---

Dear planners

I strongly object to the further building on site of Sizewell C.

- 1) The resultant destruction of habitat at and around Minsmere is unforgivable
- 2) The job prospects for the people of Suffolk have not been improved in the main by the building of Sizewell B
- 3) The continued international ownership of the project must be unsafe. Is China still going to own a substantial holding ??

The mess, noise, disruption, are no great advert for come to glorious Suffolk.

Please think again.

Kate Crowther
