Dear Sirs

**NNB Generation Company (SZC) Limited Application for an Order Granting
Development Consent for The Sizewell C Project (EN010012)**

Deadline 8 Submission on behalf of East Anglia ONE North Limited

Protective Provisions

East Anglia ONE North Limited is seeking Protective Provisions within the SZC DCO and a separate confidential side agreement, to ensure that the construction, operation and maintenance of the SZC Project does not adversely impact the East Anglia ONE North offshore wind farm project (a Nationally Significant Infrastructure Project).

Draft Protective Provisions have been proposed by East Anglia ONE North Limited and discussions are ongoing with SZC regarding the wording.

It is anticipated that a final form Protective Provision will be submitted as part of the final draft DCO submitted at Deadline 10.

Abnormal Indivisible Load (AIL) Movements

East Anglia ONE North Limited understand SZC is engaging with Suffolk Constabulary regarding arrangements for the movement of AILs to the Sizewell site during construction. East Anglia ONE North Limited require that any such AIL movements do not place an unreasonable constraint on the East Anglia ONE North projects' construction vehicles.

East Anglia ONE North Limited is in discussions with SZC to ensure that such arrangements do not place an unreasonable constraint on the East Anglia ONE North projects' construction vehicles, such that they are unable to efficiently access their construction area.

Statement of Common Ground (SoCG)

East Anglia ONE North Limited and SZC continue to progress a SoCG. On resolution of the above matters, the SoCG will be updated and submitted to SZC's Examination.

ScottishPower Renewables, 320 St Vincent Street, Glasgow G2 5AD
Telephone 0141 614 0000

Until resolution of the above matters, East Anglia ONE North Limited's objection to the SZC project remains.

Yours faithfully

Brian McGrellis, Senior Project Manager
East Anglia ONE North Limited
