---

My kids and I love Sizewell Beach and the surrounding area and are hugely distressed and concerned over new plans to construct Sizewell C.

Not only will it destroy a fragile, unique ecosystem, it'll have a massive impact on local tourism and businesses. This part of the coastline is an extremely special place treasured by both the local community and families who travel from cities across the country to enjoy it.

Please put a stop to this terrifying proposition.

Many thanks,  
James Donkin
