Subject: Feedback to new info on Sizewell C planning application. Interested party no.20026080
Date: 23 May 2022 14:55:43

- * there is no agreed potable water supply for operational phase of the reactors.
- *unsupported biodiversity net gain claims
- *inadequate plans for biodiversity loss on the SSSI
- *unrealistic 2140 date for removal of spent rods and coinciding with predicted increased flood risk in 2140.
