3 September 2021

Copied to Ms Evans, Case Manager (sizewellc@planninginspectorate.gov.uk)

Dear Ms McKay

Application EN010012 for The Sizewell C Project by NNB Generation Company (SZC) Limited (“SZC Co.”)

Further to the publication of the Rule 8 letter on 21 April 2021 (Examination Library ref. [PD-015](#)) and the Rule 8(3) and Rule 17 letter published on 18 June 2021 (Examination Library ref. [PD-027](#)), we write to provide SZC Co.’s written submissions for Deadline 7.

1. SZC Co.’s Deadline 7 Submissions

Appendix A of this letter contains a table that lists the Deadline 7 submissions made on behalf of SZC Co.

For each document, the table provides the document name, reference, description and confirmation of whether it is a standalone document or supersedes a previously submitted document. The table provides a brief description of the document and the reason for its submission.

2. Proposed Change 19: Temporary Desalination Plant

SZC Co. is also submitting a request for a further change to the Application under a separate cover letter. As a result of ongoing engagement with Northumbrian Water Limited ('NWL'), SZC Co. identified a further proposed change that it wishes to make to the Application referred to as Proposed Change 19: Temporary Desalination Plant.

Due to capacity constraints within the local Blyth Water Resource Zone, a temporary desalination plant is proposed to meet the Project’s potable water needs for part of the construction period, before a new transfer main is provided by NWL. The proposed temporary desalination plant would comprise an intake pipe with screen, an outfall pipe with diffuser, and associated onshore pumping station and plant. Once the transfer main has been constructed, the temporary desalination plant would be removed.

Consultation on Proposed Change 19 relating to the temporary desalination plant was carried out between 3 August 2021 and midnight on 27 August 2021.

3. Proposed Order limits reductions

As explained at the Compulsory Acquisition Hearing 1 Part 1 on 17 August 2021, SZC Co. is proposing to reduce the Order limits at the three fen meadow sites, the Sizewell link road and the green rail route. Appendix A to the Written Submissions Arising from Compulsory Acquisition Hearing 1 Part 1 (Doc Ref. 9.76) identifies indicatively the land that

NOT PROTECTIVELY MARKED

SZC Co. proposes to remove from the Order limits and explains why SZC Co. considers that this land should be removed. SZC Co. will provide confirmation at Deadline 8 of the reductions to the Order limits and will at the same time submit a revised set of application documents and plans to reflect the reductions.

Discussions are ongoing between SZC Co. and the owners of the land to be removed. It is not considered that any further engagement or consultation is required before this change to the Order limits could be accepted for examination. Interested Parties will have the opportunity to comment on this, should they wish to do so, throughout the remainder of the examination.

4. National Policy Statement Tracker

SZC Co. wishes to minimise the number of updated versions of application documents that are submitted throughout the examination to lessen the amount of time that Interested Parties and the Examining Authority need to spend reviewing documents at each examination deadline. Therefore, unless otherwise requested by the Examining Authority, SZC Co.'s approach is only to submit an updated version when substantive updates to a document have been made.

For the National Policy Statement Tracker (Examination Library ref. [REP6-022](#)), only referencing updates would be made at this Deadline 7, whereas at Deadline 8 (24 September 2021), SZC Co. intends to offer a more comprehensive update to the ecology related policies in the National Policy Statement Tracker. SZC Co. intends to submit the next version of the National Policy Statement Tracker at Deadline 8 rather than at this Deadline 7.

5. Statements of Common Ground (SoCG) Update

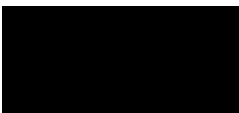

Engagement with each stakeholders continues and we are grateful to them for their ongoing inputs and expertise. The Statement of Commonality (Doc Ref. 9.10(D)) provides an update on the status of each SoCG and identifies those submitted at this deadline and when others will be submitted at subsequent deadlines.

SZC Co. and the local authorities had intended to submit their updated SocG at this deadline. However, it was agreed that priority should be given to developing the draft Deed of Obligation (Doc Ref. 8.17(F)). SZC Co. believes that the substantive elements of the draft Deed of Obligation are now agreed in principle between the parties; and will collectively continue to develop the detailed wording of the agreement prior to it being finalised before the end of the examination. The parties intend to submit an updated SoCG at Deadline 8, which will focus on the fewer, specific matters that remain at that stage.

6. Taking Matters Further

Please do not hesitate to contact me if I can help in any way to clarify further any matters associated with this letter.

Yours sincerely

Carly Vince
Chief Planning Officer

NOT PROTECTIVELY MARKED

Appendix A
List of SZC Co.'s Deadline 7 Submissions

Ref.	Name	Description	Standalone or new version
1.3(N)	Navigation Document - Revision 15.0	<p>This is version 15 of the Navigation Document, which lists all of the documents submitted by SZC Co. Version 15 incorporates the documents being submitted at this Deadline 7.</p> <p>The documents associated with Proposed Change 19: Temporary Desalination Plant (see section 2 of this letter) are coloured green to differentiate them from those submitted as part of this Deadline 7 submission.</p>	Supersedes version 14 of the Navigation Document [REP6-003].
2.5(C)	Main Development Site Landscape Plans for Approval	This is version 4 of the Main Development Site Landscape Plans for Approval. The plans have been updated to submit relevant updates to the landscape retention plans and site clearance plans.	Supersedes version 3 of the Main Development Site Landscape Plans for Approval [REP5-016].
2.5(B)	Main Permanent and Temporary BLF and SSSI Crossing Plans	This is version 3 of the Main Permanent and Temporary BLF and SSSI Crossing Plans. Amendments have been made to include the removal of the surface water pipe and change how the sheet piles are shown in Section B-B, and adjustments have been made to show that the sheet piles tie into the existing ground on the east and west (to be consistent with descriptions of development).	Supersedes version 2 of the Main Permanent and Temporary BLF and SSSI Crossing Plans [REP5-009].
3.1(G)	Draft Development Consent Order - Revision 8.0 - Clean Version	This is version 8 of the Draft Development Consent Order. The updates reflect ongoing discussions with various stakeholders and engagement with the Examining Authority through responses to written questions and in the hearings.	Supersedes version 7 of the Draft Development Consent Order [REP6-006].
3.1(G)	Draft Development Consent Order - Tracked Changes Version Revision 8 against Revision 7	This is a track changes version of the Draft Development Consent Order showing the changes made since Revision 7.	This supersedes the mark up of Revision 7 against Revision 6 [REP6-007].
3.1Ad7	Seventh Draft Development Consent Order Addendum - Proposed Changes to the Draft	This document explains the reasons for each of the updates to the drafting of the Draft Development Consent Order.	Standalone.

	Development Consent Order (DCO)		
3.2(F)	Draft Development Consent Order Explanatory Memorandum - Revision 7.0 - Clean Version	This is a clean copy of version 7 of the Draft Development Consent Order Explanatory Memorandum. It has been updated to incorporate consequential updates to the Explanatory Memorandum as a result of recent updates to the Draft Development Consent Order.	This supersedes version 6 of the Draft Development Consent Order Explanatory Memorandum [REP6-009].
3.2(F)	Draft Development Consent Order Explanatory Memorandum - Revision 7.0 - Tracked Changes Version	This is a track changes version of the Draft Development Consent Order Explanatory Memorandum showing the changes made to the previous draft of the Explanatory Memorandum.	This supersedes the previous track changes version of the Draft Development Consent Order Explanatory Memorandum [REP6-010].
4.1 B (F)	Statement of Reasons Appendix B 'Status of Negotiations with Owners of the Order Land' - Revision 7.0	This is version 7 of the Statement of Reasons Appendix B 'Status of negotiations with Owners of the Order Land'. The updates provide the current status of ongoing negotiations with landowners.	Supersedes version 6 of the Statement of Reasons Appendix B 'Status of Negotiations with Owners of the Order Land' [REP6-011].
4.1 C (E)	Statement of Reasons Appendix C 'Status of Negotiations with Statutory Undertakers' - Revision 6.0	This is version 6 of the Statement of Reasons Appendix C 'Status of negotiations with Statutory Undertakers'. The updates provide the current status of ongoing negotiations with statutory undertakers.	Supersedes version 5 of the Statement of Reasons Appendix C 'Status of Negotiations with Statutory Undertakers' [REP6-012].
4.3(E)	Book of Reference - Revision 6.0	This is version 6 of the Book of Reference. This updated version of the Book of Reference includes any changes to land interests since the previous deadline.	Supersedes version 5 of the Book of Reference [REP6-013].
4.6(D)	Schedule of Changes to the Book of Reference - Revision 5.0	This is version 5 of the Schedule of Changes to the Book of Reference. In order to explain the changes to the Book of Reference, SZC Co. has prepared a Schedule of Changes to the Book of Reference listing the changes and reasons for them.	Supersedes version 4 of the Schedule of Changes to the Book of Reference [REP6-014].
6.3 2A (B)	Volume 2 Main Development Site Chapter 2 Description of Permanent Development Appendix 2A of the ES: Drainage Strategy - Revision 3.0 - Tracked Changes Version	This is version 3 of the Drainage Strategy. It is submitted in both a clean version and a tracked changes version showing the changes made to version 2 of the Drainage Strategy. This update upgrades the document from an Outline Drainage Strategy to a Drainage Strategy, using the ongoing design	Standalone.

		driver delay and pedestrian delay, pedestrian, cyclist and equestrian amenity, fear and intimidation, and road safety. SZC. Co considers that the original approach taken for deriving the traffic flows, which informed both the ES [APP-198] and the First ES Addendum [AS-181] is appropriate and robust for reasons set out in Volume 3, Appendix 2.C of this Fourth ES Addendum. Nevertheless, the 24hr AAWT flows have been recalculated using SCC's methodology to establish the potential effects on the transport environmental assessment and the assessment carried out on that basis.	
8.3(B)	Associated Development Design Principles – Clean Version	This is version 3 of the Associated Development Design Principles. It is submitted in both a clean version and a tracked changes version showing the changes made to version 2 of the Associated Development Design Principles. It has been updated to reflect discussions at the Compulsory Acquisition Hearing Part 1, discussions with East Suffolk Council and Suffolk County Council, to update the proportion of electric vehicle charging spaces to be provided and to provide updates in relation to noise issues raised in the ExQ2 Questions.	Supersedes version 2 of the Associated Development Design Principles [REP2-041].
8.3(B)	Associated Development Design Principles – Tracked Changes Version		Supersedes the previous Associated Development Design Principles tracked changes version [REP3-023].
8.4K(A)	Planning Statement, Appendix 8.4KL Site Water Supply Strategy - Revision 2.0	This updates the proposed Potable and Non-Potable Water Supply Strategy for the Sizewell C Project, taking account of technical studies and engagement between SZC Co. and Northumbrian Water Limited since January 2021.	Supersedes that last version submitted in Appendix 2.2.D of Volume 3, Chapter 2 of the First Environmental Statement Addendum [AS-202].
8.11(D)	Code of Construction Practice - Clean Version	This is version 5 of the Code of Construction Practice (CoCP). It is submitted in both a clean version and a tracked changes version showing the changes made to version 4 of the Code of Construction Practice. It has been updated in response to comments received from the Examining Authority,	Supersedes version 4 of the Code of Construction Practice (CoCP) [REPS-078].
8.11(D)	Code of Construction Practice - Tracked Changes Version		Supersedes the previous track changes version of the Code of Construction Practice [REPS-079].
