6 November 2011

Dear Ms Wilson

The NuGen Project in West Cumbria

I refer to your recent email correspondence with James Lough of Arup, our planning consultants, concerning the information that the IPC requires from NuGen as a prospective applicant for a Development Consent Order, and so that the IPC can initiate its processes including entering the scheme onto the IPC website list of projects.

The information that you requested is as follows:

Project name

The project name at present is: **The NuGen Project in West Cumbria**

Project location

The NuGen Site is located on the West Cumbrian coast near to the existing Nuclear Licensed site at Sellafield in the Borough of Copeland. I attach a plan which shows the Sellafield nominated area as identified in the National Policy Statement for Nuclear Power Generation (EN-6), and within which the NuGen Site is located. This area will be refined as the Project options are explored.

Grid reference of project

The centre of the site is at National Grid Reference (NGR) NY 02007 04721 (302007, 504271).

Project description

The Development Consent Order (DCO) application will be for a new nuclear power generating station (up to 3.6GW), with ancillary and other associated development.

Applicant's Name

NuGeneration Limited ("NuGen").

Date of intended EIA scoping

Our intended date of EIA scoping is from Mid 2012.

Estimated date of submission of scheme to IPC for consideration

Our estimated date of submission of the scheme to the IPC for consideration is 2014.

I trust that the information contained in this letter is sufficient to register the project. We are of course aware of the need to provide you with some CAD information with regard to the site closer to the date that we are seeking a Scoping Request.

Yours sincerely

Manuel Prieto
Head of Safety and Licencing
NuGeneration Ltd
