Dear Mr Hooper,

**The Rampion Offshore Wind Farm Order 2014 - Non-material Change Application
Openreach Ltd**

Thank you for your letter dated 26 November 2020. We act for Rampion Offshore Wind Limited.

We have taken instructions and can confirm that our client does not intend to carry out any works to cut off, divert or otherwise impact on any Openreach apparatus that is installed in the vicinity of the application site.

The majority of the works to divert the public footpath have already been carried out on site. These works did not involve any significant excavation works below the surface of the soil.

Our client has noted the contents of your letter and the attached plan and guidance note. Should any requirement be identified to carry out works that would impact on any Openreach apparatus, our client would only seek to undertake such works with your prior agreement.

We hope this letter is helpful. We will send a copy of it to the Department for Business, Energy and Industrial Strategy (BEIS) (Denise.libretto@beis.gov.uk) and the Planning Inspectorate (RampionOffshoreWindFarm@planninginspectorate.gov.uk)

If you are happy with our client's proposals, we would be grateful if you could confirm this to BEIS and the Planning Inspectorate, with a copy to us.

We look forward to hearing from you.

Your sincerely,
