the standard scale.”

(8) Section 69 of the 1847 Act (Combustible matter on quays, &c., to be removed) has effect as if for the words from “shall forfeit” to the end of the section there were substituted the words “must be liable on summary conviction to a fine not exceeding level 3 on the standard scale.”

(9) In construing the 1847 Act as so incorporated—

- (a) the expression “the special Act” means this Order;
- (b) the expressions “the Promoters of the undertaking” and “the undertakers” mean the undertaker;
- (c) the expression “the harbour, dock or pier” means the harbour;
- (d) the expressions “limits” and “prescribed limits” mean the harbour limits;
- (e) the expression “near the pier” does not extend beyond the harbour limits;
- (f) the expression “the harbour master”, in relation to the harbour, has the meaning given by article 2 (Interpretation); and
- (g) the definition of “vessel” in article 2(1) of this Order is substituted for the definition in section 3 of the 1847 Act (Interpretation).

(10) Section 84 of the 1847 Act (Byelaws may be enforced by imposition of penalties) has effect as if the words “being limited to a summary conviction, and” were inserted between the words “shall think fit” and “not exceeding”.

Further powers as to works and extinguishment of rights

47.—(1) The undertaker may, in connection with the construction of the marine works—

- (a) enclose or reclaim from the foreshore and bed of the sea; and
- (b) hold and use as part of the marine works,

so much of the foreshore and bed of the sea as is situated within the limits of Work Nos. 2B, 2D, 2F, 2H, 2J and 2K as shown on the Works Plans and is required for, or in connection with, the construction of the marine works.

(2) As soon as the undertaker exercises the powers under paragraph (1), any right of navigation or other public rights over the part of the sea and the foreshore in respect of which it exercises those powers will be extinguished.

Harbour authority

48.—(1) The undertaker is the harbour authority in respect of the harbour.

(2) Without prejudice to any provision of the 1847 Act as incorporated in this Order by article 46 (Incorporation of the 1847 Act), the area within which the harbour authority may exercise its functions under this Order must be the harbour.

Agreements entered into by the undertaker

49. Any agreement or undertaking entered into by the undertaker before the coming into force of this Order in connection with the proposed exercise of its function as harbour authority must be binding upon the harbour authority notwithstanding that it was entered into by the undertaker before it was established as a harbour authority by article 48 (Harbour authority).

Application of Pilotage Act 1987

50. The undertaker is a competent harbour authority in respect of the harbour for the purposes of the Pilotage Act 1987(a).

Limits of harbour

51.—(1) The limits of the harbour within which the undertaker is permitted to exercise jurisdiction as the harbour authority and within which the powers of the harbour master are exercisable are the seaward and the landward areas described in Schedule 19 (Limits of harbour), as shown edged by a green broken line on the Works Plans.

(2) In the event that there is any discrepancy between the description of the seaward area in Schedule 19 and the area shown on the Works Plans, the description in Schedule 19 will prevail.

Application of Marine and Coastal Access Act 2009

52.—(1) The exercise of any powers conferred upon the undertaker by this Part 6 is subject to the provisions of Part 4 of the 2009 Act(b), the deemed marine licence and any other marine licence granted pursuant to that Part and are without prejudice to the powers of the Marine Management Organisation under that Part.

(2) No provision of this Order obviates the need to obtain a marine licence under Part 4 of the 2009 Act in the event that a marine licence is required to carry out the authorised development in addition to the deemed marine licence, or to comply with the conditions of the deemed marine licence or any other marine licence obtained for the purpose of carrying out the authorised development, and nothing in this Order in any way limits the enforcement powers in respect of a marine licence under Part 4 of the 2009 Act.

(3) In the event of any inconsistency between the provisions of this Order and the deemed marine licence, then the terms of the deemed marine licence will take precedence.

(a) 1987 c.21.

(b) 2009 c.23. Part 4 was amended by S.I. 2011/405, S.I. 2011/1210, S.I. 2015/664, S.I. 2016/738 and S.I. 2018/942, There are other amendments to the Marine and Coastal Access Act 2009 that are not relevant to this Order.

Obstruction of work

53. Any person who—

- (a) intentionally obstructs any person acting under the authority of the undertaker in setting out the lines of the harbour limits, or in constructing, Work No. (A(m) permanent beach landing facility) or Work No. 1A(bb) (temporary beach landing facility); or
- (b) without reasonable excuse interferes with, moves or removes any pole, stake, station point or bench mark or equipment used in the construction, maintenance or use of the harbour, including Work No. (A(m) permanent beach landing facility) or Work No. 1A(bb) (temporary beach landing facility),

shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

Obstruction of officers

54.—(1) Any person who—

- (a) intentionally obstructs an officer of the harbour authority or other person acting in pursuance of this Order or of any enactment relating to the harbour limits;
- (b) without reasonable excuse fails to comply with a requirement properly made by such an officer; or
- (c) without reasonable excuse fails to give such an officer any information or produce any document which the officer may require for the purpose of performance of their functions,

must be liable on summary conviction of a fine not exceeding level 3 on the standard scale.

(2) Any person who, in giving such information as is mentioned in sub-paragraph (1)(c), makes a statement which that person knows to be false, must be guilty of an offence and liable on summary conviction to a fine not exceeding level 4 on the standard scale.

(3) Nothing in paragraph (1) applies to the harbour master or to any person acting under the authority of the harbour master.

Power to dredge

55. Not used

Abatement of works abandoned or decayed

56.—(1) Where a marine work is abandoned, or suffered to fall into decay, the Secretary of State may by notice in writing require the undertaker at its own expense either to repair and restore that work or any part, or to remove that work and restore the site to its former condition, to such an extent and within such limits as the Secretary of State thinks proper.

(2) Where a work consisting partly of a marine work and partly of works on or over land above the level of high water is abandoned or suffered to fall into decay and that part of the work on or over land above the level of high water is in such condition as to interfere or to cause reasonable apprehension that it may interfere with the right of navigation or other public rights over the foreshore, the Secretary of State may include that part of the work, or any portion of it, in any notice under this article.

(3) If the undertaker fails to comply in any respect with a notice served under this article within the period of 30 days beginning with the date of service of the notice, the Secretary of State may take whatever steps the Secretary of State considers appropriate to achieve the result required by the notice; and any expenditure incurred by the Secretary of State in so doing will be recoverable from the undertaker.

Survey of marine works

57. If the Secretary of State considers it expedient to do so, the Secretary of State may order a survey and examination of a marine work or of the site on which it is proposed to construct the work, and any expenditure incurred by the Secretary of State in any such survey and examination will be recoverable from the undertaker.

Lights on marine works etc. during construction

58. Not used.

Provision against danger to navigation

59. Not used.

Permanent lights on marine works

60. Not used.

Safety of navigation

61. Not used.

Rights to lease etc.

62.—(1) The undertaker may at any time lease or grant for the purposes of the harbour undertaking the use or occupation of, or any right or interest in, over or relating to, any lands, works, buildings, equipment or other property forming part of the harbour undertaking for such period or periods and on such terms and conditions as may be agreed between the undertaker and the person taking the same.

(2) A lease or grant made or given under paragraph (1) may include provisions delegating to the lessee or grantee any of the functions of the undertaker other than those specified in subparagraphs (a) to (f) of paragraph 9B of Schedule 2 to the Harbours Act 1964 (Object for whose achievement harbour revision orders may be made)(a).

(3) A person—

- (a) exercising powers conferred by this Order; or
- (b) carrying out any development under planning permission granted by article 3 (Permitted development) of, and Class B of Part 8 of Schedule 2 (Dock, pier, harbour, water transport, canal or inland navigation undertakings) to, the 2015 Order,

in pursuance of a lease or grant under paragraph (1) (“the lessee or grantee”) is subject to the same restrictions, liabilities and obligations as would apply under this Order or by virtue of any agreement or undertaking by the undertaker if those powers were exercised, or the development carried out, by the undertaker.

(4) The provisions of this Order or of any such agreement or undertaking, as respects any such exercise of powers or carrying out of development by the lessee or grantee, have effect (where the context so permits) as if any reference in those provisions to the undertaker included a reference to the lessee or the grantee, as the case may be.

Byelaws

63.—(1) The undertaker may, from time to time, make and enforce byelaws regulating the use and operation of the authorised development or the harbour, the maintenance of order on and

(a) 1964 c.40.

about the authorised development or the harbour and the conduct of all persons including employees of the undertaker while on and about the authorised development or the harbour.

(2) Without prejudice to the generality of paragraph (1), byelaws made under this article may provide for—

- (a) regulating the use, operation and superintendence of the harbour and the berths, quays, piers, warehouses, sheds, landing places, equipment, works and conveniences (including moorings) in the harbour;
- (b) regulating the admission to, the movement within, and the departure from, the harbour of vessels, or the removal of vessels;
- (c) regulating the shipping and unshipping, landing, warehousing, stowing, depositing and removing of goods within the harbour;
- (d) regulating the berthing and mooring of vessels within the harbour;
- (e) preventing damage or injury to any goods, vehicles, plant, machinery, property or person within the harbour;
- (f) regulating the conduct of all persons within the harbour not being members of a police force or officers or servants of the Crown whilst in the execution of their duties;
- (g) regulating the placing and maintenance of moorings within the harbour;
- (h) preventing and removing obstructions or impediments within the harbour;
- (i) regulating in the harbour the use of yachts, sailing boats, sailboards, rowing boats, rowing punts, pleasure craft and other small craft;
- (j) regulating or prohibiting the activities in the harbour of divers, surfers, water skiers and other persons engaged in similar recreational pursuits but not so as to prohibit the use for navigation of the vessels referred to in sub-paragraph (i);
- (k) regulating the launching of vessels within the harbour;
- (l) prohibiting persons in or entering the harbour, or any part of the harbour, from smoking in open spaces in the harbour;
- (m) regulating the movement and parking of vehicles within the harbour;
- (n) regulating the exercise of the powers vested in the harbour master;
- (o) safety precautions to be observed by persons within the harbour, whether or not on board vessels;
- (p) the protection and conservation of flora and fauna and other natural features;
- (q) making the carrying out of specified harbour operations, or the conduct of persons in the harbour, subject to the approval (with or without conditions), control or direction of the harbour master, and for authorising the harbour master to take such action as may be reasonably required in default of compliance with any such condition, control or direction; regulating the admission and access to the marine works forming part of the authorised development;
- (r) preventing and removing obstructions or impediments within the authorised development;
- (s) preventing damage or injury to any goods, vehicles, plant, machinery, property or persons within the authorised development; and
- (t) preventing nuisances on the authorised development or works.

(3) Byelaws made under this article may—

- (a) provide for imposing upon persons found guilty on summary conviction of offending against them, or against any condition, requirement or direction imposed, made or given under them, fines not exceeding level 3 on the standard scale;
- (b) only relate to the area of the harbour limits as described in Schedule 19 and land controlled or used by the harbour authority;
- (c) make different provision for different parts of the harbour or in relation to different classes of vessels or vehicles.

Confirmation of byelaws

64.—(1) Byelaws made by the undertaker under this Order will not come into operation until they have been confirmed by the Secretary of State.

(2) At least 28 days before an application for confirmation of byelaws is made by the undertaker to the Secretary of State, notice of the intention to apply for confirmation and of the place at which and times during which a copy of the byelaws will be open to inspection must be published as follows—

- (a) once in the London Gazette;
- (b) once in each of two successive weeks in a local newspaper circulating in the district of East Suffolk Council; and
- (c) on a website managed by the undertaker or the harbour authority.

(3) Not later than the first date on which the notice under paragraph (2) is published, the undertaker must send a copy of the notice to the Chief Executive Officer of East Suffolk Council and to the Secretary of State.

(4) During a period of at least 28 days before application is made for confirmation of the byelaws, a copy of the byelaws must be kept by the undertaker at the office of the harbour master and must at reasonable hours be open to public inspection without payment, and must be available on a website managed by the undertaker.

(5) The undertaker must supply a copy of the byelaws or of part of the byelaws to a person who applies for it on payment of a reasonable charge.

(6) During the period of 28 days after completion of the publication of any notice required by paragraph (2), any person may make in writing to the Secretary of State any objection to or representation respecting the byelaws to which the notice relates.

(7) Subject to paragraph (8), the Secretary of State may confirm the byelaws in the form submitted to the Secretary of State with such modifications as the Secretary of State thinks fit or may refuse to confirm them.

(8) Where the Secretary of State proposes to make a modification that appears to the Secretary of State to be substantial the Secretary of State must inform the undertaker and require it to take any steps the Secretary of State considers necessary for informing persons likely to be concerned with the modification, and the Secretary of State may not confirm the byelaws until such period has elapsed as the Secretary of State thinks reasonable for consideration of, and comment upon, the proposed modification by the undertaker and by other persons who have been informed of it.

(9) A copy of the byelaws when confirmed must be printed and deposited by the undertaker at the office of the harbour master and must at all reasonable hours be open to public inspection without payment, must be available on a website managed by the undertaker and a copy of the byelaws must on application be furnished to any person on payment of such reasonable sum as the undertaker may determine.

Power to make general directions to vessels

65.—(1) Subject to paragraph (3), the undertaker may give directions, or revoke or amend directions that it has previously given, for the purpose of—

- (a) designating areas which vessels are to use, or refrain from using, for movement or mooring;
- (b) requiring the master of a vessel to give to the harbour master information relating to the vessel reasonably required by the harbour master to identify the vessel, its cargo and its likely time of arrival at and departure from the harbour; and
- (c) the protection of property, flora and fauna.

(2) A direction under paragraph (1) may apply—

- (a) to all vessels or to a class of vessels designated in the direction;

(b) to the whole of the harbour and the approaches and channels leading to the harbour, or to a part designated in the direction; and

(c) at all times or at certain times or at certain states of the tide designated in the direction,

and every direction given under this article must specify the extent of its application in relation to the matters referred to in sub-paragraphs (a), (b) and (c).

(3) Before giving a direction, or revoking or amending a direction previously given, under paragraph (1), the undertaker must consult the Royal Yachting Association and the Chamber of Shipping and have regard to any written representations received from them.

Publication of general directions

66.—(1) Notice of the giving of a general direction or of any amendment or revocation of a general direction must, except in case of emergency, be published by the undertaker as soon as practicable:

- (a) once in Lloyd’s List newspaper or some other newspaper specialising in shipping news,
- (b) once in each of two successive weeks in a local newspaper circulating in the district of East Suffolk Council; and
- (c) on a website managed by the undertaker

and, if the notice relates to the giving or amendment of a direction, the notice must state a place at which copies of the direction or the amended direction (as the case may be) may be inspected and bought, and the price of the direction or amended direction (as the case may be).

(2) In an emergency, notice of the giving of a general direction or of any amendment or revocation of a general direction may be given in any manner the undertaker considers appropriate.

Power to make special directions to vessels

67.—(1) The harbour master may give a special direction under this article—

- (a) requiring any vessel anywhere within the harbour to comply with a requirement made in or under a general direction;
- (b) regulating the time at which and the manner in which any vessel must enter into, go out of, or lie in or at the harbour;
- (c) for securing that vessels move only at certain times or during certain periods;
- (d) prohibiting the mooring of vessels in any particular part or parts of the harbour;
- (e) regulating or requiring the movement, mooring or unmooring of a vessel; and
- (f) regulating the manner in which within the harbour a vessel takes in or discharges (from ship to shore or shore to ship) personnel, cargo, fuel, water, ship’s stores or ballast in the harbour.

(2) A special direction may be given in any manner considered by the harbour master to be appropriate.

(3) The harbour master may revoke or amend a special direction.

Master’s responsibility in relation to directions

68. The giving of a general direction under article 65 (General direction to vessels) or a special direction under article 67 (Special directions to vessels) does not diminish or in any other way affect the responsibility of the master of the vessel to which the direction is given in relation to that vessel, persons on board, its cargo or any other person or property.

Failure to comply with directions

69. Any person who fails without reasonable excuse to comply with a general direction issued under article 65 (General direction to vessels) or a special direction under article 67 (Special directions to vessels) is guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

Enforcement of special directions

70.—(1) Without prejudice to any other remedy available to the undertaker, if a special direction issued under article 67 (Special directions to vessels) is not complied with within a reasonable time the harbour master may, where practicable and, except in an emergency, reasonable notice has been given to the owner or person appearing to have charge of the vessel, put persons on board the vessel to carry out the direction or may otherwise cause the vessel to be handled in accordance with the direction.

(2) If there is no one on board the vessel to comply with a special direction, the harbour master may proceed as if the direction had been given and not complied with; but the harbour master must not do so unless, after reasonable inquiry has been made, the master of the vessel cannot be found.

(3) Reasonable expenses incurred in the exercise of the powers conferred by this article are recoverable by the undertaker from the owner of the vessel as if they were a charge of the undertaker in respect of the vessel.

Boarding of vessels

71.—(1) Any duly authorised officer of the undertaker may, on producing if so required their authority, enter and inspect a vessel in the harbour limits—

- (a) for the purposes of any enactment relating to the harbour authority or of any byelaw relating to the harbour authority or of any direction or byelaw of the harbour authority, including the enforcement thereof; or
- (b) to prevent or extinguish fire,

but, except in an emergency, no entry must be made under this article without reasonable notice first having been given to the owner or the person appearing to have charge of the vessel; and the notice must have annexed to it a copy of this article.

Charges

72.—(1) The undertaker may levy charges for any services performed by it in the exercise and performance of its statutory powers and duties at the harbour.

(2) The undertaker may confer total or partial exemption from, allow rebates to or make compositions with any person with respect to, charges and may vary or extinguish any such exemption, rebate or composition.

(3) In this article “charges” means any charges other than ship, passenger and goods dues.

Use of beach landing facilities

73. The undertaker may only use the temporary beach landing facility for the purposes of, or in connection with, the construction of the authorised development and may only use the permanent beach landing facility for the purposes of, or in connection with the construction, operation, maintenance and decommissioning of the authorised development.

Saving for Trinity House

74. Nothing in this Order prejudices or derogates from any of the rights, duties or privileges of Trinity House.

PART 6A
DEEMED MARINE LICENCE

Deemed marine licence under the 2009 Act

75. The marine licence set out in Schedule 20 is deemed to be granted to the undertaker under Part 4 of the 2009 Act for the licensable marine activities (as defined in section 66 of the 2009 Act) set out in Part 2 of the Schedule, and subject to the conditions set out in Part 3 of the Schedule.

Appeals procedure in relation to deemed marine licence

75A. Schedule 20A shall have effect.

PART 7
MISCELLANEOUS AND GENERAL

Removal of human remains

76.—(1) In this article “the specified land” means the land within the Order limits.

(2) Before the undertaker carries out any development or works within the Order limits which will or may disturb any human remains in the specified land it must remove those human remains from the specified land, or cause them to be removed, in accordance with the following provisions of this article.

(3) Before any such remains are removed from the specified land the undertaker must give notice of the intended removal, describing the specified land and stating the general effect of the following provisions of this article, by—

- (a) publishing a notice once in each of two successive weeks in a newspaper circulating in the area of the authorised development; and
- (b) displaying a notice in a conspicuous place on or near to the specified land.

(4) As soon as reasonably practicable after the first publication of a notice under paragraph (3) the undertaker must send a copy of the notice to the relevant local planning authority.

(5) At any time within 56 days after the first publication of a notice under paragraph (3) any person who is a personal representative or relative of any deceased person whose remains are interred in the specified land may give notice in writing to the undertaker of that person’s intention to undertake the removal of the remains.

(6) Where a person has given notice under paragraph (5), and the remains in question can be identified, that person may cause such remains to be—

- (a) removed and re-interred in any burial ground or cemetery in which burials may legally take place; or
- (b) removed to, and cremated in, any crematorium,

and that person must, as soon as reasonably practicable after such re-interment or cremation, provide to the undertaker a certificate for the purpose of enabling compliance with paragraph (11).

(7) If the undertaker is not satisfied that any person giving notice under paragraph (5) is the personal representative or relative as that person claims to be, or that the remains in question can be identified, the question is to be determined on the application of either party in a summary manner by the county court, and the court may make an order specifying who must remove the remains and as to the payment of the costs of the application.

(8) The undertaker must pay the reasonable expenses of removing and re-interring or cremating the remains of any deceased person under this article.

(9) If—

- (a) within the period of 56 days referred to in paragraph (5) no notice under that paragraph has been given to the undertaker in respect of any remains in the specified land; or
- (b) such notice is given and no application is made under paragraph (7) within 56 days after the giving of the notice but the person who gave the notice fails to remove the remains within a further period of 56 days; or
- (c) within 56 days after any order is made by the county court under paragraph (7) any person, other than the undertaker, specified in the order fails to remove the remains; or
- (d) it is determined that the remains to which any such notice relates cannot be identified,

subject to paragraph (10) the undertaker must remove the remains and cause them to be re-interred in such burial ground or cemetery in which burials may legally take place as the undertaker thinks

suitable for the purpose; and, so far as possible, remains from individual graves must be reinterred in individual containers which must be identifiable by a record prepared with reference to the original position of burial of the remains that they contain.

(10) If the undertaker is satisfied that any person giving notice under paragraph (5) is the personal representative or relative as that person claims to be and that the remains in question can be identified, but that person does not remove the remains, the undertaker must comply with any reasonable request that person may make in relation to the removal and re-interment or cremation of the remains.

(11) On the re-interment or cremation of any remains under this article—

- (a) a certificate of re-interment or cremation is to be sent by the undertaker to the Registrar General giving the date of re-interment or cremation and identifying the place from which the remains were removed and the place in which they were re-interred or cremated; and
- (b) a copy of the certificate of re-interment or cremation and the record mentioned in paragraph (9) is to be sent by the undertaker to the relevant local planning authority mentioned in paragraph (4).

(12) The removal of the remains of any deceased person under this article must be carried out in accordance with any directions which may be given by the Secretary of State.

(13) Any jurisdiction or function conferred on the county court by this article may be exercised by the district judge of the court.

(14) Section 25 of the Burial Act 1857 (Bodies not to be removed from burial grounds, save under faculty, without licence of Secretary of State)(a) does not apply to a removal carried out in accordance with this article.

Application of landlord and tenant law

77.—(1) This article applies to—

- (a) any agreement for leasing to any person the whole or any part of the authorised development or the right to operate the same; and
- (b) any agreement entered into by the undertaker with any person for the construction, maintenance, use or operation of the authorised development, or any part of it,

so far as any such agreement relates to the terms on which any land which is the subject of a lease granted by or under that agreement is to be provided for that person's use.

(2) No enactment or rule of law regulating the rights and obligations of landlords and tenants is to prejudice the operation of any agreement to which this article applies.

(3) Accordingly, no such enactment or rule of law applies in relation to the rights and obligations of the parties to any lease granted by or under any such agreement so as to—

- (a) exclude or in any respect modify any of the rights and obligations of those parties under the terms of the lease, whether with respect to the termination of the tenancy or any other matter;
- (b) confer or impose on any such party any right or obligation arising out of or connected with anything done or omitted on or in relation to land which is the subject of the lease, in addition to any such right or obligation provided for by the terms of the lease; or
- (c) restrict the enforcement (whether by action for damages or otherwise) by any party to the lease of any obligation of any other party under the lease.

(a) 1857 c.81.

Operational land for purposes of the 1990 Act

78. Development consent granted by this Order is to be treated as specific planning permission for the purposes of section 264(3)(a) of the 1990 Act (Cases in which land is to be treated as operational land for the purposes of that Act) in respect of—

- (a) the permanent development site; and
- (b) land in respect of which Work No. 1D and Work No. 1E are authorised.

Felling or lopping of trees and removal of hedgerows

79.—(1) The undertaker may fell or lop any tree or shrub near, within or overhanging any part of the authorised development, or cut back its roots, if it reasonably believes it to be necessary to do so to prevent the tree or shrub from—

- (a) obstructing or interfering with the construction, maintenance or operation of the authorised development or any apparatus used in connection with the authorised development; or
- (b) constituting a danger to persons using the authorised development.

(2) In carrying out any activity authorised by paragraph (1), the undertaker must not cause unnecessary damage to any tree or shrub and must pay compensation to any person for any loss or damage arising from such activity for that loss or damage.

(3) The undertaker may, for the purposes of the authorised development—

- (a) subject to paragraph (2), remove any hedgerows within the Order limits that may be required for the purposes of carrying out the authorised development; and
- (b) only remove important hedgerows identified in Schedule 21 (Removal of important hedgerows) to the extent shown on the plans identified in Schedule 21.

(4) The power conferred by paragraph (3) removes any obligation upon the undertaker to secure any consent under the Hedgerow Regulations 1997(a) in undertaking works pursuant to sub-paragraph 3(a) or (b).

(5) Nothing in this article authorises any works to any tree subject to a tree preservation order.

(6) Any dispute as to a person's entitlement to compensation under paragraph (2), or as to the amount of compensation, must be determined under Part 1 of the 1961 Act.

(7) In this article “hedgerow” and “important hedgerow” have the meaning given in the Hedgerow Regulations 1997.

Certification of plans, etc.

80.—(1) The undertaker must, as soon as practicable after the date on which this Order is made, submit to the Secretary of State copies of the documents and plans identified in Schedule 22 (Certified Documents) of this Order for certification that they are true copies of the documents referred to in this Order.

(2) A plan or document identified in Schedule 22 so certified is admissible in any proceedings as evidence of the contents of the document of which it is a copy.

(3) Where a plan or document certified under paragraph (1)-

- (a) refers to a provision of this Order (including any specified requirement) when it was in draft form; and
- (b) identifies the provision by number or combination of numbers and letters, which is different from the number or combination of numbers or letters by which the corresponding provision of this Order is identified in the Order as made;

(a) S.I. 1997/1160, amended by section 73(2) of the Countryside and Rights of Way Act 2000 (c.37) S.I. 2003/2155, S.I. 2006/1177, S.I. 2009/1307, S.I. 2013/755 and S.I. 2015/377.

the reference in the plan or document concerned must be construed for the purposes of this Order as referring to the provisions (if any) corresponding to that provision in the Order as made.

Service of notices

81.—(1) A notice or other document required or authorised to be served for the purposes of this Order may be served—

- (a) by post; or
- (b) by delivering it to the person on whom it is to be served or to whom it is to be given or supplied; or
- (c) with the consent of the recipient and subject to paragraphs (6) to (9), by electronic transmission.

(2) Where the person on whom a notice or other document to be served for the purposes of this Order is a body corporate, the notice or document is duly served if it is served on the secretary or clerk of that body.

(3) For the purposes of section 7 of the Interpretation Act 1978(a) (references to service by post) as it applies for the purposes of this article, the proper address of any person in relation to the service on that person of a notice or document under paragraph (1) is, if that person has given an address for service, that address, and otherwise—

- (a) in the case of the secretary or clerk of a body corporate, the registered or principal office of that body; and
- (b) in any other case, the last known address of that person at the time of service.

(4) Where for the purposes of this Order a notice or other document is required or authorised to be served on a person as having an interest in, or as the occupier of, land and the name or address of that person cannot be ascertained after reasonable enquiry, the notice may be served by—

- (a) addressing it to that person by name or by the description of “owner” or, as the case may be, “occupier” of the land (describing it); and
- (b) either leaving it in the hands of a person who is or appears to be resident or employed on the land or leaving it conspicuously affixed to some building or object on or near the land.

(5) Paragraphs (6) to (9) apply where a person (“A”) is required or authorised to serve or send a notice or other document for the purposes of this Order on or to another person (“B”).

(6) A may serve or sending the notice or other document by electronic transmission if—

- (a) B has sent A notice that B agrees to receive that notice or document (or notices and documents of a description including that notice or document) by electronic transmission;
- (b) B has not subsequently withdrawn that agreement in accordance with paragraph (8); and
- (c) A complies with any conditions as to addressing or mode of transmission that B has specified in agreeing to receive notices or other documents by electronic transmission.

(7) If B notifies A within 7 days of receiving a notice or other document by electronic transmission that B requires a paper copy of all or any part of the notice or other document, A must provide B with such a copy as soon as reasonably practicable.

(8) B may withdraw agreement to receive a notice or document (or notices or documents of a specified description) by electronic transmission by sending a notice to that effect to A.

(9) Notice under paragraph (8) is final and takes effect on a date specified by B in the notice but that date must not be less than 7 days after the date on which the notice is given.

(10) This article does not exclude the employment of any method of service not expressly provided for by it.

(11) In this article “electronic transmission” means a communication transmitted—

(a) 1978 c. 30. There are amendments to this Act which are not relevant to this Order.

- (a) by means of an electronic communications network; or
- (b) by other means but while in electronic form.

Arbitration

82.—(1) – Any difference under any provision of this Order, unless otherwise provided for in this Order or unless otherwise agreed between the parties, and other than a difference which falls to be determined by the tribunal or is the subject of enforcement action under Part 8 of the 2008 Act, is to be referred to and settled by a single arbitrator to be agreed between the parties or, failing agreement, to be appointed on the application of either party (after giving notice in writing to the other) by the Secretary of State.

(2) This article must not apply to the provisions of the 1847 Act incorporated in this Order by article 46 (Incorporation of the 1847 Act) or to Trinity House in the exercise of its statutory functions.

(3) This article is without prejudice to article 74 (Saving for Trinity House).

(4) Any matter for which the consent or approval of the Secretary of State or the Marine Management Organisation is required under any provision of this Order shall not be subject to arbitration.

Procedure in relation to certain approvals etc.

83.—(1) Schedule 23 (Procedure for approvals, consents and appeals) is to have effect in relation to all consents, agreement or approvals granted, refused or withheld in relation to the requirements unless otherwise agreed between the undertaker and the discharging authority.

(2) The procedure set out in paragraph (1) relating to the appeal process of Schedule 23 has effect in relation to any other consent, agreement or approval required under this Order (including the requirements in Schedule 2 of this Order) where such consent, agreement or approval is granted subject to any condition to which the undertaker objects, or is refused or is withheld.

Application, exclusion and modification of legislative provisions

84. Schedule 24 (Miscellaneous controls) to this Order, which makes provision applying, modifying and excluding statutory provisions which relate to matters for which provision may be made by this Order, has effect.

Crown rights

85.—(1) Nothing in this Order affects prejudicially any estate, right, power, privilege, authority or exemption of the Crown and in particular, nothing in this Order authorises the undertaker or any lessee or licensee—

- (a) to compulsorily acquire, enter upon, use and carry out the authorised development on or in any manner which interferes with any interests in land or rights in land of any description—
 - (i) belonging to Her Majesty in right of the Crown and forming part of the Crown Estate without the consent in writing of the Crown Estate Commissioners;
 - (ii) belonging to Her Majesty in right of the Crown and not forming part of the Crown Estate without the consent in writing of the Government Department having the management of that land; or
 - (iii) belonging to a Government Department or held in trust for Her Majesty for the purposes of a Government Department without the consent in writing of that Government Department; or
- (b) to exercise any right under this Order compulsorily to acquire an interest in any land which is Crown land (as defined in the 2008 Act) which is for the time being held

otherwise than by or on behalf of the Crown without the consent in writing of the appropriate Crown authority (as defined in the 2008 Act).

(2) A consent under paragraph (1) may be given unconditionally or subject to terms and conditions and will be deemed to have been given in writing where it is sent electronically.

Marine enforcement authority

86. For the purposes of section 173 of the 2008 Act, the Marine Management Organisation will be the relevant local planning authority in respect of land seaward of the mean high water springs.

Authorised Development

Sizewell C DCO Project:

In the Districts of East Suffolk Council and West Suffolk Council and the County of Suffolk

A nationally significant infrastructure project as defined in sections 14 (Nationally significant infrastructure projects: general) and 15(2) (Generating stations) of the 2008 Act and associated development within the meaning of section 115(2) of the 2008 Act comprising the following development and works:

PART 1

NUMBERED WORKS

Main development site: operational infrastructure and Sizewell B relocation works

Work No. 1A

An electricity generating station with an expected net electrical output of approximately 3,340MW power generated by two nuclear reactor units, to include—

- (a) buildings, structures and plant within the 'nuclear islands' for Units 1 and 2, including—
 - (i) two reactor buildings;
 - (ii) two fuel buildings;
 - (iii) two fuel building halls;
 - (iv) two boron storage buildings;
 - (v) eight safeguard buildings;
 - (vi) two nuclear auxiliary buildings;
 - (vii) two nuclear auxiliary building stacks;
 - (viii) two access towers;
 - (ix) radioactive waste storage building;
 - (x) radioactive waste process building;
 - (xi) radioactive waste treatment building;
 - (xii) hot laundry building;
 - (xiii) hot workshop, hot warehouse, facilities for decontamination;
 - (xiv) effluent tanks and refuelling water tanks;
 - (xv) four emergency diesel generator buildings and associated stacks;
 - (xvi) two 'type 1' cooling water discharge weir buildings; and
 - (xvii) two 'type 2' cooling water discharge weir buildings;
- (b) buildings, structures and plant within the 'conventional islands' for Units 1 and 2, including—
 - (i) two turbine halls;
 - (ii) two sky bridges;
 - (iii) two conventional island electrical buildings;
 - (iv) two gas insulated switchgear buildings;

- (v) two main transformer platforms;
- (vi) four unit transformer platforms;
- (vii) two auxiliary transformer platforms;
- (viii) six monopoles;
- (c) operational service centre;
- (d) four electricity transmission towers / pylons inside the powers station's security fence and associated transmission infrastructure;
- (e) buildings, structures and plant within the 'cooling water pumphouse and associated buildings' for Units 1 and 2, including—
 - (i) two cooling water pumphouses;
 - (ii) two forebays;
 - (iii) two outfall pond buildings;
 - (iv) two filtering debris recovery pits; and
 - (v) two firefighting water distribution buildings;
- (f) intermediate level waste store;
- (g) interim spent fuel store;
- (h) buildings, structures and plant within the 'ancillary structures', including (but not limited to)—
 - (i) main access control building;
 - (ii) auxiliary administration building;
 - (iii) secondary access control building;
 - (iv) emergency response centre;
 - (v) emergency response energy centre;
 - (vi) meteorological station;
 - (vii) demineralisation station;
 - (viii) valve room for the demineralisation station;
 - (ix) auxiliary boilers;
 - (x) hydrogen storage;
 - (xi) oxygen storage;
 - (xii) hydrazine storage;
 - (xiii) chlorination plant;
 - (xiv) service ventilation building;
 - (xv) raw water & potable water storage/supply building;
 - (xvi) degassed water storage tanks;
 - (xvii) cooling water discharge shaft;
 - (xviii) chemical products storage;
 - (xix) garage for handling materials;
 - (xx) oil & grease storage;
 - (xxi) contaminated tools store;
 - (xxii) warehouse;
 - (xxiii) sewage treatment plant;
 - (xxiv) conventional island water tanks;
 - (xxv) nuclear island water tank;
 - (xxvi) conventional waste storage;

- (xxvii) transit area for very low and low level waste;
- (xxviii) service access buildings;
- (xxix) battery load banks;
- (xxx) interim spent fuel store equipment storage building; and
- (xxxi) emergency equipment store.
- (i) Not used;
- (j) 132kV substation and associated compound;
- (k) off-site delivery check point, associated buildings, structures and plant;
- (l) permanent vehicular and pedestrian bridge over Sizewell Marshes SSSI, preceded by a temporary crossing.
- (m) permanent beach landing facility;
- (n) soft coastal defence feature;
- (o) hard coastal defence feature;
- (p) buildings, structures and plant, including a new National Grid substation building, plant, equipment and apparatus, alterations to the existing National Grid substation building, plant, equipment and apparatus, and associated diversion of overhead lines;
- (q) one electricity transmission tower /pylon outside the power station's security fence, and associated transmission infrastructure including overhead line conductors;
- (r) approximately 1,370 permanent parking spaces;
- (s) removal of an existing transmission tower / pylon and associated transmission infrastructure;
- (t) realignment of Sizewell Drain and associated works;
- (u) perimeter below-ground cut off-wall, including associated dewatering of the contained area;
- (v) combined drainage outfall tunnel (continuing as Work No. 2K), and temporary marine outfall;
- (w) temporary and permanent access roads;
- (x) approximately 1,000 temporary parking spaces;
- (y) temporary freight management facility, approximately 80 HGV parking spaces and associated infrastructure;
- (z) temporary park and ride facility, approximately 600 associated car parking spaces, approximately 20 bus spaces, a terminal area and associated infrastructure;
- (aa) temporary water resource storage area;
- (bb) temporary beach landing facility;
- (cc) improvement works to Kenton Hills Car Park to include provision of up to 15 additional parking spaces;
- (dd) flood mitigation area and associated habitat and
- (ee) serviced pitches for up to 400 caravans and 400 temporary car parking spaces.

The location of the above works is shown on sheet nos 1-5 and 7-8 of the Works Plans.

Work No. 1B

New four arm roundabout and site access points from the B1122 Abbey Road.

The location of the above works is shown on sheet nos 1 and 8 of the Works Plans.

Work No. 1C

Works associated with Lover's Lane, to include—

- (a) realignment of the junction of the B1122 Abbey Road and Lover's Lane;
- (b) realignment of Lover's Lane;
- (c) provision of a mammal culvert under Lover's Lane; and
- (d) creation of a right turn into Leiston Household Waste Recycling Centre.

The location of the above works is shown on sheet nos 3, 7 and 8 of the Works Plans.

Work No. 1D

Works associated with the relocation of certain Sizewell B power station facilities, to include—

- (a) outage store building;
- (b) outage laydown area;
- (c) training centre;
- (d) up to 112 operational car parking spaces and access roads;
- (e) up to 576 outage car parking spaces;
- (f) visitor centre;
- (g) administrative buildings to include workshops, civils store, office accommodation and general store;
- (h) storage, canteen and welfare facilities; and
- (i) outage car park access roads;

The location of the above works is shown on sheet nos 2, 4 and 5 of the Works Plans.

Work No. 1E

Works associated with the relocation of certain Sizewell B power station facilities, to include—

- (a) outage store building;
- (b) outage laydown area;
- (c) training centre;
- (d) up to 579 operational car parking spaces and access roads;
- (e) visitor centre;
- (f) administrative buildings to include workshops, civils store, office accommodation and general store;
- (g) storage, canteen and welfare facilities; and
- (h) outage car park access road;

The location of the above works is shown on sheet nos 2, 4 and 5 of the Works Plans.

Main development site: cooling water infrastructure and drainage outfall

Work No. 2A

A cooling water intake tunnel for seawater extraction, commencing at Work No. 1A and terminating at Work No. 2B, including earthworks and tunnelling.

Work No. 2B

Two intake heads and vertical shafts for seawater extraction including excavation and capital dredging works.

Work No. 2C

A second cooling water intake tunnel for seawater extraction commencing at Work No. 1A, and terminating at Work No. 2D, including earthworks and tunnelling

Work No. 2D

Two intake heads and vertical shafts for seawater extraction, including excavation and capital dredging works.

Work No. 2E

A cooling water outfall tunnel for seawater return, commencing at Work No. 1A and terminating at Work No. 2F, including earthworks and tunnelling.

Work No. 2F

Two outfall heads and vertical shafts for seawater return including excavation and capital dredging works.

Work No. 2G

A fish return tunnel, commencing at Work No. 1A and terminating at Work No. 2H, including earthworks and tunnelling.

Work No. 2H

A fish return outfall head and vertical shaft, including excavation and capital dredging works.

Work No. 2I

A second fish return tunnel, commencing at Work No. 1A and terminating at Work No. 2J, including earthworks and tunnelling.

Work No. 2J

A second fish return outfall head and vertical shaft including excavation and capital dredging works.

Work No. 2K

A combined drainage outfall tunnel, commencing at Work No. 1A and terminating at Work No. 2L, including earthworks and tunnelling.

Work No. 2L

A combined drainage outfall head and vertical shaft , including excavation and capital dredging works.

The location of the above works is shown on sheet nos 2,4,5 and 6 of the Works Plans.

Main development site: accommodation campus

Work No. 3

A temporary accommodation campus, to include—

- (a) accommodation buildings, including up to 2,400 bed spaces, structures and plant;
- (b) multi-storey parking area to provide up to 1,300 vehicle parking spaces approximately 60 blue badge parking spaces, drop off areas, associated structures and plant;
- (c) buildings, structures and plant including—
 - (i) welfare, administration and amenity buildings;
 - (ii) surface vehicle parking area to provide up to 300 parking spaces;
 - (iii) up to 120 motorcycle parking spaces;
 - (iv) up to 120 cycle parking spaces;
 - (v) bus stops and associated infrastructure;
 - (vi) campus servicing area; and
 - (vii) combined heat and power plant or alternative form of generation including ground or heat source pumps; and
- (d) demolition/removal of any temporary structures and landscape works.

The location of the above works is shown on sheet nos 1 and 8 of the Works Plans.

Rail infrastructure

Work No. 4A

Works associated with the construction of Work No. 4B(a) (green rail route), to include—

- (a) formation of new railway embankments, cuttings and all necessary earthworks (including removal of topsoil and subsoil) and associated rail infrastructure;
- (b) formation of trenches and installation of utilities; drainage works including swale forming part of the sustainable drainage system;
- (c) temporary realignment of Buckleswood Road;
- (d) construction of a temporary automated level crossing on Buckleswood Road and associated road modifications;
- (e) construction of temporary automated level crossing on B1122 Abbey Road and associated road modifications;
- (f) landscaping including the provision of landscape bunds, grassed areas and other areas of proposed planting;
- (g) demolition/removal of any temporary structures and landscape works.

Work No. 4B

Temporary rail infrastructure ('green rail route') to include—

- (a) a single track railway line (4.5km in length) commencing at a new junction with the existing Saxmundham to Leiston branch line at a point 500 metres east of Saxmundham Road level crossing and 230 metres south of Buckle's Wood, passing southwest to northeast and terminating within the main development site (Work No. 1A);
- (b) sidings, vehicle inspection buildings, security footbridge and material handling areas; and
- (c) demolition/removal of any temporary structures and landscape works.

The location of the above works is shown on sheet nos 1,2,3,7 and 8 of the Works Plans.

Work No. 4C

Works to the Saxmundham to Leiston branch line, to include—

- (a) upgrades to the existing junction of the Saxmundham to Leiston branch line and the East Suffolk line including the provision of an additional crossover;
- (b) track replacement; and
- (c) upgrades to up to nine existing level crossings at Bratts Black House, Snowdens, Buckle's Wood, Summerhill, Knodishall, West House, Saxmundham Road, Leiston, and Sizewell.

The location of the above works is shown on sheet nos. 3,7,9 and 10 of the Works Plans.

Work No. 4D

Temporary rail spur off the Saxmundham to Leiston branch line to provide a rail siding in land east of Eastlands Industrial Estate, to include—

- (a) earthworks, including embankments, cuttings and retaining structures;
- (b) railway tracks, sidings, vehicle inspection buildings and material handling areas; and
- (c) demolition/removal of any temporary structures and landscape works.

The location of the above works is shown on sheet nos. 3 and 10 of the Works Plans.

Sports facilities

Work No. 5

Landscape works including one 3G Pitch and two multi-use games courts, with associated fencing and floodlighting.

The location of the above works is shown on sheet no. 11 of the Works Plans.

Fen meadows and marsh harrier habitat

Work No. 6

(Fen meadow habitat, Haleworth): Landscape and ecological works including earthworks, drainage and associated water control structures.

The location of the above works is shown at sheet no. 12 of the Works Plans.

Work No. 7

(Fen meadow habitat, Benhall): Landscape and ecological works including earthworks, drainage and associated water control structures.

The location of the above works is shown at sheet no. 13 of the Works Plans.

Work No. 18

(Fen meadow habitat, Pakenham): Landscape and ecological works including earthworks, drainage and associated water control structures.

The location of the above works is shown at sheet no. 28 of the Works Plans.

[Work No. 8]

[(Marsh harrier habitat, Westleton): Landscape and ecological works including earthworks, drainage and associated water control structures.

The location of the above works is shown at sheet no. 14 of the Works Plans.]

Northern park and ride

Work No. 9

The location of the below works is shown on sheet no. 15 of the Works Plans.

- (a) A temporary park and ride facility with up to 1,250 car parking spaces (excluding pick-up spaces, minibus/van/bus spaces, motorcycle spaces and bicycle spaces), to include—
 - (i) earthworks including ground levelling, creation of spoil bunds and temporary stockpiling; utilities trenches; surface water drainage system including infiltration basins and swales; foul water drainage system;
 - (ii) internal access roads;
 - (iii) landscape works; including the provision of ecological habitat, hardstanding, and vehicle, motorcycle and bicycle parking areas;
 - (iv) bus terminus area, bus stops and shelters and associated structures;
 - (v) buildings including amenity / welfare, administration, and security.;
 - (vi) CCTV poles and mountings, lighting poles and fittings;
 - (vii) perimeter and internal fencing, signage, secured entrance gates, barriers and ecological fencing; and
 - (viii) demolition / removal of any temporary structures and landscape works and restoration works.
- (b) Highway works including a roundabout, realignment of a section of the A12 and Willow Marsh Lane; realignment of private access track; revised kerbs, road markings, new highway signage, footways and paved areas; and site reinstatement, including landscaping and reinstatement of the existing A12 alignment following cessation of operational use of Work No 9(a).

Southern park and ride

Work No. 10

The location of the below works is shown on sheet no. 16 of the Works Plans.

- (a) A temporary park and ride facility with up to 1,250 car parking spaces (excluding pick-up spaces, minibus/van/bus spaces, motorcycle spaces and bicycle spaces), to include—
 - (i) earthworks including ground levelling, creation of spoil bunds and temporary stockpiling; utilities trenches; surface water drainage system including pumping station and infiltration basins, swales and underground attenuation; foul water drainage system;
 - (ii) internal access routes;
 - (iii) landscape works; including the provision of ecological habitat, hardstanding, and vehicle, motorcycle and bicycle parking areas;
 - (iv) bus terminus area, bus stops and shelters and associated structures;
 - (v) traffic incident management area;
 - (vi) buildings including amenity / welfare, administration, and security;
 - (vii) CCTV poles and mountings, lighting poles and fittings;
 - (viii) perimeter and internal fencing, signage, secured entrance gates, barriers and ecological fencing; and
 - (ix) demolition / removal of any temporary structures and landscape works and restoration works.

- (b) Highway works, including revised kerbs, road markings, new highways signage, to the B1078, the northbound slip road between B1078 and the A12, and the A12 northbound carriageway.

Two village bypass

Work No. 11A

Works associated with the construction of Work No. 11B and Work No. 11C, to include—

- (a) site preparation works including construction hoardings, perimeter enclosure, ecological fencing and security, construction related buildings, structures, plant, machinery and construction lighting;
- (b) earthworks including creation of acoustic bunds, utilities trenches, surface water drainage system including balancing ponds and landscape works, including ecological works;
- (c) access roads, tracks and hardstanding;
- (d) construction of bridges and civil structures;
- (e) highway works including kerbs, footways and paved areas;
- (f) traffic signal poles and fittings;
- (g) lighting poles and fittings; and
- (h) perimeter fencing, ecological fencing, animal corrals, signage, gates and barriers.

Work No. 11B

A bypass of Farnham and Stratford St Andrew, to include—

- (a) a road (2.4km in length) commencing at a new four-arm roundabout to the east of Parkgate Farm and Stratford Plantation and terminating at a new four-arm roundabout to replace the existing junction of the A12 with the A1094 (Friday Street), and including a bridge crossing of the River Alde;
- (b) associated realignments and tie-ins of existing roads bi-sected by the bypass and other existing roads adjoining the bypass; and
- (c) new and altered private means of access.

Work No. 11C

A footbridge over the bypass (Work No. 11B(a)) 150m east of Farnham Hall.

The location of the above works is shown on sheet nos 17 and 18 of the Works Plans.

Sizewell link road

Work No. 12A

Works associated with the construction of Work No. 12B, Work No. 12C and Work No. 12D, to include—

- (a) site preparation works including construction hoardings, perimeter enclosure, ecological fencing and security, construction related buildings, structures, plant, machinery and construction lighting;
- (b) earthworks including creation of acoustic bunds, utilities trenches, surface water drainage system including flood relief basins and landscape works, including ecological works;
- (c) access roads, tracks and hardstanding;
- (d) construction of bridges and civil structures;
- (e) highway works including kerbs, footways and paved areas;

- (f) traffic signal poles and fittings;
- (g) lighting poles and fittings; and
- (h) perimeter fencing, ecological fencing, animal corrals, signage, gates and barriers.

Work No. 12B

A bypass of Middleton Moor and Theberton, to include—

- (a) a road (6.8km in length) commencing at a new three-arm roundabout located 180m north of The Red House Farm and terminating at a new three arm roundabout on the B1122 (west of the main development site), and including a bridge over the East Suffolk line;
- (b) associated realignments and tie-ins of existing roads bi-sected by the bypass and other existing roads adjoining the bypass; and
- (c) new and altered private means of access.

Work No. 12C

A motorised user bridge over Work No. 12B(a), connecting to Pretty Road on either side.

Work No. 12D

- (a) A junction to Moat Road to maintain access to properties including Theberton Grange and Moat House; and
- (b) Realignment of the road to Theberton Grange for 300m to join George Road.

The location of the above works is shown on sheet nos. 18, 19, 20, 21 and 22 of the Works Plans.

Freight management facility

Work No. 13

The location of the above works is shown on sheet no. 23 of the Works Plans.

- (a) A temporary freight management facility with up to 154 HGV parking spaces (excluding HGV screen and search lanes, staff and visitor car parking, minibus/van/bus spaces, motorcycle spaces and bicycle spaces), to include—
 - (i) earthworks including ground levelling, creation of spoil bunds and temporary stockpiling; utilities trenches; surface water drainage system including infiltration system, swales and underground attenuation areas; foul water drainage system;
 - (ii) internal access routes;
 - (iii) landscape works; including the provision of ecological habitat, hardstanding, and vehicle, motorcycle and bicycle parking areas;
 - (iv) amenity, welfare and security buildings;
 - (v) demolition / removal and site reinstatement including landscaping following cessation of operational use;
- (b) Highway works to Felixstowe Road to include widening of the highway and temporary site access.

Yoxford roundabout and other highway improvement works

Work No. 14A (Yoxford roundabout)

Work associated with the construction of Work No. 14B, to include—

- (a) earthworks including creation of landscape planting, utilities trenches and surface water drainage system;

- (b) access roads and hardstanding; and
- (c) kerbs, footways and paved areas.

The location of the above works is shown on sheet no. 24 of the Works Plans.

Work No. 14B

(Yoxford roundabout): Carriageway widening and surface treatment to create a new three arm roundabout with realignment of the existing A12 and B1122 and removal of the existing A12 and B1122 ghost island junction, the location of which is shown on sheet no. 24 of the Works Plans.

Work No. 15

(A12/B1119 junction at Saxmundham): Improvements to the A12 and B1119 junction to include maintenance of vegetation along the highway boundary, alteration of the B1119 at the junction with the A12 and provision of additional or alterations to existing signage and road markings, the location of which is shown on sheet no. 25 of the Works Plans.

Work No. 16

(A1094/B1069 junction south of Knodishall): Improvements to the A1094 and B1069 junction to include maintenance of vegetation along the highway boundary and provision of additional or alterations to existing signage and road markings, the location of which is shown on sheet no. 26 of the Works Plans.

Work No. 17

(A12/A144 junction south of Bramfield): Improvements to the A12 and A144 junction to include provision of central reservation island and waiting area on the A12, widening of the A12, provision of pedestrian walkways and dropped kerbs and provision of a verge, the location of which is shown on sheet no. 27 of the Works Plans.

PART 2

OTHER ASSOCIATED DEVELOPMENT

And in connection with Work No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17 and 18, to the extent that they do not otherwise form part of any such work, the following further works in connection with the construction, operation and maintenance of the authorised development within the Order limits, being associated development within the meaning of section 115(2) of the 2008 Act (Development for which development consent may be granted)—

- (a) earthworks and excavations (including tunnelling, soil stripping and storage, site levelling, vegetation clearance, spoil screening / storage for re-use on site and remediation); provision of spoil retaining structures, bunds and ground terracing to formation levels; and site ground preparation works including land remediation, vegetation clearance and groundwater de-watering;
- (b) provision, protection, diversion and relocation of surface drainage systems (including swales, ditches, culverts, outfalls, ponds, basins and water treatment and pumping); foul water drainage systems (including pipework, sewage treatment plant, pumps and outfalls); utilities, including electricity, telecommunications, water and power supplies (including substations, switchgear and transformers); cables, pipes, shafts, trenches tunnels and associated access points; and associated protective works for such infrastructure (including footbridges, barriers and grates);
- (c) construction and provision of building compounds, external building plant and equipment, stacks and chimneys, access structures (including ladders, stairs and platforms) aerials and communication plant and equipment;

- (d) works to create temporary or permanent landscaping (including temporary or permanent mounds); drainage and flood compensation (including flood attenuation works); finished ground levels; means of enclosure; and reinstatement/replacement of, or construction of, boundary walls and security fences (including gates and retaining walls);
- (e) establishment of temporary construction areas and compounds at each Works site to include, as necessary—
 - (i) demolition and site clearance (including of existing buildings, vegetation, walls, fences, planters, breaking of hardstanding and other above and below ground structures);
 - (ii) site hoardings (including perimeter enclosures and security fencing) and provision of construction and traffic signage and notices;
 - (iii) temporary vehicle parking;
 - (iv) formation of construction vehicle access routes and provision of temporary gated or other site access routes and other works to streets;
 - (v) construction-related buildings, structures, facilities (including storage and manufacturing warehouse and temporary structures), plant, equipment, cranes, machinery (including concrete batching, concrete silos and construction bridges) and temporary bridges and access routes (including internal haulage routes); and
 - (vi) provision of construction services and utilities, including electricity, telecommunications, water and power supplies (including substations) including means of enclosure, and construction lighting;
- (f) provision of permanent and temporary hard-standing areas; welfare/office accommodation, workshops and stores; secure entrances; structures and plant; site access points; security kiosks and buildings, perimeter and internal fencing; gates, barriers and bollards; vehicle and bicycle parking areas; vehicular and pedestrian access routes and internal roads; storage and handling areas; signage; CCTV poles and mountings; lighting poles and fittings; facilities and equipment for processing of excavated and construction materials; treatment enclosures; and any other temporary and permanent works required;
- (g) in connection with the marine works, dredging and the provision of buoys, beacons, fenders and other navigational warning or ship impact protection works;
- (h) new footpaths; walls and fencing; and planting;
- (i) amenity buildings; parking areas; ; and associated post-operation phase work;
- (j) perimeter and internal fencing (including ecological fencing where necessary); pedestrian connections; and signage; secured entrances, gates and barriers;
- (k) The following works relating to highways streets and rights of way—
 - (i) alteration of layout of a street including widening the carriageway of a street, altering the level of any kerb footway, cycleway or verge within a street and surface treatments;
 - (ii) relocation and provision of street lighting;
 - (iii) works to place, alter, remove or maintain street furniture, transport infrastructure and apparatus, including the provision of temporary bus lay-bys;
 - (iv) relocation and provision of road traffic signs and markings; and
 - (v) diversions or modifications (both temporary and permanent) of existing vehicle and pedestrian access routes (including footpaths and cycleways) and subsequent reinstatement of existing routes, and works to create permissive rights of way;
- (l) The following works relating to rail infrastructure –
 - (i) ramps and means of access;
 - (ii) traffic signs, traffic signals and road markings; and
 - (iii) lighting, electrical equipment and signalling works;
- (m) works to trees, hedges and shrubs;

- (n) habitat creation and management;
- (o) permanent and temporary works for the benefit or protection of land or structures affected by the authorised development (including diversion or provision of utilities apparatus, private means of access and protective, survey and monitoring works to land, buildings and other structures);
- (p) rock protection (anti-scour protection); and
- (q) such other works as may be necessary or expedient for the purposes of or in connection with the construction, operation and maintenance of the authorised development which do not give rise to any materially new or materially different environmental effects from those assessed as set out in the environmental information, except that this paragraph will not apply to Work Nos. 3, 4A, 4B, 4D, 9, 10 or 13 once the decommissioning or restoration of those Works has commenced.

SCHEDULE 2
Requirements

Article 3

Interpretation

1.—(1) Where, under any of the requirements, the approval or agreement of the discharging authority or another person is required—

- (a) the matter which requires approval or agreement must be submitted in writing for such approval or agreement; and
- (b) the approval or agreement must be given in writing.

(2) Where any requirement—

- (a) refers to a scheme, drawing, document or plan, that scheme, drawing, document or plan will be taken to be the version certified by the Secretary of State under article 80 (Certification of plans, etc.) of this Order or to any subsequent version of that scheme, drawing, document or plan approved by the discharging authority under a requirement; or
- (b) provides that the authorised development is to be carried out in accordance with details, or a scheme, plan or other document approved by the discharging authority, the approved details, scheme, plan or other document must be taken to include any amendments or revisions subsequently approved by the discharging authority.

(3) Where an approval of details or other document is required under the terms of any requirement or where compliance with a document contains the wording “unless otherwise approved” by the discharging authority, such approval of details or of any other document (including any subsequent amendments or revisions) or agreement by the discharging authority is not to be given except in relation to changes or deviations where it has been demonstrated to the satisfaction of the discharging authority that the subject matter of the approval or agreement sought does not give rise to any materially new or materially different environmental effects to those assessed in the environmental information.

(4) Where any requirement provides that the authorised development or any part of it is to be carried out in ‘general accordance’ with details, or a scheme, plan or other document that is listed in Schedule 22 and certified under Article 80 of this Order, this means that the undertaker will carry out such work(s) in a way that is substantively consistent with the information set out in those details, schemes, plans or other document and in a manner that does not give rise to any materially new or materially different environmental effects to those assessed in the environmental information.

(5) Unless otherwise provided in this Order, where a requirement relates to a specific site or Work and it specifies “commencement of development”, it refers to the commencement of development on that site or in relation to that Work only.

(6) For the purposes of discharging requirements in phases, the undertaker may submit details, including a plan or plans, where appropriate, to the discharging authority identifying a part or parts of any of the sites to which each phase relates.

(7) Schedule 23 (Procedure for Approvals, Consents and Appeals) sets out the procedures for the determination of submissions made pursuant to requirements, including requests for further information, the consultation process and the appeal procedure.

<i>No.</i>	<i>Requirement</i>
1	<u>Project wide: Time limits</u>

The authorised development must commence within 5 years of the date on which this Order is made.

- 2 **Project wide: Code of Construction Practice**
The construction of the authorised development and the removal and reinstatement of the temporary works must be carried out in accordance with the Code of Construction Practice, unless otherwise approved by East Suffolk Council.
- 3 **Project wide: Archaeology and Peat**
(1) No part of any terrestrial works, may be commenced until a site-specific written scheme of investigation for each phase of archaeological investigation relating to that part has, following consultation with Historic England, been submitted to and approved by Suffolk County Council. Site-specific written schemes of investigation must be in general accordance with the Overarching Written Scheme of Investigation.
(2) Terrestrial works must be carried out in accordance with the site-specific written scheme of investigation and in general accordance with the Overarching Archaeological Written Scheme of Investigation, unless otherwise agreed with Suffolk County Council.
(3) No below ground works forming part of Work No. 1A (a) to (h) (main platform) may commence until a peat archaeological written scheme of investigation for that part has following consultation with Historic England, been submitted to and approved by Suffolk County Council. The peat archaeological written schemes of investigation must be in general accordance with the Peat Strategy.
(4) Below ground works forming part of Work No. 1A (a) to (h) (main platform) must be carried out in accordance with the approved peat archaeological written schemes of investigation and in general accordance with the Peat Strategy, unless otherwise agreed with Suffolk County Council.
(5) Should archaeological remains be left in situ on any site, a site-specific archaeological management plan must, following consultation with Historic England, be submitted to and approved by Suffolk County Council. Any further works, including removal and reinstatement, must be carried out in accordance with the site-specific archaeological management plan, unless otherwise agreed with Suffolk County Council.
(6) Unless otherwise agreed with Suffolk County Council.
(a) No later than two years following the completion of the fieldwork specified in each site-specific written scheme of investigation, a site-specific post excavation assessment for that part of the terrestrial works must be completed and submitted to Suffolk County Council for approval.
(b) No later than one year following the approval of the final site-specific post excavation assessment, an archaeological updated project design for all sites, must be submitted to Suffolk County Council for approval. The archaeological updated project design must be produced in general accordance with the Overarching Archaeological Written Scheme of Investigation, include details of the scope of post-excavation analysis and publication and have regard to the site-specific research agendas set out in the site-specific written schemes of investigation.
(c) Post-excavation analysis and publication must be carried out in accordance with the approved archaeological updated project design.
(d) The full archaeological archive must be submitted to the Suffolk County Council Archaeological Service (Archive) in accordance with the archaeological updated project design
(7) References to Suffolk County Council in this requirement refer to Suffolk County Council in its capacity as provider of the Suffolk Archaeological Service.
- 4 **Project wide: Terrestrial ecology monitoring and mitigation plan**
The construction, operation and removal and reinstatement of authorised development must be carried out in accordance with the Terrestrial Ecology Monitoring and Mitigation Plan unless otherwise approved by East Suffolk Council following consultation with Natural England and the Environment Agency.
- 5 **Project wide: Surface and foul water drainage**
(1) No part of the authorised development (save for Work No. 1B, 1C, 4A(c), 9(b),

10(b), 11, 12, 13(b), 14, 15, 16 or 17) may be commenced until details of the surface and foul water drainage system for that part (including management and maintenance arrangements, means of pollution control, sewage treatment works and a programme of construction and implementation) have been submitted to and approved by East Suffolk Council, following consultation with the Environment Agency, the relevant Statutory Nature Conservation Body, the East Suffolk Internal Drainage Board, the Lead Local Flood Authority and the drainage authority.

(2) Following approval pursuant to (1) above, East Suffolk Council shall provide details of the approved surface and foul water drainage system to Suffolk County Council, and no part of the authorised development may be commenced until the details of the approved management and maintenance arrangements and means of pollution control for that part have been endorsed by Suffolk County Council in its capacity as the Lead Local Flood Authority and the drainage authority.

(3) The surface and foul water drainage proposals must be based on sustainable drainage principles and must be in accordance with the Drainage Strategy.

(4) Any approved surface and foul water drainage system must be constructed and maintained in accordance with the approved details.

5A **Project wide: Emergency planning**

(1) No less than 8 weeks prior to the commencement of the authorised development a construction emergency plan must have been developed and a copy provided to Suffolk County Council in its capacity as fire and rescue authority.

(2) The construction emergency plan must include:

(i). Details of the undertaker's construction site emergency arrangement for the SZC construction works; and

(ii). Details of the undertaker's arrangements for interfacing with Sizewell B in an emergency.

(3) the construction emergency plan must be implemented as approved.

5B **Project wide: Navigation lighting**

(1) No building or structure greater than 50m above ordnance datum shall be erected until the following details have been provided to the Defence Geographic Centre (dvof@mod.gov.uk or post to: D-UKDVOF & Power Lines Geospatial Air Information Team Defence Geographic Centre DGIA Elmwood Avenue Feltham Middlesex TW13 7AH). These details shall include:

(i) Precise location of the relevant building or structure;

(ii) Date of commencement of construction;

(iii) Date of completion of construction;

(iv) The height above ground level;

(v) The maximum extension height of any construction equipment; and

(vi) Details of aviation warning lighting fitted to the structure(s).

6 **Main development site: Site clearance**

(1) Site clearance must be undertaken in general accordance with the following drawings:

(i) Main Development Site Clearance Plan – Key Plan – Sheet 1 (SZC-SZ0701-XX-000-DRW-100134 Rev 01);

(ii) Main Development Site Clearance Plan – Sheet 2 (SZC-SZ0701-XX-000-(iii) DRW-100152 Rev 01);

(iv) Main Development Site Clearance Plan – Sheet 3 (SZC-SZ0701-XX-000-DRW-100153 Rev 01);

(v) Main Development Site Clearance Plan – Sheet 4 (SZC-SZ0701-XX-000-DRW-100154 Rev 01); and

(vi) Main Development Site Clearance Plan – Sheet 5 (SZC-SZ0701-XX-000-DRW-100155 Rev 01)

save to the extent that alternative plans or details are submitted to and approved by East Suffolk Council.

(2) Any alternative plans or details referred to in paragraph (1) must be in accordance

with the measures set out in the Code of Construction Practice.

6A

Main development site: Public Rights of Way

(1) No development of any new or diverted public right over way listed in Schedule 11 may be commenced until a footpath implementation plan for that public right of way has been submitted to and approved by Suffolk County Council.

(2) Footpath implementation plans relating to new or diverted public rights of way within Work No. 1 must be in general accordance with the Public Rights of Way Strategy, Chapter 7 of Part B of the Code of Construction Practice and in accordance with the Rights of Way Plans, unless otherwise agreed with Suffolk County Council.

(3) Footpath implementation plans relating to new and diverted public rights of way within Works Nos. 4- 14 must be in general accordance with the Associated Development Design Principles, Chapter 7 of Part C of the Code of Construction Practice and in accordance with the Rights of Way Plans, unless otherwise agreed with Suffolk County Council.

(4) Footpath implementation plans must be implemented as approved under paragraph (1).

7

Main development site: Water Monitoring and Response Strategy

(1) Neither Work No. 1A nor any part or defined area of land within Work No. 1A as may be agreed with East Suffolk Council, may be commenced, including dewatering, until a water monitoring plan for Work 1A or for any part or defined area of land as agreed with East Suffolk Council has been submitted to and approved by East Suffolk Council, following consultation with the Environment Agency, Royal Society for the Protection of Birds (RSPB), the relevant Statutory Nature Conservation Body, the East Suffolk Internal Drainage Board and the Local Lead Flood Authority. Any water monitoring plan must be developed in general accordance with the Main Development Site Water Monitoring and Response Strategy.

(2) Any water monitoring plans approved under paragraph (1) must be implemented as approved.

7A

Main development site: Coastal Processes Monitoring and Mitigation Plan

(1) Construction of Work No. 1A(n) (soft coastal defence feature) and Work No. 1A(o) (hard coastal defence feature) must not commence until a coastal processes monitoring and mitigation plan has been submitted to and approved by East Suffolk Council, following consultation with the relevant Statutory Nature Conservation Body and the Environment Agency and the Marine Management Organisation. The plan shall include:

(i) the area to be monitored;

(ii) methods for monitoring;

(iii) duration of monitoring;

(iv) trigger points for mitigation;

(v) proposed mitigation; and

(vi) details concerning the appropriate timing for a monitoring and mitigation cessation report to be prepared.

(2) The coastal processes monitoring and mitigation plan must be implemented as approved.

8

Main development site: Temporary construction-related development

(1) Temporary buildings, structures, plant, equipment, uses, haul roads, construction hoardings and means of enclosure required in connection with construction works carried out as part of Work No.1 must be built and used in general accordance with the Construction Method Statement and in accordance with the following:

(i) Main Development Site Construction Parameter Plan – Key Plan – (SZC-SZ0100-XX-100-DRW-100046);

(ii) Main Development Site Construction Parameter Plan –Sheet 1 (SZC-SZ0100-XX-100-DRW-100092);

(iii) Main Development Site Construction Parameter Plan –Sheet 2 (SZC-SZ0100-XX-100-DRW-100093);

(iv) Main Development Site Construction Parameter Plan –Sheet 3 (SZC-SZ0100-XX-100-DRW-100094); and

(v) Main Development Site Construction Parameter Plan –Sheet 4 (SZC-SZ0100-XX-100-DRW-100095),

unless otherwise approved by East Suffolk Council.

(2) During the construction of the authorised development, the number of car and minibus parking spaces within Work No. 1A must be limited as follows:

(a) not more than [XXX] spaces may be available for use before either Work No. 9 (Northern park and ride) and Work No. 10 (Southern park and ride) is operational; and

(b) not more than [XXX] spaces may be available for use following either Work No. 9 (Northern park and ride) and Work No. 10 (Southern park and ride) becoming operational,

unless otherwise approved by East Suffolk Council.

9 **Main development site: Construction lighting**

External lighting at the main development site must be installed, operated and maintained throughout the construction of Work No.1 in accordance with the controls and limits set out in section 1.3 of the Lighting Management Plan, save to the extent that alternative details are submitted to and approved by East Suffolk Council.

10 **Main development site: Outage car park**

(1) A scheme of security measures to regulate vehicular access to Work 1D(e) (outage car park) when not in use is to be submitted to and approved by East Suffolk Council and the approved security measures are to be in place and available for use prior to vehicular access to the outage car park being enabled.

(2) The scheme of security measures must be implemented as approved.

11 **Main development site: Approved buildings, structures and plant**

(1) Work Nos. 1A (a) to (e), Work No. 1A (q) and Work No. 1D (a) to (e) or Work No. 1E (a) to (d) as the case may be must be carried out in accordance with the relevant plans set out in Schedule 7 (Approved Plans) and the detailed design principles set out in chapter 5 of the Main Development Site Design and Access Statement, save to the extent that alternative plans or details relating to their siting, scale or appearance are submitted to and approved by the East Suffolk Council pursuant to paragraph (2).

(2) Any alternative plans or details referred to in paragraph (1) must be in general accordance with the detailed design principles set out in chapter 5 of the Main Development Site Design and Access Statement and in accordance with:

(i) Main Development Site Operational Siting and Height Parameters; and

(ii) the following Parameter Plans:

(a) Main Development Site Operational Parameter Plan - Operational Platform (SZC-SZ0100-XX-100-DRW-100043); and

(b) Main Development Site Operational Parameter Plan - SZB Relocated Facilities and National Grid Land (SZC-SZ0100-XX-100-DRW-100048).

12 **Main development site: Reserved matters**

(1) Construction of Work No. 1A (f) (intermediate level fuel store) and Work No. 1A (g) (interim spent fuel store), Work No. 1D (f), or Work No. 1E (e) (visitor centre) and Work No. 1D(g) or Work No. 1E(f) (administrative buildings to include workshops, civils store and general store) as the case may be must not commence until details of the layout, scale and external appearance of those buildings have been submitted to and approved by East Suffolk Council, following consultation with the relevant Statutory Nature Conservation Body National Trust and Suffolk Coast and Heaths Area of Outstanding Natural Beauty Partnership.

(2) The details referred to in paragraph (1) must be in general accordance with Chapter 7 and the detailed design principles set out in chapter 5 of the Main Development Site Design and Access Statement and in accordance with:

(i) Main Development Site Operational Siting and Height Parameters; and

(ii) the following Parameter Plans:

(a) Main Development Site Operational Parameter Plan - Operational Platform (SZC-

SZ0100-XX-100-DRW-100043); and

(b) Main Development Site Operational Parameter Plan - SZB Relocated Facilities and National Grid Land (SZC-SZ0100-XX-100-DRW-100048).

12A **Sports Facilities: Reserved matters**

(1) Construction of Work No. 5, must not commence until details of the layout, scale and external appearance of those buildings and associated landscape works have been submitted to and approved by East Suffolk Council.

(2) The details referred to in paragraph (1) must be in general accordance with Proposed Site Plan Leiston Leisure Centre Phase (PDB17-033-06-02-P1).

(3) Work No. 5 must be carried out in accordance with the approved details.

12B **Main development site: Marine infrastructure**

(1) Construction of Work No. 1A(m) (permanent beach landing facility), Work No. 1A(n) (soft coastal defence feature), Work No. 1A(o) (hard coastal defence feature), Work No. 1A and Work No. 1A(bb) (temporary beach landing facility) must not commence until:

(a) details of the layout, scale and external appearance of that work in respect of land landward of the mean high water springs have been submitted to and approved by East Suffolk Council in consultation with the Marine Management Organisation and the Environment Agency; and

(b) details of the layout, scale and external appearance of that work in respect of land seaward of the mean high water springs have been submitted to and approved by the Marine Management Organisation, in consultation with East Suffolk Council.

(2) The details referred to in paragraph (1) must:

i) be in general accordance with the design principles set out in Chapter 5 of the Main Development Site Design and Access Statement;

ii) be in accordance with the Main Development Site Operational Parameter Plan – Operational Platform (SZC-SZC100-XX-100-DRW-100043); and

iii) include a monitoring and adaptive sea defence plan that sets out the periodic monitoring proposals for the sea defence features and the trigger point for when the crest height of the sea defence would need to be increased to 16.9m (AOD).

(3) Work No. 1A(m) (permanent beach landing facility), Work No. 1A(n) (soft coastal defence feature), Work No. 1A(o) (hard coastal defence feature), Work No. 1A and Work No 1A(bb) (temporary beach landing facility) must be carried out in accordance with the approved details.

12C **Main development site: SSSI Crossing**

(1) Construction works within the SSSI must not commence until details of working methods within the SSSI land have been submitted to and approved by East Suffolk Council, following consultation with Natural England. The temporary SSSI Crossing must be built in general accordance with the following details:

(a) Main Development Site SSSI Crossing (SZC Construction) (July 2021) (Drawing Ref: SZC-SZ0100-XX-000-DRW-100207 (Rev. 02));

(b) Main Development Site SSSI Crossing (Bailey Bridge Stage) (July 2021) (Drawing Ref: SZC-SZ0100-XX-000-DRW-100209 (Rev. 02)).

(2) Construction of the permanent element of Work No. 1A(l) (SSSI Crossing) must not commence until details of the layout, scale and external appearance have been submitted to and approved by East Suffolk Council, following consultation with the Environment Agency and Natural England. The details must:

(a) be in general accordance with the Main Development Site SSSI Crossing (SZC Operational) (July 2021) (Drawing Ref: SZC-SZ0100-XX-000-DRW-100205 (Rev. 02));

(b) include layout and scale which has:

(i) a crest no lower than 8.6m (AOD);

(ii) a soffit no lower than 6.8m (AOD) at its intersection with the Leiston Drain; and

(iii) a span no wider than 15m.

(c) include a flood risk monitoring and adaptive defence plan that sets out the periodic

monitoring proposals for the SSSI Crossing and the trigger point for when the crest height of the SSSI Crossing would need to be increased to 10.5m (AOD).

(d) a timetable for the works, including a timetable for the return of temporary SSSI land.

(3) Work No. 1A(l) (SSSI Crossing) must be carried out in accordance with the approved details.

13

Main development site: Ancillary structures, other buildings and plant

(1) Work No. 1A (h) to (p), Work No. 1A (r) and Work No. 1D (g) to (i) or Work No. 1E (f) to (h) as the case may be must be carried out in general accordance with the detailed design principles set out in chapter 5 of the Main Development Site Design and Access Statement and in accordance with the following Parameter Plans:

(i) Main Development Site Operational Parameter Plan - Operational Platform (SZC-SZ0100-XX-100-DRW-100043);

(ii) Main Development Site Operational Parameter Plan - Upper Abbey Farm and surrounding area (SZC-SZ0100-XX-100-DRW-100047); and

(iii) Main Development Site Operational Parameter Plan - SZB Relocated Facilities and National Grid Land (SZC-SZ0100-XX-100-DRW-100048).

13A

Main development site: Highway works

(1) Construction of any part of Work No.1B and Work No. 1C must not be commenced until details of the layout and highway alignment, including details of the surface and foul water drainage system for that part have been submitted to and approved by Suffolk County Council.

(2) The layout and highway alignment details referred to in paragraph (1) must be in accordance with the plans listed in Schedule 7 (Approved plans), within the limits of deviation shown on the relevant plans set out in Schedule 4(Works Plans and in general accordance with Chapter 5 of the Main Development Site Design and Access Statement unless otherwise agreed with Suffolk County Council.

(3) The details the surface and foul water drainage system referred to in paragraph (1) must be based on sustainable drainage principles and be in accordance with the Drainage Strategy, unless otherwise agreed with Suffolk County Council.

Work No. 1B and 1C must be carried out in accordance with the approved details.

14

Main development site: Landscape works

(1) Within six months of Unit 1 or Unit 2 comprising Work No. 1A(a), whichever is earlier, commencing operation a landscape and ecology scheme for the landscape restoration area shall be submitted for approval by East Suffolk Council. The landscape and ecology scheme must be prepared in general accordance with the detailed design principles set out in chapter 5 and chapter 8 of the Main Development Site Design and Access Statement, and must include details of proposed landscape and ecology works, including—

(i) soft landscape details;

(ii) hard surfacing materials;

(iii) proposed finished ground levels;

(iv) vehicular and pedestrian access, parking and circulation areas;

(v) street furniture, landscape maintenance buildings, refuse storage structure or other structures;

(vi) an implementation timetable for the works;

(vii) a landscape and ecology management plan which will be prepared in general accordance with the measures set out in the Outline Landscape and Ecology Management Plan.

(2) The landscape and ecology restoration works must be carried out and maintained in accordance with the approved landscape and ecology scheme referred to in paragraph (1) and in accordance with appropriate British Standards.

14A

Main development site: Fen meadow

(1) Vegetation clearance within Sizewell Marshes SSSI must not be carried out until:

(i) a fen meadow plan for the development of fen meadow at Work No. 6 and 7 has

been submitted to and approved by East Suffolk Council, in consultation with the relevant Statutory Nature Conservation Body; and

(ii) a fen meadow plan for the development of fen meadow at Work No. 18 has been submitted to and approved by Suffolk County Council in its capacity as Lead Local Flood Authority and drainage authority in consultation with West Suffolk Council and the relevant Statutory Nature Conservation Body.

(2) The fen meadow plans must be developed in general accordance with the Fen Meadow Strategy and include details of proposed works, including—

(i) landscape and planting details;

(ii) water management measures; and

(iii) an implementation timetable for the works.

(3) Work No. 6, Work No. 7 and Work No. 18 must be carried out in accordance with the approved fen meadow plan.

14B **Main development site: Wet woodland**

(1) Vegetation clearance within Sizewell Marshes SSSI must not be carried out until a wet woodland plan for the development of wet woodland has been submitted to and approved by East Suffolk Council, in consultation with the relevant Statutory Nature Conservation Body. The wet woodland plan must be developed in general accordance with the Wet Woodland Strategy and include details of proposed works, including—

(i) landscape and planting details;

(ii) water management measures; and

(iii) an implementation timetable for the works.

(2) The wet woodland plan must be implemented as approved

14C **Main development site: Marsh harrier**

(1) No part of Work No.1A the authorised development may be commenced until a marsh harrier implementation plan for the establishment of marsh harrier compensation land has been submitted to and approved by East Suffolk Council in consultation with Natural England. The marsh harrier implementation plan must be in general accordance with the Marsh Harrier Compensatory Habitat Report and include details of the proposed works including:

(i) landscape and planting details;

(ii) any relevant water management measures;

iii) Monitoring and management measures; and

(iv) an implementation timetable for the works

(2) The marsh harrier implementation plan must be implemented as approved.

15 **Main development site: Permanent operational lighting**

External lighting at the permanent development site must be installed, operated and maintained throughout the operational life of Work No.1 in accordance with the controls and limits set out in section 1.4 of the Lighting Management Plan, save to the extent that alternative details are submitted to and approved by East Suffolk Council, in consultation with the relevant Statutory Nature Conservation Body.

16 **Main development site: Removal and reinstatement**

Following completion of the SZC construction works, all temporary buildings, structures, plant and equipment required for construction, including Work No.3 (accommodation campus) and Work No. 1A(bb) (temporary beach landing facility), must be removed, and landscape restoration works implemented in accordance with the details approved for requirement 14.

17 **Accommodation campus: Buildings and structures**

(1) Work No. 3 (accommodation campus) must not be commenced until a statement of compliance demonstrating how the detailed design principles in Table A.1 of the Main Development Site Design and Access Statement has been incorporated into the relevant buildings, structures or works has been submitted to and approved by East Suffolk Council.

(2) Work No. 3 (accommodation campus) must be carried out in general accordance with the detailed design principles set out in Table A.1 of the Main Development Site

Design and Access Statement and in accordance with Main Development Site Construction Parameter Plan (SZC-SZ0100-000-DRW-100046).

18

Rail infrastructure

(1) Work No. 4 (rail works) (save for Work No. 4A(c)) must be carried out in accordance with the plans listed in Schedule 7 (Approved Plans) and in general accordance with Table 2.1 and Table 3.8 of the Associated Development Design Principles, save to the extent that alternative plans or details are submitted to and approved by East Suffolk Council

(2) Any alternative plans or details referred to in paragraph (1), must be in general accordance with Table 2.1 and Table 3.8 of the Associated Development Design Principles, and within the vertical limits of deviation specified in article 4 of this Order.

19

Associated development sites: Site clearance

(1) Site clearance in respect of Work No. 4 (rail infrastructure), Work No. 9 (northern park and ride), Work No. 10 (southern park and ride), Work No. 11 (two village bypass), Work No. 12 (Sizewell link road), Work No. 13 (freight management facility) and Work No. 14A (Yoxford roundabout) must be undertaken in general accordance with the following plans:

(i) Green Rail Route Site Clearance Plan (SZC-SZ0701-XX-000-DRW-100184 Rev 01)

(ii) Northern Park and Ride Site Clearance Plan (SZC-SZ0701-XX-000-DRW-100160 Rev 01);

(iii) Southern Park and Ride Site Clearance Plan (SZC-SZ0701-XX-000-DRW-100163 Rev 01);

(iv) Two Village Bypass Site Clearance Plan (1 of 2) (SZC-SZ0701-XX-000-DRW-100168 Rev 01);

(v) Two Village Bypass Site Clearance Plan (2 of 2) (SZC-SZ0701-XX-000-DRW-100169 Rev 01);

(vi) Sizewell Link Road Site Clearance Plan (1 of 4) (SZC-SZ0701-XX-000-DRW-100174 Rev 01);

(vii) Sizewell Link Road Site Clearance Plan (2 of 4) (SZC-SZ0701-XX-000-DRW-100175 Rev 01);

(viii) Sizewell Link Road Site Clearance Plan (3 of 4) (SZC-SZ0701-XX-000-DRW-100176 Rev 01);

(ix) Sizewell Link Road Site Clearance Plan (4 of 4) (SZC-SZ0701-XX-000-DRW-100177 Rev 01);

(x) Freight Management Facility Site Clearance Plan (SZC-SZ0701-XX-000-DRW-100180 Rev 01); and

(xi) Yoxford Roundabout Site Clearance Plan (SZC-SZ0701-XX-000-DRW-100178 Rev 01),

save to the extent that alternative plans or details are submitted to and approved by East Suffolk Council.

(2) Any alternative plans or details referred to in paragraph (1) must be in accordance with the measures set out in the Code of Construction Practice

20

Associated development sites: Buildings and structures

(1) Work No. 9 (northern park and ride), Work No. 10 (southern park and ride) and Work No. 13 (freight management facility) must not be commenced until a statement of compliance demonstrate how the plans and details of the relevant building, structure or works for that work have incorporated the relevant tables in the Associated Development Design Principles as set out in paragraph (2), has been submitted to and approved by East Suffolk Council.

(2) The relevant tables in the Associated Development Design Principles are as follows:

(i) for Work No. 9 (northern park and ride), Table 2.1 and Table 3.1;

(ii) for Work No. 10 (southern park and ride), Table 2.1 and Table 3.2; and

(iii) for Work No. 13 (freight management facility), Table 2.1 and Table 3.3.

(3) Work No. 9 (northern park and ride), Work No. 10 (southern park and ride) and Work No. 13 (freight management facility) must be carried out in accordance with the plans listed in Schedule 6 (Parameter Plans) and Schedule 7 (Approved Plans) and in general accordance with the relevant sections of the Associated Development Design Principles as set out in paragraph (2), save to the extent that alternative plans or details relating to siting, scale or appearance are submitted to and approved by East Suffolk Council

(4) Any alternative plans or details referred to in paragraph (3), must be in accordance with the plans listed in Schedule 6 (Parameter Plans) and in general accordance with the relevant sections of the Associated Development Design Principles as set out in paragraph (2).

21 **Highway access**

(1) Work No. 1D(e) (outage car park) must not be brought into use until Work No. 1D(i) (related highway works) is open for public use.

(2) Work No. 9(a) (northern park and ride) must not be brought into use until Work No. 9(b) (related highway works) is open for public use.

(3) Work No. 10(a) (southern park and ride) must not be brought into use until Work No. 10(b) (related highway works) is open for public use.

(4) Work No. 13(a) (freight management facility) must not be brought into use until Work No. 13(b) (related highway works) is open for public use.

22 **Highway works**

(1) Construction of any part of Work Nos. 4A(c) (temporary realignment of Buckleswood Road), 9(b) (highway works related to northern park and ride), 10(b) (highway works related to southern park and ride), 11 (two village bypass), 12 (Sizewell link road), 13(b) (highway works related to freight management facility), 14 (Yoxford roundabout), 15, 16 and 17 (other highway improvements) must not be commenced until details of the layout and highway alignment, including details of the surface and foul water drainage system for that part have been submitted to and approved by Suffolk County Council.

(2) The layout and highway alignment details referred to in paragraph (1) must be in accordance with the plans listed in Schedule 7 (Approved Plans) and in general accordance with the relevant tables in the Associated Development Design Principles and (in respect of Work No. 11 and Work No. 12) within the vertical limits of deviation specified in article 4 of this Order, unless otherwise agreed with Suffolk County Council.

(3) The details referred to in paragraph (1) must be based on sustainable drainage principles and be in accordance with the Drainage Strategy.

(4) The relevant tables in Associated Development Design Principles referred to in paragraph (2) are as follows:

(i) for Work No. 4A(c) (temporary realignment of Buckleswood Road), Table 2.1 and Table 3.8;

(ii) for Work No. 9(b) (highway works related to northern park and ride), Table 2.1 and Table 3.1;

(iii) for Work No. 10(b) (highway works related to southern park and ride), Table 2.1 and Table 3.2;

(iv) for Work No. 11 (two village bypass), Table 2.1 and Table 3.4;

(v) for Work No. 12 (Sizewell link road), Table 2.1 and Table 3.5;

(vi) for Work No. 13(b) (freight management facility), Table 2.1 and Table 3.3;

(vii) for Work No. 14 (Yoxford roundabout) Table 2.1 and Table 3.6; and

(viii) for Work Nos. 15, 16 and 17 (other highway improvements), Table 2.1 and Table 3.7;

(5) Work Nos. 4A(c) (temporary realignment of Buckleswood Road), 9(b) (highway works related to northern park and ride), 10(b) (highway works related to southern park and ride), 11 (two village bypass), 12 (Sizewell link road), 13(b) (highway works

related to freight management facility), 14 (Yoxford roundabout), 15, 16 and 17 (other highway improvements must be carried out in accordance with the approved details).

22A **Associated developments: Landscape works**

(1) Work No. 11 and Work No. 12 must not be commenced until details of the landscape works for that work have been submitted to and approved by East Suffolk Council.

(2) The details referred to in paragraph (1) must be in accordance with the Approved Plans (Schedule 7), unless otherwise agreed by East Suffolk Council.

(3) Landscape works must be carried out in accordance with the approved details.

(4) landscape works in relation to Work No. 11 must be managed in accordance with the Two Village Bypass Landscape and Ecology Management Plan, unless otherwise agreed with East Suffolk Council.

(5) Landscape works in relation to Work No. 12 must be managed in accordance with the Sizewell Link Road Landscape and Ecology Management Plan unless otherwise agreed with East Suffolk Council.

23 **Associated developments: Landscape planting**

If any tree or shrub is removed, dies or becomes seriously damaged or diseased within five years of planting as part of Work No. 9, 10, 11, 12 or 13 it must be replaced with suitable replacement plants or trees to the specification referred to in the Associated Developments Design Principles during the next available planting season.

24 **Associated development sites: Removal and reinstatement**

(1) Within 12 months of the completion of the SZC construction works, Work No. 9 (northern park and ride including highway works), Work No. 10(a) (southern park and ride), Work No. 13(a) (freight management facility), Work No. 4B (green rail route), and Work No. 4D (rail spur) must be demolished.

(2) A scheme for the land restoration works must be submitted to and approved by East Suffolk Council.

(3) All materials resulting from the demolition of the above Works must be removed from the relevant Work, and the land restored to a condition suitable for agricultural use and in accordance with the details approved pursuant to paragraph (2).

25 **Rail noise**

(1) The undertaker must not operate freight trains along Work No. 4 between the hours of 11pm and 6am unless or until a rail noise mitigation strategy has, following consultation with Network Rail, been submitted to and approved by East Suffolk Council.

(2) Any strategy submitted for approval under paragraph (1) must set out how exceedances of the SOAEL (significant observed adverse effect levels) would be avoided, including through alternative operating procedures and any additional mitigation measures.

(3) The approved strategy referred to in paragraph (2) must be implemented for the duration of the operation of freight trains along Work No. 4 between the hours of 11pm and 6am.

Sizewell link road	Highway (footpath) E-396/015/0 and E-515/005/0	Highway (footpath) between PSF12/11, PSF12/12, PSF12/13 and PSF12/14	New highway (footpath) between points PCF12/18 and PCF12/34 New highway (footpath) between points PCF12/16 and PCF12/17 New Highway (NMUs) between PCN12/15 and PCN12/16	Rights of Way Plans – sheet 21 of 28
Sizewell link road	Pretty Road	Highway (all traffic) between points PSH12/35 and PSH12/33	New Highway (all traffic) between PCH12/26 and PCH12/27 New Highway (NMUs) between PCN12/15 and PCN12/16	Rights of Way Plans – sheet 21 of 28
Sizewell link road	Highway (footpath) E-515/003/0	Highway (footpath) between points PSF12/15 and PSF12/16	New highway (footpath) between points PCF12/19 and PCF12/21 New highway (footpath) between points PCF12/20 and PCF12/22	Rights of Way Plans – sheets 21 and 22 of 28
Sizewell link road	Highway (footpath) E-515/004/0	Highway (footpath) between points PSF12/17 and PSF12/18	New Highway (footpath) between points PCF12/23 and PCF12/24	Rights of Way Plans – sheet 22 of 28
Sizewell link road	Moat Road and Unnamed road	Highway (all traffic) between points PSH12/24, PSH12/27, PSH12/25 and PSH12/28	New Highway (all traffic) between points PCH12/30 and PCH12/31 New Highway (all traffic) between points PCH12/32 and PCH12/33 New highway (footpath) between points PCF12/26, PCF12/29,	Rights of Way Plans – sheet 22 of 28

			PCF12/27 and PCF12/28	
Sizewell link road	Highway (footpath) E- 515/007/0	Highway (footpath) between points PSF12/23 and PSF12/24	New Highway (footpath) between points PCF12/25 and PCF12/27	Rights of Way Plans – sheet 22 of 28
Sizewell link road	Highway (footpath) E- 515/013/0	Highway (footpath) between points PSF12/19 and PSF12/20	New Highway (footpath) between points PCF12/30 and PCF12/31	Rights of Way Plans – sheet 22 of 28
Yoxford roundabout	Junction between A12 and B1122 Yoxford Road	Highway (all traffic) between points PSH14/1 and PSH14/2	Between points PCH14/1, PCH14/2, PCH14/3, PCH14/4, and PCH14/5	Rights of Way Plans – sheet 24 of 28

PART 2

BEING A PRIVATE MEANS OF ACCESS TO BE EXTINGUISHED FOR WHICH NO SUBSTITUTE IS TO BE PROVIDED

<i>(1) Relevant site</i>	<i>(2) Street or private means of access to be stopped up or extinguished</i>	<i>(3) Extent of stopping up or extinguishment</i>	<i>(4) Reference</i>
Main development site and rail	Private means of access to Old Abbey Farm	Private means of access between points PSA1/1 and PSA1/2	Rights of Way Plans – Sheet 2 of 28

PART 3

BEING A STREET TO BE SUBJECT TO A PERMANENT CHANGE OF STATUS

Existing highways (all traffic) which are proposed to have rights withdrawn for motor vehicles are described as having the future status of highway (NMUs).

<i>(1) Relevant site</i>	<i>(2) Street subject to change of status</i>	<i>(3) Extent of change of status</i>	<i>(4) Change of status</i>	<i>(5) Reference</i>
Main development site	B1122	Highway (all traffic) between points PCN1/1 and PCN1/2	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 2 of 28
Two villages bypass	A12	Highway (all traffic) between points PCN11/1 and PCN11/2	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 17 of 28
Two villages bypass	Tinker Brook	Highway (all traffic) between points PCN11/3	From highway (all traffic) to highway	Rights of Way plans – sheet 17 of 28

		and PCN11/4	(NMUs)	
Two villages bypass	Tinker Brook	Highway (all traffic) between points PCN11/4 and PCN11/5	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 17 of 28
Two villages bypass	A12	Highway (all traffic) between points PCN11/6 and PCN11/7	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 18 of 28
Two villages bypass	A1094	Highway (all traffic) between points PCN11/8 and PCN11/9	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 18 of 28
Yoxford	A12	Highway (all traffic) between points PCN14/1 and PCN14/2	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 24 of 28
Yoxford	B1122	Highway (all traffic) between points PCN14/3 and PCN14/4	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 24 of 28
SLR	A12	Highway (all traffic) between points PCN12/1 and PCN12/2	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 19 of 28
SLR	B1122	Highway (all traffic) between points PCN12/7 and PCN12/8	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 20 of 28
SLR	Littlemoor Road	Highway (all traffic) between points PCN12/3 and PCN12/4	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 20 of 28
SLR	Littlemoor Road	Highway (all traffic) between points PCN12/5 and PCN12/6	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 20 of 28
SLR	Fordley Road	Highway (all traffic) between points PCN12/9 and PCN12/10	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 20 of 28
SLR	Hawthorn Road	Highway (all traffic) between points PCN12/11 and PCN12/12	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 21 of 28
SLR	Pretty Road	Highway (all traffic) between points PCN12/14 and PCN12/15	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 21 of 28
SLR	Pretty Road	Highway (all traffic) between points PCN12/16 and PCN12/17	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 21 of 28
SLR	Moat Road	Highway (all traffic) between	From highway (all traffic) to	Rights of Way plans – sheet 22

		points PCN12/18 and PCN12/19	highway (NMUs)	of 28
SLR	Moat Road	Highway (all traffic) between points PCN12/22 and PCN12/23	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 22 of 28
SLR	Unnamed Road	Highway (all traffic) between points PCN12/20 and PCN12/21	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 22 of 28
SLR	B1122	Highway (all traffic) between points PCN12/24 and PCN12/25	From highway (all traffic) to highway (NMUs)	Rights of Way plans – sheet 22 of 28

SCHEDULE 11

Article 15

Status of footpaths created or improved

<i>Relevant site</i>	<i>Existing or New highway (footpath)</i>	<i>New status</i>	<i>Reference</i>
Main development site and rail	New highway (footpath) between points PCF1/4 and PCF1/5	Footpath	Rights of Way Plans – sheet 6 of 28
Main development site and rail	New highway (footpath) between points PCF1/10 and PCF1/11	Bridleway	Rights of Way Plan – sheet 3 of 28
Main development site and rail	New highway (footpath) between points PCF1/11 and PCF1/9	Bridleway	Rights of Way Plan – sheet 3 of 28
Main development site and rail	New highway (footpath) between points PCF1/7, PCF1/6, PCF1/12, PCF4/2, PCF4/1 and PCF1/14	Bridleway	Rights of Way Plan – sheet 2 and 3 of 28
Main development site and rail	New highway (footpath) between points PCF1/1, PCF1/2 and PCF1/14	Bridleway	Rights of Way Plan – sheet 1 and 2 of 28
Main development site and rail	New highway (footpath) between points PCF1/12 and PCF1/13	Bridleway	Rights of Way Plan – sheet 3 of 28
Main development site and rail	New highway (footpath) between points PCF1/6 and PCF1/8	Footpath and cyclepath	Rights of Way Plan – sheet 3 of 28
Main development site and rail	New highway (footpath) between points PCF4/2, PCF4/3 and PCF4/4	Footpath	Rights of Way Plan – sheet 10 of 28
Two village bypass	New highway (footpath) between points PCF11/4 and PCF11/25	Footpath	Rights of Way Plan – sheet 17 of 27
Two village bypass	New highway (footpath) between points PCF11/27, PCF11/11 and PCF11/12	Bridleway	Rights of Way Plan – sheet 18 of 28
Two village bypass	New highway (footpath) between PCF11/11 and PCF11/26	Footpath	Rights of Way Plan – sheet 18 of 28

Two village bypass	New highway (footpath) between PCF11/12 and PCF11/13	Footpath	Rights of Way Plan – sheet 18 of 28
Two village bypass	New highway (footpath) between PCF11/7 and PCF11/23	Footpath	Rights of Way Plan – sheet 18 of 28
Two village bypass	New highway (footpath) between points PCF11/18 and PCF11/19	Bridleway	Rights of Way Plan – sheet 18 of 28
Sizewell link road	New highway (footpath) between points PCF12/1 and PCF12/2	Footpath	Rights of Way Plan – sheet 19 of 28
Sizewell link road	New highway (footpath) between points PCF12/3 and PCF12/4	Footpath	Rights of Way Plan – sheet 19 of 28
Sizewell link road	New highway (footpath) between points PCF12/5 and PCF12/6	Footpath	Rights of Way Plan – sheet 20 of 28
Sizewell link road	New highway (footpath) between points PCF12/7 and PCF12/8	Footpath and cyclepath	Rights of Way Plan – sheet 20 of 28
Sizewell link road	New Highway (footpath) between points PCF12/9, PCF12/10, PCF12/12 and PCF12/32	Footpath and cyclepath	Rights of Way Plan – sheet 20 of 28
Sizewell link road	New Highway (footpath) between points PCF12/10 and PCF12/11	Footpath	Rights of Way Plan – sheet 20 of 28
Sizewell link road	New Highway (footpath) between points PCF12/12 and PCF12/33	Footpath	Rights of Way Plan – sheet 20 of 28
Sizewell link road	New highway (footpath) between PCF12/16 and PCF12/17	Footpath	Rights of Way Plan – sheet 21 of 28
Sizewell link road	New highway (footpath) between PCF12/14 and PCF12/15	Footpath	Rights of Way Plan – sheet 21 of 28
Sizewell link road	New highway (footpath) between points PCF12/18 and PCF12/34	Footpath	Rights of Way Plan – sheet 21 of 28
Sizewell link road	New highway (footpath) between points PCF12/19 and	Footpath	Rights of Way Plan – sheets 21 and 22 of 28

	PCF12/21		
Sizewell link road	New highway (footpath) between points PCF12/22 and PCF12/23	Footpath	Rights of Way Plan – sheet 22 of 28
Sizewell link road	New Highway (NMUs) between points PCF12/23 and PCF12/24	Footpath	Rights of Way Plan – sheet 22 of 28
Sizewell link road	New highway (footpath) between points PCF12/26, PCF12/29, PCF12/27 and PCF12/28	Footpath and cyclepath	Rights of Way Plan – sheet 22 of 28
Sizewell link road	New Highway (footpath) between points PCF12/25 and PCF12/27	Footpath	Rights of Way Plan – sheet 22 of 28
Sizewell link road	New Highway (NMUs) between points PCF12/30 and PCF12/31	Footpath	Rights of Way Plan – sheet 22 of 28

SCHEDULE 12

Article 16

Benefit of permanent private means of access and private rights of way created

<i>(1) Benefitted land</i>	<i>(2) Affected land</i>	<i>(3) New permanent means of access or right of way</i>	<i>(4) Reference</i>
Land Registry Title SK269598 (Farnham Hall Farmhouse)	Land Registry Titles SK349176 and SK267263	Between points Between points PCA11/7, PCA11/9 and PCA11/8	Rights of Way Plan – sheet 18 of 28
Land Registry Title SK349176 (Walk Barn Farm)	Land Registry Title SK267263	Between points PCA11/7, PCA11/9 and PCA11/8	Rights of Way Plan – sheet 18 of 28
Land Registry Title SK109572 (Land south of Rookery Farm, Yoxford)	Land Registry Title SK158445	Between points PCA12/1 and PCA12/2	Rights of Way Plan – sheet 19 of 28
Land Registry Title SK232933 (Trust Farm)	Land Registry Title SK313822	Between points PCA12/3 and PCA12/4	Rights of Way Plan – sheet 19 of 28
Land Registry Title SK160074	Unregistered title to Leiston Abbey access way (shown on land plans as plot MDS/02/14)	Between points PCA1/1 and PCA1/2	Rights of Way Plan – sheet 2 of 28
Land Registry Title SK192536	Land Registry Title SK158940	Between points PCA12/15 and PCA12/16	Rights of Way Plan – sheet 20 of 28
Land Registry Title SK123879	Land Registry Title SK187137	Between points PCA12/5 and PCA12/6	Rights of Way Plan – sheet 21 of 28

Article 17

Streets and private means of access to be temporarily closed

PART 1

BEING STREETS TO BE TEMPORARILY CLOSED FOR WHICH A SUBSTITUTE IS NOT SPECIFIED

<i>(1) Relevant site</i>	<i>(2) Street or private means of access</i>	<i>(3) Extent of temporary stopping up or extinguishment</i>	<i>(4) Reference</i>
Main development site and rail	Highway (footpath) E-460/001/0	Highway (footpath) between points TSF4/7 and TSF4/8	Rights of Way Plans – sheet 7 of 28
Main development site and rail	Hawthorn Road	Highway (all traffic) between points TSH4/5 and TSH4/6	Rights of Way Plans – sheet 8 of 28
Main development site and rail	Saxmundham Road	Highway (all traffic) between points TSH4/9 and TSH4/10	Rights of Way Plans – sheet 9 of 28
Main development site and rail	Highway (footpath) E-363/003/0	Highway (footpath) between points TSF4/2 and TSF4/10	Rights of Way Plans – sheet 10 of 28
Main development site and rail	Highway (footpath) E-363/005/0	Highway (footpath) between points TSF4/11 and TSF4/12	Rights of Way Plans – sheet 9 of 28
Main development site and rail	B1122 Station Road	Highway (all traffic) between points TSH4/11 and TSH4/12	Rights of Way Plans – sheet 9 of 28

PART 2

BEING STREETS AND PRIVATE MEANS OF ACCESS TO BE TEMPORARILY CLOSED FOR WHICH A SUBSTITUTE IS SPECIFIED

<i>(1) Relevant site</i>	<i>(2) Street or private means of access</i>	<i>(3) Extent of temporary stopping up or extinguishment</i>	<i>(4) Substitute</i>	<i>(5) Reference</i>
Main development site and rail	Highway (footpath) E-363/021/0	Highway (footpath) between points PSF1/1 and PSF1/2	New highway (footpath) between points TCF1/4 and TCF1/5	Rights of Way Plans – sheet 6 of 28
Main development site and rail	E-363/019/0 Bridleway 19	Highway (footpath) between points	New highway (footpath) between points	Rights of Way Plans – sheets 1, 2 and 3 of 28

		TSF1/1 and TSF1/2	PCF1/1, PCF1/2 and PCF1/14; and between PCF1/15, PCF4/1, PCF4/2, PCF1/12, PCF1/6 and PCF1/7 New highway (NMUs) between points PCN1/1 and PCN1/2	
Main development site and rail	B1122 Abbey Road	Highway (all traffic) between points TSH4/3 and TSH4/4	New Highway (all traffic) between points TCH4/3 and TCH4/4 New highway (footpath) between points TCF4/6 and TCF4/7	Rights of Way Plans – sheet 2 of 28
Main development site and rail	Highway (footpath) e-363/019/0	Highway (footpath) between points TSF1/3 and TSF1/4	New Highway (footpath) between points TSF1/6 and TCF1/7	Rights of Way Plans – sheet 3 of 28
Main development site and rail	Unnamed road	Highway (all traffic) between points TSH4/7 and TSH4/8	New Highway (footpath) between points TCH4/8 and TCH4/9 New private means of access between points TCA4/1 and TCA4/2	Rights of Way Plans – sheet 9 of 28
Main development site and rail	Highway (footpath) E-363/003/0	Highway (footpath) between points TSF4/1 and TSF4/2	New highway (footpath) between points TCF4/1 and TCF4/2	Rights of Way Plans – sheet 10 of 28
Main development site and rail	Buckleswood Road	Highway (all traffic) between points TSH4/1 and TSH4/2	New highway (all traffic) between points TCH4/1 and TCH4/2	Rights of Way Plans – sheet 10 of 28
Main development site and rail	Highway (footpath) E-363/006/0	Highway (footpath) between points TSF4/3 and TSF4/4	New highway (footpath) between points TCF4/3, TCF4/5 and TCF4/4; and between points PCF4/1 to PCF4/2; and between points	Rights of Way Plans – sheet 10 of 28

			PCF4/2, PCF4/3 and PCF4/4	
Main development site and rail	Highway (footpath) E-363/010/0	Highway (footpath) between points TSF4/5 and TSF4/6	New highway (footpath) between points TCF4/4 and TCF4/5; and between points PCF4/1 and PCF4/2; and from PCF4/2 to PCF4/3	Rights of Way Plans – sheet 10 of 28
Northern park and ride	A12	Highway (all traffic) between points TSH9/1 and TSH9/2	New temporary Highway (all traffic) between points TCH9/1 and TCH9/2	Rights of Way Plans – sheet 15 of 28
Northern park and ride	Private means of access	Private means of access between points TSA9/1 and TSA9/2	New temporary private means of access between points TCA9/1 and TCA9/2	Rights of Way Plans – sheet 15 of 28
Southern park and ride	Private means of access	Highway (footpath) between points TSF10/1 and TSF10/2	New temporary highway (footpath) between points TCF10/1 and TCF10/2	Rights of Way Plans – sheet 16 of 28
Southern park and ride	Private means of access	Private means of access between points TSA10/1 and TSA10/2	New temporary private means of access between points TCA10/1 and TCA10/2	Rights of Way Plans – sheet 16 of 28

SCHEDULE 14

Article 22

Traffic Regulation Measures

<i>(1) Relevant site</i>	<i>(2) Street</i>	<i>(3) Extent</i>	<i>(4) Notes</i>
Permanent traffic regulation measures			
Main development site and rail	B1122	From 220m north of the existing Eastbridge Road junction to 40m north of the Aldhurst Farm Road junction, including the new roundabout (Work No. 1B)	40mph speed restriction
Main development site and rail	Eastbridge Road	From 500m northeast of the existing junction with B1122 Abbey Road to the new roundabout (Work No. 1B)	40mph speed restriction
Main development site and rail	Lover's Lane	From the junction with B1122 Abbey Road to 520m east of the King George's Avenue junction	40mph speed restriction
Main development site and rail	Valley Road	From the junction with Lover's Lane to 220m west of the junction with Lover's Lane	30mph speed restriction
Main development site and rail	King George's Avenue	From the junction with Lover's Lane to 30m west of the junction with Lover's Lane	40mph speed restriction
Main development site and rail	Buckleswood Road	From 250m southeast of the Abbey Lane junction to the transition between Buckleswood Road and Westward Ho	40mph speed restriction
Main development site and rail	Westwood Ho	From the existing change in speed limit outside no. 82 to transition between Westward Ho and Buckleswood Road	40mph speed restriction
Northern park and ride	A12	From the existing change in speed limit (50m north of Willow Marsh Lane) to 310m	40mph speed restriction

		north of Willow Marsh Lane	
Northern park and ride	Willow Marsh Lane	From 200m north of the existing junction with the A12 to the back of the splitter island on the western arm of the new A12 link at the new roundabout (Work No. 9(b))	30mph speed restriction
Southern park and ride	B1078	From 25m east of the A12 southbound entry slip roads to the back of the splitter island on the southern arm of the B1116 roundabout	30mph speed restriction
Southern park and ride	A12 southbound entry slip road	From the junction with the B1078 to 10m south of the B1078	30mph speed restriction
Southern park and ride	A12 northbound exit slip road	From the junction with the B1078 to 10m south of the B1078	30mph speed restriction
Two village bypass	Tinker Brook	From the new A12 roundabout to 120m south of the existing A12 junction	30mph speed restriction
Two village bypass	A12	From the existing A1094 junction to 20m east of the existing A1094 junction	40mph speed restriction
Two village bypass	Existing A12 to be declassified	From the existing A1094 junction to 885m west of the existing A1094 junction	40mph speed restriction
Yoxford roundabout	Former B1122 Middleton Road to be declassified	From 110m east of the former junction with the A12 to the former junction with Middleton Road (Pinn's Piece access)	20mph speed restriction
Yoxford roundabout	Middleton Road (Pinn's Piece access)	Entire length (from A12 Station Road to former junction with B1122 Middleton Road)	20mph speed restriction
A1094/B1069 junction south of Knodishall	A1094	From 470m west of the B1069 junction to 490m east of the B1069 junction	40mph speed restriction
A1094/B1069 junction south of	B1069	From the existing A1094 junction to	40mph speed restriction

Knodishall		230m north of the existing A1094 junction	
A1094/B1069 junction south of Knodishall	B1121	From the existing A1094 junction to 60m north of the existing A1094 junction	40mph speed restriction
Sizewell link road	Pretty Road	From the B1122 junction with Pretty Road to 840m south of the B1122 junction with Pretty Road	30mph speed restriction
Sizewell link road	B1122	From 187m west of the existing Littlemoor Road/B1122 Yoxford Road junction to 255m west of the Littlemoor Road/B1122 Yoxford Road junction, to the back of the splitter island on the eastern arm of the new Middleton Moor Roundabout	30mph speed restriction
Sizewell link road	B1122	From 55m east of the existing Hawthorn Road/B1122 junction to 147m west of the Sycamore Park access road/B1122 Leiston Road junction	40mph speed restriction
Sizewell link road	B1125 Leiston Road	From 343m north of the existing B1122/B1125 Leiston Road junction to 15m east of the new B1125 Leiston Road/Sizewell Link Road junction	40mph speed restriction
Sizewell link road	B1122 Leiston Road, Theberton	Extend existing 30mph speed limit from 45m west of Moat Road/B1122 junction to the new T-junction B1122/Sizewell Link Road.	30mph speed limit
Temporary traffic regulation measures			
Main development site and rail	B1122	From 400m south of the Onner's Lane junction to the commencement of the existing 30mph restriction 70m north	30mph speed restriction

		of the Abbey Lane junction	
Main development site and rail	Eastbridge Road	From 1300m northeast of the existing Eastbridge Road junction to the existing B1122 junction	30mph speed restriction
Main development site and rail	Lover's Lane	From the junction with B1122 Abbey Road to 100m south of the Valley Road junction	30mph speed restriction
Main development site and rail	Valley Road	From the Lover's Lane junction to 800m west of the Lover's Lane junction with Lover's Lane	30mph speed restriction
Main development site and rail	Lover's Lane	From 600m east of the junction with B1122 Abbey Road to 100m east of the King George's Avenue junction	30mph speed restriction
Main development site and rail	Lover's Lane	From 400m north of the Valley Road junction to 520m east of the King George's Avenue junction	30mph speed restriction
Main development site and rail	Lover's Lane	From the King George's Avenue junction to 600m north of the King George's Avenue junction	30mph speed restriction
Main development site and rail	Sizewell Gap	From the King George's Avenue junction to 600m east of the King George's Avenue junction	30mph speed restriction
Main development site and rail	Sizewell Gap	From 100m west of the Sandy Lane junction (on Sizewell Gap) to the King George's Avenue junction	30mph speed restriction
Main development site and rail	Lover's Lane	Entire length	30mph speed restriction
Main development site and rail	Eastbridge Road	From the Bridleway 19 junction to the B1122 junction	30mph speed restriction
Main development site and rail	B1122	From 500m south of the Onner's Lane junction to the commencement of the existing 30mph	30mph speed restriction

		restriction 70m north of the Abbey Lane junction	
Main development site and rail	The Green	From the Clay Hills junction to 1000m south of the Clay Hills junction	30mph speed restriction
Main development site and rail	Clay Hills	From 600m west of the The Green junction to The Green junction	30mph speed restriction
Main development site and rail	Hawthorn Road	From the The Green junction to 600m north of The Green junction	30mph speed restriction
Main development site and rail	Unnamed road running north from Hawthorn Road	From the Hawthorn Road junction to 100m north of the Hawthorn Road junction	30mph speed restriction
Main development site and rail	Abbey Lane	From the Hawthorn Road junction to 250m east of the Hawthorn Road junction (for Knodishall level crossing works); and From 800m northwest of the Saxmundham Road level crossing to 800m northeast of the Saxmundham Road level crossing (for Saxmundham Road level crossing works)	30mph speed restriction
Main development site and rail	B1119 Saxmundham Road	From 800m southwest of Saxmundham Road level crossing to 700m southeast of Saxmundham Road level crossing	30mph speed restriction
Main development site and rail	Buckleswood Road	From 650m east of the Abbey Lane junction to the transition between Westward Ho and Buckleswood Road	30mph speed restriction
Main development site and rail	Lover's Lane	From the King George's Avenue junction to 500m north of the King George's Avenue junction	30mph speed restriction
Main development site and rail	Sizewell Gap	From the King George's Avenue junction to 500m east	30mph speed restriction

		of the King George's Avenue junction	
Main development site and rail	B1122 Abbey Road	From 850m north of the Lover's Lane junction to the transition to 30mph north of the Lover's Lane junction	30mph speed restriction

A12 / A144 junction south of Bramfield	A144	From 900m west of the A12 junction to the A12 junction	30mph speed restriction
A12 / B1119 junction at Saxmundham	A12	From 900m north of the B1119 (west) junction to 900m south of the B1119 (east) junction	30mph speed restriction
A12 / B1119 junction at Saxmundham	B1119 (west)	From 1000m west of the A12 junction to the A12 junction	30mph speed restriction
A12 / B1119 junction at Saxmundham	B1119 (east)	From the A12 junction to the existing transition to 30mph 100m east of the A12 junction	30mph speed restriction

SCHEDULE 15

Articles 26 and 30

Limitation on powers of compulsory acquisition

PART 1

LAND WHICH MAY NOT BE COMPULSORILY ACQUIRED

<i>(1) Relevant site</i>	<i>(2) Plot reference (as shown on the Land Plans)</i>	<i>(3) Party</i>
Main development site and rail	MDS/04/09; MDS/04/10; MDS/05/01; MDS/05/02; MDS/05/03; MDS/05/04; MDS/05/06; MDS/05/07; MDS/05/08; MDS/05/09; MDS/05/12; MDS/05/13; MDS/06/01; MDS/06/02	EDF Energy Nuclear Generation Limited Nuclear Decommissioning Authority Nuclear Liabilities Fund Limited Magnox Limited National Grid Electricity Transmission plc

PART 2

LAND IN RESPECT OF WHICH ONLY RIGHTS ETC MAY BE ACQUIRED

<i>(1) Relevant site</i>	<i>(2) Plot reference (as shown on the Land Plans)</i>	<i>(3) Purpose for which new rights may be acquired</i>
Sizewell link road	SLR/19/08	Installation, use and maintenance of Work No. 12B (Sizewell link road) over the East Suffolk Line

Modification of compensation and compulsory purchase enactments for creation of new rights and imposition of restrictive covenants

Compensation enactments

1. The enactments for the time being in force with respect to compensation for the compulsory purchase of land apply, with the necessary modifications as respects compensation, in the case of a compulsory acquisition under this Order of a right by the creation of a new right or the imposition of a restrictive covenant as they apply in respects compensation on the compulsory purchase of land and interests in land.

2.—(1) Without limiting the scope of paragraph (1), the Land Compensation Act 1973(a)(a) has effect subject to the modifications set out in sub-paragraph (2).

(2) In section 44(1) (Compensation for injurious affection), as it applies to compensation for injurious affection under section 7 of the 1965 Act as substituted by paragraph 5—

- (a) for “land is acquired or taken” substitute “a right or restrictive covenant over land is purchased from or imposed on”; and
- (b) for “acquired or taken from him” substitute “over which the right is or the restrictive covenant enforceable”.

3.—(1) Without limitation on the scope of paragraph 1, the Land Compensation Act 1961 has effect subject to the modification set out in sub-paragraph (2).

(2) For section 5A(5A) of the 1961 Act, after “if” substitute—

- “(a) the acquiring authority enters on land for the purpose of exercising a right in pursuance of a notice of entry under section 11(1) of the 1965 Act (as modified by paragraph 7 of Schedule 16 to the Sizewell C (Nuclear Generating Station) Order [*]);
- (b) the acquiring authority is subsequently required by a determination under Part 3 of Schedule 2A to the 1965 Act (as modified by paragraph 10 of Schedule 16 to the Sizewell C (Nuclear Generating Station) Order [*]) to take the additional land; and
- (c) the acquiring authority enters on and takes possession of that land,

the authority is deemed for the purposes of subsection (3)(a) to have entered on that land where it entered on that land for the purpose of exercising that right.”

Application of the 1965 Act

4.—(1) The 1965 Act has effect with the modifications necessary to make it apply to the compulsory acquisition under this Order of a right by the creation of a new right, or to the imposition under this Order of a restrictive covenant, as it applies to the compulsory acquisition under this Order of land, so that, in appropriate contexts, references in that Act to land must be read (according to the requirements of the particular context) as referring to, or as including references to—

- (a) the right acquired or to be acquired, or the restriction imposed or to be imposed; or
- (b) the land over which the right is or is to be exercisable, or the restriction is or is to be enforceable.

(a) 1973 c.26.

(2) Without limitation on the scope of paragraph (1), Part 1 of the 1965 Act applies in relation to the compulsory acquisition under this Order of a right by the creation of a new right or, in relation to the imposition of a restriction, with the modifications specified in the following provisions of this Schedule.

5. For section 7 of the 1965 Act (measure of compensation) substitute—

“7. In assessing the compensation to be paid by the acquiring authority under this Act, regard must be had not only to the extent (if any) to which the value of the land over which the right is to be acquired or the restrictive covenant is to be imposed is depreciated by the acquisition of the right or the imposition of the covenant but also to the damage (if any) to be sustained by the owner of the land by reason of its severance from other land of the owner, or injuriously affecting that other land by the exercise of the powers conferred by this or the special Act.”

6. The following provisions of the 1965 Act (which state the effect of a deed poll executed in various circumstances where there is no conveyance by persons with interests in the land), that is to say—

- (a) section 9(4) (Failure by owners to convey);
- (b) paragraph 10(3) of Schedule 1 (Owners under incapacity);
- (c) paragraph 2(3) of Schedule 2 (Absent and untraced owners); and
- (d) paragraphs 2(3) and 7(2) of Schedule 4 (Common land),

are modified to secure that, as against persons with interests in the land which are expressed to be overridden by the deed, the right which is to be compulsorily acquired or the restrictive covenant which is to be imposed is vested absolutely in the acquiring authority.

7. Section 11 of the 1965 Act (powers of entry) is modified to secure that, as from the date on which the acquiring authority has served notice to treat in respect of any right or restriction, it has power, exercisable in equivalent circumstances and subject to equivalent conditions, to enter for the purpose of exercising that right or enforcing that restrictive covenant (which is deemed for this purpose to have been created on the date of service of the notice); and sections 11A (Powers of entry: further notices of entry), 11B (counter-notices requiring possession to be taken on specified dates), and section 12 (Penalty for unauthorised entry) and 13 (Entry on warrant in the event of obstruction) of the 1965 Act are modified correspondingly.

8. Section 20 of the 1965 Act (Protection for interests of tenants at will, etc.) applies with the modifications necessary to secure that persons with such interests in land as are mentioned in that section are compensated in a manner corresponding to that in which they would be compensated on a compulsory acquisition under this Order of that land, but taking into account only the extent (if any) of such interference with such an interest as is actually caused, or likely to be caused, by the exercise of the right or the enforcement of the restrictive covenant in question.

9. Section 22 (Interests omitted from purchase) of the 1965 Act is modified so as to enable the acquiring authority, in circumstances corresponding to those referred to in that section, to continue to be entitled to exercise the right acquired, subject to compliance with that section as respects compensation.

10. For Schedule 2A of the 1965 Act substitute—

“SCHEDULE 2A COUNTER-NOTICE REQUIRING PURCHASE OF LAND

Introduction

1.—(1) This Schedule applies where an acquiring authority serve a notice to treat in respect of a right over, or restrictive covenant affecting, the whole or part of a house, building or factory and have not executed a general vesting declaration under section 4 of the 1981 Act as applied by article 32 (Application of the 1981 Act) of the Sizewell C (Nuclear Generating Station) Order [*] in respect of the land to which the notice to treat relates.

(2) But see article 33 (acquisition of subsoil only) of the Sizewell C (Nuclear Generating Station) Order [*] which excludes acquisition of subsoil only from this Schedule.

2. In this Schedule, “house” includes any park or garden belonging to a house.

Counter-notice requiring purchase of land

3. A person who is able to sell the house, building or factory (“the owner”) may serve a counter-notice requiring the authority to purchase the owner’s interest in the house, building or factory.

4. A counter-notice under paragraph 3 must be served within the period of 28 days beginning with the day on which the notice to treat was served.

Response to counter-notice

5. On receiving a counter-notice, the acquiring authority must decide whether to—

- (a) withdraw the notice to treat;
- (b) accept the counter-notice; or
- (c) refer the counter-notice to the Upper Tribunal.

6. The authority must serve notice of their decision on the owner within the period of 3 months beginning with the day on which the counter-notice is served (“the decision period”).

7. If the authority decides to refer the counter-notice to the Upper Tribunal they must do so within the decision period.

8. If the authority does not serve notice of a decision within the decision period they are to be treated as if they had served notice of a decision to withdraw the notice to treat at the end of that period.

9. If the authority serves notice of a decision to accept the counter-notice, the compulsory purchase order and the notice to treat are to have effect as if they included the owner’s interest in the house, building or factory.

Determination by Upper Tribunal

10. On a referral under paragraph 7, the Upper Tribunal must determine whether the acquisition of the right or the imposition of the restrictive covenant would—

- (a) in the case of a house, building or factory, cause material detriment to the house, building or factory; or
- (b) in the case of a park or garden, seriously affect the amenity or convenience of the house to which the park or garden belongs.

11. In making its determination, the Upper Tribunal must take into account—

- (a) the effect of the acquisition of the right or the imposition of the covenant;
- (b) the use to be made of the right or covenant proposed to be acquired or imposed; and
- (c) if the right or covenant is proposed to be acquired or imposed for works or other purposes extending to other land, the effect of the whole of the works and the use of the other land.

12. If the Upper Tribunal determines that the acquisition of the right or the imposition of the covenant would have either of the consequences described in paragraph 10, it must determine how much of the house, building or factory the authority ought to be required to take.

13. If the Upper Tribunal determines that the authority ought to be required to take some or all of the house, building or factory, the compulsory purchase order and the notice to treat are to have effect as if they included the owner’s interest in that land.

14.—(1) If the Upper Tribunal determines that the authority ought to be required to take some or all of the house, building or factory, the authority may at any time within the period of 6 weeks beginning with the day on which the Upper Tribunal makes its determination withdraw the notice to treat in relation to that land.

(2) If the acquiring authority withdraws the notice to treat under this paragraph they must pay the person on whom the notice was served compensation for any loss or expense caused by the giving and withdrawal of the notice.

(3) Any dispute as to the compensation is to be determined by the Upper Tribunal”

SCHEDULE 17

Article 37

Land of which only temporary possession may be taken

<i>(1) Relevant site</i>	<i>(2) Plot reference (as shown on Land Plans)</i>	<i>(3) Purpose for which temporary possession may be taken</i>

Acquisition of wayleaves, easements and other rights

PART 1

ON BEHALF OF LICENCE HOLDERS

Acquisition of necessary wayleaves

1.—(1) This paragraph applies where—

- (a) a licence holder has agreed in writing with the undertaker that it is necessary or expedient to remove an electric line within the Order limits and to install and keep installed an electric line in substitution for it on, under or over specified land;
- (b) the licence holder has agreed in writing that the undertaker may seek a necessary wayleave on behalf of the licence holder in respect of the specified land; and
- (c) the owner or occupier of the specified land, having been given a notice by the undertaker or the licence holder requiring him to give the necessary wayleave to the licence holder within a period (not being less than 21 days) specified in the notice—
 - (i) has failed to give the wayleave before the end of that period; or
 - (ii) has given the wayleave subject to terms and conditions to which the undertaker, following consultation with the licence holder, objects.

(2) Subject to sub-paragraphs (3) and (4) below, the Secretary of State may, on the application of the undertaker, himself grant the necessary wayleave to the licence holder subject to such terms and conditions as he thinks fit; and a necessary wayleave so granted shall, unless previously terminated in accordance with a term contained in the wayleave, continue in force for such period as may be specified in the wayleave.

(3) The Secretary of State shall not entertain an application under sub-paragraph (2) above in any case where—

- (a) the specified land is covered by a dwelling, or will be so covered on the assumption that any planning permission which is in force is acted on; and
- (b) the line is to be installed on or over the specified land.

(4) Before granting the necessary wayleave to the licence holder, the Secretary of State shall afford—

- (a) the occupier of the specified land; and
- (b) where the occupier is not also the owner of the specified land, the owner, an opportunity of being heard by a person appointed by the Secretary of State.

(5) A necessary wayleave granted to the licence holder under this paragraph—

- (a) shall not be subject to the provisions of any enactment requiring the registration of interests in, charges over or other obligations affecting land; but
- (b) shall bind any person who is at any time the owner or occupier of the specified land.

(6) Where in pursuance of a necessary wayleave granted under this paragraph a licence holder has erected on any land supports for an electric line, he shall be deemed to have an interest in that land for the purposes of section 7 of the Mines (Working Facilities and Support) Act 1966.

(7) Where a wayleave is granted to a licence holder under this paragraph—

- (a) the occupier of the specified land; and

(b) where the occupier is not also the owner of the specified land, the owner, may recover from the undertaker compensation in respect of the grant.

(8) Where in the exercise of any right conferred by such a wayleave any damage is caused to the specified land or to moveables, any person interested in the specified land or moveables may recover from the undertaker compensation in respect of that damage; and where in consequence of the exercise of such a right a person is disturbed in his enjoyment of any land or moveables he may recover from the undertaker compensation in respect of that disturbance.

(9) Compensation under this paragraph may be recovered as a lump sum or by periodical payments or partly in one way and partly in the other.

(10) Any question of disputed compensation under this paragraph shall be determined by the Tribunal; and section 4 of the Land Compensation Act 1961 shall apply to any such determination.

Compulsory acquisition of easements or other rights

2.—(1) This paragraph applies where—

(a) a licence holder has agreed in writing with the undertaker that it is necessary or expedient to remove an electric line within the Order limits and to install and keep installed an electric line in substitution for it on, under or over specified land; and

(b) the licence holder has agreed in writing that the undertaker may seek an easement or other right in land on behalf of the licence holder in respect of the specified land.

(2) Subject to sub-paragraph (3) and (4), where a compulsory purchase order is sought by the undertaker pursuant to sub-paragraph (1), the Secretary of State may authorise the relevant licence holder to purchase compulsorily an easement or right over the specified land where the Secretary of State is satisfied that it is required for any purpose connected with the carrying on of the activities which he is authorised by his licence to carry on.

(3) Part I (paragraphs 2 onwards) and Part II of Schedule 3 of the Electricity Act 1989 shall apply in respect of powers of compulsory purchase sought pursuant to this paragraph.

(4) Unless otherwise agreed between the undertaker and the licence holder in writing, where the undertaker seeks a compulsory purchase order on behalf of a licence holder pursuant to this paragraph, the negotiation of consideration and compensation shall be undertaken by the undertaker and any consideration or compensation agreed or determined shall be payable by the undertaker and Schedule 3 of the Electricity Act 1989 as applied by this paragraph shall be interpreted accordingly.

Interpretation

3.—(1) In this Part of Schedule 17A:

“dwelling” means a building or part of a building occupied, or (if not occupied) last occupied or intended to be occupied, as a private dwelling and includes any garden, yard, outhouses and appurtenances belonging to or usually enjoyed with that building or part;

“licence holder” means a person holding a licence under section 6 Electricity Act 1989;

“necessary wayleave” means consent for the licence holder to install and keep installed the electric line on, under or over the specified land and to have access to the specified land for the purpose of inspecting, maintaining, adjusting, repairing, altering, replacing or removing the electric line; and

“specified land” means the land within or outside the Order limits on, under or over which a licence holder agrees, pursuant to paragraph 1 or 2, that an electric line should be relocated in substitution for an existing electric line.

PART 2

ON BEHALF OF CODE OPERATORS

Court imposition of code rights

4.—(1) This paragraph applies where-

- (a) a code operator has agreed in writing with the undertaker that for the purpose of the authorised development it is necessary or expedient to remove electronic communications apparatus owned by the code operator within the Order limits and to install and keep installed electronic communications apparatus in substitution for it on, under or over specified land;
- (b) the code operator has agreed in writing that the undertaker may seek code rights on behalf of the code operator in respect of the specified land, including all of the other terms of the agreement sought; and
- (c) the code operator or the undertaker has given the relevant person a notice in writing—
 - (i) setting out the code rights, and all of the other terms of the agreement sought, and
 - (ii) stating that the person's agreement to those terms is sought.

(2) The undertaker may apply to the court for an order under this paragraph if the relevant person does not, before the end of 28 days beginning with the day on which the notice in sub-paragraph (1)(c) is given, agree to confer or be otherwise bound by the code rights.

(3) An order under this paragraph is one which imposes on the code operator and the relevant person an agreement between them which—

- (a) confers the code rights on the operator, or
- (b) provides for the code rights to bind the relevant person.

(4) Where the undertaker makes an application to the court under sub-paragraph (2), paragraph 21, 22, 23, 24 and 26 of Part 4 of Schedule 3A (The Electronic Communications Code) and Part 14 (Compensation under The Code) of the Communications Act 2003 shall apply as if:

- (a) reference to the making of an 'order under paragraph 20' were substituted for the making of an 'order under Schedule 17A of The Sizewell C (Nuclear Generating Station) Order 202X'; and
- (b) unless otherwise agreed on a case-by-case basis in writing between the undertaker and the code operator, all references to 'consideration' or 'compensation' provided for in any agreement or order or otherwise to be determined shall be read as being payable by the undertaker.

Compulsory acquisition of easements or other rights

5.—(1) The undertaker may seek a compulsory purchase order on behalf of a code operator where-

- (a) the code operator has agreed in writing with the undertaker that for the purpose of the authorised development it is necessary or expedient to remove electronic communications apparatus owned by the operator within the Order limits and to install and keep installed electronic communications apparatus in substitution for it on, under or over specified land;
- (b) the code operator has agreed in writing that the undertaker may seek an easement or other rights over land on behalf of the code operator in respect of the specified land.

(2) Subject to sub-paragraph (3) and (4), where a compulsory purchase order is sought by the undertaker pursuant to sub-paragraph (1), the Secretary of State may authorise the relevant code operator to purchase compulsorily the specified land or an easement or right over the specified land if the Secretary of State is satisfied that it is required by the code operator—

- (a) for, or in connection with, the establishment or running of the code operator's network; or

(b) as to which it can reasonably be foreseen that it will be so required.

(3) Subject to sub-paragraph (4), paragraphs 3(2) to 3(7) of Schedule 4 of the Communications Act 2003 shall apply in respect of powers of compulsory purchase sought pursuant to this paragraph.

(4) Unless otherwise agreed between the undertaker and the licence holder in writing, where the undertaker seeks a compulsory purchase order on behalf of a code operator pursuant to this paragraph, all negotiations of compensation shall be undertaken by the undertaker and any consideration or compensation agreed or determined in respect of any easements or rights acquired shall be payable by the undertaker and Schedule 4 of the Communications Act 2003 shall be interpreted accordingly as it applies to this paragraph.

Interpretation

6.—(1) In this paragraph, the following terms have the following meaning:

“code operator’s network” has the meaning given for ‘operator’s network’ in paragraph 6 of Schedule 3A of the Communications Act 2003

“code rights” has the meaning given in paragraph 3 of Schedule 3A of the Communications Act 2003;

“court” has the meaning given in paragraph 94 of Schedule 3A of the Communications Act 2003;

“electronic communications apparatus” has the meaning given in paragraph 5 of Schedule 3A of the Communications Act 2003;

“code operator” has the meaning given for an ‘operator’ in paragraph 2 of Schedule 3A of the Communications Act 2003;

“relevant person” means the person in respect of whose interest in land a code right is required;

“specified land” means the land within or outside the Order limits on, under or over which an operator agrees, pursuant to sub-paragraph (1), that electronic communications apparatus should be relocated in substitution for existing electronic communications apparatus.

PART 3

ON BEHALF OF WATER AND SEWERAGE UNDERTAKERS

Compulsory acquisition of easements or other rights

7.—(1) The undertaker may seek a compulsory purchase order on behalf of a water or sewerage undertaker where-

(a) the water or sewerage undertaker has agreed in writing with the undertaker that for the purpose of the authorised development it is necessary or expedient to remove water or sewerage apparatus owned by the water or sewerage undertaker within the Order limits and to install and keep installed alternative apparatus in substitution for it on, under or over specified land;

(b) the water or sewerage undertaker has agreed in writing that the undertaker may seek an easement or other rights over land on behalf of the water or sewerage undertaker in respect of the specified land.

(2) Subject to sub-paragraph (3), where a compulsory purchase order is sought by the undertaker pursuant to sub-paragraph (1), the Secretary of State may authorise the relevant water or sewerage undertaker to purchase compulsorily the specified land or an easement or right over the specified land where the Secretary of State is satisfied that it is required by the water or sewerage undertaker for the purposes of, or in connection with, the carrying out of its functions.

(3) Section 155(3) to (6) of the Water Industry Act 1991 shall apply in respect of powers of compulsory purchase sought pursuant to this paragraph.

(4) Unless otherwise agreed between the undertaker and the water or sewerage undertaker in writing, where the undertaker seeks a compulsory purchase order on behalf of a water or sewerage undertaker pursuant to this paragraph, all negotiations of compensation shall be undertaken by the undertaker and any consideration or compensation agreed or determined in respect of any easements or rights acquired shall be payable by the undertaker.

(5) In this paragraph:

“alternative apparatus” means alternative water or sewerage apparatus adequate to enable the water or sewerage undertaker in question to fulfil its statutory functions in a manner not less efficient than previously;

“specified land” means the land within or outside the Order limits on, under or over which a water or sewerage undertaker agrees, pursuant to sub-paragraph (1), that alternative apparatus should be relocated in substitution for existing relevant water or sewerage apparatus.

“water or sewerage undertaker” means ‘water undertaker’ or ‘sewerage undertaker’ as defined in the Water Industry Act 1991; and

“water or sewerage apparatus” means (i) mains, pipes or other water apparatus belonging to or maintained by a water undertaker for the purposes of water supply; and (ii) any drain or works vested in a sewerage undertaker, and any sewer which is so vested or is the subject of a notice of intention to adopt given under section 102(4) of the Water Industry Act 1991 or an agreement to adopt made under section 104 of that Act, and includes a sludge main, disposal main (within the meaning of section 219 of that Act) or sewer outfall and any manholes, ventilating shafts, pimps, or other accessories forming part of any such sewer, drain or works, and in each case includes any structure in which apparatus is or is to be lodged or which gives or will give access to apparatus.

PART 4

ON BEHALF OF GAS TRANSPORTERS

Compulsory acquisition of easements or other rights

8.—(1) The undertaker may seek a compulsory purchase order on behalf of a gas transporter where-

- (a) the gas transporter has agreed in writing with the undertaker that for the purpose of the authorised development it is necessary or expedient to remove gas apparatus owned by the gas transporter within the Order limits and to install and keep installed gas apparatus in substitution for it on, under or over specified land;
- (b) the gas transporter has agreed in writing that the undertaker may seek an easement or other rights over land on behalf of the gas transporter in respect of the specified land.

(2) Subject to sub-paragraph (3) and (4), where a compulsory purchase order is sought by the undertaker pursuant to sub-paragraph (1), the Secretary of State may authorise the relevant gas transporter to purchase compulsorily an easement or right over the specified land.

(3) Schedule 3 of the Gas Act 1986 shall apply in respect of powers of compulsory purchase sought pursuant to this paragraph.

(4) Where the undertaker seeks a compulsory purchase order on behalf of a gas transporter pursuant to this paragraph, all negotiations of compensation shall be undertaken by the undertaker, unless otherwise agreed with the gas transporter, and any consideration or compensation agreed or determined in respect of any easements or rights acquired shall be payable by the undertaker only (unless otherwise agreed with the operator).

(5) In this paragraph-

“alternative apparatus” means alternative gas apparatus adequate to enable the gas transporter in question to fulfil its statutory functions in a manner not less efficient than previously;

“gas apparatus” means any mains, pipes or other apparatus belonging to or maintained by a gas transporter for the purpose of gas supply;

“gas transporter” has the meaning given in Part 1 of the Gas Act 1986; and

“specified land” means land within or outside the Order limits on, under or over which a gas transporter agrees, pursuant to sub-paragraph (1), that alternative apparatus should be relocated in substitution for existing gas apparatus.

Protective Provisions

PART 1

PROTECTION FOR ELECTRICITY, GAS, WATER AND SEWERAGE
UNDERTAKERS**Application**

1. The provisions of this Part have effect for the protection of the statutory undertakers referred to in this Part, unless otherwise agreed in writing between the undertaker and the statutory undertaker concerned.

Interpretation

2. In addition to article 2 (Interpretation), the terms in this Part have the following meanings —

“alternative apparatus” means alternative apparatus adequate to enable the statutory undertaker in question to fulfil its statutory functions in a manner not less efficient than previously;

“apparatus” means—

- (a) in the case of a statutory undertaker within paragraph (a) of the definition of that term, electric lines or electrical plant (as defined in the Electricity Act 1989(b)), belonging to or maintained by the statutory undertaker for the purposes of electricity supply;
- (b) in the case of a statutory undertaker within paragraph (b) of the definition of that term, any mains, pipes or other apparatus belonging to or maintained by the statutory undertaker for the purposes of gas supply;
- (c) in the case of a statutory undertaker within paragraph (c) of the definition of that term, mains, pipes or other water apparatus belonging to or maintained by the statutory undertaker for the purposes of water supply; and
- (d) in the case of a sewerage undertaker—
 - (i) any drain or works vested in the sewerage undertaker under the Water Industry Act 1991; and
 - (ii) any sewer which is so vested or is the subject of a notice of intention to adopt given under section 102(4) of that Act or an agreement to adopt made under section 104 of that Act,

and includes a sludge main, disposal main (within the meaning of section 219 of that Act) or sewer outfall and any manholes, ventilating shafts, pumps or other accessories forming part of any such sewer, drain or works, and in each case includes any structure in which apparatus is or is to be lodged or which gives or will give access to apparatus;

“in” in a context referring to apparatus or alternative apparatus in land includes a reference to apparatus or alternative apparatus under, over or upon land;

“statutory undertaker” means—

(a) [Note to ExA: updates to Protective Provisions to be provided at Deadline 6]
 (b) 1989 c.29. The definition of “electric plant” was amended by paragraph 38(3) of Part II of Schedule 6 to the Utilities Act 2000 (c.27). The definition of “licence holder” was amended by section 13 of the Utilities Act 2000 (c.27). There are other amendments to the Electricity Act 1989 which are not relevant to this Order.

- (e) any licence holder within the meaning of Part 1 of the Electricity Act 1989; and
- (f) a gas transporter within the meaning of Part 1 of the Gas Act 1986(a);
- (g) a water undertaker within the meaning of the Water Industry Act 1991;
- (h) a sewerage undertaker within the meaning of Part 1 of the Water Industry Act 1991; and
- (i) for the area of the authorised development, and in relation to any apparatus, means the statutory undertaker to whom it belongs or by whom it is maintained.

On-street apparatus

3. This Part does not apply to apparatus in respect of which the relations between the undertaker and the statutory undertaker are regulated by Part 3 of the 1991 Act.

Acquisition of apparatus

4. Despite any provision in this Order or anything shown on the Land Plans, the undertaker must not acquire any apparatus otherwise than by agreement.

Removal of apparatus

5.—(1) If, in the exercise of the powers conferred by this Order, the undertaker acquires any interest in any land in which any apparatus is placed, that apparatus must not be removed under this Part of this Schedule and any right of a statutory undertaker to maintain that apparatus in that land and to gain access to it will not be extinguished until, if so required by the statutory undertaker, alternative apparatus has been constructed and is in operation to the reasonable satisfaction of the statutory undertaker in question.

(2) If, for the purpose of executing any works in, on or under any land purchased, held, appropriated or used under this Order, the undertaker requires the removal of any apparatus placed in that land, it must give to the statutory undertaker in question 28 days' written notice of that requirement, together with a plan and section of the work proposed and of the proposed position of the alternative apparatus to be provided or constructed and in that case (or if in consequence of the exercise of any of the powers conferred by this Order a statutory undertaker reasonably needs to remove any of its apparatus) the undertaker must, subject to sub-paragraph 5(3), afford to the statutory undertaker the necessary facilities and rights for the construction of alternative apparatus in other land of the undertaker and subsequently for the maintenance of that apparatus.

(3) If alternative apparatus or any part of such apparatus is to be constructed as a consequence of the removal of apparatus placed on land other than that of the undertaker, or the undertaker is unable to afford such facilities and rights as are mentioned in subparagraph 5(2), the statutory undertaker in question, must on receipt of a written notice to that effect from the undertaker, as soon as reasonably possible use its reasonable endeavours to obtain the necessary facilities and rights in other land in which the alternative apparatus is to be constructed.

(4) Any alternative apparatus to be constructed in land of the undertaker under this Part of this Schedule must be constructed in such manner and in such line or situation as may be agreed between the statutory undertaker in question and the undertaker or in default of agreement settled by arbitration in accordance with article 82 (Arbitration).

(5) The statutory undertaker in question must, after the alternative apparatus to be provided or constructed has been agreed or settled by arbitration in accordance with article 82 (Arbitration), and after the grant to the statutory undertaker of any such facilities and rights as are referred to in sub-paragraphs 5(2) and (3), proceed without unnecessary delay to construct and bring into operation the alternative apparatus and subsequently to remove any apparatus required by the undertaker to be removed under this Part of this Schedule.

(a) 1986 c.44.

(6) Despite anything in sub-paragraph 5(5), if the undertaker gives notice in writing to the statutory undertaker in question that it desires itself to execute any work, or part of any work in connection with the construction or removal of apparatus, that work, instead of being executed by the statutory undertaker, must be executed by the undertaker without unnecessary delay under the superintendence, if given, and to the reasonable satisfaction of the statutory undertaker.

(7) Nothing in sub-paragraph 5(6) authorises the undertaker to execute the placing, installation, bedding, packing, removal, connection or disconnection of any apparatus, or execute any filling around the apparatus (where the apparatus is laid in a trench) within 300 millimetres of the apparatus without the prior approval of the statutory undertaker (such approval not to be unreasonably withheld or delayed).

Facilities and rights for alternative apparatus

6.—(1) Where, in accordance with the provisions of this Part of this Schedule, the undertaker affords to a statutory undertaker facilities and rights for the construction and maintenance in land of the undertaker for alternative apparatus in substitution for apparatus to be removed, those facilities and rights will be granted upon such terms and conditions as may be agreed between the undertaker and the statutory undertaker in question or in default of agreement settled by arbitration in accordance with article 82 (Arbitration).

(2) In settling those terms and conditions in respect of alternative apparatus to be constructed in the land of the undertaker, the arbitrator will—

- (a) give effect to all reasonable requirements of the undertaker for ensuring the safety and efficient operation of the authorised development and for securing any subsequent alterations or adaptations of the alternative apparatus which may be required to prevent interference with any proposed works of the undertaker; and
- (b) so far as it may be reasonable and practicable to do so in the circumstances of the particular case, give effect to the terms and conditions, if any, applicable to the apparatus constructed in or the land for which the alternative apparatus is to be substituted.

(3) If the facilities and rights to be afforded by the undertaker in respect of any alternative apparatus, and the terms and conditions subject to which those facilities and rights are to be granted, are in the opinion of the arbitrator less favourable on the whole to the statutory undertaker in question than the facilities and rights enjoyed by it in respect of the apparatus to be removed and the terms and conditions to which those facilities and rights are subject, the arbitrator may make such provision for the payment of compensation by the undertaker to that statutory undertaker as appears to the arbitrator to be reasonable having regard to all the circumstances of the particular case.

Retained apparatus: protection

7.—(1) Not less than 28 days before starting the execution of any authorised works authorised by this Order that are near to, or will or may affect, or where construction access is to be taken over, any apparatus the removal of which has not been required by the undertaker under paragraph 6(2), the undertaker must submit to the statutory undertaker in question a plan, section and description of the works to be executed.

(2) Those works must be executed only in accordance with the plan, section and description submitted under sub-paragraph 7(1) and in accordance with such reasonable requirements as may be made in accordance with sub-paragraph 7(3) by the statutory undertaker for the alteration or otherwise for the protection of the apparatus, or for securing access to it, and the statutory undertaker is entitled to watch and inspect the execution of those works.

(3) Any requirements made by a statutory undertaker under sub-paragraph 7(2) must be made within a period of 21 days beginning with the date on which a plan, section and description under sub-paragraph (1) are submitted to it.

(4) If a statutory undertaker in accordance with sub-paragraph 7(3) and in consequence of the works proposed by the undertaker, reasonably requires the removal of any apparatus and gives

written notice to the undertaker of that requirement, paragraph 6 applies as if the removal of the apparatus had been required by the undertaker under sub-paragraph (2) of that paragraph.

(5) Nothing in this paragraph precludes the undertaker from submitting at any time or from time to time, but in no case less than 28 days before commencing the execution of any works, a new plan, section and description instead of the plan, section and description previously submitted, and having done so the provisions of this paragraph apply to and in respect of the new plan, section and description.

(6) The undertaker is not required to comply with sub-paragraph 7(2) in a case of emergency but in that case it must give to the statutory undertaker in question notice as soon as is reasonably practicable and a plan, section and description of those works as soon as reasonably practicable subsequently and must comply with sub-paragraph 7(2) in so far as is reasonably practicable in the circumstances.

Compensation

8.—(1) Subject to sub-paragraphs (2) and (3), if by reason or in consequence of the construction of any of the works referred to in sub-paragraph 5(2), any damage is caused to any apparatus (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of those works) or property of a statutory undertaker, or there is any interruption in any service provided, or in the supply of any goods, by any statutory undertaker, the undertaker must—

- (a) bear and pay on demand the cost reasonably incurred by that statutory undertaker in making good such damage or restoring the supply; and
- (b) make reasonable compensation to that statutory undertaker for any other expenses, loss, demands or proceedings, damages, claims, penalty or costs incurred by the statutory undertaker,

by reason or in consequence of any such damage or interruption.

(2) Nothing in sub-paragraph 8(1) must impose any liability on the undertaker with respect to any damage or interruption to the extent that it is attributable to the neglect or default of a statutory undertaker, its officers, servants, contractors or agents.

(3) A statutory undertaker must give the undertaker reasonable prior written notice of any claim or demand, and no settlement or compromise may be made without the consent of the undertaker.

Expenses

9.—(1) Subject to the following provisions of this paragraph, the undertaker must pay to the statutory undertaker in question the reasonable expenses incurred by that statutory undertaker in, or in connection with, the inspection, removal, alteration or protection of any apparatus.

(2) The value of any apparatus removed under this Part is to be deducted from any sum payable under sub-paragraph 9(1), that value being calculated after removal.

(3) If in accordance with this Part—

- (a) apparatus of better type, of greater capacity or of greater dimensions is placed in substitution for existing apparatus of worse type, of smaller capacity or of smaller dimensions; or
- (b) apparatus (whether existing apparatus or apparatus substituted for existing apparatus) is placed at a depth greater than the depth at which the existing apparatus was,

and the placing of apparatus of that type or capacity or of those dimensions or the placing of apparatus at that depth, as the case may be, is not agreed by the undertaker or, in default of agreement, is not determined by arbitration in accordance with article 82 (Arbitration) to be necessary, then, if such placing involves cost in the construction of works under this Part exceeding that which would have been involved if the apparatus placed had been of the existing type, capacity or dimensions, or at the existing depth, as the case may be, the amount which apart

from this sub-paragraph would be payable to the statutory undertaker in question by virtue of sub-paragraph 9(1) is to be reduced by the amount of that excess.

(4) For the purposes of sub-paragraph (3)—

- (a) an extension of apparatus to a length greater than the length of existing apparatus is not to be treated as a placing of apparatus of greater dimensions than those of the existing apparatus; and
- (b) where the provision of a joint in a cable is agreed, or is determined to be necessary, the consequential provision of a jointing chamber or of a manhole is to be treated as if it also had been agreed or had been so determined.

(5) An amount which apart from this sub-paragraph would be payable to a statutory undertaker in respect of works by virtue of sub-paragraph 9(1) must, if the works include the placing of apparatus provided in substitution for apparatus placed more than 7 years and 6 months earlier so as to confer on the statutory undertaker in question any financial benefit by deferment of the time for renewal of the apparatus in the ordinary course, be reduced by the amount which represents that benefit.

Co-operation

10.—(1) Where, under this Part, the statutory undertaker is required to give its consent or approval in respect of any matter, that consent or approval must not be unreasonably withheld or delayed.

(2) In respect of any specified work or the acquisition of rights under or over or use of the statutory undertaker's property, the statutory undertaker must co-operate with the undertaker with a view to avoiding undue delay.

Agreements

11. Nothing in this Part affects the provisions of any agreement regulating the relations between the undertaker and a statutory undertaker in respect of any apparatus laid or erected in land belonging to the undertaker on the date on which this Order is made.

PART 2

PROTECTION FOR OPERATORS OF ELECTRONIC COMMUNICATIONS NETWORKS

Application

12. The provisions of this Part have effect for the protection of operators unless otherwise agreed in writing between the undertaker and the operator in question.

Interpretation

13. In addition to article 2 (Interpretation), the terms in this Part have the following meanings—

“2003 Act” means the Communications Act 2003;

“conduit system” has the same meaning as in the electronic communications code; and references to providing a conduit system are to be construed in accordance with paragraph 1(3A) of that code;

“electronic communications apparatus” has the same meaning as in the electronic communications code;

“electronic communications code” has the same meaning as in Chapter 1 of Part 2 of the 2003 Act; and

“electronic communications code network” means—

- (a) so much of an electronic communications network or conduit system provided by an electronic communications code operator as is not excluded from the application of the electronic communications code by a direction under section 106 of the 2003 Act; and
- (b) an electronic communications network which the Secretary of State is providing or proposing to provide;

“electronic communications code operator” means a person in whose case the electronic communications code is applied by a direction under section 106 of the 2003 Act; and

“operator” means the operator of an electronic communications code network.

Electronic communications apparatus installed on, under or over any land

14. The exercise of the powers in article 40 (statutory undertakers) is subject to Part 10 of Schedule 3A of the 2003 Act (undertaker’s works affecting electronic communications apparatus).

Compensation

15.—(1) Subject to sub-paragraphs 15(2) to (3), if as the result of the authorised development or its construction, any damage is caused to any electronic communications apparatus belonging to an operator (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of those works) or the property of an operator, the undertaker must—

- (a) bear and pay on demand the cost reasonably incurred by that statutory undertaker in making good such damage or restoring the supply; and
- (b) make reasonable compensation to that statutory undertaker for any other expenses, loss, demands or proceedings, damages, claims, penalty or costs incurred by the statutory undertaker,

by reason or in consequence of any such damage or interruption.

(2) Nothing in sub-paragraph 15(1) imposes any liability on the undertaker with respect to any damage to the extent that it is attributable to the act, neglect or default of an operator, its officers, servants, contractors or agents.

(3) Any difference arising between the undertaker and the operator under this paragraph must, unless otherwise agreed in writing between the operator and the undertaker, be referred to and settled by arbitration under article 82 (Arbitration).

(4) The operator must give the undertaker reasonable notice of any such claim or demand and no settlement or compromise of the claim or demand is to be made without the consent of the undertaker which, if it withholds such consent, has the sole conduct of any settlement or compromise or of any proceedings necessary to resist the claim or demand.

Application

16.—(1) This Part does not apply to—

- (a) any apparatus in respect of which the relations between the undertaker and an operator are regulated by Part 3 of the 1991 Act; or
- (b) any damage, or any interruption, caused by electro-magnetic interference arising from the construction or use of the authorised development.

Co-operation

17. In respect of any specified work or the acquisition of rights under or over or use of the statutory undertaker’s property, the statutory undertaker must co-operate with the undertaker with a view to avoiding undue delay.

Enactments and agreements

18. Nothing in this Part affects the provisions of any enactment or agreement regulating the relations between the undertaker and a utility undertaker in respect of any apparatus laid or erected in land belonging to the undertaker on the date on which this Order is made.

PART 3

NETWORK RAIL

19. The provisions of this Part of this Schedule have effect, unless otherwise agreed in writing between the undertaker and Network Rail and, in the case of paragraph [xx] of this Part of this Schedule any other person on whom rights or obligations are conferred by that paragraph.

20. In this Schedule—

“construction” includes execution, placing, alteration and reconstruction and “construct” and “constructed” have corresponding meanings;

“the engineer” means an engineer appointed by Network Rail for the purposes of this Order;

“network licence” means the network licence, as the same is amended from time to time, granted to Network Rail Infrastructure Limited by the Secretary of State in exercise of their powers under section 8 of the Railways Act 1993;

“Network Rail” means Network Rail Infrastructure Limited and any associated company of Network Rail Infrastructure Limited which holds property for railway purposes, and for the purpose of this definition “associated company” means any company which is (within the meaning of section 1159 of the Companies Act 2006) the holding company of Network Rail Infrastructure Limited, a subsidiary of Network Rail Infrastructure Limited or another subsidiary of the holding company of Network Rail Infrastructure Limited;

“plans” includes sections, designs, design data, software, drawings, specifications, soil reports, calculations, descriptions (including descriptions of methods of construction), staging proposals, programmes and details of the extent, timing and duration of any proposed occupation of railway property;

“undertaker” has the same meaning as in article 2 (interpretation) of this Order;

“railway operational procedures” means procedures specified under any access agreement (as defined in the Railways Act 1993) or station lease;

“railway property” means any railway belonging to Network Rail Infrastructure Limited and—

(a) any station, land, works, apparatus and equipment belonging to Network Rail Infrastructure Limited or connected with any such railway; and

(b) any easement or other property interest held or used by Network Rail Infrastructure Limited for the purposes of such railway or works, apparatus or equipment; and

“specified work” means so much of any of the authorised development as is situated upon, across, under, over or within 15 metres of, or may in any way adversely affect, railway property.

21.—(1) Where under this Part of this Schedule Network Rail is required to give its consent or approval in respect of any matter, that consent or approval is subject to the condition that Network Rail complies with any relevant railway operational procedures and any obligations under its network licence or under statute.

(2) In so far as any specified work or the acquisition or use of railway property is or may be subject to railway operational procedures, Network Rail must—

(a) co-operate with the undertaker with a view to avoiding undue delay and securing conformity as between any plans approved by the engineer and requirements emanating from those procedures; and

- (b) use their reasonable endeavours to avoid any conflict arising between the application of those procedures and the proper implementation of the authorised development pursuant to this Order.

22.—(1) The undertaker must not exercise the powers conferred by—

- (a) article 25 (Authority to survey and investigate the land);
- (b) article 26 (Compulsory acquisition of land);
- (c) article 28 (Statutory authority to override easements and other rights);
- (d) article 31 (Private rights of way);
- (e) article 33 (Acquisition of subsoil and airspace only);
- (f) or the powers conferred by section 11(3) of the 1965 Act,

in respect of any railway property unless the exercise of such powers is with the consent of Network Rail.

(2) The undertaker must not in the exercise of the powers conferred by this Order prevent pedestrian or vehicular access to any railway property, unless preventing such access is with the consent of Network Rail.

(3) The undertaker must not exercise the powers conferred by sections 271 or 272 of the 1990 Act, or article 40 (Statutory undertakers), in relation to any right of access of Network Rail to railway property, but such right of access may be diverted with the consent of Network Rail.

(4) The undertaker must not under the powers of this Order acquire or use or acquire new rights over, or seek to impose any restrictive covenants over, any railway property, or extinguish any existing rights of Network Rail in respect of any third party property, except with the consent of Network Rail.

(5) Where Network Rail is asked to give its consent pursuant to this paragraph, such consent must not be unreasonably withheld but may be given subject to reasonable conditions.

(6) The undertaker shall not place Railway Property in a position where it cannot be used, or maintained, or is placed at risk of not being capable of use, to run trains safely.

23.—(1) The undertaker must before commencing construction of any specified work supply to Network Rail proper and sufficient plans of that work for the reasonable approval of the engineer and the specified work must not be commenced except in accordance with such plans as have been approved in writing by the engineer or settled by arbitration in accordance with paragraph 22 of this Part of this Schedule.

(2) The approval of the engineer under sub-paragraph (1) must not be unreasonably withheld, and if by the end of the period of 28 days beginning with the date on which such plans have been supplied to Network Rail the engineer has not intimated their disapproval of those plans and the grounds of such disapproval the undertaker may serve upon the engineer written notice requiring the engineer to intimate approval or disapproval within a further period of 28 days beginning with the date upon which the engineer receives written notice from the undertaker. If by the expiry of the further 28 days the engineer has not intimated approval or disapproval, the engineer shall be deemed to have approved the plans as submitted.

(3) If by the end of the period of 28 days beginning with the date on which written notice was served upon the engineer under sub-paragraph (2), Network Rail gives notice to the undertaker that Network Rail desires itself to construct any part of a specified work which in the reasonable opinion of the engineer will or may affect the stability of railway property or the safe operation of traffic on the railways of Network Rail then, if the undertaker desires such part of the specified work to be constructed, Network Rail must construct it without unnecessary delay on behalf of and to the reasonable satisfaction of the undertaker in accordance with the plans approved or deemed to be approved or settled under this paragraph, and under the supervision (where appropriate and if given) of the undertaker.

(4) When signifying their approval of the plans the engineer may specify any protective works (whether temporary or permanent) which in the engineer's opinion should be carried out before the commencement of the construction of a specified work to ensure the safety or stability of

railway property or the continuation of safe and efficient operation of the railways of Network Rail or the services of operators using the same (including any relocation de-commissioning and removal of works, apparatus and equipment necessitated by a specified work and the comfort and safety of passengers who may be affected by the specified works), and such protective works as may be reasonably necessary for those purposes must be constructed by Network Rail or by the undertaker, if Network Rail so desires, and such protective works must be carried out at the expense of the undertaker in either case without unnecessary delay and the undertaker must not commence the construction of the specified works until the engineer has notified the undertaker that the protective works have been completed to their reasonable satisfaction.

24.—(1) Any specified work and any protective works to be constructed by virtue of paragraph 5(4) must, when commenced, be constructed—

- (a) without unnecessary delay in accordance with the plans approved or deemed to have been approved or settled under paragraph 5;
- (b) under the supervision (where appropriate and if given) and to the reasonable satisfaction of the engineer;
- (c) in such manner as to cause as little damage as is possible to railway property; and
- (d) so far as is reasonably practicable, so as not to interfere with or obstruct the free, uninterrupted and safe use of any railway of Network Rail or the traffic thereon and the use by passengers of railway property.

(2) If any damage to railway property or any such interference or obstruction shall be caused by the carrying out of, or in consequence of the construction of a specified work, the undertaker must, notwithstanding any such approval, make good such damage and must pay to Network Rail all reasonable expenses to which Network Rail may be put and compensation for any loss which it may sustain by reason of any such damage, interference or obstruction.

(3) Nothing in this Part of this Schedule imposes any liability on the undertaker with respect to any damage, costs, expenses or loss attributable to the negligence of Network Rail or its servants, contractors or agents or any liability on Network Rail with respect of any damage, costs, expenses or loss attributable to the negligence of the undertaker or its servants, contractors or agents.

25. The undertaker must-

- (a) at all times afford reasonable facilities to the engineer for access to a specified work during its construction; and
- (b) supply the engineer with all such information as they may reasonably require with regard to a specified work or the method of constructing it.

26. Network Rail must at all times afford reasonable facilities to the undertaker and its agents for access to any works carried out by Network Rail under this Part of this Schedule during their construction and must supply the undertaker with such information as it may reasonably require with regard to such works or the method of constructing them.

27.—(1) If any permanent or temporary alterations or additions to railway property are reasonably necessary in consequence of the construction of a specified work, or during a period of 24 months after the completion of that work in order to ensure the safety of railway property or the continued safe operation of the railway of Network Rail, such alterations and additions may be carried out by Network Rail and if Network Rail gives to the undertaker reasonable notice of its intention to carry out such alterations or additions (which must be specified in the notice) and has agreed such alterations and additions with the undertaker, the undertaker must pay to Network Rail the reasonable cost of those alterations or additions including, in respect of any such alterations and additions as are to be permanent, a capitalised sum representing the increase of the costs which may be expected to be reasonably incurred by Network Rail in maintaining, working and, when necessary, renewing any such alterations or additions.

(2) If during the construction of a specified work by the undertaker, Network Rail gives notice to the promoter that Network Rail desires itself to construct that part of the specified work which in the reasonable opinion of the engineer is endangering the stability of railway property or the safe operation of traffic on the railways of Network Rail then, if the undertaker decides that part of

the specified work is to be constructed Network Rail must assume construction of that part of the specified work and the undertaker must, notwithstanding any such approval of a specified work under paragraph 5(3), pay to Network Rail all reasonable expenses to which Network Rail may be put and compensation for any loss which it may suffer by reason of the execution by Network Rail of that specified work.

(3) The engineer must, in respect of the capitalised sums referred to in this paragraph and paragraph 10(a) provide such details of the formula by which those sums have been calculated as the undertaker may reasonably require.

(4) If the cost of maintaining, working or renewing railway property is reduced in consequence of any such alterations or additions a capitalised sum representing such saving must be set off against any sum payable by the undertaker to Network Rail under this paragraph.

28. The undertaker must repay to Network Rail all reasonable fees, costs, charges and expenses reasonably incurred by Network Rail—

- (a) in constructing any part of a specified work on behalf of the undertaker as provided by paragraph 5(3) or in constructing any protective works under the provisions of paragraph 5(4) including, in respect of any permanent protective works, a capitalised sum representing the cost of maintaining and renewing those works;
- (b) in respect of the approval by the engineer of plans submitted by the undertaker and the supervision by the engineer of the construction of a specified work;
- (c) in respect of the employment or procurement of the services of any inspectors, signallers, watch-persons and other persons whom it shall be reasonably necessary to appoint for inspecting, signalling, watching and lighting railway property and for preventing, so far as may be reasonably practicable, interference, obstruction, danger or accident arising from the construction or failure of a specified work;
- (d) in respect of any special traffic working resulting from any speed restrictions which may in the opinion of the engineer, require to be imposed by reason or in consequence of the construction or failure of a specified work or from the substitution or diversion of services which may be reasonably necessary for the same reason; and
- (e) in respect of any additional temporary lighting of railway property in the vicinity of the specified works, being lighting made reasonably necessary by reason or in consequence of the construction or failure of a specified work.

29.—(1) In this paragraph-

“EMI” means, subject to sub-paragraph (2), electromagnetic interference with Network Rail apparatus generated by the operation of the authorised development (including the operation of tramcars using the tramway comprised in the works) where such interference is of a level which adversely affects the safe operation of Network Rail’s apparatus; and

“Network Rail’s apparatus” means any lines, circuits, wires, apparatus or equipment (whether or not modified or installed as part of the authorised development) which are owned or used by Network Rail for the purpose of transmitting or receiving electrical energy or of radio, telegraphic, telephonic, electric, electronic or other like means of signalling or other communications.

(2) This paragraph applies to EMI only to the extent that such EMI is not attributable to any change to Network Rail’s apparatus carried out after approval of plans under paragraph 5(1) for the relevant part of the authorised development giving rise to EMI (unless the undertaker has been given notice in writing before the approval of those plans of the intention to make such change).

(3) Subject to sub-paragraph (5), the undertaker must in the design and construction of the authorised development take all measures necessary to prevent EMI and must establish with Network Rail (both parties acting reasonably) appropriate arrangements to verify their effectiveness.

(4) In order to facilitate the undertaker’s compliance with sub-paragraph (3)-

- (a) the undertaker must consult with Network Rail as early as reasonably practicable to identify all Network Rail’s apparatus which may be at risk of EMI, and thereafter must

continue to consult with Network Rail (both before and after formal submission of plans under paragraph 5(1)) in order to identify all potential causes of EMI and the measures required to eliminate them;

- (b) Network Rail must make available to the undertaker all information in the possession of Network Rail reasonably requested by the undertaker in respect of Network Rail's apparatus identified pursuant to sub-paragraph (a); and
- (c) Network Rail must allow the undertaker reasonable facilities for the inspection of Network Rail's apparatus identified pursuant to sub-paragraph (a).

(5) In any case where it is established that EMI can only reasonably be prevented by modifications to Network Rail's apparatus, Network Rail must not withhold its consent unreasonably to modifications of Network Rail's apparatus, but the means of prevention and the method of their execution must be selected in the reasonable discretion of Network Rail, and in relation to such modifications paragraph 5(1) have effect subject to the sub-paragraph.

(6) If at any time prior to commencement of the commercial operation of the Sizewell C nuclear generating station authorised by this Order and notwithstanding any measures adopted pursuant to sub-paragraph (3), the testing or commissioning of the authorised development causes EMI then the undertaker must immediately upon receipt of notification by Network Rail of such EMI either in writing or communicated orally (such oral communication to be confirmed in writing as soon as reasonably practicable after it has been issued) forthwith cease to use (or procure the cessation of use of) the undertaker's apparatus causing such EMI until all measures necessary have been taken to remedy such EMI by way of modification to the source of such EMI or (in the circumstances, and subject to the consent, specified in sub-paragraph (5)) to Network Rail's apparatus.

(7) In the event of EMI having occurred –

- (a) the undertaker must afford reasonable facilities to Network Rail for access to the undertaker's apparatus in the investigation of such EMI;
- (b) Network Rail must afford reasonable facilities to the undertaker for access to Network Rail's apparatus in the investigation of such EMI; and
- (c) Network Rail must make available to the undertaker any additional material information in its possession reasonably requested by the undertaker in respect of Network Rail's apparatus or such EMI.

(8) Where Network Rail approves modifications to Network Rail's apparatus pursuant to sub-paragraphs (5) or (6) –

- (a) Network Rail must allow the undertaker reasonable facilities for the inspection of the relevant part of Network Rail's apparatus;
- (b) any modifications to Network Rail's apparatus approved pursuant to those sub-paragraphs must be carried out and completed by the undertaker in accordance with paragraph 6.

(9) To the extent that it would not otherwise do so, the indemnity in paragraph 15(1) of this Part of this Schedule applies to the costs and expenses reasonably incurred or losses suffered by network Rail through the implementation of the provisions of this paragraph (including costs incurred in connection with the consideration of proposals, approval of plans, supervision and inspection of works and facilitating access to Network Rail's apparatus) or in consequence of any EMI to which sub-paragraph (6) applies.

(10) For the purpose of paragraph 10(a) any modifications to Network Rail's apparatus under this paragraph shall be deemed to be protective works referred to in that paragraph.

(11) In relation to any dispute arising under this paragraph the reference in article 82 (Arbitration) to the Centre of Effective Dispute Resolution shall be read as a reference to the Institution of Engineering and Technology.

30. If at any time after the completion of a specified work, not being a work vested in Network Rail, Network Rail gives notice to the undertaker informing it that the state of maintenance of any part of the specified work appears to be such as adversely affects the operation of railway property, the undertaker must, on receipt of such notice, take such steps as may be reasonably

necessary to put that specified work in such state of maintenance as not adversely to affect railway property.

31. The undertaker must not provide any illumination or illuminated sign or signal on or in connection with a specified work in the vicinity of any railway belonging to Network Rail unless it has first consulted Network Rail and it must comply with Network Rail's reasonable requirements for preventing confusion between such illumination or illuminated sign or signal and any railway signal or other light used for controlling, directing or securing the safety of traffic on the railway.

32. Any additional expenses which Network Rail may reasonably incur in altering, reconstructing or maintaining railway property under any powers existing at the making of this Order by reason of the existence of a specified work must, provided that 56 days' previous notice of the commencement of such alteration, reconstruction or maintenance has been given to the undertaker, be repaid by the undertaker to Network Rail.

33.—(1) The undertaker must pay to Network Rail all reasonable costs, charges, damages and expenses not otherwise provided for in this Part of this Schedule (subject to article 43 (no double recovery)) which may be occasioned to or reasonably incurred by Network Rail—

- (a) by reason of the construction or maintenance of a specified work or the failure thereof;
- (b) by reason of any act or omission of the undertaker or of any person in its employ or of its contractors or others whilst engaged upon a specified work;
- (c) by reason of any act or omission of the undertaker or any person in its employ or of its contractors or others whilst accessing to or egressing from the authorised development;
- (d) in respect of any damage caused to or additional maintenance required to, railway property or any such interference or obstruction or delay to the operation of the railway as a result of access to or egress from the authorised development by the undertaker or any person in its employ or of its contractors or others;

and the undertaker must indemnify and keep indemnified Network Rail from and against all claims and demands arising out of or in connection with a specified work or any such failure, act or omission.

(2) Network Rail must:

- (a) give the undertaker reasonable written notice of any such claim or demand;
- (b) not make any settlement or compromise of such a claim or demand without the prior consent of the undertaker;
- (c) take such steps that are reasonable in the circumstances to mitigate any liabilities relating to such claims or demands; and
- (d) upon request from the undertaker to do so keep the undertaker informed of the progress of any such claim or demand and have due regard to any reasonable representations of the undertaker in relation to them.

(3) The sums payable by the undertaker under sub-paragraph (1) shall if relevant include a sum equivalent to the relevant costs.

(4) Subject to the terms of any agreement between Network Rail and a train operator regarding the timing or method of payment of the relevant costs in respect of that train operator, Network Rail must promptly pay to each train operator the amount of any sums which Network Rail receives under sub-paragraph (3) which relates to the relevant costs of that train operator.

(5) The obligation under sub-paragraph (3) to pay Network Rail the relevant costs shall, in the event of default, be enforceable directly by any train operator concerned to the extent that such sums would be payable to that operator pursuant to sub paragraph (4).

(6) In this paragraph—

“the relevant costs” means the costs, direct losses and expenses (including loss of revenue) reasonably incurred by each train operator as a consequence of any specified work including but not limited to any restriction of the use of Network Rail's railway network as a result of

the construction, maintenance or failure of a specified work or any such act or omission as mentioned in subparagraph (1); and

“train operator” means any person who is authorised to act as the operator of a train by a licence under section 8 of the Railways Act 1993.

34. Network Rail must, on receipt of a request from the undertaker, from time to time provide the undertaker free of charge with written estimates of the costs, charges, expenses and other liabilities for which the undertaker is or will become liable under this Part of this Schedule (including the amount of the relevant costs mentioned in paragraph 15) and with such information as may reasonably enable the undertaker to assess the reasonableness of any such estimate or claim made or to be made pursuant to this Part of this Schedule (including any claim relating to those relevant costs).

35. In the assessment of any sums payable to Network Rail under this Part of this Schedule there must not be taken into account any increase in the sums claimed that is attributable to any action taken by or any agreement entered into by Network Rail if that action or agreement was not reasonably necessary and was taken or entered into with a view to obtaining the payment of those sums by the undertaker under this Schedule or increasing the sums so payable.

36. The undertaker and Network Rail may, subject in the case of Network Rail to compliance with the terms of its network licence, enter into, and carry into effect, agreements for the transfer to the undertaker of—

- (a) any railway property shown on the works and land plans and described in the Book of Reference;
- (b) any lands, works or other property held in connection with any such railway property; and
- (c) any rights and obligations (whether or not statutory) of Network Rail relating to any railway property or any lands, works or other property referred to in this paragraph.

37. Nothing in this Order, or in any enactment incorporated with or applied by this Order, prejudices or affects the operation of Part I of the Railways Act 1993.

38. The undertaker must give written notice to Network Rail if any application is proposed to be made by the undertaker for the Secretary of State’s consent, under article 9 (Consent to transfer benefit of Order) of this Order to transfer the benefit of any provision(s) of this Order that affect railway property or a specified work and any such notice must be given no later than 28 days before any such application is made and must describe or give (as appropriate)—

- (a) the nature of the application to be made;
- (b) the extent of the geographical area to which the application relates; and
- (c) the name and address of the person acting for the Secretary of State to whom the application is to be made.

39. The undertaker must no later than 28 days from the date that the plans submitted to and certified by the Secretary of State in accordance with article 80 (Certification of plans etc.) are certified by the Secretary of State, provide a set of those plans to Network Rail in a format specified by Network Rail.

40. In relation to any dispute arising under this part of this Schedule (except for those disputes referred to in paragraph 11(11)) the provisions of article 82 (Arbitration) shall not apply and any such dispute, unless otherwise provided for, must be referred to and settled by a single arbitrator to be agreed between the parties or, failing agreement, to be appointed on the application of either party (after giving notice in writing to the other) to the President of the Institution of Civil Engineers.

PART 4
FOR THE PROTECTION OF ANGLIAN WATER

41.—(1) For the protection of Anglian Water, the following provisions shall, unless otherwise agreed in writing between the undertaker and Anglian Water, have effect.

(2) In this part of this schedule –

“apparatus” means any works, mains, pipes or other apparatus belonging to or maintained by Anglian Water for the purposes of water supply and sewerage and

- (a) any drain or works vested in Anglian Water under The Water Industry Act 1991,
- (b) any sewer which is so vested or is the subject of a notice of intention to adopt given under section 102 (4) of The Water Industry Act 1991 or an agreement to adopt made under section 104 of that Act,

and includes a sludge main, disposal main or sewer outfall and any manholes, ventilating shafts, pumps or other accessories forming part of any sewer, drain, or works (within the meaning of section 219 of that Act) and any structure in which apparatus is or is to be lodged or which gives or will give access to apparatus.

“alternative apparatus” means alternative apparatus adequate to enable Anglian Water to fulfil its statutory functions in not less efficient a manner than previously;

“functions” includes powers and duties

“in” in a context referring to apparatus or alternative apparatus in land includes a reference to apparatus or alternative apparatus under, over or upon land;

“plan” includes sections, drawings, specifications and method statements; and

“standard protection strips” means the strips of land falling the following distances to either side of the medial line of any relevant pipe or apparatus;

- (c) 2.25metres where the diameter of the pipe is less than 150 millimetres,
- (d) 3 metres where the diameter of the pipe is between 150 and 450 millimetres,
- (e) 4.5 metres where the diameter of the pipe is between 450 and 750 millimetres; and
- (f) 6 metres where the diameter of the pipe exceeds 750 millimetres

unless otherwise agreed.

(3) The undertaker shall not interfere with, build over or near to any Apparatus within the Order land or execute the placing, installation, bedding, packing, removal, connection or disconnection of any apparatus, or execute any filling around the apparatus (where the apparatus is laid in a trench) within the standard protection strips unless agreed in writing with Anglian Water, such agreement not to be unreasonably withheld or delayed, and the existence of this paragraph (3) shall be brought to the attention of any agent or contractor responsible for carrying out any work on behalf of the Undertaker.

(4) The alteration, extension, removal or re-location of any apparatus shall not be implemented until

- (a) any requirement for any permits under the Environmental Permitting Regulations 2016 or other legislations and any other associated consents which are required are obtained, and any approval or agreement required from Anglian Water on alternative outfall locations as a result of such re-location are approved, such approvals from Anglian Water not to be unreasonably withheld or delayed; and
- (b) the undertaker has made the appropriate application required under the Water Industry Act 1991 together with a plan and section of the works proposed and Anglian Water has agreed all of the contractual documentation required under the Water Industry Act 1991, such agreement not to be unreasonably withheld or delayed; and such works to be executed only in accordance with the plan, section and description submitted and in

accordance with such reasonable requirements as may be made by Anglian Water for the alteration or otherwise for the protection of the apparatus, or for securing access to it.

(5) In the situation, where in exercise of the powers conferred by the Order, the undertaker acquires any interest in any land in which Apparatus is placed and such apparatus is to be relocated, extended, removed or altered in any way, no alteration or extension shall take place until, contingency arrangements have been established to the reasonable satisfaction of Anglian Water in order to conduct its functions for the duration of the works to relocate, extend, remove or alter the apparatus.

(6) Regardless of any provision in this Order or anything shown on any plan, the Undertaker must not acquire any apparatus otherwise than by agreement, and before extinguishing any existing rights for Anglian Water to use, keep, inspect, renew and maintain its apparatus in the Order land, the Undertaker shall, with the agreement of Anglian Water, create a new right to use, keep, inspect, renew and maintain the apparatus that is reasonably convenient for Anglian Water such agreement not to be unreasonably withheld or delayed, and to be subject to arbitration under article 82.

(7) If in consequence of the exercise of the powers conferred by the Order the access to any apparatus is materially obstructed the Undertaker shall provide such alternative means of access to such apparatus as will enable Anglian Water to maintain or use the apparatus no less effectively than was possible before such obstruction.

(8) If in consequence of the exercise of the powers conferred by the Order, previously unmapped sewers, lateral drains or other apparatus are identified by the undertaker, notification of the location of such assets will be given to Anglian Water and afforded the same protection of other Anglian Water assets.

(9) If for any reason or in consequence of the construction of any of the works referred to in paragraphs 4 to 6 and 8 above any damage is caused to any apparatus (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of those works) or property of Anglian Water, or there is any interruption in any service provided, or in the supply of any goods, by Anglian Water, the Undertaker shall,

- (a) bear and pay the cost reasonably incurred by Anglian Water in making good any damage or restoring the supply; and
- (b) make reasonable compensation to Anglian Water for any other expenses, loss, damages, penalty or costs incurred by Anglian Water

by reason or in consequence of any such damage or interruption.

(10) Any agreement or approval of Anglian Water required under this Part of this Schedule (including pursuant to paragraphs (3), (4) and (6)):

- (a) must not be unreasonably withheld or delayed; and
- (b) is deemed to have been given if it is neither given nor refused within 28 days (or such other period of time that Anglian Water and the undertaker may agree in writing) of the date of submission of a request for such agreement or approval, or, in the case of a refusal, if it is not accompanied by a statement of the grounds of refusal.

(11) Any dispute arising between the undertaker and Anglian Water under this Part of this Schedule must be referred to and settled by arbitration under article 82 (arbitration) unless otherwise agreed in writing between the undertaker and Anglian Water.

PART 5
FOR THE PROTECTION OF NATIONAL GRID AS ELECTRICITY
UNDERTAKERS

Application

42.—(1) For the protection of National Grid referred to in this Part of this Schedule the following provisions will, unless otherwise agreed in writing between National Grid and the undertaker, have effect.

(2) Subject to sub-paragraph (3) or to the extent otherwise agreed in writing between the undertaker and National Grid, where the benefit of this Order is transferred or granted to another person under article 9 (consent to transfer benefit of Order)—

- (a) any agreement of the type mentioned in sub-paragraph (1) has effect as if it had been made between National Grid and the transferee or grantee (as the case may be); and
- (b) written notice of the transfer or grant must be given to National Grid on or before the date of that transfer or grant.

(3) Sub-paragraph (2) does not apply where the benefit of the Order is transferred or granted to National Grid (but see paragraph 12(3)(b)).

Interpretation

43. In this Part of this Schedule—

“1991 Act” means the New Roads and Street Works Act 1991;

“alternative apparatus” means appropriate alternative apparatus to the satisfaction of National Grid to enable National Grid to fulfil its statutory functions in a manner no less efficient than previously;

“apparatus” means electric lines or electrical plant as defined in the Electricity Act 1989, belonging to or maintained by National Grid together with any replacement apparatus and such other apparatus constructed pursuant to the Order that becomes operational apparatus of National Grid for the purposes of transmission, distribution and/or supply and includes any structure in which apparatus is or will be lodged or which gives or will give access to apparatus;

“authorised works” has the same meaning as is given to the term “authorised development” in article 2(1) of this Order and for the purposes of this Part of this Schedule includes the use and maintenance of the authorised works and construction of any works authorised by this Part of this Schedule;

“commence” and “commencement” in paragraph [9] of this Part of this Schedule includes any below ground surveys, monitoring, ground work operations or the receipt and erection of construction plant and equipment;

“deed of consent” means a deed of consent, crossing agreement, deed of variation or new deed of grant agreed between the parties acting reasonably in order to vary and/or replace existing easements, agreements, enactments and other such interests so as to secure land rights and interests as are necessary to carry out, maintain, operate and use the apparatus in a manner consistent with the terms of this Part of this Schedule;

“functions” includes powers and duties;

“ground mitigation scheme” means a scheme approved by National Grid (such approval not to be unreasonably withheld or delayed) setting out the necessary measures (if any) for a ground subsidence event;

“ground monitoring scheme” means a scheme for monitoring ground subsidence which sets out the apparatus which is to be subject to such monitoring, the extent of land to be monitored, the manner in which ground levels are to be monitored, the timescales of any monitoring

activities and the extent of ground subsidence which, if exceeded, shall require the undertaker to submit for National Grid's approval a ground mitigation scheme;

“ground subsidence event” means any ground subsidence identified by the monitoring activities set out in the ground monitoring scheme that has exceeded the level described in the ground monitoring scheme as requiring a ground mitigation scheme;

“in” in a context referring to apparatus or alternative apparatus in land includes a reference to apparatus or alternative apparatus under, over, across, along or upon such land;

“maintain” and “maintenance” includes the ability and right to do any of the following in relation to any apparatus or alternative apparatus of National Grid including construct, use, repair, alter, inspect, renew or remove the apparatus

“plan” or “plans” include all designs, drawings, specifications, method statements, soil reports, programmes, calculations, risk assessments and other documents that are reasonably necessary properly and sufficiently to describe and assess the works to be executed;

“specified works” means any of the authorised works or activities undertaken in association with the authorised works which will or may be situated over, or within 15 metres measured in any direction of any apparatus the removal of which has not been required by the undertaker under paragraph 7(2) or otherwise;

44. Except for paragraphs 4 (apparatus in stopped up streets), 9 (retained apparatus: protection), 10 (expenses) and 11 (compensation) of this Part of this Schedule which will apply in respect of the exercise of all or any powers under the Order affecting the rights and apparatus of National Grid, the other provisions of this Schedule do not apply to apparatus in respect of which the relations between the undertaker and National Grid are regulated by the provisions of Part 3 of the 1991 Act.

Apparatus of National Grid in stopped up streets

45.—(1) Without prejudice to the generality of any other protection afforded to National Grid elsewhere in the Order, where any street is stopped up under article 14 (stopping up of streets and extinguishment of private means of access), if National Grid has any apparatus that is in the street or accessed via that street National Grid will be entitled to the same rights in respect of such apparatus as it enjoyed immediately before the stopping up and the undertaker will grant to National Grid, or will procure the granting to National Grid of such rights in respect of such apparatus and access to it prior to the stopping up of any such street or highway.

(2) Notwithstanding the temporary stopping up or diversion of any highway under the powers of article 17 (temporary stopping up of streets and private means of access), National Grid will be at liberty at all times to take all necessary access across any such stopped up highway and/or to execute and do all such works and things in, upon or under any such highway as it would have been entitled to do immediately before such temporary stopping up or diversion as may be reasonably necessary or desirable to enable it to maintain any apparatus which at the time of the temporary stopping up or diversion was in that highway.

Protective works to buildings

46.—(1) The undertaker, in the case of the powers conferred by article 24 (protective work to buildings), must exercise those powers so as not to obstruct or render less convenient the access to any apparatus without the written consent of National Grid, not to be unreasonably withheld or delayed.

Acquisition of land

47.—(1) Regardless of any provision in this Order or anything shown on the land plans or contained in the Book of Reference to the Order, the undertaker may not acquire any interest in land or apparatus or override any easement or other interest of National Grid otherwise than by agreement, such agreement not to be unreasonably withheld or delayed.

(2) As a condition of an agreement between the parties in sub-paragraph (1), prior to the carrying out of any part of the authorised works (or in such other timeframe as may be agreed between National Grid and the undertaker) that is subject to the requirements of this Part of this Schedule that will cause any conflict with or breach the terms of any easement or other legal or land interest of National Grid or affect the provisions of any enactment or agreement regulating the relations between National Grid and the undertaker in respect of any apparatus laid or erected in land belonging to or secured by the undertaker, the undertaker must as National Grid reasonably requires enter into such deeds of consent upon such terms and conditions as may be agreed between National Grid and the undertaker acting reasonably and which must be no less favourable on the whole to National Grid unless otherwise agreed by National Grid, and it will be the responsibility of the undertaker to procure and secure the consent and entering into of such deeds and variations by all other third parties with an interest in the land at that time who are affected by such authorised works.

(3) The undertaker and National Grid agree that where there is any inconsistency or duplication between the provisions set out in this Part of this Schedule relating to the relocation and/or removal of apparatus/including but not limited to the payment of costs and expenses relating to such relocation and/or removal of apparatus) and the provisions of any existing easement, rights, agreements and licences granted, used, enjoyed or exercised by National Grid and/or other enactments relied upon by National Grid as of right or other use in relation to the apparatus, then the provisions in this Part of this Schedule shall prevail.

(4) Any agreement or consent granted by National Grid under paragraph [9] or any other paragraph of this Part of this Schedule, shall not be taken to constitute agreement under sub-paragraph 6(1).

Removal of apparatus

48.—(1) If, in the exercise of the powers conferred by this Order, the undertaker acquires any interest in any land in which any apparatus is placed, that apparatus must not be removed under this Part of this Schedule and any right of National Grid to maintain that apparatus in that land must not be extinguished until alternative apparatus has been constructed, and is in operation to the reasonable satisfaction of National Grid in question in accordance with sub-paragraph (2) to (5) inclusive.

(2) If, for the purpose of executing any works in, on, under or over any land purchased, held, appropriated or used under this Order, the undertaker requires the removal of any apparatus placed in that land, it must give to National Grid not less than 28 days' advance written notice of that requirement, together with a plan of the work proposed, and of the proposed position of the alternative apparatus to be provided or constructed and in that case (or if in consequence of the exercise of any of the powers conferred by this Order National Grid reasonably needs to remove any of its apparatus) the undertaker must, subject to sub-paragraph (3), afford to National Grid to its reasonable satisfaction (taking into account paragraph 8(1) below) the necessary facilities and rights

- (a) for the construction of alternative apparatus; and
- (b) subsequently for the maintenance of that apparatus

on other land of, or secured by, the undertaker.

(3) If alternative apparatus or any part of such apparatus is to be constructed elsewhere than in other land of the undertaker, or the undertaker is unable to afford such necessary facilities and rights as are mentioned in sub-paragraph (2), in the land in which the alternative apparatus or part of such apparatus is to be constructed, National Grid must, on receipt of a written notice to that effect from the undertaker, take such steps as are reasonable in the circumstances in an endeavour to obtain the necessary facilities and rights in the land in which the alternative apparatus is to be constructed save that this obligation does not extend to the requirement for National Grid to use its compulsory purchase powers to this end unless it elects to so do.

(4) Any alternative apparatus to be constructed in land of or land secured by the undertaker under this Part of this Schedule must be constructed in such manner and in such line or situation as

may be agreed between National Grid and the undertaker or in default of agreement settled by arbitration in accordance with article 82 (arbitration).

(5) National Grid must, after the alternative apparatus to be provided or constructed has been agreed or settled by arbitration in accordance with article 82 (arbitration), and subject to the grant to National Grid of any such facilities and rights as are referred to in sub-paragraph (2) or (3), proceed without unnecessary delay to construct and bring into operation the alternative apparatus and subsequently to remove any apparatus required by the undertaker to be removed under the provisions of this Part of this Schedule.

Facilities and rights for alternative apparatus

49.—(1) Where, in accordance with the provisions of this Part of this Schedule, the undertaker affords to or secures for National Grid facilities and rights in land for the construction, use, maintenance and protection of alternative apparatus in substitution for apparatus to be removed, those facilities and rights must be granted upon such terms and conditions as may be agreed between the undertaker and National Grid or in default of agreement settled by arbitration in accordance with article 82 (arbitration).

(2) In settling those terms and conditions in respect of alternative apparatus to be constructed in the land of the undertaker, the arbitrator will—

- (a) give effect to all reasonable requirements of the undertaker for ensuring the safety and efficient operation of the authorised development and for securing any subsequent alterations or adaptations of the alternative apparatus which may be required to prevent interference with any proposed works of the undertaker; and
- (b) so far as it may be reasonable and practicable to do so in the circumstances of the particular case, give effect to the terms and conditions, if any, applicable to the apparatus constructed in or the land for which the alternative apparatus is to be substituted.

(3) If the facilities and rights to be afforded by the undertaker and agreed with National Grid under paragraph 8(1) above in respect of any alternative apparatus, and the terms and conditions subject to which those facilities and rights are to be granted, are in the opinion of the arbitrator less favourable on the whole to National Grid than the facilities and rights enjoyed by it in respect of the apparatus to be removed and the terms and conditions to which those facilities and rights are subject the arbitrator shall make such provision for the payment of compensation by the undertaker to National Grid as appears to the arbitrator to be reasonable having regard to all the circumstances of the particular case.

Retained apparatus: Protection of National Grid

50.—(1) Not less than 28 days before the commencement of any authorised works that are near to, or will or may affect, any apparatus the removal of which has not been required by the undertaker under paragraph 7(2) or otherwise, the undertaker must submit to National Grid a plan of the works to be executed and seek from National Grid details of the underground extent of their electricity tower foundations.

(2) In relation to works which will or may be situated on, over, under or within (i) 15 metres measured in any direction of any apparatus, or (ii) involve embankment works within 15 metres of any apparatus, the plan to be submitted to National Grid under sub-paragraph (1) must include a method statement and describe—

- (a) the exact position of the works;
- (b) the level at which these are proposed to be constructed or renewed;
- (c) the manner of their construction or renewal including details of excavation, positioning of plant;
- (d) the position of all apparatus;
- (e) by way of detailed drawings, every alteration proposed to be made to or close to any such apparatus;

- (f) any intended maintenance regimes; and
- (g) an assessment of risks of rise of earth issues.

(3) In relation to any works which will or may be situated on, over, under or within 10 metres of any part of the foundations of an electricity tower or between any two or more electricity towers, the plan to be submitted under sub-paragraph (1) must, in addition to the matters set out in sub-paragraph (2), include a method statement describing; -

- (a) details of any cable trench design including route, dimensions, clearance to pylon foundations;
- (b) demonstration that pylon foundations will not be affected prior to, during and post construction;
- (c) details of load bearing capacities of trenches;
- (d) details of cable installation methodology including access arrangements, jointing bays and backfill methodology;
- (e) a written management plan for high voltage hazard during construction and ongoing maintenance of the cable route;
- (f) written details of the operations and maintenance regime for the cable, including frequency and method of access;
- (g) assessment of earth rise potential if reasonably required by National Grid's engineers.
- (h) evidence that trench bearing capacity is to be designed to 26 tonnes to take the weight of overhead line construction traffic

(4) National Grid must provide its written approval to or any comments on any plan submitted pursuant to sub-paragraph (2) and (3) and detail any reasonable requirements as may be made in accordance with sub-paragraph (7)(a) within not more than 28 days of the date on which a plan under sub-paragraph (1) is submitted to it.

(5) Where National Grid provides comments on any plan submitted pursuant to sub-paragraph (1) within 28 days of the date on which a plan under sub-paragraph (1) is submitted to it the undertaker shall provide a response to those comments and where necessary submit any updates to that plan to address the comments made by National Grid and National Grid shall confirm whether the plan is approved or whether it has any further comments within not more than 14 days following the date of the response from the undertaker.

(6) Where National Grid has provided comments on any plan submitted to it pursuant to sub-paragraph (1) within not more than 28 days or in response to any response received from the undertaker within not more than 14 days the undertaker must not commence any works to which sub-paragraphs (2) or (3) apply until National Grid has given written approval of the plan so submitted or in default of agreement the matter has been settled by arbitration in accordance with article 82 (arbitration).

(7) Any approval of National Grid required under sub-paragraphs (2) or (3) or settled by arbitration in accordance with article 82 (arbitration)—

- (a) may be given subject to reasonable requirements for the alteration or otherwise for the protection of the apparatus, or for securing access to it; and,
- (b) must not be unreasonably withheld.

(8) In relation to any work to which sub-paragraphs (2) or (3) apply, National Grid may require such modifications to be made to the plans as may be reasonably necessary for the purpose of securing its apparatus against interference or risk of damage, for the provision of protective works or for the purpose of providing or securing proper and convenient means of access to any apparatus.

(9) Works to which this paragraph applies must only be executed in accordance with the plan, submitted under sub-paragraph (1), as approved or as amended from time to time by agreement between the undertaker and National Grid and in accordance with such reasonable requirements as may be made in accordance with sub-paragraphs (7)(a) by National Grid or as settled by arbitration in accordance with article 82 (arbitration), for the alteration or otherwise for the

protection of the apparatus, or for securing access to it, and National Grid will be entitled to watch and inspect the execution of those works.

(10) If National Grid in accordance with sub-paragraphs (7)(a) and in consequence of the works proposed by the undertaker, reasonably requires the removal of any apparatus and gives written notice to the undertaker of that requirement, paragraphs 1 to 3 and 6 to 8 apply as if the removal of the apparatus had been required by the undertaker under paragraph 7(2).

(11) Nothing in this paragraph precludes the undertaker from submitting at any time or from time to time, but in no case less than 28 days before commencing the execution of the authorised works, a new plan, instead of the plan previously submitted, and having done so the provisions of this paragraph shall apply to and in respect of the new plan.

(12) The undertaker is not required to comply with sub-paragraph (1) in the case of emergency but in that case it must give to National Grid notice as soon as is reasonably practicable and a plan of those works and must comply with any reasonable requirements for the alteration or otherwise for the protection of the apparatus, or for securing access to it insofar as is reasonably practicable in the circumstances.

(13) In sub-paragraph (13) “emergency” means works whose execution at the time when they are executed is required in order to put an end to or to prevent the occurrence of circumstances then existing or imminent (or which the person responsible for the works believes on reasonable grounds to be existing or imminent) which are likely to cause danger to persons or property.

(14) At all times when carrying out any works authorised under the Order, the undertaker must comply with National Grid’s policies for development near overhead lines EN43-8 and HSE’s guidance note 6 “Avoidance of Danger from Overhead Lines”.

Expenses

51.—(1) Subject to the following provisions of this paragraph, the undertaker must repay to National Grid on demand all charges, costs and expenses reasonably incurred by National Grid in, or in connection with, the inspection, removal, alteration or protection of any apparatus or the construction of any new or alternative apparatus which may be required in consequence of the execution of any authorised works as are referred to in this Part of this Schedule including without limitation—

- (a) any costs reasonably incurred by or compensation properly paid by National Grid in connection with the acquisition of rights or the exercise of statutory powers for such apparatus including without limitation all costs incurred by National Grid as a consequence of National Grid;
 - (i) using its own compulsory purchase powers to acquire any necessary rights under paragraph 7(3); and/or
 - (ii) exercising any compulsory purchase powers in the Order transferred to or benefitting National Grid;
- (b) in connection with the cost of the carrying out of any diversion work or the provision of any alternative apparatus;
- (c) the cutting off of any apparatus from any other apparatus or the making safe of redundant apparatus;
- (d) the approval of plans;
- (e) the carrying out of protective works, plus a capitalised sum to cover the cost of maintaining and renewing permanent protective works;
- (f) the survey of any land, apparatus or works, the inspection and monitoring of works or the installation or removal of any temporary works reasonably necessary in consequence of the execution of any such works referred to in this Part of this Schedule.

(2) There will be deducted from any sum payable under sub-paragraph (1) the value of any apparatus removed under the provisions of this Part of this Schedule and which is not re-used as part of the alternative apparatus, that value being calculated after removal.

(3) If in accordance with the provisions of this Part of this Schedule—

- (a) apparatus of better type, of greater capacity or of greater dimensions is placed in substitution for existing apparatus of worse type, of smaller capacity or of smaller dimensions; or
- (b) apparatus (whether existing apparatus or apparatus substituted for existing apparatus) is placed at a depth greater than the depth at which the existing apparatus was situated,

and the placing of apparatus of that type or capacity or of those dimensions or the placing of apparatus at that depth, as the case may be, is not agreed by the undertaker or, in default of agreement, is not determined by arbitration in accordance with article 82 (arbitration) to be necessary, then, if such placing involves cost in the construction of works under this Part of this Schedule exceeding that which would have been involved if the apparatus placed had been of the existing type, capacity or dimensions, or at the existing depth, as the case may be, the amount which apart from this sub-paragraph would be payable to National Grid by virtue of sub-paragraph (1) will be reduced by the amount of that excess.

(4) For the purposes of sub-paragraph (3)—

- (a) an extension of apparatus to a length greater than the length of existing apparatus will not be treated as a placing of apparatus of greater dimensions than those of the existing apparatus; and
- (b) where the provision of a joint in a pipe or cable is agreed, or is determined to be necessary, the consequential provision of a jointing chamber or of a manhole will be treated as if it also had been agreed or had been so determined.

(5) An amount which apart from this sub-paragraph would be payable to National Grid in respect of works by virtue of sub-paragraph (1) will, if the works include the placing of apparatus provided in substitution for apparatus placed more than 7 years and 6 months earlier so as to confer on National Grid any financial benefit by deferment of the time for renewal of the apparatus in the ordinary course, be reduced by the amount which represents that benefit.

Compensation

52.—(1) Subject to sub-paragraphs (2) and (3), if by reason or in consequence of the construction of any such works authorised by this Part of this Schedule, any damage is caused to any apparatus or alternative apparatus (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of the authorised works) or property of National Grid, or there is any interruption in any service provided, or in the supply of any goods, by National Grid, the undertaker will—

- (a) bear and pay on demand the cost reasonably incurred by National Grid in making good such damage or restoring the supply; and
- (b) make reasonable compensation to National Grid for any other expenses, loss, demands, proceedings, damages, claims, penalty or costs incurred by or recovered from National Grid,

by reason or in consequence of any such damage or interruption

(2) The fact that any act or thing may have been done by National Grid on behalf of the undertaker or in accordance with a plan approved by National Grid or in accordance with any requirement of National Grid or under its supervision will not (unless sub-paragraph (3) applies), excuse the undertaker from liability under the provisions of this sub-paragraph (1) unless National Grid fails to carry out and execute the works properly with due care and attention and in a skilful and workman like manner or in a manner that does not accord with the approved plan.

(3) Nothing in sub-paragraph 11(1) shall impose any liability on the undertaker in respect of-

- (a) any damage or interruption to the extent that it is attributable to the neglect or default of National Grid, its officers, servants, contractors or agents; and
- (b) any authorised works and/or any other works authorised by this Part of this Schedule carried out by National Grid as an assignee, transferee or lessee of National Grid with the benefit of the Order pursuant to section 156 of the Planning Act 2008 [or article 9

(consent to transfer benefit of order)] subject to the proviso that once such works become apparatus (“new apparatus”), any authorised works yet to be executed and not falling within this sub-section 3(b) will be subject to the full terms of this Part of this Schedule including this paragraph 11.

(4) National Grid must give the undertaker reasonable prior notice of any claim or demand and no settlement or compromise may be made without the consent of the undertaker and considering their representations.

Enactments and agreements

53. Save to the extent provided for to the contrary elsewhere in this Part of this Schedule or by agreement in writing between National Grid and the undertaker, nothing in this Part of this Schedule shall affect the provisions of any enactment or agreement regulating the relations between the undertaker and National Grid in respect of any apparatus laid or erected in land belonging to the undertaker on the date on which this Order is made.

Co-operation

54.—(1) Where in consequence of the proposed construction of any of the authorised works, the undertaker or National Grid requires the removal of apparatus under paragraph 7(2) or National Grid makes requirements for the protection or alteration of apparatus under paragraph (9), the undertaker shall use its best endeavours to co-ordinate the execution of the works in the interests of safety and the efficient and economic execution of the authorised development and taking into account the need to ensure the safe and efficient operation of National Grid’s undertaking and National Grid shall use its best endeavours to co-operate with the undertaker for that purpose.

(2) For the avoidance of doubt whenever the National Grid’s consent, agreement or approval is required in relation to plans, documents or other information submitted by the undertaker or the taking of action by National Grid, it must not be unreasonably withheld or delayed.

Access

55. If in consequence of the agreement reached in accordance with paragraph [6(1)] or of the exercise of the powers granted under this Order the access to any apparatus is materially obstructed, the undertaker must provide such alternative means of access to such apparatus as will enable National Grid to maintain or use the apparatus no less effectively than was possible before such obstruction.

Notices

56. The plans submitted to National Grid by the undertaker pursuant to paragraph [9(1)] must be sent to National Grid Plant Protection at plantprotection@nationalgrid.com or such other address as National Grid may from time to time appoint instead for that purpose and notify to the undertaker in writing.

PART 6

FOR THE PROTECTION OF CADENT

Application

57. For the protection of Cadent the following provisions will, unless otherwise agreed in writing between the undertaker and Cadent, have effect.

Interpretation

58. In this Part of this Schedule—

“1991 Act” means the New Roads and Street Works Act 1991;

“alternative apparatus” means appropriate alternative apparatus to the reasonable satisfaction of Cadent to enable Cadent to fulfil its statutory functions in a manner no less efficient than previously;

“apparatus” means any gas mains, pipes, pressure governors, ventilators, cathodic protections, cables or other apparatus belonging to or maintained by Cadent for the purposes of gas supply together with any replacement apparatus and such other apparatus constructed pursuant to the Order that becomes operational apparatus of Cadent for the purposes of transmission, distribution and/or supply and includes any structure in which apparatus is or will be lodged or which gives or will give access to apparatus;

“authorised development” has the same meaning in article 2(1) (interpretation) of this Order and for the purposes of this Part of this Schedule includes the use and maintenance of the authorised development and construction of any works authorised by this Schedule;

“Cadent” means Cadent Gas Limited and/or its successors in title and/or any successor as a gas transporter within the meaning of Part 1 of the Gas Act 1986.

“commence” has the same meaning as in article 2 of this Order and commencement shall be construed to have the same meaning;

“functions” includes powers and duties;

“ground mitigation scheme” means a scheme approved by Cadent (such approval not to be unreasonably withheld or delayed) setting out the necessary measures (if any) for a ground subsidence event;

“ground monitoring scheme” means a scheme for monitoring ground subsidence which sets out the apparatus which is to be subject to such monitoring, the extent of land to be monitored, the manner in which ground levels are to be monitored, the timescales of any monitoring activities and the extent of ground subsidence which, if exceeded, requires the undertaker to submit for Cadent’s approval a ground mitigation scheme;

“ground subsidence event” means any ground subsidence identified by the monitoring activities set out in the ground monitoring scheme that has exceeded the level described in the ground monitoring scheme as requiring a ground mitigation scheme;

“in” in a context referring to apparatus or alternative apparatus in land includes a reference to apparatus or alternative apparatus under, over, across, along or upon such land;

“maintain” and “maintenance” includes the ability and right to do any of the following in relation to any apparatus or alternative apparatus of Cadent including retain, lay, construct, inspect, maintain, protect, use, access, enlarge, replace, renew, remove, decommission or render unusable or remove the apparatus;

“plan” or “plans” include all designs, drawings, specifications, method statements, soil reports, programmes, calculations, risk assessments and other documents that are reasonably necessary properly and sufficiently to describe and assess the works to be executed;

“rights” includes rights and restrictive covenants, and in relation to decommissioned apparatus the surrender of rights, release of liabilities and transfer of decommissioned apparatus;

[“specified works” means any of the authorised works or activities undertaken in association with the authorised works which:

- (a) will or may be situated within [15] metres measured in any direction of any apparatus the removal of which has not been required by the undertaker under sub-paragraph 7(2) or otherwise;] and

“undertaker” means the undertaker as defined in article 2 of this Order.

On Street Apparatus

59.—(1) Except for paragraphs 4 (apparatus in stopped up streets), 7 (Removal of Apparatus) in so far as sub-paragraph 3(2) applies, 8 (Facilities and Rights for Alternative Apparatus) in so far as sub-paragraph 3(2) below applies, 9 (retained apparatus: protection) and 10 (expenses) of this Part of this Schedule which will apply in respect of the exercise of all or any powers under the Order affecting the rights and apparatus of Cadent, the other provisions of this Part of this Schedule do not apply to apparatus in respect of which the relations between the undertaker and Cadent are regulated by the provisions of Part 3 of the 1991 Act.

(2) Paragraph 7 and 8 apply to diversions even where carried out under the 1991 Act, in circumstances where any Apparatus is diverted from an alignment within the existing adopted public highway but not wholly replaced within existing adopted public highway.

Apparatus of Cadent in stopped up streets

60.—(1) Without prejudice to the generality of any other protection afforded to Cadent elsewhere in the Order, where any street is stopped up under article 14 (permanent stopping up of streets and extinguishment of private means of access), if Cadent has any apparatus that is in the street or accessed via that street Cadent will be entitled to the same rights in respect of such apparatus as it enjoyed immediately before the stopping up and the undertaker will grant to Cadent, or will procure the granting to Cadent of such rights to Cadent in respect of such apparatus and access to it prior to the stopping up of any such street or highway but nothing in this paragraph affects any right of the undertaker or of Cadent to require the removal of that apparatus under paragraph 7.

(2) Notwithstanding the temporary stopping up or diversion of any highway under the powers of article 17 (temporary stopping up of streets and private means of access), Cadent will be at liberty at all times to take all necessary access across any such stopped up highway and/or to execute and do all such works and things in, upon or under any such highway as it would have been entitled to do immediately before such temporary stopping up or diversion in respect of any apparatus which at the time of the temporary stopping up or diversion was in that highway.

Protective works to buildings

61. The undertaker, in the case of the powers conferred by article 24 (protective work to buildings), must exercise those powers so as not to obstruct the access to any apparatus without the written consent of Cadent.

Acquisition of apparatus

62.—(1) Regardless of any provision in this Order or anything shown on the land plans or contained in the Book of Reference to the Order, the undertaker may not acquire any apparatus of Cadent otherwise than by agreement, such agreement not to be unreasonably withheld or delayed.

(2) The undertaker and Cadent agree that where there is any inconsistency or duplication between the provisions set out in this Part of this Schedule relating to the relocation and/or removal of apparatus including but not limited to the payment of costs and expenses relating to such relocation and/or removal of apparatus and the provisions of any existing easement, rights, agreements and licences granted, used, enjoyed or exercised by Cadent and/or other enactments relied upon by Cadent as of right or other use in relation to the apparatus, then the provisions in this Part of this Schedule will prevail.

(3) Any agreement or consent granted by Cadent under paragraph 9 or any other paragraph of this Part of this Schedule, shall not be taken to constitute agreement under sub-paragraph 6(1).

Removal of apparatus

63.—(1) If, in the exercise of the powers conferred by this Order, the undertaker acquires any interest in any land in which any apparatus is placed or requires that any apparatus is relocated or

diverted, that apparatus must not be removed under this Part of this Schedule and any right of Cadent to maintain that apparatus in that land must not be extinguished until, if so required by Cadent, alternative apparatus has been constructed, is in operation, and the rights and facilities referred to in sub-paragraph (2) have been provided, to the satisfaction of Cadent in accordance with sub-paragraph (2) to (5) inclusive.

(2) If, for the purpose of executing any works in, on, under or over any land purchased, held, appropriated or used under this Order, the undertaker requires the removal of any apparatus placed in that land, it must give to Cadent not less than 28 days' written notice of that requirement, together with a plan and section of the work proposed, and of the proposed position of the alternative apparatus to be provided or constructed and in that case (or if in consequence of the exercise of any of the powers conferred by this Order Cadent reasonably needs to move or remove any of its apparatus) the undertaker must subject to sub-paragraph (3) afford to Cadent (taking into account sub-paragraph 8(1) below) the necessary facilities and rights:

- (a) for the construction of alternative apparatus (including appropriate working areas required to reasonably and safely undertake necessary works by Cadent in respect of the apparatus);
- (b) subsequently for the maintenance of that apparatus (including appropriate working areas required to reasonably and safely undertake necessary works by Cadent in respect of the apparatus); and
- (c) to allow access to that apparatus (including appropriate working areas required to reasonably and safely undertake necessary works by Cadent in respect of the apparatus)

on other land of the undertaker.

(3) If alternative apparatus or any part of such apparatus is to be constructed elsewhere than in other land of the undertaker, or the undertaker is unable to afford such necessary facilities and rights as are mentioned in sub-paragraph (2), in the land in which the alternative apparatus or part of such apparatus is to be constructed, Cadent must, on receipt of a written notice to that effect from the undertaker, as soon as reasonably possible use its reasonable endeavours to obtain the necessary facilities and rights in the land in which the alternative apparatus is to be constructed.

(4) Any alternative apparatus to be constructed in land of the undertaker under this Part of this Schedule must be constructed in such manner and in such line or situation as may be agreed between Cadent and the undertaker or in default of agreement settled by arbitration in accordance with article 82 (arbitration).

(5) Cadent must, after the alternative apparatus to be provided or constructed has been agreed or settled by arbitration in accordance with article 82 (arbitration), and after the grant to Cadent of such facilities and rights as are referred to in sub-paragraph (2) or (3) proceed without unnecessary delay to construct and bring into operation the alternative apparatus and subsequently to remove any apparatus required by the undertaker to be removed under the provisions of this Part of this Schedule.

(6) Regardless of anything in sub-paragraph (5), if the undertaker gives notice in writing to Cadent that the undertaker desires itself to execute any work, or any part of any work in connection with the construction or removal of the apparatus in any land of the undertaker, that work, instead of being executed by Cadent, must be executed by the undertaker without unnecessary delay under the superintendence, if given, and to the reasonable satisfaction of the statutory undertaker.

Facilities and rights for alternative apparatus

64.—(1) Where, in accordance with the provisions of this Part of this Schedule, the undertaker affords to or secures for Cadent facilities and rights for the access to, construction and maintenance in land of the undertaker of alternative apparatus in substitution for apparatus to be removed, those facilities and rights must be granted upon such terms and conditions as may be agreed between the undertaker and Cadent or in default of agreement settled by arbitration in accordance with article 82 (arbitration).

(2) In settling those terms and conditions in respect of alternative apparatus to be constructed in the land of the undertaker, the arbitrator will—

- (a) give effect to all reasonable requirements of the undertaker for ensuring the safety and efficient operation of the authorised development and for securing any subsequent alterations or adaptations of the alternative apparatus which may be required to prevent interference with any proposed works of the undertaker; and
- (b) so far as it may be reasonable and practicable to do so in the circumstances of the particular case, give effect to the terms and conditions, if any, applicable to the apparatus constructed in or the land for which the alternative apparatus is to be substituted.

(3) If the facilities and rights to be afforded by the undertaker under sub-paragraph 8(1) above in respect of any alternative apparatus, and the terms and conditions subject to which those facilities and rights are to be granted, are in the opinion of the arbitrator less favourable on the whole to Cadent than the facilities and rights enjoyed by it in respect of the apparatus to be removed and the terms and conditions to which those facilities and rights are subject the arbitrator is to make such provision for the payment of compensation by the undertaker to Cadent as appears to the arbitrator to be reasonable having regard to all the circumstances of the particular case.

Retained apparatus: protection of Cadent

65.—(1) Not less than 28 days before the commencement of any specified works the undertaker must submit to Cadent a plan and, if reasonably required by Cadent, a ground monitoring scheme in respect of those works.

(2) The plan to be submitted to Cadent under sub-paragraph (1) must include a method statement and describe—

- (a) the exact position of the works;
- (b) the level at which these are proposed to be constructed or renewed;
- (c) the manner of their construction or renewal including details of excavation, positioning of plant etc.;
- (d) the position of all apparatus;
- (e) by way of detailed drawings, every alteration proposed to be made to or close to any such apparatus; and
- (f) any intended maintenance regimes.

(3) Cadent must provide its written approval to or any comments on any plan submitted pursuant to sub-paragraph (2) and detail any reasonable requirements as may be made in accordance with sub-paragraph (6)(a) within not more than 28 days of the date on which a plan under sub-paragraph (1) is submitted to it.

(4) Where Cadent provides comments on any plan submitted pursuant to sub-paragraph (1) within 28 days of the date on which a plan under sub-paragraph (1) is submitted to it the undertaker shall provide a response to those comments and where necessary submit any updates to that plan to address the comments made by Cadent and Cadent shall confirm whether the plan is approved or whether it has any further comments within not more than 14 days following the date of the response from the undertaker.

(5) Where Cadent has provided comments on any plan submitted to it pursuant to sub-paragraph (1) within not more than 28 days or in response to any response received from the undertaker within not more than 14 days the undertaker must not commence any works to which sub-paragraphs (1) and (2) apply until Cadent has given written approval of the plan so submitted or in default of agreement the matter has been settled by arbitration in accordance with article 82 (arbitration).

(6) Any approval of Cadent required under sub-paragraph (3) or settled by arbitration in accordance with article 82 (arbitration)—

- (a) may be given subject to reasonable requirements for the alteration or otherwise for the protection of the apparatus, or for securing access to it; and,

(b) must not be unreasonably withheld.

(7) Works to which this paragraph applies must only be executed in accordance with the plan, submitted under sub-paragraph (1), as approved and in accordance with such reasonable requirements as may be made in accordance with sub-paragraph (6)(a) or as settled by arbitration in accordance with article 82 (arbitration) or as amended from time to time by agreement between the undertaker and Cadent, and Cadent will be entitled to watch and inspect the execution of those works.

(8) If Cadent in accordance with sub-paragraph (6)(a) and in consequence of the works proposed by the undertaker, reasonably requires the removal of any apparatus and gives written notice to the undertaker of that requirement, paragraphs 1 to 3 and 6 to 8 apply as if the removal of the apparatus had been required by the undertaker under sub-paragraph 7(2).

(9) Nothing in this paragraph precludes the undertaker from submitting at any time or from time to time, but in no case less than 28 days before commencing the execution of the authorised works, a new plan, instead of the plan previously submitted, and having done so the provisions of this paragraph will apply to and in respect of the new plan.

(10) The undertaker is not required to comply with sub-paragraph (1) or (7) in the case of emergency but in that case it must give to Cadent notice as soon as is reasonably practicable and a plan of those works and must comply with any reasonable requirements for the alteration or otherwise for the protection of the apparatus, or for securing access to it insofar as is reasonably practicable in the circumstances.

(11) At all times when carrying out any works authorised under the Order the undertaker or persons carrying out works on behalf of the undertaker must comply with Cadent's policies for safe working in proximity to gas apparatus "Specification for safe working in the vicinity of Cadent High pressure Gas pipelines and associated installation requirements for third parties SPGD/SP /SSW22" and HSE's "HS(~G)47 Avoiding Danger from underground services".

(12) As soon as reasonably practicable after any ground subsidence event attributable to the authorised development the undertaker must implement an appropriate ground mitigation scheme save that Cadent retains the right to carry out any further necessary protective works for the safeguarding of its apparatus and can recover any such costs in line with paragraph 10.

Expenses and costs

66.—(1) Subject to the following provisions of this paragraph, the undertaker must repay to Cadent on demand all charges, costs and expenses reasonably incurred by Cadent in, or in connection with, the inspection, removal, alteration or protection of any apparatus or the construction of any new or alternative apparatus which may be required in consequence of the execution of any authorised development as are referred to in sub-paragraph 7(2) including without limitation—

- (a) any costs reasonably incurred by or compensation properly paid by Cadent in connection with the negotiation or acquisition of rights or the exercise of statutory powers for such apparatus including without limitation all costs (including professional fees) incurred by Cadent as a consequence of Cadent;
 - (i) using its own compulsory purchase powers to acquire any necessary rights under sub-paragraph 7(3); and/or
 - (ii) exercising any compulsory purchase powers in the Order transferred to or benefitting Cadent;
- (b) in connection with the cost of the carrying out of any diversion work or the provision of any alternative apparatus;
- (c) the cutting off of any apparatus from any other apparatus or the making safe of redundant apparatus;
- (d) the approval of plans;
- (e) the carrying out of protective works, plus a capitalised sum to cover the cost of maintaining and renewing permanent protective works;

- (f) the survey of any land, apparatus or works, the inspection and monitoring of works or the installation or removal of any temporary works reasonably necessary in consequence of the execution of any such works referred to in this Part of this Schedule;
- (g) any watching brief pursuant to sub-paragraph 9(6).

(2) There will be deducted from any sum payable under sub-paragraph (1) the value of any apparatus removed under the provisions of this Part of this Schedule and which is not re-used as part of the alternative apparatus, that value being calculated after removal.

(3) If in accordance with the provisions of this Part of this Schedule—

- (a) apparatus of better type, of greater capacity or of greater dimensions is placed in substitution for existing apparatus of worse type, of smaller capacity or of smaller dimensions; or
- (b) apparatus (whether existing apparatus or apparatus substituted for existing apparatus) is placed at a depth greater than the depth at which the existing apparatus was situated,

and the placing of apparatus of that type or capacity or of those dimensions or the placing of apparatus at that depth, as the case may be, is not agreed by the undertaker or, in default of agreement, is not determined by arbitration in accordance with article 82 (arbitration) to be necessary, then, if such placing involves cost in the construction of works under this Part of this Schedule exceeding that which would have been involved if the apparatus placed had been of the existing type, capacity or dimensions, or at the existing depth, as the case may be, the amount which apart from this sub-paragraph would be payable to Cadent by virtue of sub-paragraph (1) will be reduced by the amount of that excess.

(4) For the purposes of sub-paragraph (3)—

- (a) an extension of apparatus to a length greater than the length of existing apparatus will not be treated as a placing of apparatus of greater dimensions than those of the existing apparatus; and
- (b) where the provision of a joint in a pipe or cable is agreed, or is determined to be necessary, the consequential provision of a jointing chamber or of a manhole will be treated as if it also had been agreed or had been so determined.

(5) An amount which apart from this sub-paragraph would be payable to Cadent in respect of works by virtue of sub-paragraph (1) will, if the works include the placing of apparatus provided in substitution for apparatus placed more than 7 years and 6 months earlier so as to confer on Cadent any financial benefit by deferment of the time for renewal of the apparatus in the ordinary course, be reduced by the amount which represents that benefit.

Compensation

67.—(1) Subject to sub-paragraphs (2) and (3), if by reason or in consequence of the construction of any such works authorised by this Part of this Schedule any damage is caused to any apparatus or alternative apparatus (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of those works) or property of Cadent, or there is any interruption in any service provided, or in the supply of any goods, by Cadent, the undertaker shall—

- (a) bear and pay on demand the cost reasonably incurred by Cadent in making good such damage or restoring the supply; and
- (b) make reasonable compensation to Cadent for any other expenses, loss, demands, proceedings, damages, claims, penalty or costs incurred by or recovered from Cadent,

by reason or in consequence of any such damage or interruption.

(2) Nothing in sub-paragraph 11(1) must impose any liability on the undertaker with respect to any damage or interruption to the extent that it is attributable to the neglect or default of Cadent, its officers, servants, contractors or agents.

(3) Cadent must give the undertaker reasonable prior written notice of any claim or demand, and no settlement or compromise may be made without the consent of the undertaker.

Enactments and agreements

68. Save to the extent provided for to the contrary elsewhere in this Part of this Schedule or by agreement in writing between Cadent and the undertaker, nothing in this Part of this Schedule affects the provisions of any enactment or agreement regulating the relations between the undertaker and Cadent in respect of any apparatus laid or erected in land belonging to the undertaker on the date on which this Order is made.

Co-operation

69.—(1) Where in consequence of the proposed construction of any of the authorised works, the undertaker or Cadent requires the removal of apparatus under sub-paragraph 7(2) or Cadent makes requirements for the protection or alteration of apparatus under paragraph 9, the undertaker must use its best endeavours to co-ordinate the execution of the works in the interests of safety and the efficient and economic execution of the authorised development and taking into account the need to ensure the safe and efficient operation of Cadent’s undertaking and Cadent must use its best endeavours to co-operate with the undertaker for that purpose.

(2) For the avoidance of doubt whenever Cadent’s consent, agreement or approval is required in relation to plans, documents or other information submitted by Cadent or the taking of action by Cadent, it must not be unreasonably withheld or delayed.

Access

70. If in consequence of the exercise of the powers granted under this Order the access to any apparatus (including appropriate working areas required to reasonably and safely undertake necessary works by Cadent in respect of the apparatus) is materially obstructed, the undertaker must following a request by Cadent and to the extent reasonably possible in land of the undertaker provide such alternative rights and means of access to such apparatus as will enable Cadent to maintain or use the apparatus.

Notices

71. The plans submitted to Cadent by the undertaker pursuant to sub-paragraph [9(1)] must be sent to Cadent Gas Limited Plant Protection at Brick Kiln Street, Hinckley, Leicester, LE10 0NA or such other address as Cadent may from time to time appoint instead for that purpose and notify to the undertaker.

PART 7

FOR THE PROTECTION OF ESSEX AND SUFFOLK WATER

72. For the protection of Essex and Suffolk Water, the following provisions shall, unless otherwise agreed in writing between the undertaker and Essex and Suffolk Water, have effect.

73. In this Part of this Schedule—

“alternative apparatus” means alternative apparatus adequate to enable ESW to fulfil its statutory functions in not less efficient a manner than previously;

“apparatus” means any works, mains, pipes, wells, boreholes, tanks, service reservoirs, pumping stations (and any accessories to those items) or other apparatus, structures, tunnels, shafts or treatment works belonging to or maintained by ESW for the purposes of water supply and includes a water main, resource main or trunk main and any inspection chambers, wash-out pipes, pumps, ferrules or stopcocks for the main or works (within the meaning of section 219 of the Water Industry Act 1991);

“ESW” means Northumbrian Water Limited, t/a Essex and Suffolk Water, company number 02366703, whose registered office is at Northumbria House, Abbey Road, Pity Me, Durham, DH1 5FJ;

“functions” includes powers and duties;

“in” in a context referring to apparatus or alternative apparatus in land includes a reference to apparatus or alternative apparatus under, over or upon land;

“plan” includes sections, drawings, specifications and method statements;

“the standard protection strips” means strips of land falling the following distances to either side of the medial line of any relevant pipe or apparatus—

- (a) 2.25 metres where the diameter of the pipe is less than 150 millimetres;
- (b) 3 metres where the diameter of the pipe is between 150 and 450 millimetres;
- (c) 4.5 metres where the diameter of the pipe is between 450 and 750 millimetres; and
- (d) 6 metres where the diameter of the pipe exceeds 750 millimetres

unless otherwise agreed; and

74. The undertaker must not interfere with, build over or near to any apparatus within the Order land or execute the placing, installation, bedding, packing, removal, connection or disconnection of any apparatus, or execute any filling around the apparatus (where the apparatus is laid in a trench) within the standard protection strips unless otherwise agreed in writing with ESW, such agreement not to be unreasonably withheld or delayed, and the existence of this paragraph 74 shall be brought to the attention of any agent or contractor responsible for carrying out any part of the authorised development on behalf of the undertaker.

75. The alteration, extension, removal or re-location of any apparatus shall not be implemented until—

- (a) any required permits under the Environmental Permitting Regulations 2016 or other legislation and any other associated consents are obtained; and
- (b) the undertaker has made the appropriate application under section 185 (duty to move pipes, etc.) of the Water Industry Act 1991 as may be required by that provision and has provided a plan and section of the works proposed to ESW and ESW has given the necessary consent or approval under that provision, such agreement not to be unreasonably withheld or delayed,

and such works are to be executed only in accordance with the plan, section and description submitted and in accordance with such reasonable requirements as may be made by ESW for the alteration or otherwise for the protection of the apparatus, or for securing access to it.

76. In the situation, where in exercise of the powers conferred by the Order, the undertaker acquires any interest in any land in which any apparatus is placed and such apparatus is to be relocated, extended, removed or altered in any way, no alteration or extension shall take place until ESW has established to its reasonable satisfaction contingency arrangements in order to conduct its functions for the duration of the works to relocate, extend, remove or alter the apparatus.

77. Regardless of any provision in this Order or anything shown on any plan, the undertaker must not acquire any apparatus otherwise than by agreement, and before extinguishing any existing rights for ESW to use, keep, inspect, renew and maintain its apparatus in the Order land, the undertaker must, with the agreement of ESW, create a new right to use, keep, inspect, renew and maintain the apparatus that is reasonably convenient for ESW, such agreement not to be unreasonably withheld or delayed.

78. If in consequence of the exercise of the powers conferred by the Order the access to any apparatus is materially obstructed the undertaker shall provide such alternative means of access to such apparatus as will enable ESW to maintain or use the apparatus no less effectively than was possible before such obstruction.

79. If in consequence of the exercise of the powers conferred by the Order, previously unmapped sewers, lateral drains or other apparatus are identified by the undertaker, notification of the location of such assets will immediately be given to ESW and afforded the same protection as other ESW assets.

80. If for any reason or in consequence of the construction of any of the works referred to in paragraphs 74 to 76 any damage is caused to any apparatus (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of those works) or property of ESW, or there is any interruption in any service provided, or in the supply of any goods, by ESW, the undertaker must—

- (a) bear and pay the cost reasonably incurred by ESW in making good any damage or restoring the supply; and
- (b) make reasonable compensation to ESW for any other expenses, loss, damages, penalty or costs incurred by ESW, by reason or in consequence of any such damage or interruption.

81. Any agreement or approval of ESW required under these provisions (including pursuant to paragraph 74, 75 and 77:

- (a) must not be unreasonably withheld or delayed;
- (b) is deemed to have been given if it is neither given nor refused within 42 days of the date of submission of a request for such agreement or approval, or, in the case of a refusal, if it is not accompanied by a statement of the grounds of refusal; and
- (c) any request for agreement or approval of ESW required under these provisions must be sent to companysecretary@nwl.co.uk. or such other address as ESW may from time to time appoint instead for that purpose and notify to the undertaker in writing.

82. Any dispute arising between the undertaker and ESW under this Part of this Schedule must be referred to and settled by arbitration under article 82 (arbitration) unless otherwise agreed in writing between the undertaker and ESW.

SCHEDULE 19

Article 51

Limits of Harbour

The limits of the harbour within which the undertaker must exercise jurisdiction as the harbour authority and within which the powers of the harbour master are exercisable must be the area bounded by an imaginary line commencing at the shore north of the authorised development at $52^{\circ}14'0''$, $1^{\circ}37'37''$, then extending in a straight line to a point at $52^{\circ}14'0''$, $1^{\circ}41'0''$, then extending in a straight line to a point at $52^{\circ}12'0''$, $1^{\circ}41'0''$, then extending in a straight line due west to the coast to a point at $52^{\circ}12'0''$, $1^{\circ}37'20.8$, then following the level of Highest Astronomical Tide (HAT) to the point at $52^{\circ}14'0''$, $1^{\circ}37'37''$. Discrete lines of latitude and longitude have been chosen as these are easier for mariners to use in the absence of any suitable landmarks.

Deemed Marine Licence under Part 4 (Marine Licensing) of the Marine
and Coastal Access Act 2009

PART 1

INTRODUCTION

Interpretation**1.—(1)** In this licence—

“the 2008 Act” means the Planning Act 2008;

“the 2009 Act” means the Marine and Coastal Access Act 2009;

“the 2011 Regulations” means the Marine Licensing (Licence Application Appeals) Regulations 2011;

“CPMMP” means Coastal Processes Monitoring and Mitigation Plan;

“commence” means beginning to carry out any licensed activity or any phase of licensed activity and “commenced” and “commencement” are to be construed accordingly;

“condition” means a condition under Part 3 of this licence;

“determination date” is the date after which the undertaker may submit an appeal for non-determination under Schedule 20A (Appeals procedure in relation to deemed marine licence);

“EA” means the Environment Agency;

“EIFCA” means Eastern Inshore Fisheries Conservation Authority

“the English inshore region” has the same meaning as that given in section 322 (interpretation) of the 2009 Act;

“environmental information” means the Environmental Statement and any “further information” as defined in the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 relating to the application for development consent in respect of the marine works;

“Environmental Statement” means the document certified as such by the Secretary of State under article 80;

“ESC” means East Suffolk Council;

“FLCP” means Fisheries Liaison and Co-existence Plan

“FRR” means Fish Recovery and Return

“LAT” means Lowest Astronomical Tide;

“licensable marine activities” means any activity licensable under section 66 of the 2009 Act;

“licensed activity” means any activity described in Part 2 of this licence;

“maintain” includes inspect, repair, adjust, alter, clear, refurbish, remove or reconstruct, replace and improve provided such works do not give rise to any materially new or materially different environmental effects to those identified in the environmental information and any derivation of “maintain” is to be construed accordingly;

“capital dredging activity” means an activity which comprises the excavation of the seabed, in an area or down to a level (relative to Ordnance Datum) not previously dredged during the preceding 10 years;

“maintenance dredging activity” means any activity which comprises the removal of recently-accumulated sediments such as mud, sand and gravel in order to keep channels, berths and other areas at their designed depths and which takes place in circumstances where—

- (a) the level of the seabed to be restored by the dredging is not lower than it has been at any time during the past 10 years; and
- (b) there is evidence that dredging has previously been undertaken to that level (or lower) during that period;

“Marine Case Management System” and “MCMS” means MMO’s online system for submission of marine licence applications and management of consented marine licences, including the submission of condition returns;

“marine works” means Work Nos. 1A(m) 1A(bb), 1A(n), 2 described in Schedule 1 and any other works below MHWS authorised by this Order or, as the case may require, any part of those and “marine work” refers to any one of the marine works;

“Maritime and Coastguard Agency” means the executive agency of the Department for Transport;

“marker buoy” means any floating device used for marker or navigation purposes, including LIDAR buoys and wave buoys;

“LVSE” means Low Velocity, Side-Entry (cooling water intake head);

“mean high water spring tide” means the highest level which spring tides reach on average over a period of time;

“MEMP” means the Marine Environmental Monitoring Plan

“mean high water springs” or “MHWS” means the highest level which spring tides reach on average over a period of time;

“MMO” means the Marine Management Organisation;

“notice to mariners” means a notice issued by the undertaker to mariners to inform them of issues that affect the safety of navigation;

“Order” means The Sizewell C (Nuclear Generating Station) Order 202[X];

“Order land” means the land identified by plot numbers on the Land Plans and described in the Book of Reference;

“OSPAR” means Oslo-Paris Convention;

“TBM” means tunnel boring machine;

“undertaker” means NNB Generation Company (SZC) Limited (company number 09284825) or any person who has the benefit of this Order in accordance with articles 8 (Benefit of Order) and 9 (Consent to transfer benefit of Order);

“Work No. 1A(m)” means the Work with this reference in Schedule 1 of the Order, being the Permanent Beach Landing Facility (PBLF);

“Work No. 1A(bb)” means the Work with this reference in Schedule 1 of the Order, being the Temporary Beach Landing Facility (TBLF);

“Work No. 1A(n)” means the Work with this reference in Schedule 1 of the Order, being the Soft Coastal defence Feature (SCDF);

“Work No. 2A” means the Work with this reference in Schedule 1 of the Order, being the intake tunnel for Unit 1;

“Work No. 2B” means the Work with this reference in Schedule 1 of the Order, being the two intake heads for Unit 1 including vertical shafts;

“Work No. 2C” means the Work with this reference in Schedule 1 of the Order, being the intake tunnel for Unit 2;

“Work No. 2D” means the Work with this reference in Schedule 1 of the Order, being the two intake heads for Unit 2 including vertical shafts;

“Work No. 2E” means the Work with this reference in Schedule 1 of the Order, being the outfall tunnel common to both Unit 1 and Unit 2;

“Work No. 2F” means the Work with this reference in Schedule 1 of the Order, being the two outfall heads including vertical shafts common to both Unit 1 and Unit 2;

“Work Nos. 2G and 2H” means the Works with this reference in Schedule 1 of the Order, being the fish return tunnel and associated outfall head for Unit 1;

“Work Nos. 2I and 2J” means the Works with this reference in Schedule 1 of the Order, being the fish return tunnel and associated outfall head for Unit 2;

“Work Nos. 2K and 2L” means the Works with this reference in Schedule 1 of the Order, being the combined drainage outfall tunnel and associated head structure, and

“MAWSI” means marine archaeological written scheme of investigation.

Addresses

2.—(1) Unless otherwise advised in writing by the MMO, the address for postal correspondence with the MMO for the purposes of this Schedule is the Marine Management Organisation, Marine Licensing Team, Lancaster House, Hampshire Court, Newcastle upon Tyne, NE4 7YH, telephone 0300 123 1032 and where contact to the local MMO office is required, the following contact details should be used: Marine Management Organisation, Pakefield Road, Lowestoft, Suffolk NR33 0HT, telephone 01502 573 149.

(2) Unless otherwise advised in writing by the MMO, the address for electronic communication with the MMO for the purposes of this licence is marine.consent@marinemangement.org.uk or where contact to the local MMO office is required is lowestoft@marinemangement.org.uk.

(3) Unless otherwise advised in writing by the MMO, the MMO Marine Case Management System (MCMS) should be used for all Licence Returns or applications to vary this licence, unless otherwise advised by the MMO. The MCMS address is: https://marinelicensing.marinemangement.org.uk/mmofox5/fox/live/MMO_LOGIN/login

PART 2

LICENSED ACTIVITIES - GENERAL

3. The provisions of section 72 of the 2009 Act apply to this licence.

4.—(1) Subject to the licence conditions in Part 3 of this licence, this licence authorises the undertaker to carry out any licensable marine activities under section 66(1) of the 2009 Act which—

- (a) form part of, or are related to, the marine works;
- (b) are not exempt from requiring a marine licence by virtue of any provision made under section 74 of the 2009 Act; and
- (c) do not give rise to any materially new or materially different environmental effects to those assessed in the environmental information.

(2) Such activities (referred to in paragraph 4(1)) are authorised in relation to the construction, maintenance and operation of—

- (a) Work No. 1A(m) — a permanent Beach Landing Facility (PBLF) comprising—
 - (i) Up to 24no. supporting piles (16no below MHWS) of up to 1.0m diameter,
 - (ii) A deck up to 100m long and 12m wide with removable deck panels,
 - (iii) 2no fender piles and 2no mooring dolphins of up to 2.5m diameter,
 - (iv) Removable road bed sections to span between the supporting piles,
 - (v) Grillage, comprising pre-cast concrete cross beams with steel beams above to form berthing area of up to 100m long by 30m wide,

- (vi) Surface and navigational lighting,
 - (vii) Capital dredge for installation of grillage berthing area within coordinates listed in Part 4 (Table 2),
 - (viii) Maintenance dredge of grillage within coordinates listed in Part 4 (Table 2),
 - (ix) Maintenance dredge for barge berthing area within coordinates listed in Part 4 (Table 2) for occasional deliveries during operation of the power station
- (b) Work No. 1A(bb) — a temporary Beach Landing Facility (TBLF) comprising—
- (i) Pier with up to 80no. supporting piles (68no below MHWS) of up to 1.2m diameter supporting covered conveyor and access road up to 468m long and 12m wide,
 - (ii) BLF head with 24no vertical piles and 6no raking piles of up to 1.2m diameter, aggregates conveyor head, service deck and welfare facilities, combined area up to 40m long and 2m wide,
 - (iii) 2no fender piles and 2no mooring dolphins of up to 2.6m diameter,
 - (iv) Surface and navigational lighting;
- (c) Work No 1A(n) – a Soft Coastal Defence Feature (SCDF) comprising—
- (i) The initial placement of sacrificial sediments comprising sand and shingle not in exceedance of 120,000m³;
 - (ii) Replacement of sacrificial sediments with similar sand and shingle, or by-pass (movement of accreted sediment alongshore past obstructions), as defined in the Coastal Processes Monitoring and Mitigation Plan (CPMMP);
 - (iii) Supporting vessel and vehicle movements to by-pass and/or landscape the material;
- (d) Work No. 2A – a Cooling Water Intake Tunnel (Unit 1) comprising—
- (i) Tunnel, drilled by TBM, of internal diameter 6m and length up to 3.km approximately 25m below the seabed at its lowest point;
 - (ii) Disposal of the TBM at a sealed point beyond the end of the intake tunnel following removal of most parts and oils.
- (e) Work No. 2B – a Cooling Water LVSE Intake Head and Shaft (Unit 1) comprising—
- (i) Capital dredging within the coordinates listed in Part 4 (Table 3) to prepare the site for construction;
 - (ii) Disposal of dredged material locally, approximately 500m from the dredge site at a suitable location within the area presented in Part 4 (Table 9);
 - (iii) Two concrete intake heads, based on a LVSE type design, of approximate dimensions 35 to 45m long x 10 m wide x 5m high and spaced approximately 100m to 200m apart, each connecting to a vertical shaft;
 - (iv) Placement of anti-scour material at base of LVSE intake head structures;
 - (v) Two vertical shafts, with concrete lining, of approximately 4.6m internal diameter and 20m approximate depth linking the intake heads to the intake tunnel;
 - (vi) Placement of permanent navigational marker buoys;
 - (vii) Disposal of drilled material from installation of the shafts locally, at a suitable location within the area presented in Part 4 (Table 9);
 - (viii) Additional supporting works including the use of a jack-up vessel, auxiliary vessels and temporary marker buoys.
- (f) Work No. 2C– a Cooling Water Intake Tunnel (Unit 2) comprising—
- (i) Tunnel, drilled by TBM of internal diameter 6m and length approximately 3.2km approximately 25m below the seabed at its lowest point;
 - (ii) Disposal of the TBM at a sealed point beyond the end of the intake tunnel following removal of most parts and oils
- (g) Work No. 2D– a Cooling Water LVSE Intake Head and Shaft (Unit 2) comprising—

- (i) Capital dredging within the coordinates listed in Part 4 (Table 4) to prepare the site for construction;
 - (ii) Disposal of dredged material locally, approximately 500m from the dredge site at a suitable location within the area presented in Part 4 (Table 9);
 - (iii) Two concrete intake heads, based on a LVSE type design, of approximate dimensions 35 to 45m long x 10 m wide x 5m high and spaced approximately 100m to 200m apart, each connecting to a vertical shaft;
 - (iv) Placement of anti-scour material at base of intake head structures;
 - (v) Two vertical shafts, with concrete lining, of approximately 4.6m internal diameter and 20m approximate depth linking the intake heads to the intake tunnel;
 - (vi) Placement of permanent navigational marker buoys;
 - (vii) Disposal of drilled material from installation of the shafts locally, at a suitable location within the area presented in Part 4 (Table 9);
 - (viii) Additional supporting works including the use of a jack-up vessel, auxiliary vessels and temporary marker buoys.
- (h) Work No. 2E– a Cooling Water Outfall Tunnel (Common to Units 1 and 2) comprising—
- (i) Tunnel, drilled by TBM, of internal diameter 8m and length approximately 3.5km approximately 30m below the seabed at its lowest point;
 - (ii) Disposal of the TBM at a sealed point beyond the end of the intake tunnel following removal of most parts and oils.
- (i) Work No. 2F– a Cooling Water Outfall Head and Shaft (Common to Units 1 and 2) comprising—
- (i) Capital dredging within the coordinates listed in Part 4 (Table 5) to prepare the site for construction;
 - (ii) Disposal of dredged material locally, approximately 500m from the dredge site at a suitable location within the area presented in Part 4 (Table 9);
 - (iii) Two concrete outfall heads, approximate dimensions 15m long x 15m wide x 8m high and spaced approximately 75m apart, each connecting to a vertical shaft;
 - (iv) Placement of anti-scour material at base of intake head structures;
 - (v) Two vertical shafts, with concrete lining, of approximately 4.6m internal diameter and 15m approximate depth linking the outfall heads to the intake tunnel;
 - (vi) Placement of permanent navigational marker buoys;
 - (vii) Disposal of drilled material from installation of the shafts locally, at a suitable location within the area presented in Part 4 (Table 9);
 - (viii) Additional supporting works including the use of a jack-up vessel, auxiliary vessels and temporary marker buoys.
- (j) Work No. 2K and 2L – a Combined Drainage Outfall (CDO) comprising—
- (i) Directional drilled tunnel under the shore of approximately 0.65m internal diameter emerging below LAT;
 - (ii) Capital dredging within the coordinates listed in Part 4 (Table 6) to prepare the site for construction;
 - (iii) Concrete head structure approximately 3m long x 3m wide x 1m high;
 - (iv) Placement of anti-scour material around the base of the outfall head;
 - (v) Additional supporting works including the use of a jack-up vessel;
- (k) Work Nos. 2I and 2J – a Fish Return Tunnel and Outfall Head (Unit 1) comprising—
- (i) Directional drilled tunnel under the shore of approximately 0.65m internal diameter emerging below LAT;

- (ii) Capital dredging within the coordinates listed in Part 4 (Table 7) to prepare the site for construction;
- (iii) Concrete head structure approximately 3m long x 3m wide x 1m high;
- (iv) Placement of anti-scour material around the base of the outfall head;
- (v) Additional supporting works including the use of a jack-up vessel;
- (l) Work Nos. 2K and 2L– a Fish Return Tunnel and Outfall Head (Unit 2) comprising—
 - (i) Directional drilled tunnel under the shore of approximately 0.8m internal diameter emerging below LAT;
 - (ii) Capital dredging within the coordinates listed in Part 4 (Table 8) to prepare the site for construction;
 - (iii) Installation of a concrete head structure approximately 3m long x 3m wide x 1m high;
 - (iv) Placement of anti-scour material around the base of the outfall head;
 - (v) Additional supporting works including the use of a jack-up vessel.
- (m) Collection of sediment samples from areas to be dredged for analysis of any contaminants to comply with disposal requirements.

5. Licensable marine activities under section 66(1) of the 2009 Act are authorised in relation to ongoing maintenance activities for the marine works comprising;

- (a) Inspection of structures;
- (b) Upkeep of structures;
- (c) Repair and adjustment to structures;
- (d) Alteration to structures;
- (e) Replacement of structures not including the alteration, removal or replacement of foundations;
- (f) Other required maintenance activities;

to the extent assessed in the environmental information.

6. The activities set out in sub-paragraphs (4)(2)(a) to (4)(2)(m) are authorised in relation to the construction, maintenance and operation of those elements of Work Nos. 1A(m), 1A(n), 1A(bb), and 2K and 2L, and Work Nos. 2A to 2J of Schedule 1 (authorised development) of the Order as defined in paragraph 1 of this schedule, and any further associated development listed in items (a) to (m) in Schedule 1 in connection with Work Nos. 1A(m), 1A(bb), 1A(n) and 2K and 2L and Work Nos. 2A to 2J, which fall within the marine licensing area.

7. The undertaker (and any agent, contractor or subcontractor acting on its behalf) may engage in the licensed activities in the area bounded by the coordinates set out in Part 4 (Table 1) defined in accordance with reference system WGS84 –World Geodetic System 1984.

7A. Not used.

7B. Not used.

PART 3

CONDITIONS

General

8. Not used.

9. Any oil, fuel or chemical spill within the marine environment must be reported to the MMO Marine Pollution Response Team as soon as reasonably practicable, but in any event within 12 hours of being identified in accordance with the following, unless otherwise advised in writing by the MMO—

- (a) within office hours: 0300 200 2024;
- (b) outside office hours: 07770 977 825; or
- (c) at all times if other numbers are unavailable: 0845 051 8486 or dispersants@marinemanagement.org.uk

9(A) With respect to any condition which requires the licensed activities to be carried out in accordance with the plans, protocols or statements approved under this Schedule, the plans, protocols or statements so approved are taken to include amendments that may be approved in writing by the MMO subsequent to the first approval of those plans, protocols or statements provided it has been demonstrated to the satisfaction of the MMO that the subject matter of the relevant amendments do not give rise to any materially new or materially different environmental effects to those assessed in the environmental information.

Pre-construction

10. No licensed activity, or phase of that activity, shall commence until a detailed and up-to-date programme of works for that activity is submitted to and approved by the MMO. The programme must include:

- (a) a planned timetable for each activity as outlined in paragraphs 4 and 5
- (b) timings for mobilisation of plant and for delivery of materials by sea
- (c) a plan for notifying the MMO of the commencement and cessation of activities and phases of activities, and
- (d) a plan for notifying the MMO of changes to or slippage within the programme, this must include updates to the programme of works at least once every six months or in such other time as may be agreed by the MMO.

11.—(1) The undertaker must submit a detailed method statement (including location of the works) to the MMO for approval.

(2) Each licensed activity, or phase of a licensed activity, must not commence until such approval is provided by the MMO either in writing or via the Marine Case Management System (MCMS).

(3) Unless a shorter period is agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit the detailed method statement to the MMO at least 6 months prior to the proposed commencement of the licensed activity, or each phase of a licensed activity.

(4) The determination date is 6 months from submission of the detailed method statement to the MMO.

12.—(1) The local MMO officer and Trinity House must be notified in writing at least 5 days prior to the commencement of any licensed activity or phase of any licensed activity.

(2) The local MMO officer and Trinity House must be notified in writing no more than 10 days following completion of any licensed activity or phase of any licensed activity.

(3) The local MMO officer and Trinity House must be notified in writing no more than 10 days following the completion of the construction of the marine works.

13. Local mariners and fishermen's organisations must be made fully aware of the activity through a local Notice to Mariners. This must be issued at least 5 days before the commencement of each phase or licensed activity. The MMO must be sent a copy of the notification within 24 hours of issue.

14.—(1) The undertaker must provide the name and function of any agent, contractor or subcontractor that will carry out any licensed activity listed in this license on behalf of the

undertaker to the MMO, the Maritime and Coastguard Agency and the UK Hydrographic Office in writing no less than 24 hours before the agent, contractor or subcontractor carries out any licensed activity.

(2) Any changes to the name and function of the specified agent, contractor or subcontractor that will carry out the specified licensed activities must be notified to the MMO, the Maritime Coastguard Agency and the UK Hydrographic Office in writing prior to the agent, contractor or subcontractor carrying out the licensed activity.

(3) The undertaker must ensure that a copy of this licence and any subsequent revisions or amendments has been provided to any agents, contractors or subcontractors that will carry on the licensed activity on behalf of the undertaker.

15.—(1) The undertaker must notify the MMO in writing of any vessel being used to carry on any licensed activity listed in this licence on behalf of the undertaker. Such notification must be received by the MMO no less than 24 hours before the commencement of the licensed activity. Notification must include the master's name, vessel type, vessel IMO number and vessel owner or operating company.

(2) Any changes to the details of any vessel being used to carry on any licensed activity must be notified to the MMO in writing prior to the vessel carrying out the licensed activities.

16. The undertaker must ensure that a copy of this licence and any subsequent revisions or amendments has been provided to the masters of any vessel being used to carry on any licensed activity listed in this licence, and that a copy of this licence is held on board any such vessel.

17.—(1) The undertaker must, after consultation with ESC and the EA, submit a Coastal Processes Monitoring and Mitigation Plan (CPMMP) to the MMO for approval. The plan must include:

- (a) area to be monitored;
- (b) methods for monitoring;
- (c) duration of monitoring;
- (d) trigger points for mitigation;
- (e) proposed mitigation;
- (f) an explanation of the undertakers confidence that the proposed mitigation will be effective; and
- (g) details concerning the appropriate timing for a monitoring and mitigation cessation report to be prepared.

(2) The coastal processes monitoring and mitigation plan shall be implemented as approved by the MMO.

(3) Unless a shorter period is agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit the CPMMP to the MMO at least 6 months prior to the proposed commencement of any licensed activity.

(4) The determination date is 6 weeks from submission of the CPMMP to the MMO.

(5) On the date that requirement 7A of this Order is discharged, this condition 17 is deemed discharged.

18.—(1) No licensed activity, or phase of activity will be commenced until the MMO has approved a Marine Environmental Management Plan (MEMP) in relation to that activity or phase of activity. The plan must include:

- (a) consideration of potential sources and pathways of marine pollution during the carrying on of the activities;
- (b) details of how instances of marine pollution - in particular oil, fuel or chemical spills - will be reported to the MMO;
- (c) a chemical risk assessment to include information regarding how and when chemicals are to be used, stored and transported in accordance with recognised best practice guidance;

- (d) waste management and disposal arrangements;
- (e) references to other project relevant plans and procedures, and
- (f) contact details of persons dealing with marine pollution for or on behalf of the undertaker.

(2) The MEMP shall be implemented as approved by the MMO.

(3) Unless a shorter period is agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit each element of the MEMP at least 6 months prior to the proposed commencement of the relevant licensed activity or phase of activity.

(4) The determination date is 3 months from submission of the MEMP.

19.—(1) The undertaker must, after consultation with Historic England, submit a Marine Archaeological Written Scheme of Investigation (MAWSI) to the MMO for approval in relation to each licensed activity or phase of licensed activity.

(2) The MAWSI shall be implemented as approved by the MMO.

(3) Unless a shorter period is agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit the MAWSI at least 6 months prior to the proposed commencement of the relevant licensed activity or phase of activity.

(4) The determination date is 6 months from submission of the MAWSI.

20.—(1) The undertaker must submit a Fisheries and Liaison and Coexistence Plan (FLCP) covering the period of construction and operation to the MMO for approval. The FLCP must include:

- (a) the appointment and responsibilities of a fisheries liaison officer; and
- (b) a description of how the commencement and nature of licensed activities will be discussed to address the interaction of the licensed activities with fishing activities.

(2) The Fisheries Liaison and Coexistence Plan (FLCP) must be implemented as approved by the MMO.

(3) Unless a shorter period is agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit the FLCP at least 3 months prior to the proposed commencement of any licensed activity.

(4) The determination date is 3 months from submission of a FLCP to the MMO.

PART 4

DURING CONSTRUCTION, OPERATION AND MAINTENANCE

General

21.—(1) Unless otherwise agreed in writing by the MMO all chemicals used in the construction of licensable activities must be selected from the List of Notified Chemicals approved for use by the offshore oil and gas industry under the Offshore Chemicals Regulations 2002 (as amended) (SI 2002/1355).

(2) The undertaker must ensure that any coatings and treatments used are approved by the Health and Safety Executive as suitable for use in the marine environment.

22. The storage, handling, transport and use of fuels, lubricants, chemicals and other substances must be undertaken so as to prevent releases into the marine environment including bunding of 110% of the total volume of all reservoirs and containers.

23. Not used.

24.—(1) Drill or vibro piling must be used as standard, with percussive piling only used if required to drive a pile to its design depth. If percussive piling is necessary soft-start procedures

must be used to ensure incremental increase in pile power over a set time period until full operational power is achieved.

(2) The soft-start duration must be a period of not less than 20 minutes.

(3) Should piling cease for a period greater than 10 minutes, then the soft start procedure must be repeated.

25. Except for activities taking place offshore, concrete and cement mixing and washing areas should be contained and sited at least 10 metres from any watercourse or surface water drain to minimise the risk of runoff entering a watercourse.

26. If concrete is to be sprayed, suitable protective sheeting must be provided to prevent rebounded or windblown concrete from entering the water environment. Rebound material must be cleared away before the sheeting is removed.

27. During licensed activities all wastes must be stored in designated areas that are isolated from surface water drains, open water and bunded to contain any spillage.

28. The undertaker must ensure that any equipment, temporary structures, waste and/or debris associated with a licensed activity are removed within 6 weeks of completion of the licensed activity or relevant phase of the licensed activity.

29. The undertaker must ensure that any rock material used is from a recognised source and free from contaminants.

30. The undertaker must ensure that any vessels used for rock/shingle transshipment or other delivery operations are suitably constructed and loaded to prevent material falling over the side by accident. Suitable screening should be used to prevent rock/shingle loss through drainage holes.

31. The undertaker must ensure that sea going tug or tugs capable of towing the barges to be used in a loaded condition can be made available within any given 12 hour period to tow such barges to sheltered waters in adverse weather conditions.

32.—(1) The undertaker must report all dropped objects to the MMO using the Dropped Object Procedure Form as soon as reasonably practicable and in any event within 24 hours becoming aware of an incident.

(2) On receipt of the Dropped Object Procedure Form, the MMO may require relevant surveys to be carried out by the undertaker (such as side scan sonar) if reasonable to do so and the MMO may require obstructions to be removed from the seabed at the undertaker's expense.

33. In the event that any rock or sediment material used in the construction of the authorised development is misplaced or lost below MHWS, the undertaker must report the loss to the Local Marine Office within 24 hours. If the MMO reasonably considers such material to constitute a navigation or environmental hazard (dependent on the size and nature of the material), the undertaker must endeavour to locate the material and recover it. The undertaker must demonstrate to the MMO that all reasonable attempts have been made to locate, remove or move any such material.

34.—(1) The undertaker must submit a Maintenance Activities Plan to the MMO for approval. The plan must include:

- (a) A list of maintenance works foreseen for the station;
- (b) Details of the typical plant, machinery and personnel requirements for each activity;
- (c) Details of the typical frequency and timing of each activity;
- (d) Details of controls and mitigation in place in order to protect the environment.

(2) The Maintenance Activities Plan must be updated every 5 years commencing from the date on which the plan was approved.

(3) Should the undertaker be required to undertake additional activities not characterised within the plan, they must submit a further Maintenance Activities Plan to the MMO for approval before those additional works are commenced.

(4) The Maintenance Activities Plan (MAP) must be implemented as approved by the MMO.

(5) Unless shorter periods are agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit: (i) the first Maintenance Activities Plan least 6 months before the proposed commencement of the first maintenance activity, (ii) the 5-yearly updates to the Maintenance Activities Plan at least 6 months before such revised plan is required to be put in place; and (iii) any further Maintenance Activities Plan covering additional activities as soon as possible after the need for such additional activities is identified.

(6) The determination date is 6 months from submission of any Maintenance Activities Plan to the MMO.

Dredging

35.—(1) For Works Nos. 1A(m), 2K and 2L, 2B, 2D, 2F, 2G and 2H, 2I and 2J, no phase of any dredging activity shall commence until the activity details have been approved by the MMO in relation to the relevant Work No. The details must include:

- (a) location of the dredge area for that phase, which may only be located within the areas set out in Part 4 (Tables 2 to 8).
- (b) start and end dates of that phase of the dredging activity
- (c) dredging methodology and detailed method statement
- (d) volume and depth of material to be dredged (not to be greater than that assessed in the environmental information)
- (e) the name and function of any agent or contractors to be used, and
- (f) the name of the vessel master, the vessel type, the vessel International Maritime Organisation (IMO) number and the name of the vessel owner or operating company for each vessel to be used

(2) Dredging for Works Nos. 1A(m), 2K and 2L, 2B, 2D, 2F, 2G and 2H, 2I and 2J shall be carried out in accordance with the activity details approved by the MMO.

(3) Unless a shorter period is agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit the activity details to the MMO at least 6 months prior to the proposed commencement of the relevant Work No.

(4) The determination date is 6 months from submission of the relevant activity details to the MMO.

36.—(1) For Work Nos. 1A(m), 2K and 2L, 2B, 2D, 2F, 2G and 2H, and 2I and 2J, no dredging or disposal activity shall commence pursuant to the relevant Work No. until a sample plan and sediment sample analysis for that Work No. has been approved by the MMO. The plan must include:

- (a) Location of the area to be dredged;
- (b) Name of the disposal site;
- (c) Details of the material type proposed for dredging and disposal;
- (d) Volume of the material proposed for dredge and disposal;
- (e) Type and dredging methodology (including whether it is a capital or maintenance dredge, dredge depth and proposed programme for the dredge and disposal activities);
- (f) The location and depth of any supporting samples; and
- (g) Analysis results which shall not exceed 3 years in age.

(2) The sample plan and sediment sample analysis request must be implemented as approved by the MMO.

(3) Unless a shorter period is agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit the sample plan and sediment sample analysis to the MMO at least 6 months prior to the proposed commencement of the activity.

(4) The determination date is 3 months from submission of the relevant sample plan and sediment sample analysis to the MMO.

37.—(1) Within 6 weeks of the completion of a dredging activity or phase of a dredging activity, the undertaker shall notify the MMO of the actual volume of dredged material and the location in which the dredged material was disposed of.

(2) The undertaker will provide relevant dredging and disposal quantities twice yearly as required by the MMO for completion of OSPAR reporting.

Aids to navigation

38.—(1) The licensed activities or any phase of those activities must not commence until an aids to navigation management plan has been submitted to and approved in writing by the MMO following consultation with Trinity House. The aids to navigation plan must specify:

- (a) the frequency of reports to be provided to Trinity House on the availability of aids to navigation;
- (b) the details any such reports must include (using the reporting system provided by Trinity House); and
- (c) how the undertaker will comply with sub-paragraphs (2) – (5) of this condition for the lifetime of the marine works.

(2) The undertaker must during the period from commencement of any phase of the first licensed activity to the start of the decommissioning of the marine works seaward of MHWS, notify Trinity House and the MMO of any failure of the aids to navigation and the timescales and plans for remedying such failures, as soon as reasonably practicable and in any event within 24 hours following the undertaker becoming aware of any such failure.

(3) The undertaker must during the period from commencement of the licensed activities to the start of the decommissioning of the marine works seaward of MHWS provide notice to the MMO and Trinity House, as soon as reasonably practicable and in any event within 3 days of any aids to navigation being established by the undertaker.

(4) The undertaker must during the period from commencement of the licensed activities to the start of the decommissioning of the marine works seaward of MHWS, exhibit such lights, marks, sounds, signals and other aids to navigation, and take such other steps for the prevention of danger to navigation as Trinity House may from time to time direct.

(5) In case of damage to, or destruction or decay of, the marine works seaward of MHWS or any part thereof the undertaker must, as soon as reasonably practicable and in any event within 24 hours following the undertaker becoming aware of any such damage, destruction or decay, notify the MMO, MCA, Trinity House, the Kingfisher Information Service of Seafish and the UK Hydrographic Office and must lay down such buoys, exhibit such lights and take such other steps for preventing danger to navigation as directed by Trinity House.

39. NOT USED

Beach Landing Facilities

40.—(1) Work No. 1A(m) and Work No. 1A(bb) shall not commence until the following activity details have, after consultation by the undertaker with ESC, been approved by the MMO. The details must include:

- (a) start and end dates for the installation
- (b) installation methodology and detailed method statement,
- (c) any proposed mitigation,
- (d) navigational lighting to be used on plant,
- (e) vessels to be used; and
- (f) links to the coastal processes monitoring and mitigation plan.

- (2) Should impact piling be required, the impact piling must not commence until:
- (a) the expected location, start and end dates of impact pile driving have been submitted to the Marine Noise Registry and the MMO has been notified;
 - (b) a Marine Mammal Mitigation Protocol has been submitted to and approved by the MMO; and
 - (c) a Site Integrity Plan has been submitted to and approved by the MMO.
- (3) The undertaker must submit the exact locations and start and end dates of impact pile driving to the Marine Noise Registry on every 6 month anniversary of the start of that impact pile driving as necessary and in any event within 12 weeks of completion of the impact pile driving. The undertaker must notify the MMO of these submissions.
- (4) The construction of Work No. 1A(m) and Work No. 1A(bb) shall be carried out in accordance with the details approved by the MMO.
- (5) Unless a shorter period is agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit the activity details to the MMO at least 6 months prior to the proposed commencement of the relevant Work No.
- (6) The determination date is 6 months from submission of the activity details to the MMO.

Soft Coastal Defence Feature (sCDF)

41.—(1) Work No. 1A(n) shall not commence until the following activity details have, after consultation by the undertaker with ESC, been approved by the MMO. The details must include:

- (a) start and end dates for the installation;
- (b) installation methodology and detailed method statement;
- (c) any proposed mitigation;
- (d) vehicles and plant to be used;
- (e) links to the coastal processes monitoring and mitigation plan.

(2) The construction of Work No. 1A(n) shall be carried out in accordance with the details approved by the MMO

(3) Unless a shorter period is agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit the activity details to the MMO at least 6 months prior to the proposed commencement of Work No. 1(A)(n).

(4) The determination date is 6 months from submission of the activity details to the MMO.

42. NOT USED

43. NOT USED

Combined Drainage Outfall (CDO)

44.—(1) Work Nos. 2K and 2L shall not commence until the following activity details have been approved by the MMO The details must include:

- (a) the location and design size and shape of the combined drainage outfall head and vertical shaft;
- (b) the alignment (horizontal and vertical) of the combined drainage outfall tunnel;
- (c) start and end dates for the installation;
- (d) installation methodology and detailed method statement;
- (e) any proposed mitigation;
- (f) navigational lighting to be used on plant;
- (g) vessels to be used; and
- (h) links to the coastal processes monitoring and mitigation plan.

(2) The construction of Work Nos. 2K and 2L shall be carried out in accordance with the details approved by the MMO.

(3) Unless a shorter period is agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit the activity details to the MMO at least 6 months prior to the proposed commencement of the relevant Work No.

(4) The determination date is 6 months from submission of the activity details to the MMO.

Cooling Water Intake and Outfall Heads, Shafts and Tunnels

45.—(1) Work No 2B shall not commence until a *Sabellaria* monitoring plan has, following consultation with NE, been approved by the MMO. The plan must include:

(2) geographic extent of the monitoring;

(3) the monitoring methodology, frequency and duration of monitoring, and the format of the monitoring report; and

(4) demonstration of how the project design reduces the loss of reef, and surrounding area available for reef to develop into, as far as practicable.

(5) Unless a shorter period is agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit the *Sabellaria* monitoring plan at least 6 months prior to the proposed commencement of Work No. 2B.

(6) The determination date is 6 months from submission of the *Sabellaria* monitoring plan to the MMO.

46.—(1) Work Nos. 2A and 2C shall not commence until estimates of the TBM disposal activity details have been submitted to the MMO. The details must include:

(a) date of disposal;

(b) location of the disposal, including depth beneath the sea bed; and

(c) the composition and quantity of TBM equipment to be disposed of, including any oil, fuel or chemicals.

Confirmation of exact details as set out at (a), (b) and (c) above should be provided to the MMO within two weeks of the completion of tunnel boring.

(2) The disposal of tunnel boring machines shall be carried on only in accordance with the details.

47.—(1) Work Nos. 2A to 2J shall not commence until the following activity details have, following consultation by the undertaker with Natural England and the EA, been approved by the MMO in respect of the relevant Work No. The details must include:

(a) the location and design size and shape of the cooling water intake and outfall heads;

(b) the alignment (horizontal and vertical) of the cooling water intake and outfall tunnels;

(c) any proposed mitigation;

(d) the location and design of the fish recovery and return which shall be in accordance with the Environment Agency reports referenced in the Environmental Statement (Volume 2, Chapter 2, Section 2.4(d)) unless otherwise agreed in writing by the MMO; and

(e) lessons learned from performance of the FRR system at Hinkley Point C.

(2) Work Nos. 2A to 2J will be installed in accordance with the approved details.

(3) Unless a shorter period is agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit the activity details at least 6 months prior to the proposed commencement of the relevant Work No.

(4) The determination date is 6 months from submission of the activity details to the MMO.

48.—(1) Work Nos. 2B, 2D, 2G and 2H and 2I and 2J shall not commence until the following details for the relevant Work No. have been approved by the MMO. The details must include:

- (a) start and end dates for each installation;
- (b) location of relevant phase of the installation and drilling activity;
- (c) head installation methodology and detailed method statement;
- (d) drilling methodology and detailed method statement;
- (e) navigational lighting to be used on plant; and
- (f) vessels to be used.

(2) Work Nos. 2B 2D, 2G and 2H and 2I and 2J will be installed in accordance with the approved method statement.

(3) Unless a shorter period is agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit the details for the relevant Work No. at least 6 months prior to the proposed commencement of the relevant Work No.

(4) The determination date is 6 months from submission of the details to the MMO.

49. Drill arisings from Work Nos. 2B and 2D may only be deposited within the UK marine licensing area at the sites set out in Part 4 (Table 9).

50.—(1) No water abstraction shall commence until an impingement monitoring plan has been submitted to and approved by the MMO in consultation with Natural England and the Environment Agency. The plan will set out:

- (a) the monitoring arrangements for assessing the efficacy of the intake head and the fish recovery and return system during the commissioning of Unit 1 and Unit 2;
- (b) the undertaker’s duty to consider future additional adaptive measures arising from (a) that may be required during operation of Unit 1 and Unit 2;
- (c) the monitoring methodology, frequency of monitoring and format of monitoring reports; and
- (d) examples of mitigation measures which would be effective to mitigate particular results of the monitoring and how the appropriateness of each measure will be considered.

(2) Unless a shorter period is agreed with the MMO in writing, the undertaker must use reasonable endeavours to submit the monitoring plan at least 6 months prior to the proposed commencement of water abstraction.

(3) The determination date is 6 months from submission of the monitoring plan to the MMO.

SCHEDULE 20A

Appeals procedure in relation to deemed marine licence

1. Where the MMO refuses an application for approval under a condition of the deemed marine licence and notifies the undertaker accordingly, or fails to determine the application for approval by the determination date (as defined in Schedule 20) for the relevant condition the undertaker may by notice appeal against such a refusal or non-determination and the 2011 Regulations apply subject to the modifications set out in paragraph 2 below.

2. The 2011 Regulations are modified so as to read for the purposes of this Order only as follows –

(1) For regulation 4(1) (Appeal against marine licensing decisions) substitute –

“A person who has applied for approval under condition [x] of the deemed marine licence as defined by the Sizewell C (Nuclear Generating Station) Order 202[x] may by notice appeal against a decision to refuse such an application or a failure to determine such an application.”

(2) For regulation 6(1) (Time limit for the notice of appeal) substitute –

“Notice of an appeal must be received by the Secretary of State within the period of four months beginning with the date of the decision to which the application relates or, in the case of non-determination, the date by which the application should have been determined.”

(3) For regulation 7(2)(a) (Contents of the notice of appeal) substitute –

“a copy of the decision to which the appeal relates or, in the case of non-determination, the date by which the application should have been determined; and”

(4) In regulation 8(1) (Decision as to appeal procedure and start date) the words “as soon as practicable after” are substituted with the words “within the period of 2 weeks beginning on the date of”.

(5) In regulation 10(3) (Representations and further comments) the word “At” is substituted with the words “By no later than”.

(6) In regulation 10(5) (Representations and further comments) the words “as soon as is reasonably practicable after” are substituted with the words “by no later than the end of”.

(7) In regulation 12(1) (Establishing the hearing or inquiry) after the words “(“the relevant date”)” the words “which must be within 14 weeks of the start date” are inserted.

(8) In regulation 13(2) (Pre-inquiry meeting) the words “4 weeks” are substituted with the words “2 weeks”.

(9) In regulation 22(1) (Determining the appeal – general) after the words “against a decision” the words “or a non-determination” are inserted and for regulation 22(1)(b) and (c) substitute –

(a) allow the appeal, and where the appeal is against a decision, quash the decision in whole or in part;

(b) where the appointed person allows the appeal, and in the case of an appeal against a decision quashes that decision in whole or in part, direct the Authority to approve the application for approval to which the appeal relates

(10) In regulation 22(2) (Determining the appeal – general) after the words “in writing of the determination” insert the words “within the period of 12 weeks beginning with the start date where the appeal is to be determined by written representations or within the period of 12 weeks beginning on the day of the close of the hearing or inquiry where the appeal is to be determined by way of a hearing or inquiry.”

Procedure for approvals, consents and appeals

Applications made under requirement

1.—(1) Where an application has been made to a discharging authority for any agreement, endorsement or approval required by a requirement included in this Order the discharging authority must give notice to the undertaker of its decision on the application before the end of the decision period.

(2) For the purposes of sub-paragraph (1), the decision period is—

- (a) in the case of requirements in respect of which the discharging authority has a duty under Schedule 2 of this Order to consult with any other body—
 - (i) where no further information is requested under paragraph 2, 8 weeks from the day immediately following that on which the application is received by the authority;
 - (ii) where further information is requested under paragraph 2, 8 weeks from the day immediately following that on which further information has been supplied by the undertaker under paragraph 2; or
 - (iii) such longer period as may be agreed by the undertaker and the discharging authority in writing before the end of the period in sub-paragraph (i) or (ii); and
- (b) in the case of requirements in respect of which the discharging authority has no duty under Schedule 2 of this Order to consult with any other body—
 - (i) where no further information is requested under paragraph 2, 6 weeks from the day immediately following that on which the application is received by the authority;
 - (ii) where further information is requested under paragraph 2, 6 weeks from the day immediately following that on which further information has been supplied by the undertaker under paragraph 2; or
 - (iii) such longer period as may be agreed by the undertaker and the discharging authority in writing before the end of the period in sub-paragraph (i) or (ii).

(3) In the case of requirements in respect of which the discharging authority has a duty under Schedule 2 of this Order to consult with any other body, the discharging authority must have regard to comments received from any of those bodies.

(4) In the case of requirements in respect of which East Suffolk Council is the discharging authority under Schedule 2 of this Order, East Suffolk Council must consult with Suffolk County Council. In the case of requirements in respect of which Suffolk County Council is the discharging authority under Schedule 2 of this Order, Suffolk County Council must consult with East Suffolk Council.

Further information

2.—(1) In relation to any application to which this Schedule applies, the discharging authority has the right to request such further information from the undertaker as is necessary to enable it to consider the application.

(2) If the discharging authority considers such further information to be necessary and the requirement does not specify that consultation with a requirement consultee is required, the discharging authority must, within 10 working days of receipt of the application, notify the undertaker in writing specifying the further information required.

(3) If the requirement specifies that consultation with a requirement consultee is required, the undertaker must issue the consultation to the requirement consultee within 3 working days of submitting the application, and must notify the discharging authority in writing.

(4) If the discharging authority does not give notification as specified in sub-paragraph (2) or (3), or otherwise fails to request any further information within the timescales provided for in this paragraph it will be deemed to have sufficient information to consider the application and will not thereafter be entitled to request further information without the prior agreement of the undertaker.

Appeals

3.—(1) The undertaker may appeal in the event that—

- (a) the discharging authority refuses an application for any agreement or approval required by a requirement included in this Order or grants it subject to conditions;
- (b) the discharging authority does not give notice of its decision to the undertaker within the decision period as determined under paragraph 1;
- (c) on receipt of a request for further information pursuant to paragraph 2 the undertaker considers that either the whole or part of the specified information requested by the discharging authority is not necessary for consideration of the application; or
- (d) on receipt of any further information requested, the discharging authority notifies the undertaker that the information provided is inadequate and requests additional information which the undertaker considers is not necessary for consideration of the application.

(2) The process for appeals is as follows—

- (a) any appeal by the undertaker must be made within 6 weeks of the date of the notice of the decision or determination, or (where no determination has been made) expiry of the decision period as determined under paragraph 1;
- (b) any appeal by the undertaker must be made within 6 weeks of the date of the notice of the decision or determination, or (where no determination has been made) expiry of the decision period as determined under paragraph 1;
- (c) the undertaker shall submit to the Secretary of State a copy of the application submitted to the discharging authority and any supporting documentation which the undertaker may wish to provide (“the appeal documentation”);
- (d) the undertaker must on the same day provide copies of the appeal documentation to the discharging authority and the requirement consultee (if applicable);
- (e) as soon as is practicable after receiving the appeal documentation, the Secretary of State must appoint a person to determine the appeal (“the appointed person”) and must notify the appeal parties of the identity of the appointed person and the address to which all correspondence for that person’s attention should be sent;
- (f) the discharging authority and the requirement consultee (if applicable) must submit any written representations in respect of the appeal to the appointed person in respect of the appeal within 20 working days of the date on which the appeal parties are notified of the appointment of a person under paragraph (c) and must ensure that copies of their written representations are sent to each other and to the undertaker on the day on which they are submitted to the appointed person;
- (g) the appeal parties may make any counter-submissions to the appointed person within 20 working days beginning with the first working day immediately following the date of receipt of written representations pursuant to paragraph (d); and
- (h) the appointed person must make a decision and notify it to the appeal parties, with reasons, as soon as reasonably practicable.

(3) If the appointed person considers that further information is necessary to enable the appointed person to consider the appeal, the appointed person must as soon as practicable notify the appeal parties in writing specifying the further information required, the appeal party from whom the information is sought, and the date by which the information is to be submitted.

(4) Any further information required pursuant to sub-paragraph (3) must be provided by the party from whom the information is sought to the appointed person and to other appeal parties by the date specified by the appointed person.

(5) Any written representations concerning matters contained in the further information must be submitted to the appointed person, and made available to all appeal parties within 10 working days of the date mentioned in sub-paragraph (3).

(6) Outcome of appeals

(7) On an appeal under paragraph 3 of this Schedule, the appointed person may—

(a) allow or dismiss the appeal; or

(b) reverse or vary any part of the decision of the discharging authority (whether the appeal relates to that part of it or not),

and may deal with the application as if it had been made to the appointed person in the first instance.

(8) The appointed person may proceed to a decision on an appeal taking into account only such written representations as have been sent within the time limits prescribed, or set by the appointed person, under this paragraph.

(9) The appointed person may proceed to a decision even though no written representations have been made within those time limits, if it appears to the appointed person that there is sufficient material to enable a decision to be made on the merits of the case.

(10) The decision of the appointed person on an appeal is final and binding on the parties, and a court may entertain proceedings for questioning the decision only if the proceedings are brought by a claim for judicial review.

(11) If an approval is given by the appointed person pursuant to this Schedule, it is deemed to be an approval for the purpose of Schedule 2 as if it had been given by the discharging authority.

(12) The discharging authority may confirm any determination given by the appointed person in identical form in writing but a failure to give such confirmation (or a failure to give it in identical form) will not affect or invalidate the effect of the appointed person's determination.

(13) Save where a direction is given pursuant to sub-paragraph (14) requiring the costs of the appointed person to be paid by the discharging authority, the reasonable costs of the appointed person must be met by the undertaker.

(14) On application by the discharging authority or the undertaker, the appointed person may give directions as to the costs of the appeal parties and as to the parties by whom the costs of the appeal are to be paid. In considering whether to make any such direction and the terms on which it must be made, the appointed person must have regard to the Planning Practice Guidance: appeals (March 2014) or any circular or guidance which may from time to time replace it.

SCHEDULE 24

Article 84

Miscellaneous Controls

Introduction

1. This Part 1 of this Schedule applies, modifies and excludes statutory provisions which relate to matters for which provision may be made in this Order.

Highways Act 1980

2.—(1) Section 141 of the 1980 Act (Restriction on planting trees etc. in or near carriageway) does not apply to any tree or shrub planted in the course of the authorised development before completion of construction.

(2) Sections 169, 171A and 173 of the 1980 Act (Control of scaffolding on highways; works under section 169 or 171; and hoardings to be securely erected) do not apply to anything done in the course of the authorised development before completion of construction.

Community Infrastructure Levy Regulations 2010

3.—(1) Notwithstanding the provisions of section 208 of the 2008 Act, for the purposes of regulation 6 of the Community Infrastructure Levy Regulations 2010(a) any building comprised in the authorised development is deemed to be—

- (a) a building into which people do not normally go; or
- (b) a building into which people go only intermittently for the purpose of inspecting or maintaining fixed plant or machinery.

New Roads and Street Works Act 1991

4.—(1) Sections 56(1), 56(1A), 56A, 61(1), 62(2), 62(4), 63(1), 64, 66, 71 to 74A, 77, 78, 82(1) to 84, and 86 to 106 of the 1991 Act will not apply in relation to the authorised development or the placement of apparatus in the course of the authorised development.

(2) Schedule 3A to the 1991 Act (Restriction on works following substantial street works) does not apply where a notice under section 54 (Advance notice of certain works) or 55 (Notice of starting date of works) of that Act has been given in respect of the authorised development.

(3) No notice under paragraph 2(1)(d) of that Schedule 3A (Power by notice to require notification of works which an undertaker proposes to carry out in a part of a highway to which a proposed restriction applies) will have effect to require notice to be given of works proposed to be carried out as part of the authorised development.

(4) No directions under paragraph 3 of that Schedule (Completion of notified works) may be issued to the undertaker.

(5) Paragraph 3(4) of that Schedule (under which it is an offence for an undertaker to execute street works before the completion of other street works) will not apply in relation to the execution of works in the course of the authorised development.

(6) Paragraph 5(1) of that Schedule (effect of direction imposing restriction) will not apply in relation to the execution of works in the course of the authorised development.

(a) S.I. 2010/948. Regulation 6 was amended by S.I. 2011/987

Town and Country Planning Act 1990

5.—(1) Section 57(2) of the 1990 Act (Planning permission required for development) will apply to specific associated development works as if the development consent granted for those works under this Order were a planning permission granted for a limited period.

(2) Not used.

(3) Section 239 of the 1990 Act (Burial grounds) will apply—

- (a) In relation to land, other than a right over land, acquired for the purposes of the authorised development (whether or not by agreement), so as to permit the construction, operation and maintenance by the undertaker in accordance with the provisions of this Order; and
- (b) In relation to a right over land so acquired for the purposes of the authorised development (whether or not by agreement), or the temporary use of land pursuant to articles 35 (Temporary use of land for carrying out the authorised development) and 36 (Temporary use of land for maintaining the authorised development), so as to permit the exercise of that right or the temporary use by the undertaker in accordance with the provisions of this Order, without prejudice to the status of the land over which the right is exercised.

Control of Pollution Act 1974

6.—(1) Where a local planning authority is acting in accordance with section 60(4) (Control of noise on construction sites) and section 61(4) (Prior consent for work on construction sites) of the Control of Pollution Act 1974(a) in relation to the construction of the authorised development then that local planning authority will also have regard to the noise levels referred to in the Code of Construction Practice.

(2) Underground tunnelling works will be regulated by sections 60 and 61 of the Control of Pollution Act 1974.

Local Government (Miscellaneous Provisions) Act 1976

7. Section 42 of the Local Government (Miscellaneous Provisions) Act 1976 (certain future local Acts, etc., to be subject to the planning enactments, etc., except as otherwise provided)(b) will not apply to the extent that it would make provisions of this Order authorising the construction, operation and maintenance of the authorised development subject to other provisions.

(a) 1974 c.40. Sections 61(9) and 65(8) were amended by section 162 of, and paragraph 15 of Schedule 3 to, the Environmental Protection Act 1990, c.25. There are other amendments to the 1974 Act which are not relevant to the Order.

(b) 1976 c.57.

EXPLANATORY NOTE

(This note is not part of the Order)

This Order authorises NNB Generation Company (SZC) Limited (referred to in this Order as the undertaker) to construct, operate and maintain a nuclear powered generating station at Sizewell, Suffolk, to be known as Sizewell C and comprising two nuclear reactors, as well as associated development. The Order imposes requirements in connection with the nuclear power station and the associated development, together the authorised development.

The Order permits the undertaker to acquire or create and acquire, compulsorily or by agreement, rights in land, and to use land for this purpose.

A copy of the plans and Book of Reference referred to in this Order and certified in accordance with article 80 (certification of plans) of this Order may be inspected free of charge at [*].
