Hello,

I have lived in Theberton for almost 30 years, it's a wonderful place to live out ones life.

I have followed the Stop Sizewell C and agree with their decision to try to stop this devastating build .

The traffic, pollution, industrialisation of this quiet beautiful area is threatening not only my mental health but that of many others.

Thank you for all the many hours you are spending on finding a reasonable solution to this issue.

Best wishes from Tina Neal
