1 Navigation Document

1.1 Introduction

1.1.1 This Navigation Document summarises the structure of SZC Co.'s application for development consent for the Sizewell C Project. The application was submitted on 27 May 2020 to the Planning Inspectorate (on behalf of the Secretary of State for Business, Energy and Industrial Strategy) under the Planning Act 2008 for powers to construct, operate and maintain a nuclear power station in Suffolk, Sizewell C, and associated development in the vicinity necessary to facilitate the construction or operation of the power station or to mitigate its impacts ("the Application"). The Application was accepted for examination by the Planning Inspectorate on 24 June 2020.

1.1.2 Since submission, a number of the original Application documents have been proposed to be revised and new documents produced. This Navigation Document charts the submission of these documents and serves as a guide to understanding the structure of the Application and the principal contents within each 'Book' of documents.

1.1.3 This is a live document and will be updated throughout the examination period and submitted, when updated, for each deadline.

1.2 Document Categories

1.2.1 Due to the size and scale of the Application, the Application documents have been grouped to correspond with the Planning Inspectorate's suggested categories for application documents which have been grouped into Books. There are eight different books as shown in **Plate 1.1**.

1.2.2 Each Book has been colour-coded as shown in **Plate 1.1** and the corresponding colour is displayed in **Appendix A** to convey which Book it sits within. The content of each Book is described in **Tables 1.1 to 1.9**. The tables list out the main documents which sit in each book. They do not list out addenda or appendices. The full list of application documents including additional submission documents can be found in **Appendix A**. For ease of reference, the table headings correspond to those shown in **Plate 1.1**. **Plate 1.1** is intended to convey corresponding colours and the relative scales of documentation and is not an accurate description of the actual folder design.

1.2.3 The master document list can be found at **Appendix A** and provides a full list of all the documents submitted to date, indicating the latest proposed revision and when each new document was submitted. [Appendix B is an index for the SZC examination including links to appendices.](#)

Even though the Regulation itself does not strictly apply, SZC Co. recognises that it may be helpful to the Planning Inspectorate to identify where this information can be found.

Table 1.8: Book 8 Other Documents

Book 8: Other Documents

This Book contains additional documents which SZC Co. is submitting in support of the Application.
