24 September 2021

Dear Sirs,

APPLICATION BY NNB GENERATION COMPANY (SZC) LIMITED FOR AN ORDER GRANTING DEVELOPMENT CONSENT FOR THE SIZEWELL C PROJECT

THE EXAMINING AUTHORITY'S THIRD WRITTEN QUESTIONS AND REQUESTS FOR INFORMATION (EXQ3)

I write, on behalf of the English Heritage Trust (EHT), regarding the above project and the examining authority's third set of written questions.

In the third set of written questions EHT has been asked one question reference **HE.3.3**:

Sustainable Conservation and Management Strategy

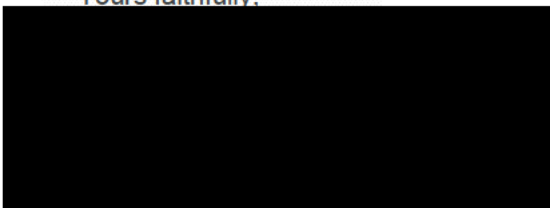

Please provide a copy of the Sustainable Management Strategy as detailed in introductory paragraph 1.5 of Response to The Examining Authority's second written questions and requests for information (ExQ2) on behalf of The England Heritage Trust submitted at Deadline 7.

I am pleased to include herewith a copy of the Sustainable Conservation and Management Strategy. In this document you will see that significant assessments have been made of the current state of the buildings at Leiston Abbey (second site) and the need for further surveys, and works, is explained alongside an assessed budget for each.

The Sustainable Conservation and Management Strategy has been used as a basis for our discussions and negotiations with SZC Co. You will also note that EHT and SZC Co. have now reached common ground regarding the need for mitigation, what that mitigation should be (as outlined in the Sustainable Conservation and Management Strategy) and the likely amount needed to fund these works, in the Deed of Obligation.

I trust that the Sustainable Conservation and Management Strategy is useful to you, and its contents are clear – but please do let me know if you require anything further or have any queries.

Yours faithfully,

Peter Canavan BA (Hons) MSc MRTPI
