Subject: Fw: Coastal Flood Hazards & Meteorological Hazards: Expert Panel Papers for nuclear sites
Date: 17 September 2021 12:07:46

Dear Case Team, please see attached consultation for a revised ONR TAG13. I am assured by ONR that this is a public document which is **out for consultation**. Panel reference papers related to flood risk, climate change and coastal geomorphology may be of particular interest. They appear to represent the latest data on these subjects.

Regards Mike Taylor

Coastal Flood Hazards & Meteorological Hazards: Expert Panel Papers for nuclear sites

14 September 2021

Dear Mike Taylor

Invitation to comment: Coastal Flood Hazards and Meteorological Hazards Expert Panel Papers for nuclear sites

As part of our mission to protect society by securing safe nuclear operations, we are providing you with the opportunity to consider and provide comments on the [Office for Nuclear Regulation's updated Expert Panel reference papers for Coastal Flood Hazards and Meteorological Hazards for Nuclear Sites](#).

These reference papers are part of a suite of documents that form our [Technical Assessment Guide for External Hazards](#) (TAG 13). TAG 13 provides additional guidance to our specialist inspectors beyond that in the [Safety Assessment Principles for Nuclear Facilities](#) to assist them carry out inspections.

The reference papers provide additional detail on the analysis of the external hazards for nuclear sites and have been produced by our [Expert Panel on Natural Hazards](#), a group of academic and industry technical specialists working under contract to provide us with independent expert advice.

The reference papers are updated on a more frequent basis compared with other TAG 13 documentation to keep pace with changes in scientific understanding and technological advances. The advice within these reference papers will inform updates to the regulatory guidance provided in TAG 13 and its supporting annexes. Once the updated version of TAG 13 is drafted, we will seek comments

on this in 2023.

To provide your views on the reference papers, please [go to our website](#) where you will find the comments form and more information. This is an open invitation, so if you have any colleagues or acquaintances who may be interested in commenting, please do pass on the information.

We are inviting comments until 8 November 2021 and we look forward to hearing your views. All comments will be considered, however we will not be responding on an individual basis on how comment(s) were sentenced.

Find us on Twitter and LinkedIn.
