ExA queries part 4 issued on 040821

Ipswich & East Suffolk CCG response – 03.09.21

Deadline 7

HW.2.3	Applicant, Ipswich and East Suffolk CCG, West Suffolk CCG	Health and Wellbeing Working Group Please advise on the progress in respect of (i) Availability and calculation of a contingency fund to support mitigation and monitoring of affects which materialise above the levels identified as referred to by the CCG in [REP5-214] further response to HW.1.1 (ii) Whether a method has been agreed to monitor journey times and if this were to identify increases a contingency fund has been agreed? (iii) The latest in respect of governance arrangements for the Health and Wellbeing Working Group
03.09.21	Ipswich & East Suffolk CCG including on behalf of West Suffolk CCG	(i) Clear progress has been made with regards to provision of a contingency fund to support mitigation. The Applicant will be able to provide further detail in their submission. The CCG are comfortable with the current position and expect an agreement to be made in due course. (ii) Whilst a method is yet to be agreed the discussions regarding governance and monitoring of evidence to support the draw down of any agreed contingency fund has made significant progress and the CCG are comfortable that an agreement will be sought with the applicant. (iii) The CCG has shared a revised version of the Terms of Reference for the Health Working Group which has been approved by local stakeholders to the applicant and awaits further comment.

HW.2.4	Applicant ((i) only), Ipswich and East Suffolk CCG, West Suffolk CCG	Onsite Occupational Health facility (i) Has agreement been reached regarding the specification and procurement of the Occupational Health Facility? (ii) Are you content with the mechanisms to secure the provision and timing of delivery of the onsite OH facility?
03.09.21	Ipswich & East Suffolk CCG including on behalf of West Suffolk CCG	(i) Whilst a formal agreement is yet to be sought with the applicant positive discussions continue to take place. (ii) The CCG has been informed by the applicant that a OH service wont be online for the commencement of the construction period, however mitigation has been offered as part of the most recent DOO to support the impact on Health Services during years 1 – 3 for NHB workers and dependants for which the CCG is comfortable with.
HW.2.5	Applicant, Ipswich and East Suffolk CCG, West Suffolk CCG	Quality of Data In response to HW.1.11 and subsequent WR can you advise of the latest position in respect of whether the data used to support the assessment has now been fully agreed, or whether work is ongoing. In the event work is ongoing what timeframe do you anticipate coming to a conclusion on this matter?
03.09.21	Ipswich & East Suffolk CCG including on behalf of West Suffolk CCG	The Applicant has provided the CCG with further analysis – received on 26.8.21 which provides greater clarity in support of continued negotiations on mitigation sought. The CCG believes this outstanding query can now be closed.
In addition the CCG wish to confirm that the Statement of Common Ground will continue to be worked through with the applicant and further updates will be provided to the ExA at future timetabled deadlines
