Hello Nisha,

Thank you for the details regarding the proposed car park. After speaking with Ginny Cooke the Recreational Trails Officer we would be pleased to see the highlighted car park provided as a parking area for walkers, riders, cyclists to access the public rights of way in the area.

The one matter of concern however, is that the horseriders would have to cross the busy A44 to access the bridleways. Is there the possibility of an additional parking area on the other side of the A44 for horseriders?

Best wishes,

Nina
