

Theberton & Eastbridge Parish Council
Follow up Meeting 13th May 2021
ACTION SUMMARY

Actions: Sizewell C Co (SZC) responses in red with Document links in blue:

- Circulate information from SCC Highways about speed limit reduction guidance.
From a LHA perspective we would consider any proposals from the PC and / or EDF for a reduction to the speed limit but both need to be mindful of the speed limit guidance.
Critical that any speed limits must be appropriate to the character of the road and generally self-enforcing otherwise we would be unlikely to get police support. Without this it is unlikely a proposal would be successful.
Please see: <https://suffolkroadsafe.com/speeding/speed-limits>
Something else to consider is the Quiet Lane scheme recently started in Suffolk. Kelsale have been one of the first parishes to show interest but something to consider. Again, there are criteria that need to be met for this to be successful.
Please see: <https://www.quietlanessuffolk.co.uk/>
- Provide T&EPC with printed material/support for Extraordinary Meeting on Pretty Road proposals, as per request. Requested: 2xA2 printed versions of the drawing (X3) on hardboard by Tuesday, 18 May.
- Organise next meeting in second week in June – to focus on Pretty Road proposals & T&EPC submissions to PINS.
