Subject: Inquiries About Toshiba Energy Systems & Solutions Corporation(a22031600002)

Dear Karl-Jonas Johansson,

Many thanks for your inquiry regarding the Moorside Nuclear Project.

Toshiba Corporation was, in the past, a shareholder of NuGeneration Limited (NuGen) the developer of the Moorside Nuclear Project, but NuGen has officially been dissolved as of 23 December 2021 and the project is withdrawn.

Moorside Nuclear Project

Dear Sir or Madam,

I am writing to you as we are currently carrying out a review of cases at the pre-application stage on the Planning Inspectorate's National Infrastructure website in order to support our future resource forecasting models.

It appears that no significant action has taken place on this project for some period of time, and as such, it is extremely unlikely that the application will be submitted in the near future.

Therefore, it would be extremely helpful if you could provide an update to confirm:

- a) Whether the Applicant still intends to submit the application;
- b) If so, any estimated timescales for doing so;
- c) The point of contact (with their details) for this project.

Following receipt of this information we will update the project page on our website.

Alternatively, if the Applicant no longer intends to submit the application, please provide written confirmation that the project is withdrawn.
