IT'S COMPLETELY STUPID.

For all the reasons that are glaringly obvious.

The destruction of our delicate habitat & disruption of a way of living we all cherish.

The cost & unlikely feasibility of a return on the investment.

The dismissal of alternative solutions that have less environmental impact & greater regenerative possibilities.

The danger of it's location on an extremely delicate coast.

IT'S NOT GREEN.

THINK ABOUT IT.

Hopefully, Jeffrey Fisher.
