---

Dear Sir or Madam, I am strongly opposed to Sizewell C on so many grounds. The cost which will be added to everyone's electricity bill. The building of it will destroy Minsmere Bird Reserve with not just the downside for nature but for the Suffolk Economy. Nuclear power stations produce waste that we still have nowhere to store permanently. And it is the future generations who will have to deal with that problem as well as the cost of decommissioning and removing the building.

It does not make sense in any way what so ever.

Yours faithfully,

Brenna Batchelder
