Following clarification from C.GEN on 2 December 2014, the Secretary of State has made the following corrections to the Order:

The following text has been inserted after “A nationally significant infrastructure project comprising a generating station”:

“with a nominal gross electrical output of up to 470MWe”

Part 1 of Schedule 1 (“Authorised development”)

The Secretary of State has amended the Order to correct the fact that the Order erroneously refers in the definition of “Work No.1” to “a combined cycle plant with a nominal gross electrical output of up to 470MWe...” The following text has been removed after “plant” and before “fuelled”:

“with a nominal gross electrical output of up to 470MWe”
