Dear Sir/Madam

I have identified the following issues with the proposed Sizewell C project.

Kind regards

Tom Matterson

- * Lack of a secured long term water supply
- * concern about the impacts of a water desalination plant during construction
- * uncertainty about coastal defences
- * dispute over the project's contribution (or not) to Biodiversity Net Gain.

More generally:

- * Traffic and disruption
 - * Impact on local businesses and tourism
 - * Influx of workers
 - * Impact on AONB, loss of rare habitats etc
 - * How it's not needed, and certainly not green
